TOWN OF BELLINGHAM

WARRANT

ANNUAL TOWN ELECTION

Norfolk, ss:

To either of the Constables of the Town of Bellingham, in the County of Norfolk;

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in Town affairs, to meet at Stall Brook Elementary School in Precinct No. 1, at Clara Macy Elementary School in Precinct No. 2, at the Bellingham Public Library in Precinct No. 3 and Assumption Parish Hall in Precincts No. 4 and No. 5, in said Bellingham, on Saturday, the first day of May, 1993 at 8 a.m. for the following purposes:

Two Selectmen	For a Term of Three Years
Board of Health Member	For a Term of Three Years
Cemetery Committee Member	For a Term of Three Years
Housing Authority Member	For a Term of Five Years
Two Library Trustees	For a Term of Three Years
Parks Commissioner	For a Term of Three Years
Planning Board Member	For a Term of Five Years
School Committee Member	For a Term of Three Years
School Committee Member	For a Term of Two Years
Tax Assessor	For a Term of Three Years
Water & Sewer Commissioner	For a Term of Three Years
Town Treasurer	For a Term of One Year

and also to vote on the following question:

"Shall this Town approve the new charter recommended by the Charter Commission, summarized below?"

Yes _____

No _____

SUMMARY:

"Upon approval by the voters, this charter will become effective on May 1, 1993, with certain provisions taking effect at later times. The charter proposes an open town meeting-board of selectmen-town administrator form of government and it holds the administrator responsible, under the Selectmen, for general administration, budgetary procedures, purchasing, public works, personnel, and public safety.

The charter proposes the development of a Finance Committee, a Department of Public Works, and an Inspections Department. It also contains simplified recall provisions for elected officials.

The charter provides methods for maintaining flexibility so that the town can adapt its structure to meet future needs. Further, it contains provisions designed to increase the ability of the town to manage its affairs with greater fiscal control, efficiency and accountability."

POLLS WILL OPEN AT 8 A.M. AND CLOSE AT 6 P.M.

And you are directed to serve this Warrant, by posting attested copies thereof in at least one public place in each precinct of said Town fourteen days, at least, before the time and place of meeting as aforesaid.

Hereof, fail not and make due return of this Warrant, w
your doings thereon, to the Town Clerk, at the time an
place of meeting as aforesaid.

Given under our hands this twelfth day of April in the year
of our Lord, one thousand nine hundred and ninety-three.

John E. Tuttle, Jr.
Chairman

William P. Bissonnette
Vice Chairman

BOARD OF SELECTMEN
Bellingham, MA

Lawrence J. Cibley

David F. Arnold

James A. McElroy

RETURN OF THE WARRANT

Norfolk, ss:

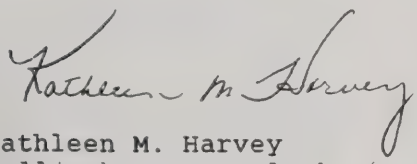

Pursuant to the within Warrant, I have notified and warned
the inhabitants of the Town of Bellingham by posting
attested copies of the same in at least one public place in
each Precinct of the Town, in accordance with Town By-Laws.

April 14, 1993

Paul Chupa
Constable of Bellingham

(Recommended by Finance Committee)

ARTICLE 2. CONVEYANCES AND EASEMENTS

To see if the Town will vote to authorize the Board of Selectmen to accept and/or purchase conveyances or easements, sewers, water lines, retaining walls and streets, and to raise and appropriate a sum of money to carry out said purposes; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town authorize the Board of Selectmen to accept and/or purchase conveyances or easements, sewers, water lines, retaining walls and streets, and to raise and appropriate the sum of One Dollar and No/100 to carry out the said purposes; said sum to be raised by taxation.

(Recommended by Finance Committee)

ARTICLE 3. PURCHASE OF SURPLUS EQUIPMENT

To see if the Town will vote to raise and appropriate a sum of money and to authorize the Highway Director, in conjunction with other Town Departments, to purchase surplus government equipment for the Town; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town raise and appropriate the sum of One Dollar (\$1.00), and to authorize the Highway Director, singly or in conjunction with other town departments, to purchase surplus government equipment for the town; said sum to be raised by taxation.

(Recommended by Finance Committee)

ARTICLE 4. TOWN PROPERTY AUCTION

To see if the Town will vote to authorize the Board of Selectmen and their successors in office to sell at public auction any of the property which the Town may have acquired or may hereafter acquire through proceedings based upon non-payment of taxes or under proceedings for the sale of lands of low value, to impose upon the property so sold such restrictions, reservations or conditions as shall be deemed expedient, and to execute quitclaim deeds and other instruments thereto; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town authorize the Board of Selectmen and their successors in office to sell at public auction any of the property which the Town may have acquired or may hereafter acquire through proceedings based upon nonpayment of taxes or under proceedings for the sale of lands of low value, to impose upon the property so sold such restrictions, reservations or conditions as shall be deemed expedient, and to execute quitclaim deeds and other instruments therefor, said authority to expire on June 30, 1994.

(Recommended by Finance Committee)

ARTICLE 5. HIGHWAY IMPROVEMENT

To see if the Town will vote to raise and appropriate a sum of money for the purpose of Highway Improvement, said sum reimbursable by the Commonwealth of Massachusetts under the provisions of Chapter 81, Section 31, of the 1987 Massachusetts General Laws; or act or do anything in relation thereto.

(By: Highway Department)

VOTED: Unanimously voted that the Town raise and appropriate the sum of \$45,000.00 and to authorize the Board of Selectmen to accept and enter into agreements for the expenditure of funds for the purpose of highway improvement, said sums to be reimbursable under the provisions of Chapter 81, Section 31 of the Massachusetts General Laws; said sum to be raised by taxation.

(Recommended by Finance Committee)

ARTICLE 6. HIGHWAY CONSTRUCTION

To see if the Town will vote to authorize the Board of Selectmen to accept and enter into contracts for the expenditure of funds to be allotted by the State under authorization of Chapter 90 of the Massachusetts General Laws, (as pertaining to Highway Funds) for the construction, reconstruction, and improvement of Town roads, said funds to be borrowed in anticipation of State Revenue; or act or do anything in relation thereto.

(By: Highway Department)

VOTED: Unanimously voted that the Town authorize the Board of Selectmen to accept and enter into contracts for the expenditure of funds to be allotted by the State under authorization of Chapter 90 of the Massachusetts General Laws, (as pertaining to Highway Funds) for the construction, reconstruction, and improvement of town roads, said funds to be borrowed in anticipation of State Revenue.

(Recommended by Finance Committee)

ARTICLE 7. HIGHWAY CONSTRUCTION AND IMPROVEMENT

To see if the Town will vote to authorize the Board of Selectmen to accept and enter into contracts for the expenditure of funds to be allotted by the State pursuant to Chapter 33 of the Acts of 1991, "1991 Transportation Bond Issue", said funds to be used for the construction, reconstruction, and improvement of Town roads, funds to be borrowed in anticipation of State reimbursement; and expended under the direction of the Highway Director; or act or do anything in relation thereto.

(By: Highway Department)

VOTED: Unanimously voted that the Town authorize the Board of Selectmen to accept and enter into contracts for the expenditure of funds to be allotted by the State pursuant to Chapter 33 of the Acts of 1991, "1991 Transportation Bond Issue", said funds to be used for the construction, reconstruction, and improvement of town roads, funds to be borrowed in anticipation of State reimbursements; and expended under the direction of the Highway Director.

(Recommended by Finance Committee)

ARTICLE 8. AMEND ARTICLE 1

To see if the Town will vote to amend Article 1 of the 1992 Annual Town Meeting by reducing, adding to, deleting, amending appropriations or transferring funds from various sources into items within Article 1; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town amend Article 1 of the 1992 Annual Town Meeting by amending the various items listed as follows:

FUNDS TO BE TRANSFERRED TO THE FOLLOWING ACCOUNTS:

ATM of 1992 Article 1, Item 33- Police Salaries	\$2,000.00

ATM of 1992 Article 1, Item 74- Charles River Pollution Control	\$20,000.00
ATM of 1992 Article 1, Item 57- Council on Aging Salaries	\$500.00
School Rental Maintenance Fund	\$20,000.00

(Recommended by Finance Committee)

ARTICLE 9. BELLINGHAM'S 275TH ANNIVERSARY STEERING COMMITTEE

To see if the Town will vote to establish a Steering Committee for the purpose of organizing various activities within the Town to celebrate Bellingham's 275th anniversary; or, act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town establish a Steering Committee for the purpose of organizing various activities within Town to celebrate Bellingham's 275th Anniversary; said Committee to consist of not fewer than five (5) no more than nine (9) members to be appointed by the Board of Selectmen.

(Recommended by Finance Committee)

ARTICLE 10. BELLINGHAM 'S 275TH ANNIVERSARY CELEBRATION

To see if the Town will vote to raise and appropriate a sum of money for the purpose of conducting various activities organized by the Anniversary Steering Committee to celebrate the Town's 275th Anniversary; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town raise and appropriate the sum of Five Thousand and No/100 (\$5,000.00) Dollars for the purpose of expenses associated with the conducting of various activities organized by the Anniversary Steering Committee to celebrate the Town's 275th Anniversary, said funds to be raised by taxation.

(Recommended by Finance Committee)

ARTICLE 11. DRAINAGE TO VARIOUS TOWN ROADS

To see if the Town will vote to raise and appropriate a sum of money for the purpose of repairing and or installing drainage along Park Street, Wrentham Road and Maple Street ; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town raise and appropriate the sum of Twenty-Five Thousand and No/100 (\$25,000.00) Dollars for the purpose of installing drainage and related appurtenances or authorizing the Highway Department to contract for same along approximately five hundred (500) feet of Park Street, and/or other drainage repairs to various town roads, said sum to be raised by taxation.

(Recommended by Finance Committee)

ARTICLE 12. FIRE PUMPER DONATION

To see if the Town will vote to authorize the Board of Selectmen to donate a 1970 Ford Fire Pumper to the Metropolitan District Commission to be rebuilt and used by the Commission's Reservations and Historic sites division to fight forest fires on State owned land; said vehicle was retired by the Town's Fire Department in August 1992; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town authorize the Board of Selectmen to donate a 1970 Ford Fire Pumper to the Commonwealth of Massachusetts Metropolitan District Commission.

(Recommended by Finance Committee)

ARTICLE 13. PROFESSIONAL ADMINISTRATOR'S FY91-FY93 SETTLEMENT

To see if the Town will vote to raise and appropriate a sum of money to fund the FY91-FY93 contract for the Bellingham Professional Administrator's Association; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town raise and appropriate the sum of Seventeen Thousand One Hundred and No/100 (\$17,100.00) Dollars to fund the FY91-93 contract balances for the Bellingham Professional Administrators Association, said sum to be raised from taxation.

(Recommended by Finance Committee)

ARTICLE 14. ACCEPTANCE OF MGL CHAPTER 32 SECTION 22D

To see if the Town will vote to accept the provision of MGL Chapter 21 Section 22D which pertains to the Town's payment schedule to the Norfolk County Retirement system; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: That the Town accept the provisions of Massachusetts General Laws, Chapter 32, Section 22D pertaining to the town's payment schedule for the Norfolk County Retirement System.

(Recommended by Finance Committee)

ARTICLE 15. EARLY RETIREMENT ACT

To see if the Town will vote to accept into law Chapter 399 of the acts of 1992, as amended by the provisions of the fiscal year 1993 budget, Section 48 which amends G.L. c32, S.22D, an act providing for an early retirement incentive program for certain employees; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Passed over.

ARTICLE 16. INSPECTOR OF BUILDINGS

To see if the Town will vote to amend Chapter 4 Section 4-2 by removing all references to "Building Inspector" and replace this reference with "Inspector of Buildings"; or act or do anything in relation thereto.

(By: Building Inspector)

VOTED: Passed over.

ARTICLE 17. APPROPRIATION BALANCES

To see if the Town will vote to add the following to Article IV "Financial Affairs Generally" of the Town's Bylaw:

Section 2-72 Any sum in any account established by appropriation which remains unexpended, or with respect to which the expenditure thereof has not been committed by contract, at the close of the second full fiscal year following its appropriation shall be closed to the General Fund. Provided, however, that Town Meeting may approve an extension in time within which funds may be expended or a commitment made for the expenditure. This provision shall apply to all accounts established at past Town Meeting; however, the earliest any account balance can be returned to the General Fund shall be June 30, 1994.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town add the following to Article IV "Financial Affairs Generally" of the Town's By-Law:

SECTION 2-72. Any sum in any account established by appropriation and not otherwise governed by state statute which remains unexpended, or with respect to which the expenditure thereof has not been committed by contract, at the close of the second full fiscal year following its appropriation shall be closed to the General Fund. Provided, however, that town meeting may approve an extension in the time within which funds may be expended. This provision shall also apply to all accounts established at past town meetings; however, the earliest any account balance may be returned to the General Fund shall be June 30, 1994.

(Recommended by Finance Committee)

ARTICLE 18. THAYER REIMBURSEMENT

To see if the Town will vote to raise and appropriate the sum of \$3,762.70 and to pay said sum as reimbursement to Vincent R. Thayer, Executor of the estate of L. F. Thayer as reimbursement of real estate taxes in error for the calendar years, 1971, 1972, 1973 and the fiscal years 1974 through 1989 on property described as plot 0000, lot 6 on the Bellingham Assessors Map 48; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town raise and appropriate the sum of Three Thousand Seven Hundred Sixty-Two and 70/100 (\$3,762.70) Dollars and to pay said sum to Vincent R. Thayer, Executor of the Estate of L. F. Thayer as reimbursement of real estate taxes in error for the calendar years 1971, 1972, 1973 and the fiscal years 1974 through 1989 on property described as Plot 0000, Lot 6 on the Bellingham Assessors Map 48; said sum to be raised by taxation.

(Recommended by Finance Committee
Recommended by Tax Assessors)

ARTICLE 19. QUARTERLY TAX BILLS

To see if the Town will vote to accept the provisions of Section 41, Chapter 653 of the Acts of 1989 providing for the quarterly collection of tax revenues effective with the FY95 commitment; said quarterly payments due the first day of August, November, February and May; or act or do anything in relation thereto.

(By: Board of Selectmen
Town Collector
Tax Assessors)

VOTED: That the Town accept the provisions of MGL Chapter 59, Section 57C, as currently written, which provides for the quarterly collection of tax revenues effective with the FY 95 commitment.

(Recommended by Finance Committee)

ARTICLE 20. MUNICIPAL LIENS FOR TRASH FEES

To see if the Town will vote to accept the provisions of G.L. Chapter 44 Section 28C to establish liens for delinquent fees charges for solid waste collection and disposal; or act or do anything in relation thereto.

(By: Town Collector)

VOTED: Passed over.

ARTICLE 21. SILVER LAKE

To see if the Town will vote to raise and appropriate a sum of money for the purpose of performing various maintenance activities at Silver Lake; or act or do anything in relation thereto.

(By: Conservation Commission)

VOTED: Passed over.

ARTICLE 22. REVOLVING FUNDS

To see if the Town will vote to adopt provisions of Chapter 44, Section 53E1/2, of the General Laws to allow the Town of Bellingham School Department to create a special revolving fund from revenues of energy and user fees and to authorize said funds for energy and user related expenses. To allow the Bellingham School Department to create a special revolving fund from revenues received for services rendered by the Alternative High School, and to make payments for leases, supplies, and other related expenses. To allow the Bellingham Library Trustees to create a special revolving fund from revenues received from Community use charges, overdue books and video fines and to authorize the use for various library expenses; to allow the Parks Commission to create a special revolving fund from revenues received for the Arcand Park swim program and to authorize the use for swim program expenses; or act or do anything in relation thereto.

(By: School Committee
Library Trustees
Parks Commission)

VOTED: Unanimously voted that the Town:

A. Authorize the Bellingham School Department the right to make payments for utilities, energy and related expenses from a special revolving fund made up of revenues, (not to exceed \$15,000.00), received from energy and user fees for the use of school facilities, all as authorized under the provisions of MA General Laws, Chapter 44, Section 53-1/2.

B. Authorize Bellingham Library Trustees the right to make payments for the purpose of purchasing printed and recorded media (Books and Tapes), computer equipment and materials, and supplies from a special revolving fund made up of revenues, not to exceed Four Thousand and No/100 (\$4,000.00) Dollars, received from User Fees, charges, overdue book and video fines all as authorized under the provisions of MA General Laws, Chapter 44, Section 53-1/2.

C. Authorize the Parks Commission the right to make payments for the purpose of providing a swim program at Arcand Park, payments to include salaries for instructors and the director, as well as expenses directly involved in maintaining the program from a special revolving fund made up of revenues, not to exceed Sixteen Thousand and No/100 (\$16,000.00), received from swim program charges, all authorized under the provisions of MA General Laws, Chapter 44, Section 53-1/2.

D. To authorize the Bellingham School Department the right to make payments for equipment leases, supplies, and expenses related to printing services and products and for used computer repairs and sales from a special revolving fund (not to exceed \$100,000.00) from revenues received for said services rendered by the Alternative High School all authorized under provision of MA General Laws, Chapter 44, Section 53-1/2.

(Recommended by Finance Committee
Recommended by Board of Selectmen)

ARTICLE 23. PINECREST SCHOOL RECONSTRUCTION

To see if the Town will vote to raise and appropriate a sum of money to reconstruct the Pinecrest School roof and to rehabilitate the interior of the school, and to determine how such appropriation shall be raised, whether by transfer of available funds, by taxation, by borrowing or otherwise, and if by borrowing to authorize the issuance and sale of general obligation bonds, notes of the Town, or rural housing loans for said purpose; or act or do anything in relation thereto.

(By: School Committee)

Motion to waive secret ballot vote as required by Article III, Section 2-52 of the Town By-Laws carried unanimously.

VOTED: That the sum of Three Hundred Ninety Thousand and No/100 (\$390,000.00) Dollars be appropriated to reconstruct the Pinecrest School roof and to remodel, reconstruct or make extraordinary repairs to the interior of the school, including costs incidental and related thereto, and to authorize the School Committee to enter into the required contracts and agreements; that to raise this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow not exceeding Three Hundred Ninety Thousand (\$390,000.00) under and pursuant to Chapter 44, Section 7(3A) or Section 8(20), of the General Laws, or any other enabling authority, and to issue bonds or notes of the Town therefor; and that the Board of Selectmen is authorized to adopt any resolutions, enter into any agreements or otherwise take any action deemed by the Board to be necessary in connection with an application for, and acceptance of, a loan from the Rural Development Administration or any other federal agency.

(Recommended by Finance Committee)

By Hand Count:

YES - 108; NO - 18; TOTAL 126

2/3 of 126 being 84; Motion Carried.

ARTICLE 24. TRAILER ZONING ARTICLE

To see if the Town will vote to amend the Bellingham Zoning Bylaw by adding the following at the end of Section 4200 Mobile Homes, Trailers, and Campers:

"4250. A mobile home may be placed on the site of a residence destroyed by fire or other natural holocaust and occupied for up to twelve months while the residence is being rebuilt, as provided in Section 3 of Chapter 40A, G.L.

"4260. No trailer or similarly portable device shall be occupied as a principal use unless allowed by Section 4220, or unless authorized on special permit, upon determination by the Special Permit Granting Authority that use of such device meets each of the following:

"(a) portability is important because of peculiarities of the circumstance, such as commitment to remaining for only limited duration at that location;

"(b) otherwise applicable provisions of the Zoning Bylaw, such as Section 1420, Development Plan Review, are to be met as if the device were a building;

"(c) the device will be made visually compatible with the vicinity through location where not highly visible, use of landscaping, or other means;

"(d) fiscal equivalence with similar uses located in permanent structures is to be provided through annual fees or other means";

or act or do anything in relation thereto.

(By: Planning Board)

VOTED: Passed over.

ARTICLE 25. FEES ASSESSED BY SCHOOL DEPARTMENT

To see if the Town will vote to amend Town Bylaw, and/or amend Article 1, Item 44, of the 1992 Annual Town Meeting held May 27, 1992, and any adjournments thereto, and/or to instruct, advise or otherwise communicate the wishes of the Town to require Town Meeting approval prior to the establishment of any fees, charges or other costs to be Assessed, or requested to be paid other than voluntarily, against students or their parents by the School Committee, administration or other entity or person, within the Bellingham School Department other than such fees established prior to January 1, 1992, and to revoke, remove, and otherwise nullify any and all fees so voted since January 1, 1992, to include but not limited to charges for transportation of students and parking; or act or do anything in relation thereto.

(By: Petition)

VOTED: Unanimously voted that Article IV of the Code of By-laws of the Town of Bellingham be amended to add Section 2-73. to read as follows:

Sec. 2-73. Establishment of fees by the School Committee.

The School Committee may not institute, establish or otherwise assess any fee, charge or other cost for transportation to be paid by a student, students, parents or other entity or person, except where such fee, charge or other cost is voluntary, until or unless such fee, charge or other cost has been approved by vote of a Town Meeting.

(Recommended by Finance Committee)

NOTE: This proposed By-Law was disapproved by the office of Attorney General on August 30, 1993. See By-Law section of town report for detailed explanation of denial.

ARTICLE 26. UNPAID BILLS

To see if the Town will vote to raise and appropriate a sum of money for the payment of certain unpaid bills; or act or do anything in relation thereto.

(By: Finance Committee)

VOTED: Unanimously voted that the Town pay the following unpaid bills:

Hughes & Company, P.C. by transferring \$800.00 from Article 1, Item 26, of the 1992 Annual Town Meeting, Unemployment Insurance Trust Fund to the Unpaid Bills Account; and

Orion Emergency Services by transferring \$92.12 from Article 1, Item 25 of the 1992 Annual Town Meeting, Worker's Compensation Trust Fund to the Unpaid Bills Account.

(Recommended by Finance Committee)

ARTICLE 27. CAPITAL OUTLAY

To see if the Town will vote to raise and appropriate a sum of money and to determine how such appropriation shall be raised, whether by transfer of available funds, by taxation, by borrowing or otherwise, and if by borrowing to authorize the issuance and sale of general obligation bonds or notes of the Town therefore for the purpose to finance the purchase, construction or reconstruction of various capital outlay items or improvements proposed by Town Departments, Boards or Committees; or act or do anything in relation thereto.

(By: Finance Committee)

Motion to waive secret ballot vote as required by Article III, Section 2-52 of the Town By-Laws carried unanimously.

VOTED: Unanimously voted that the Town raise a sum of money in the amount of Three Hundred Forty-Three Thousand Five Hundred and No/100 (\$343,500.00) Dollars by borrowing and to authorize the issuance and sale of general obligation bonds or notes of the Town for the following items and improvements:

Fire Department	One ambulance not to exceed \$105,000.00 which includes the trade-in of the existing ambulance;
Fire Department	Extraction Equipment (Jaws of Life) not to exceed \$21,000.00;
Highway Department	One Dump Truck not to exceed \$60,000.00;
Highway Department	Three Sanders not to exceed \$39,000.00;
School Department	Macy School Gas Conversion not to exceed \$27,000.00;
School Department	Misc. Building Repairs not to exceed \$30,000.00;
Police Department	Three Cruisers not to exceed \$46,500.00 which includes the trade-in of one cruiser;
Animal Control	New Vehicle not to exceed \$15,000.00, with \$1,500.00 being paid by the Town of Franklin.

(Recommended by Finance Committee

ATTEST:

Kathleen M. Harvey
Bellingham Town Clerk

SPECIAL TOWN MEETING

of

September 8, 1993

7:30 P.M.

Meeting called to order in the Bellingham Memorial Junior Senior High School Gym at 7:30 PM as posted and adjourned to the High School Auditorium.

ARTICLE 1. AMEND ARTICLE 1

To see if the Town will vote to amend Article 1 of the 1993 Annual Town Meeting by reducing, adding to, deleting, amending appropriations, or transferring funds from articles approved at past town meetings into various items within Article 1; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town amend Article 1 of the 1993 Annual Town Meeting by amending various items listed as follows:

Funds to be transferred or appropriated to the following accounts:

ATM of 1993 Article 1 Item 300 School Department Expenses	\$434,608.00
ATM of 1993 Article 1 Item 123 Executive Secretary Salaries (Amended to read Town Administrator)	6,806.00
ATM of 1993 Article 1 Item 921 Employees sick day buy-back fund	42,667.77
ATM of 1993 Article 1 Item 438 Sanitary landfill-well monitoring	40,000.00
ATM of 1993 Article 1 Item 433 Solid Waste Disposal	20,000.00
ATM of 1993 Article 1 Item 210 Police Out-of-State Travel	135.00

FUNDING:

Transfer from ATM of 1993 Article 1 Item 210 Police Expenses	135.00
From taxation	\$544,081.77

And further, to rescind that portion of the funding vote which reads "\$242,700.00 from Per Pupil State Aid" as voted at the Annual Town Meeting on May 26, 1993 so that Item 300 School Department funding of \$9,056,728.00 is to be raised by taxation.

(Recommended by Finance Committee)

ARTICLE 2. ACCEPTANCE OF M.G.L. CHAPTER 653, SECTION 40

To see if the Town will vote to accept M.G.L. Chapter 653, Section 40 of the Acts of 1989 relative to the assessment of new construction to be effective for fiscal year 1995; or act or do anything in relation thereto.

(By: Board of Assessors)

VOTED: That the Town accept that portion of MGL c. 59, Section 2A which reads "buildings and other things erected on or affixed to land during the period beginning on January second and ending on June thirtieth of the fiscal year preceeding that to which the tax relates shall be deemed part of such real property as of January first" and not to accept any further amendments.

(Recommended by Finance Committee)

ARTICLE 3. UNPAID BILLS

To see if the Town will vote to raise and appropriate a sum of money for the payment of certain unpaid bills; or act or do anything in relation thereto.

(By: Finance Committee)

VOTED: Unanimously voted that the Town pay the following unpaid bills:

Inspector of Wires - to Florent Levesque \$22.89
(Mileage)

FUNDING: Transfer \$22.89 from Article 1, Item
245, of the May 26, 1993 ATM, Inspector
of Wires expenses to the Unpaid Bills
Account.

Insurance Deductible - to Tudor Insurance Company \$10,000.00
(Public Officials Liability Policy)

FUNDING: from Taxation to the Unpaid Bills Account.

Police Department - to Edgar E. Ayotte \$1,232.58
(6 Vacation Days not taken in FY92/93)

FUNDING: from Taxation to the Unpaid Bills Account.

Police Department - to Gene K. Wall \$3,355.80
(21 Vacation Days not taken in FY92/93)

FUNDING: from Taxation to the Unpaid Bills Account.

(Recommended by Finance Committee)

ARTICLE 4. COMMONWEALTH OF MASSACHUSETTS REIMBURSEMENT

To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to reimburse the Commonwealth of Massachusetts for the Town's share of the retirement allowance paid to Mr. Francis O'Mara who was employed by the Town of Bellingham September 1, 1937 to December 31, 1941; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town raise and appropriate the sum of \$18,931.06 and to reimburse the Commonwealth of Massachusetts for the Town's share of the retirement allowance paid to Francis O'Mara, an employee of the Town of Bellingham September 1, 1937 to December 31, 1941; said sum to be raised by taxation.

(Recommended by Finance Committee)

ARTICLE 5. AFSCME CLERICAL SETTLEMENT

To see if the Town will vote to raise and appropriate a sum of money to fund a settlement agreement with the AFSCME Clerical Union; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: That the Town raise and appropriate the sum of \$5,000.00 to fund a settlement agreement with the AFSCME Clerical Union; said sum to be raised from taxation.

(Recommended by Finance Committee)

ARTICLE 6. ACCEPTANCE OF EQUAL EDUCATION OPPORTUNITY GRANT

To see if the Town will vote to accept an Equal Education Opportunity Grant for Fiscal Year 1994 in an amount to be determined by the Department of Education as provided by M.G.L. Chapter 70A, Section 5 as inserted by Chapter 188 of the Acts of 1985. Said grant shall be paid by the Commonwealth to and expended by the Blackstone Valley Vocational Regional School District Committee for Direct Education Services; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Passed over.

Warrant dissolved at: 8:10 P.M.

RE: Annual Town Meeting VOTE
May 26, 1993
GENERAL BY-LAW CHANGES

Dear Attorney General:

I hereby certify the following motion was adopted by the qualified voters of the Town of Bellingham under the General By-Law Article 17 of the Warrant for the Annual Town Meeting of May 26, 1993:

ARTICLE 17. APPROPRIATION BALANCES

VOTED: Unanimously voted that the Town add the following to Article IV "Financial Affairs Generally" of the Town's By-Law:

SECTION 2-72. Any sum in any account established by appropriation and not otherwise governed by state statute which remains unexpended, or with respect to which the expenditure thereof has not been committed by contract, at the close of the second full fiscal year following its appropriation shall be closed to the General Fund. Provided, however, that town meeting may approve an extension in the time within which funds may be expended. This provision shall also apply to all accounts established at past town meetings; however, the earliest any account balance may be returned to the General Fund shall be June 30, 1994.

RECEIVED
TOWN OF BELLINGHAM
93 SEP - 1 AM 8:56
OFFICE OF THE
TOWN CLERK
Kathleen M. Harvey

Dear Ms. Harvey:

I regret that I must enclose the amendment to the general by-laws adopted under article 25 of the warrant for the Bellingham Annual Town Meeting held May 26, 1993, with the disapproval of this Office endorsed thereon.

Article 25 proposes to prohibit the School Committee from instituting or assessing any fee or change for student transportation unless the fee or change is approved by vote of Town Meeting.

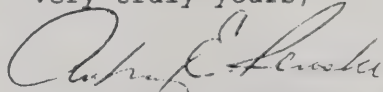

As a matter of long standing law, "school committee[s] may make all reasonable rules and regulations for the government, discipline and management of the schools under their charge. This includes a determination within the bounds set by the statutes of the subjects to be taught and the nature of the schools to be maintained and the exercise of discrimination, insight and wisdom in the election of teachers and in the general supervision of the school system, with all the incidental powers essential to the discharge of their main functions." Leonard v. School Committee of Springfield, 241 Mass. 325, 330 (1922). That authority includes, within statutory limits, the power to determine how and when to provide transportation. See G.L. c. 71, § 7A and G.L. c. 71, § 68.

Towns must by law provide transportation to students residing over two miles from the school he or she attends, G.L. c. 71, § 68, as well as provide transportation for all special

needs students regardless of distance between residence and school. G.L. c. 71B, § 8. Beyond these requirements, however, the providing of transportation to students is within the express discretion of the School Committee. See G.L. c. 71, § 7A, ("Nothing in this paragraph shall be construed to mean that, with the consent of the pupil's parent or guardian, a school committee is in any way prohibited from providing transportation for a pupil to any location.").

Therefore, to such extent that the School Committee has authority to impose fees for transportation in any circumstance, article 25 would place restrictions upon the autonomy legislatively granted to the School Committee. Thus, it must be disapproved.

Very truly yours,

Anthony E. Penski
Assistant Attorney General

Chapter 314

THE COMMONWEALTH OF MASSACHUSETTS

In the Year One Thousand Nine Hundred and Ninety-Two

AN ACT RELATIVE TO GROUP INSURANCE IN THE TOWN OF
BELLINGHAM

Be it enacted by the Senate and House of
Representatives in General Court assembled, and by the
authority of the same, as follows:

Notwithstanding the provisions of chapter thirty-two B
of the General Laws and the acceptance thereof by the
town of Bellingham, the board of selectmen of said
town may adopt a level of compensation which will
determine the entitlement of elected officials to be
considered eligible employees under the provisions of
said chapter thirty-two B.

House of Representatives, December 23, 1992.

Passed to be enacted, Thomas M. Finneran, Acting
 Speaker

In Senate, December 23, 1992.

Passed to be enacted, William M. Bulger, President
December 31, 1992.

Approved, 1:52PM

William F. Weld, Governor.

TOWN CLERK'S RECEIPTS

VITAL STATISTICS RECORD

1993

BIRTHS	160
MARRIAGES	115
DEATHS	68
TOTALS	343

NOTE: Births and deaths recorded in the Town Report reflect events which occurred ONLY in Massachusetts. Many of Bellingham's births and deaths are in surrounding hospitals in Rhode Island and are considered out-of-state records and not returned to the town of residence.

MARRIAGES recorded in the Town of Bellingham include ONLY those couples who filed their marriage intention in Bellingham.

OUT OF WEDLOCK BIRTHS:

Chapter 556 of the Acts of 1989 allow for resident copies of out of wedlock births to be transmitted to the town of residents, upon request of the mother at the time of birth. This act has been in effect since February 27, 1990 and applies to births from that date to the present.

These records are still considered "impounded" and access is limited to the following individuals:

- Mother and Father - if Father is listed on record
- Child
- Legal Guardian of the Child - with proper legal papers
- Legal representative of the above

VITAL STATISTICS received in the Town Clerk's office too late for publication in the years town report, will be listed separately in the following year's statistics.

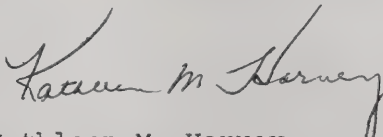

1992 BIRTHS

Births recorded in the Town of Bellingham in the year 1993 which OCCURRED IN 1992, too late for publication in last year's town report are as follows:

Attest:

Kathleen M. Harvey
Bellingham Town Clerk

REPORT OF THE BOARD OF REGISTRARS

The Board of Registrars elected Gordon D. Curtis Chairman for 1993. Other members are Republican Norman J. Berry and Democrats Kathleen M. Harvey and Norma B. Rogers. Mrs. Harvey, the Town Clerk, also serves as clerk to the board. Re-appointed by the Board as Assistant Registrar of Voters at the High School was Edward L. Fleury of the high school guidance department.

Voter Registration sessions were posted, advertised and held as required by law for all town meetings and the town election. In addition, voter registration was provided by the town clerk on a year round basis at her office in the town hall during regular office hours. A special voter registration session was held at the high school before the deadline for registration for the annual town election. Edward Fleury assisted Mrs. Harvey in registering new prospective voters from the student body. A demonstrator voting unit was available for students to assist them in understanding the voting process.

The breakdown of voters in their precinct and by party affiliation as of December 31, 1993 was as follows:

REGISTERED VOTERS STATISTICS

as of

DECEMBER 31, 1993

	PCT.1	PCT.2	PCT.3	PCT.4	PCT.5	TOTALS
DEMOCRATIC PARTY	512	591	481	578	887	3049
REPUBLICAN	192	206	188	214	130	930
LIBERTARIAN PARTY	1	0	0	0	0	1
UNENROLLED VOTERS	772	832	885	844	697	4,030
TOTAL	1,477	1,629	1,554	1,636	1,714	8,010

We again wish to remind residents of some of the laws they should be aware of regarding voter registration to avoid any problems regarding their voting status. They are:

1. When voters move from one street address to another within the town they are required to file a written change of address notice with the Board of Registrars. This can be done in the Town Clerk's office, and the special forms are available there.

2. Minors who will become 18 years of age prior to any election or town meeting, may register to vote before the final day of voter registration, even though they have not become 18 years of age on the date of registration.
3. New residents may register to vote on their first day of residence in Bellingham and become immediately eligible to vote at all subsequent elections and town meetings, provided the registration is prior to the deadline for that particular election or town meeting.
4. Voter registration deadlines are:
 - a. 20 days prior to the Annual Town Election.
 - b. 20 days prior to the Annual Town Meeting.
 - c. 10 days prior to any Special Town Meeting.
 - d. 28 days prior to the State and General Election.
5. Service personnel who vote by absentee ballot while serving their country, need not be registered voters however, they cannot continue to vote after they are discharged from their duties unless they do register in town.
6. Absentee ballots may be mailed to any voter absent from the town on Election Day or residents may vote by absentee ballot in the office of Town Clerk up until 12 noon the day before an election. Contact that office for general information on absentee voting.

TOWN CENSUS

The school census is combined yearly with the town census and both were taken simultaneously in January. All age groups are counted, thus enabling us to determine the town's total population, and providing for a year to year comparison.

The town's population as of January 1, 1993 was certified as being 14,275 persons. This was an increase of 88 persons over the 1992 total of 14,187. A complete tabulation of the town's population back to 1765, is shown separately in the Town Clerk's report.

The town's resident population of all persons 18 years of age or older is 10,756 persons. Of this figure, 8,010 persons are registered to vote which is 75% of the eligible electorate.

The population breakdown by age groupings as of January 1, 1993 was as follows:

AGE GROUPINGS	1993 CENSUS
Infants 0 through 5	1,400
School Age Children 6 through 17	2,278
College Age 18 through 21	770
Adults 22 through 59	8,052
Seniors 60 through 90	1,746
"Super Seniors" 90 and over	29
TOTAL	14,275

Females outnumber males this year by 275 with 7,280 females to 6,995 males.

On a sad note, the town's oldest resident for many years, Mrs. Gwendolyn M. Lee died at 102 years of age on April 27, 1993. She had spent the past 44 years living in Bellingham, and will fondly be remembered by all who knew and loved her.

At the close of the year, the oldest resident is Mrs. Mary Zajac of 40 California Avenue. Born on January 2, 1897 and a registered Democrat, she turned 96 years this year. Congratulations, Mrs. Zajac !

ANNUAL TOWN CENSUS - BY MAIL

The Board of Registrars conduct an annual census by mail each January and in 1993 sent out 5,145 census forms to each housing unit in town. Success of the mail-in census rested solely on the cooperation of all the residents and the board wishes to thank all citizens for providing prompt and accurate information. 90% of all forms were returned to designated drop-off locations and the Town Clerk's office within the allotted time with the remainder of residents contacted at home by a census enumerator.

Drop-off boxes were located at:

- Benjamin Franklin Bank
- Shawmut Needham Bank
- Bellingham Library
- Assumption Church
- Depot Court and Wrentham Manor Activity Rooms
- Town Hall free mailbox - outside building

Every household in town received a form during the first week in January. In most cases, verification of current information was all that was needed. Simple instructions were included for making any changes, corrections, additions or deletions. Registrar Gordon Curtis assisted the town clerk's office during

the month of January through March updating- and editing the results of this years census.

The Board of Registrars wishes to impress upon every resident the importance of responding to the census. Failure to respond to this mailing may result in removal from the voting list.

State law requires each city and town to conduct an annual census of all its inhabitants. The information you provide is not only valuable to your town government, but it may also be important to you at some future time, if you should be required to provide proof of residency for various legal purposes.

Servicemen and students, even though living away from home, are still considered legal residents of Bellingham for voting purposes, unless they have chosen to establish a permanent residence elsewhere. Their names should be reported on the census form by their parents.

In closing, the board wishes to thank Florence MacLaughlin, Assistant Town Clerk, for the assistance she offered this board and the voting public.

Respectfully submitted,

Gordon D. Curtis, Chairman
Norman J. Berry
Norma B. Rogers
Kathleen M. Harvey
BOARD OF REGISTRARS

Kathy Harvey, Town Clerk

The town applied for and received a strategic planning grant of \$24,000 from the state executive office of Communities and Development. The purpose of this grant is to review issues associated with the development of industrial zoned land in north Bellingham, and to expand the town's tax base. The Walmart Co. also contributed to the town a grant of \$6000 to accomplish the above goals.

The state grant requires that a task force be formed to oversee the administration of the grant. The Board of Selectmen appointed nine members to form the Economic Development Task Force.

Roland Laprade, Chairman (Planning Board, Ind. Dev. Comm.)
James Duncan, Vice Chairman (Resident, Planner)
Jerry Mayhew (Tax Assessor, Ind. Dev. Comm.)
Russell Phillips (Ind. Dev. Comm.)
Joe Dupuis (Ind. Dev. Comm.)
Edward Moore (Planning Board Ch.)
Emile Neidzwadek (Planning Board)
Steve Racicot (Conservation Commission)
Gene Corriveau (Ex Treasurer/Collector, Ex Planning Board)

Denis Fraine Ex Officio Member (Town Administrator)
Phill Herr Sp. Planning Consultant (Planning Board Consult.)

The task force after much deliberation unanimously selected a joint proposal from Cullinan Associates and RKG Inc. to perform the required task identified in the grant. There were five proposals submitted which met our standards. The task force invited these companies to make a presentation of their proposals at a public meeting. The task force did background checks and made our selection.

The task force and our consultants will work in cooperation with the land owners and developers to assist and facilitate a means by which the land owners and the developers can proceed with ease through the planning process. Additionally, three public forums will be conducted to solicit input from all interested officials and citizens. Working together we can expand the town's tax base and develop our community in an orderly planned manner, to assure the present and future generations of citizens, a quality community life in Bellingham.

Respectfully submitted

Roland R. Laprade Chairman
Economic Development Task Force

TOWN OF BELLINGHAM

OFFICE OF THE
TOWN ACCOUNTANT
BELLINGHAM, MASSACHUSETTS 02019

To The Honorable Board of Selectmen:

Report of the Chief Financial Officer

In accordance with Chapter 41, Section 61, of the Massachusetts General Laws, I hereby submit the annual report of the Chief Financial Officer for the fiscal year July 1, 1992 to June 30, 1993.

The Treasurer-Collector's cash was examined and found to be in balance. An audit of fiscal 1992 was performed and the results were presented to the Board of Selectmen and the Finance Committee.. and are contained in this report.

The accounting records of the town of Bellingham are maintained under the Uniform Municipal Accounting System as promulgated by the state. The method of accounting used is a modified accrual fund basis that brings the town's accounting method more closely into a GAAP basis of accounting that is used nationally.

The final months of fiscal 1993 were the beginning of a tremendous transition for the town. The adoption of the charter, the formation of a Finance Office and the appointment of a Town Administrator marked a new direction.

I would like to thank the Board of Selectmen, the office of the Town Administrator and the Finance Committee for their support of this new concept. Also, I would like to thank all the town departments as their support has been vital.

A special "thank-you" to my assistant, Nancy Bailey, for her invaluable assistance during this transition.

Respectfully submitted,

Marilyn A. Mathieu
Chief Financial Officer

INDEPENDENT AUDITOR'S REPORT

To the Honorable Board of Selectmen
Town of Bellingham, Massachusetts

We have audited the accompanying general purpose financial statements of the Town of Bellingham, Massachusetts as of and for the year ended June 30, 1992, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards, **Government Auditing Standards**, issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-128, "Audits of State and Local Governments". Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Consistent with the practice of most municipalities in the Commonwealth of Massachusetts, the Town does not capitalize the cost of general fixed assets as required by generally accepted accounting principles. The effects on financial position, results of operations and changes in financial position due to these departures from generally accepted accounting principles is not reasonably determinable.

In our opinion, except for the effect of not capitalizing fixed assets in a General Fixed Asset Account Group, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Bellingham, Massachusetts, as of June 30, 1992, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplementary data listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Bellingham, Massachusetts. The supplementary data have been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, are fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
LAWS AND REGULATIONS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Board of Selectmen
Town of Bellingham, Massachusetts

We have audited the general purpose financial statements of the Town of Bellingham, Massachusetts for the year ended June 30, 1992 and have issued our report thereon, which was qualified in several respects, dated July 29, 1993.

We have conducted our audit in accordance with generally accepted auditing standards, **Government Auditing Standards**, issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-128, "Audits of State and Local Governments". Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to the Town of Bellingham, Massachusetts, is the responsibility of Town of Bellingham, Massachusetts, management. As part of obtaining reasonable assurance about whether the general purpose financial statements are free of material misstatement, we performed tests of the Town's compliance with certain provisions of laws, regulations, contracts, and grants. However, our objective was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

The results of our tests indicate that, with respect to the items tested, the Town of Bellingham, Massachusetts, complied, in all material respects, with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the Town had not complied, in all material respects, with those provisions.

This report is intended for the use of management of the Town of Bellingham, Massachusetts. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
STRUCTURE RELATED MATTERS NOTED IN A FINANCIAL
STATEMENT AUDIT CONDUCTED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Board of Selectmen
Town of Bellingham, Massachusetts

We have audited the general purpose financial statements of the Town of Bellingham, Massachusetts for the year ended June 30, 1992, and have issued our report thereon, which was qualified in several respects, dated July 29, 1993.

We have conducted our audit in accordance with generally accepted auditing standards, **Government Auditing Standards**, issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-128, "Audits of State and Local Governments". Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the Town of Bellingham, Massachusetts, for the year ended June 30, 1992, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the Town of Bellingham, Massachusetts is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

- * Revenue
- * Expenditure - Purchasing and Payroll
- * Treasury
- * Financial reporting

For all of the control categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

We noted certain matters involving the internal control structure and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the general purpose financial statements.

Reportable conditions are described in the accompanying Summary of Reportable Conditions and Material Weaknesses.

A material weakness is a reportable condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, the reportable condition noted above involving the internal control structure and its operation is considered to be a material weakness as defined above.

Material Weaknesses are described in the accompanying Summary of Reportable Conditions and Material Weaknesses.

We also noted other matters involving the internal control structure and its operation that we have reported to the management of the Town of Bellingham, Massachusetts, in a separate letter dated July 29, 1993.

This report is intended for the use of management of the Town of Bellingham, Massachusetts. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1992**

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The accompanying general purpose financial statements present the financial position of the various funds and account group of the Town of Bellingham (Town) as of June 30, 1992. The report includes all the services provided by the Town to its residents and businesses within its boundaries. Municipal services provided include education, public safety, recreation, public works, library and general administration. Criteria used in determining the scope of the reporting entity included the Town's ability to significantly influence operations, selection of governing authority, designation of management, financial interdependency and accountability for fiscal matters. All operations of the Town that meet the preceding criteria are included in the reporting entity.

Excluded from the reporting entity:

Bellingham Housing Authority. The Bellingham Housing Authority has its own elected board. The Town does not exercise any oversight authority and has no influence in its budget or operations.

B. Fund Accounting

The accounts of the Town are presented on the basis of funds and an account group, each of which is considered a separate accounting entity. The operations of each fund are accounted for in a set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, expenditures or expenses and other financing sources and uses. The various funds and account group are grouped by fund categories and fund types as follows:

Governmental Funds Types. Governmental Fund Types are those through which most governmental functions are typically financed. The acquisition, use, and balances of the government's expendable financial resources and the related current liabilities are accounted for through governmental funds. The governmental funds maintained by the Town are as follows:

General Fund - is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes.

Capital Projects Funds - are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by trust funds.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1992**

Note 1. Summary of Significant Accounting Policies, continued

Fiduciary Funds. Fiduciary funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Fiduciary funds maintained by the Town are as follows:

Agency Funds - are used to account for funds that are custodial in nature and do not involve the measurement of operations.

Expendable Trust Funds - are used to account for trust fund principal and income that may be expended in accordance with conditions of the trust. Expendable trust funds are accounted for in essentially the same manner as governmental funds.

Account Group. An account group is used to establish accounting control and accountability for the unmatured principal of its general long-term debt and other long-term obligations that relate to the governmental funds. The Town does not maintain a general fixed asset group of accounts. The account group maintained by the Town is as follows:

General Long-Term Debt Account Group - is used to account for unmatured long-term general obligation bonds payable.

C. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used by all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Town considers property taxes as available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1992**

Note 1. Summary of Significant Accounting Policies, continued

The Town reports deferred revenue on its combined balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the Town before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In the subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

D. Budgets

An annual budget is adopted for the Town's General Fund. Although legislative approval is required for certain capital projects and borrowing authorizations, annual budgets are not prepared for any other funds. Therefore comparison of budget to actual is only presented for the General Fund.

The Town's annual budget is adopted on a statutory basis that differs in some respects from generally accepted accounting principles (GAAP). The major differences between the budget and GAAP basis are that:

- (a) Budgeted revenues are recorded when cash is received, except for real estate and personal property taxes, which are recorded as revenue when levied (budget), as opposed to when susceptible to accrual (GAAP);
- (b) Encumbrances are treated as expenditures in the year the purchase commitment is made. Also, certain appropriations, known as special articles, do not lapse and are treated as budgetary expenditures in the year they are authorized.

E. Cash and Investments

Cash balances from all funds, except those required to be segregated by law, are combined to form a pool of cash. Cash balances are invested to the extent available and interest earnings are recognized in the General Fund, certain Special Revenue Funds, Capital Projects funds where required by state law and the Proprietary Fund.

Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the Town.

Investments are stated at cost or amortized cost, except for investments in the deferred compensation agency fund which are reported at market value.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1992**

Note 1. Summary of Significant Accounting Policies, continued

F. Accounts Receivable

Real and Personal Property Taxes. Real and Personal Property Taxes are based on values assessed as of each January 1 and are normally due on the subsequent November 1, and May 1. By law, all taxable property in the Commonwealth must be assessed at 100% of fair cash value. Taxes due and unpaid after the respective due dates are subject to interest and penalties assessed at 14%. The Town has an ultimate right to foreclosure on property for unpaid taxes. Property taxes are recorded as revenue in the fiscal accounting period that they become both measurable and available. "Available" means expected to be collected within 60 days after the year end of the fiscal year, except under unusual circumstances.

Other Accounts Receivable. Accounts receivable, other than real and personal property taxes, are recorded when billed. Allowances for bad debts, abatements and exemptions are estimated based on historical collections.

G. Inventories

Inventories of governmental funds are recorded as expenditures when purchased. Inventories of proprietary funds are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. Currently the Town does not have any proprietary funds that would use inventoriable items in the normal course of their operation.

H. Compensated Absences

Employees are granted sick and vacation leave in varying amounts based on tenure and in accordance with individual union contracts. Upon termination, retirement or death, certain employees are compensated for unused vacation and sick leave (subject to certain limitations) at their current rates of pay. The liability is reflected General Long-Term Obligations Account Group.

I. Long-Term Obligations

Long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1992**

Note 1. Summary of Significant Accounting Policies, continued

J. Deferred Revenue

In Governmental Funds, receivables that are not considered available are deferred until collected. Under the modified accrual basis of accounting, such amounts are measurable but not available.

K. Fund Equity

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgeting integration in the General Fund. Encumbrances outstanding at year end are reported as reservation of fund balances since they do not constitute expenditures or liabilities at that date.

L. Interfund Transactions

All interfund transactions are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

M. Memorandum Only - Total Columns

Total columns on the general purpose financial statements are captioned "Memorandum Only" to indicate that they are presented only for informational purposes.

Note 2. Budgets

Legal Compliance. Budgets are initially prepared by department heads or elected boards, reviewed by the Board of Selectmen, further reviewed by the Finance Committee which makes recommendations to the Town Meeting for approval. The Town must establish its property tax each year so that the property tax rate levy will comply with the limits established by Proposition 2-1/2, Chapter 580 of the Acts of 1980 of the Commonwealth of Massachusetts, as amended, and also equal the sum of (a) the aggregate of all annual appropriations, plus (b) the provision for prior year deficits, if any, less (c) the aggregate of all non-property tax revenues estimated to be received, including available funds. Supplemental appropriations may be made from available funds after the setting of the tax rate. All fiscal year appropriations except appropriations for special purposes lapse at year end.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1992**

Note 2. Budgets, continued

Budgetary Data. Budgetary data is based upon accounting principles that differ from generally accepted accounting principles. Therefore, in addition to the GAAP basis financial statements, the results of the General Fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison with the budget. The following reconciliation summarizes the differences between GAAP and budgetary basis accounting principles for the General Fund for the year ended June 30, 1992:

	<u>Excess (Deficiency) of Revenues and Other Financing Sources Over Expenditures and Other Uses</u>
As reported on a budgetary basis	\$ (57,976)
Bond proceeds	200,000
Adjustment of Revenue to modified accrual basis	(151,020)
Reclassification of other available funds previously reflected on a GAAP basis	(634,751)
To record fiscal year 1992 expenditures from prior year encumbrances and special articles	(116,685)
To eliminate fiscal year 1992 encumbrances and articles carried forward	190,634
To record other transfers	338,252
Prior years' deficits previously reflected on a GAAP basis	<u>480</u>
As reported on GAAP basis	\$ (231,066) =====

Note 3. Deposits and Investments

The Town maintains a cash pool that is available for use by all funds, except trust funds. Each fund types' portion of this pool is reflected on the general purpose financial statements under the caption "Cash" and the interest earnings attributable to each fund type are included under "investment income".

State and local statutes place certain limitations on the nature of deposits and investments available to the Town. Deposits (including demand deposits, term deposits and certificates of deposit) in any one financial institution may not exceed certain levels within the financial institutions involved. Investments can also be made in

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1992**

Note 3. Deposits and Investments, continued

securities issued by or unconditionally guaranteed by the U.S. Government or Agencies that have a maturity of less than one year from the date of purchase, repurchase agreements guaranteed by such securities with maturity dates of no more than 90 days from the date of purchase and units in the Massachusetts Municipal Depository Trust.

DEPOSITS

At year end, the carrying amount of the Town's deposits was \$856,167 and the bank balance was \$1,696,374. The insurance coverage for the bank balance is listed below.

Insured Balances

Federal Deposit Insurance Corporation (FDIC)	\$ 1,034,623
Depositor's Insurance Fund of Massachusetts (DIFM)	<u>111,013</u>

Balances Insured	1,145,636
Balances Uninsured & Uncollateralized	<u>550,738</u>
Total Balances Per Bank	<u>\$ 1,696,374</u> =====

It is the Town's policy to transfer all deposited funds to a collateralized account after the funds have cleared. Any uninsured or uncollateralized balances represent recent deposits that were transferred to a collateralized account on the next business day.

INVESTMENTS

State statutes authorize the Town to invest in term deposits or certificates of deposit, in trust companies, national banks, savings banks or banking companies, and in obligations issued or unconditionally guaranteed by the United States Government or an agency thereof. The Town is also authorized to invest in repurchase agreements. Funds that are the result of a grant, gift or trust must be invested in accordance with the terms of such grant, gift or trust. Trust funds can be placed at interest in savings, trust or FDIC banking companies which are incorporated under the laws of the Commonwealth or national banks. The Town is also authorized to invest in participation units in a combined investment fund, and bonds, notes or securities which are legal investments for savings banks.

	<u>Carrying Amount</u>	<u>Market Value</u>
State Treasurer's Investment Pool	\$ 73,673	\$ 73,673
	=====	=====

The composition of the Town's deposits and investments fluctuates depending primarily on the timing of real estate tax receipts and operating and capital outlays throughout the year.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1992

Note 4. Fixed Assets

The Town does not capitalize the cost of general fixed assets as required by generally accepted accounting principles (GAAP). The effects on financial position, results of operations and changes in financial position due to this departure from GAAP is not reasonably determinable.

Note 5. Temporary borrowings

Under state law, and with the appropriate local authorization, the Town is authorized to borrow funds on a temporary basis as follows:

- . To fund current operations prior to the collection of revenues by issuing revenue anticipation notes (RANS).
- . To fund grants prior to reimbursement by issuing grant anticipation notes (GANS).
- . To fund Capital project costs incurred prior to selling permanent debt by issuing bond anticipation notes (BANS).

Temporary loans are general obligations of the Town and maturity dates are governed by statute.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO GENERAL PURPOSE FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 1992

Note 6. LONG-TERM OBLIGATIONS

Changes in long-Term Obligations.

During the year ended June 30, 1992, the following changes occurred in liabilities reported in the general long-term obligations account group:

DESCRIPTION	DATE OF ISSUE	DATE OF MATURITY	INTEREST RATE	ORIGINAL PRINCIPAL AMOUNT	AMOUNT OUTSTANDING AT JUNE 30, 1991	ADDITIONS	RETIREMENTS	AMOUNT OUTSTANDING AT JUNE 30, 1992

JUNE 30, 1992**

Note 6. Long-term Obligations, continued

General Obligations Bonds

The annual requirements to amortize all outstanding bonds, including interest, as of June 30, 1992 is as follows:

Year Ended	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
June 30, 1993	\$ 1,468,000	\$ 1,205,958	\$ 2,673,958
1994	1,410,000	1,103,505	2,513,505
1995	1,397,000	1,004,395	2,401,395
1996	1,385,000	905,215	2,290,215
1997	1,345,000	807,755	2,152,755
thereafter	<u>10,410,000</u>	<u>4,044,435</u>	<u>14,454,435</u>
	<u>\$ 17,415,000</u>	<u>\$ 9,071,263</u>	<u>\$ 26,486,263</u>
	=====	=====	=====

The Town also has \$2,125,000 in grant anticipation notes outstanding in the Special Revenue and Capital Projects Funds and \$2,100,000 in bond anticipation notes outstanding in the General Long-Term Obligations Account Group as of June 30, 1992.

Legal Debt Margin

The following is a computation of the legal debt margin as of June 30, 1992:

Equalized Valuation (January 1, 1992)	
Personal Property and Real Estate	\$ 895,713,000
Debt Limit - 5.0% of Equalized Valuation	\$ 44,785,650
Total Debt	\$ 17,415,000
Less: Debt outside debt limit	<u>\$ 14,080,000</u>
	<u>3,335,000</u>
Legal Debt Margin	<u>\$ 41,450,650</u>
	=====

Overlapping Debt

The Town pays assessments under formulas which include debt service payments to other governmental agencies providing services to the Town, (commonly referred to as overlapping debt). The following summary sets forth the long-term debt of such governmental agencies and the estimated share being financed by the Town as of June 30, 1992:

<u>AGENCY</u>	<u>Total Long-Term Debt Outstanding</u>	<u>Town's Estimated Share</u>	<u>Town's Indirect Debt</u>
Norfolk County	\$ 5,815,000	1.80%	\$ 104,670
Blackstone Valley Vocational Regional School District			
Issue #1	655,000	16.752%	109,726
Issue #2	<u>420,000</u>	<u>14.617%</u>	<u>61,391</u>
	<u>\$ 6,890,000</u>		<u>\$ 275,787</u>
	=====		=====

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1992**

Note 7. Deficit Undesignated Fund Balance

In order to prepare the accompanying financial statements in accordance with generally accepted accounting principles, certain budgetary surpluses and deficits, which would otherwise be reflected on the balance sheet under the Massachusetts Statutory System, have been included in undesignated fund balances as follows:

Undesignated - Deficit	\$ (831,956)
Fund Balance - Teachers Pay Deferral	(472,852)
State and County Assessments, Net	<u>1,707</u>
	<u>\$ (1,303,101)</u>
	=====

Note 8. Designated Fund Balance

The composition of designated fund balance is as follows:

Fund balance reserved for Expenditures	\$ 17,494
Fund balance reserved for petty cash	<u>385</u>
	<u>17,879</u>
	=====

Note 9. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

Numerous lawsuits are pending or threatened against the Town, including those claims asserted which are incidental to performing ordinary governmental functions. Such litigation includes actions commenced and claims asserted against the Town for property damage and personal injury, breaches of contract, condemnation proceedings and other alleged violations of law. Although the outcome of these lawsuits is not presently determinable in the opinion of the Town attorney the resolution of these matters will not have a material adverse effect on the financial condition of the Town.

As of June 30, 1992, the Town has loans authorized but unissued as follows:

Sewer	\$ 4,700,000
Bridge Construction	289,000
Building Remodeling	250,000
Water Project	92,000

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1992**

Note 10. Employee Retirement System

Plan Description

The Town of Bellingham provides retirement benefits to employees (other than certain school department employees) through a contributory retirement system administered by the Norfolk County Contributory Retirement System (the "System"). The System is a cost-sharing multiple-employer public employee retirement system. Contributions to provide benefits under the System are made by the Town under the pay-as-you-go method by annually contributing the amount determined by the State Division of Public Employee Retirement Administration (PERA). The total annual contribution is determined on the basis of active payroll. The Town's payroll for employees covered by the System for the year ended June 30, 1992 was approximately \$4,900,000, which was 37.34% of the total payroll.

Public school teachers, certain administrative personnel and other professional employees of the Town's School department individually participate in a contributory retirement plan administered by the Massachusetts Teachers' Retirement Board. The Town does not contribute to this plan.

The System is a member of the Massachusetts Contributory System and is governed by Chapter 32 of the Massachusetts General Laws. Membership in the System is mandatory immediately upon the commencement of employment for all permanent, full-time employees. The System provides for retirement allowance benefits up to a maximum of 80% of a member's highest three-year average annual rate of regular compensation. Benefit payments are based upon a member's age, length of creditable service, level of compensation and group classification.

Members of the System become vested after 10 years of creditable service. A retirement allowance may be received upon reaching age 65 or upon attaining twenty years of service. The Plan also provides for early retirement at age 55 if the Participant (1) has a record of 10 years of creditable service, (2) was on the Town payroll on January 1, 1978, (3) voluntarily left town employment on or after that date, and (4) left accumulated annuity deductions in the Fund. Active members contribute either 5, 7, or 8% of their gross regular compensation depending on the date upon which their membership began.

The System also provides death and disability benefits. The accounting records of the System are maintained on a calendar year basis in accordance with the standards and procedures established by the Commissioner of the Public Employee Retirement Administration.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1992

Note 10. Employee Retirement System, continued

Funding Status and Progress

The amount shown below as the "Pension Benefit Obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure is intended to help users assess the funding status of the System on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among employers. The measure is the actuarial present value of credited projected benefits and is independent of the funding method used to determine contributions to the System.

The Pension Benefit Obligation was computed as part of an actuarial valuation performed as of January 1, 1992. Significant actuarial assumptions used in the valuation include (a) a rate of return on the investment of present and future assets of 8.0% per year compounded annually, and (b) projected salary increases of 6.0% per year.

Norfolk County Contributory Retirement System
Unfunded Pension Benefit Obligation
January 1, 1992

Retirees and Beneficiaries currently receiving benefits and terminated employees not yet receiving benefits	\$115,333,141
Current Employees:	
Accumulated employee contributions, including allocated investment earnings	59,530,296
Employer-financed vested	88,796,226
Employer-financed nonvested	23,917,174
Total Pension Benefit Obligation	<u>287,576,837</u>
Net assets available for benefits, at market value	<u>140,378,621</u>
Unfunded Pension Benefit Obligation	\$147,198,216 =====

The Town's contribution to the System for the year ended June 30, 1992 of \$538,957 was made in accordance with the funding policy described above and represents approximately 3.94% of the System-wide employer contributions.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1992**

Note 10. Employee Retirement System, continued

Contribution Requirements and Contributions Made

The Retirement System Funding Policy for the Town is not actuarially determined. The Town is required to contribute, each fiscal year, an amount approximating the pension benefits (less certain interest credits) expected to be paid during the year ("pay-as-you-go" method). This amount is determined in advance by the PERA and is based in part on the previous year's benefit payout. No actuarial information is used in determining this amount. The Commonwealth of Massachusetts currently reimburses the System on a quarterly basis for the portion of benefit payments owing to cost-of-living increases granted after the implementation of Proposition 2-1/2.

Trend Information

Ten year historical trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is required by GAAP to be included in the System's annual financial report. It is not known whether this report will contain the required historical trend data.

Note 11. Fiscal Year 1993 Budget

The Town has authorized a fiscal 1993 operating and capital budget totaling \$19,665,456 which will be financed from the following sources:

Property Taxes	\$ 11,347,426
State Distributions	5,668,357
Local Revenue	2,532,494
General Fund	63,107
Special Revenue Funds	23,141
Capital Projects	16,931
Trust Funds	14,000
	<u>\$ 19,665,456</u>
	=====

In addition, the Town has carried forward appropriations and encumbrances totaling \$339,578 from 1992 and prior years for projects authorized by the Town Meeting but not yet completed.

**TOWN OF BELLINGHAM, MASSACHUSETTS
SUMMARY OF REPORTABLE CONDITIONS AND MATERIAL WEAKNESSES
JUNE 30, 1992**

REPORTABLE CONDITIONS THAT ARE ALSO CONSIDERED MATERIAL WEAKNESSES

1) FIXED ASSETS ACCOUNT GROUP

CRITERIA - The Fixed Assets Account Group is essential to reliable financial statements that are accurate and complete.

CONDITION - The financial statements of the Town are not prepared in accordance with generally accepted accounting principles.

CAUSE - The Town's financial accounting systems do not make any provisions for the recording and maintenance of a Fixed Assets Account Group. Massachusetts local governments follow the Uniform Municipal Accounting System. Although this accounting system does include the Fixed Assets Account Group most local governments have not adopted Fixed Asset accounting. The older statutory accounting system that Massachusetts local governments used prior to converting to the Uniform Municipal Accounting System did not have any provisions or guidance on fixed asset accounting. The Commonwealth of Massachusetts does not require the Fixed Assets Account Group in any of its filing requirements. Absent individual initiative by the local government, this account group is not generally found to be part of a local government's accounting system in Massachusetts.

AUDITOR'S CONCLUSION - The auditor's opinion on the general purpose financial statements was qualified to inform users of the financial statements that the Fixed Assets Account Group required by generally accepted accounting principles was not presented in the financial statements. Accordingly, we consider this a material weakness in the entity's internal control structure.

REPORT OF WORKERS' COMPENSATION AGENT
FISCAL YEAR 1992-1993

In the past year, there have been approximately thirty-two (32) reported accidents of which six (6) resulted in lost time. The total claims paid for medical was \$43,995.04 and \$32,239.43 was paid for compensation.

These figures represent a slight decrease over last fiscal years' rates due to the nature and longevity of injuries reported.

The Safety and Health Committee continues to strive to keep these costs down by anticipating potentially unsafe conditions and taking corrective action at monthly meetings with Department Heads. Through Omni Health Systems, Inc., the occupational health nurse continues to monitor all reported injuries and provides valuable information for all Town employees.

Respectfully submitted,

Nancy A. Bailey
Workers' Compensation Agent

ANNUAL REPORT

The Bellingham Cultural Council granted \$7,252 for local artistic projects and also held several art exhibitions in the Community Room in the Public Library in 1993. It was also our pleasure to collaborate with the Bellingham Education Foundation to administer state grant funds it received for a Rainforest curriculum in the elementary grades, and to approve a grant in the amount of \$750 in support of its Epic Brass Family Holiday Concert in December. Funds generated by concert will provide cultural enrichment programs at Memorial Junior-Senior High School.

Leona Montville resigned in October when her school schedule became more demanding, but we were fortunate to add Muriel L. Henault Locklin, our former advisor, as a voting member; and also welcomed newcomer Richard Bileau of Pickering Avenue to the roster, bringing our membership to eight at year-end, one more than a year ago. Our other members are Sue Romiti, grants coordinator; Rolande Gentes, recording secretary/historian; Robert R. Higgins, Robert St. Gelais and Ernest A. Taft Jr. As of year end, former members who completed their terms and were appointed advisors include Marie E. Cialdea, Ann C. Kogut and Nancy Croeber.

The Cultural Council hosted six exhibits under the expertise of Muriel, our resident curator. Exhibits included Richilde E. Whalley's fabric arts, Hidden Talents which was open to all yet-to-be-discovered residents; the Bellingham Quilters' annual quilt show, E. Gay Rolderried of Medway, and a dual exhibition of the works of Joan Davis of Whitinsville and Marilyn Rocks of Hopedale. Our second annual Photography Competition and Exhibit for area residents grew this year with the addition of a black and white category. Winners received \$100 for first place, \$25 for second place, and \$10 for honorable mention. Judges were staff photographers David Del Poio of the Milford Daily News and Lynda Read of the Woonsocket Call.

Grand prize winner in the color category was Rolande Gentes, one of our own members, and in the black and white category, Kenneth Wiedemann of Franklin. Other winners were Muriel L. Henault Locklin and Claire Champagne, both of Bellingham; Alfred Canesi of Blackstone, Billi Manning and Mary McCarthy Donovan, both of Hopedale, Dianne E. Nydam and Laura Zagame, both of Milford, and Amy Wiedemann of Franklin. Some entrants were multiple winners.

The Cultural Council held its first book signing in May at the library in recognition of Phyllis Calvey's first published book, "The House of the Lord...Stories from the Family Room." Mrs. Calvey is a member of St. Blaise Parish.

One of our major projects came to fruition in June when artist Johan Bjurman of North Providence completed the Police Station Mural we commissioned at the request of Police Chief Richard B. Boucher. It is located in the lobby and depicts police officers at work.

Muriel and Rolande Gentes continue to excel in their art and reap honors from other art competitions and we are fortunate to be able to count them among our members. Rolande's artistic talents led her to create religious murals at two places, the Because He Lives food kitchen in Woonsocket and LaSalette Shrine in Attleboro.

The Cultural Council granted \$6,964 for art projects from money allotted to us from the Massachusetts Cultural Council, and used an additional \$500 from its earned interest account to grant an art scholarship to Jason Steeves, a member of the Class of 1993.

South District PTO received \$910 for two events: a visit by an author/illustrator and a performance by Looking Glass Theatre; Clara Macy School received \$1,125 for three programs: Pyramids and Pharaohs program, a performance by the Brown Bag Opera, and a trip to the Boston Ballet. Stall Brook School spent \$728 on performances by Looking Glass Theater and the Charleston String Quartet. The Public Library received grants amounting to \$1,165 to have Jay Ryan paint a mural in the children's room and also for passes to the New England Aquarium. Marjorie Turner and C. M. Richardson received a grant of \$450 to conduct a summer drama workshop, Girl Scout Troop 1098, \$278 for participation in the All Children's Theater workshops, and Bellingham Early Childhood Education Program received \$308 for a Theatre-To-Do program for preschoolers.

In addition, the BCC, which does not approve its own projects, was granted \$500 by the MCC for its annual photography competition, and \$950 for artistic performances for the summer concerts, and Bellingham Pride Day.

The BCC, using its earned interest funds, purchased 25 black and white prints of Bellingham scenes made from antique glass negatives owned by David Brown of Wrentham. The prints were donated to the Bellingham Historical Commission and plans are in the works to have them framed and hung in the Town Hall.

State approval on the fiscal year 1994 grants have yet to be received by the BCC. Approved at the local level were projects that include Music for Seniors, Girl Scout trips to the Milford Ballet, performances and residencies at elementary schools, scenery for a children's theater group, performances for the Bellingham Library's 100th anniversary year, and performances for the town's 275th anniversary.

The Bellingham Cultural Council welcomes inquiries and is always seeking new members to share ideas and help bring the arts to the forefront in Bellingham.

Respectfully submitted,
Myrna F. Simonson, Chairperson
Bellingham Cultural Council

BELLINGHAM AUXILIARY POLICE

CHIEF
EUGENE BARTLETT

45 Newland Avenue
Bellingham, MA 02019
883-4158

DEPUTY CHIEF
JIM EAMES

BELLINGHAM AUXILIARY POLICE ANNUAL REPORT 1993

I would personally convey my thanks to the Board of Selectmen, Town Administrator Mr. Dennis Fraine, and to you Jacqueline, for all the assistance and cooperation and assistance rendered to this department throughout the year.

I also wish to extend thanks to Chief Richard Boucher, Sgt. James Haughey (our Liaison Officer), and to Officer Tim Buskirk and to all members of the Bellingham Police Department, for all the untold hours of training, assistance, cooperation, guidance, professional courtesies, and attitude afforded to me and the members of this department.

At the present time all members of this department have completed the C.P.R. (Cardio-Pulmonary Resuscitation) and First Responder classes conducted by Chris Milot and Chris Bergeron, through the E.M.S. System. All members are qualified at the Firing Range and have attended all Safety Classes on Gun Handling given by Officer Tim Buskirk of the Bellingham Police Dept. Under specialized training, Sgt. Haughey has demonstrated the proper handling, safety, and use of Pepper Mace. Authorization to carry MACE has been given by Chief Boucher to the Auxiliary Police and all personnel now carry MACE.

In house training, uniform and weapons inspections, proper radio procedures, report writing and self defense classes were conducted by the training staff. Officer John Kauker and Chief Bartlett have completed the Radiological Monitoring Course given by the Federal Emergency Management Dept. and sponsored by the Civil Defense Director Mr. Tom Guertin and Asst. Andy Generoux.

I offer my congratulations to Auxiliary Officer James Martin upon his graduation from the Mass Criminal Justice Training Council in Tewksbury, MA, as a reserve/Intermittent Officer. Also congratulations to Auxiliary Officers Fred Savoie and Richard Martel upon their graduation from the Mass Criminal Justice Training Council in Foxboro, MA. as Reserve/Intermittent Officers. Officer Mark Duquette has been accepted to the January/1994 class at Foxboro. As Chief I attended both graduations at both facilities.

Nine officers provided as escort for Santa's (a.k.a. James Kennedy) annual Sleigh ride through the Town of Bellingham. Four officers assisted the regular police with coverage for the championship playoffs for the Bellingham High School Football Team. Congratulations to the High School Football Squad.

Twelve officers assisted the Milford Auxiliary Police with traffic during the month of October for their Haunted House. This event was sponsored by the Montgomery Lodge of Masons in support of the D.A.R.E. Program in Bellingham and surrounding communities. Six officers also assisted with traffic at the Bellingham Sportsman's Club with their annual Halloween Spook Trail. Eight officers assisted the Hopkinton Police Dept. with traffic and crowd control at the annual B.B.A. Marathon.

Congratulations are given to Capt. Earl Vater on his appointment as Dispatcher and to Officer John Kauker being promoted to Acting Sergeant. A special thanks to Ptm. Fred Savoie for his generosity in providing many stuffed animals to the Bellingham Rescue.

The B.A.P. cruiser has been very active on patrols of the schools, town pumping stations, and cemeteries; with accident assistance, and escort duty for Santa in December. Cruiser and church duties are assigned on a monthly basis.

The primary function of the Bellingham Auxiliary Police is to assist the Regular Police Dept. in the event of an emergency. It is not our intent or desire to take over any work that is customarily assigned to the regular department. However we do give freely of our time when asked to supplement the regular police of our town. The Bellingham Auxiliary Police is available to all non-profit organizations. If you wish our services, please contact the regular police department or call Chief Eugene Bartlett at his residence. Please allow a minimum of one week's notice so that we can schedule your needs accordingly.

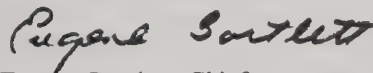

Persons seeking an application must be a resident of the Town of Bellingham for at least one year, must be at least 21 years of age, and must have a current C.P.R. and First Aid/First Responder training certification. For further information, please contact Chief Bartlett.

As Chief of the Bellingham Auxiliary Police I commend this department for their professionalism, attitude, dedication, and all courtesies extended to me this past year.

I wish to convey my special thanks and appreciation to 1st Lt. G. Steven Schreffler for allowing us the use of the Wee Folk Learning Center facilities to continue our training programs. The officers of the Auxiliary Police always desire more training to keep them up on new procedures and techniques so that when called upon, they will be trained to handle many situations.

In closing, I extend my deepest to all the Boards and Departments in the Town of Bellingham that have assisted this department throughout the year.

Respectfully Submitted,

TOWN OF BELLINGHAM

OFFICE OF THE
BOARD OF ASSESSORS
TOWN HALL
BELLINGHAM, MASSACHUSETTS 02019

1993 ANNUAL REPORT OF THE BOARD OF ASSESSORS

Calendar year 1993 can best be summed up as a year of change in many respects.

First, there have been indications that the Real Estate market is leveling off, with sales and new construction picking up, although not at the levels of the late 1980's. The last three Fiscal Years Growth (FY 92, 93, 94) have been substantial due to the development of the Co-Generation Plant, however, while that Facility reached completion for FY 1994, we do project some continued slow but steady growth for FY 1995 in Residential, Commercial, Industrial and Personal Property as both the economy's growth as well as our locale (Route 495) enhances our attractiveness. Effective beginning in FY 1995, the Town accepted the provisions of Massachusetts General Laws allowing the Town to assess the status of Real Property improvements as of the June 30 preceding each Fiscal Year's commencement. For FY 1995 only, New Growth will reflect 18 months of new construction activity.

Second, because the first Real and Personal Property commitments for FY 93 were Preliminary, the Tax Rate was set and Actual Bills were mailed in the Spring of 1993. And for the first time in several years, the Tax Rate was set and Tax Bills were mailed timely for FY 1994 in the early fall of 1993. Thus, in calendar 1993 two Tax Rates were set and two Fiscal Years actual tax commitments were created and mailed.

Thirdly, changes have occurred in the Board as well as the staff. Jerald Mayhew was newly elected as Assessor in May 1993. His business sense and fairness are a welcome compliment to the Boards' talents and ethics. Kevin W. Doyle, a twelve year Revaluation, D.O.R. and Municipal Assessor veteran was hired as the Town's full-time Assistant Assessor/Appraiser in August replacing Alfreida Cardoza who left with plans to pursue another track. As well, Karen Jasinski with her many academic and business talents was hired as the office's Principal Clerk in September replacing the outgoing Suzanne LaPlante. We welcome Kevin and Karen, and wish Alfreida and Suzanne health and happiness in other endeavors.

The Annual Election also marked the historic event of the passage of a Town Charter establishing the Finance Office consisting of the Chief Financial Officer, Marilyn Mathieu who also serves as Town Accountant, and the offices of Collector-Treasurer and the Board of Assessors. Under the direction of the C.F.O. improvements are being made in the flow of work and reporting of information both within the Finance office as well as with other Town agencies - Boards - Committees and with other governmental and private parties.

Also a Computer Study Committee was formed to assess the needs not only of the Finance Office, but those of all Town Boards, Committees and Departments. The objective is to explore the implementation of a truly integrated town-wide system.

And last, but definitely not least, we're in the midst of a full Revaluation of Property, as we entered into a contract with M.M.C. for a full data verification and Revaluation of all Real and Personal Property in Town. As we close 1993, most of the Data Collection has been completed and we anticipate all will be finished in early 1994 along with valuation analysis with all aspects including final certification anticipated by early fall. As we begin Quarterly Tax Billing in FY 1995, the fall completion will be timely such that Actual Bills can be generated by December 1994. We're very pleased with the Revaluation progress and anticipate that the rest of the Program will run smoothly.

On a final note, we would like to express our sincerest appreciation to the staff for their dedication and patience over the past year. Our thanks to Assistant Assessor Barbara Gautreau, Senior Clerk Pauline Gagne, Principal Clerk Karen Jasinski, and Assistant Assessor/Appraiser Kevin W. Doyle.

Respectfully submitted,

Pierrette Corriveau, Chairwoman
Jerald Mayhew, Vice-Chairman
Michael Cook, Assessor

1993 Water Interest	397.03
Sewer Betterment Interest Phase I	29,086.32
Sewer Betterment Interest Phase II	941.96
Shawmut Account Interest	5,729.48

TOTAL FISCAL 1993 COLLECTIONS AND INTEREST \$14,572,381.27

This is an increase of \$2,011,438.42 over Fiscal Year 1992.

I wish to thank Town Officials, employees and citizens of Bellingham for their support and assistance. I would especially like to thank the staff of the Collector's office for their co-operation and dedication.

Respectfully submitted,

Grace L. Devitt
Town Collector

REPORT OF THE FINANCE COMMITTEE

The plan was to reduce a \$1.4 million dollar deficit over a three year period. With the appropriation of just over \$19.3 million for the 1994 fiscal year, a modest increase in the local receipts and with hard work by the Departments the deficit has been dramatically reduced. This reduction has been achieved during uncertain economic times and at a minimal change in the services that the town has provided to the people of this community.

The establishment of the position of Chief Financial Officer has also been an important role in the improvement of the financial stability of the town. By working closely with the Local Departments and State Departments and Officials, changes have been implemented to gain additional cash flows into the town.

There are additional changes, required by the new Town Charter and ideas which are currently being pursued, that will place the town in a financially responsible position to meet the ever changes needs of the community.

The Finance Committee takes this opportunity to thank all the people who have spent many long hours preparing the 1993 Annual Town Meeting and the development of the spending levels for the 1994 fiscal year.

Respectfully submitted,
Scott Martin, Chairman
Henri Masson, Vice Chairman
Toni Picariello, Secretary
John Berg

Bellingham Council For The Aging

TWO MAPLE STREET
BELLINGHAM, MASS. 02019

COUNCIL ON AGING ANNUAL REPORT - 1994

The Bellingham Senior Center, located at Two Maple Street, operates each day, Monday through Friday, from 9:00 AM to 3:00 PM. Programs and services are available to Bellingham residents, age 59 and over and handicapped regardless of age.

Social activities at the Senior Center include: bowling, line dancing, cards, crafts, cook club, Polish conversation group, bingo and socializing. Classes in weight loss and painting are sometimes offered.

A dinner dance is held at the V.F.W. in Medway each month with 190 to 240 attending. Also each month, a birthday party luncheon is held at the Senior Center. On different occasions, children from Stallbrook school have joined us for the meal and party.

Overnight trips are offered, as well as day trips, in the Spring, Summer and Fall.

The Council on Aging has two meetings a month in the wintertime with 35-40 elders joining us and becoming involved with what's going on at the Center and with issues concerning their welfare. A speaker is provided at the 2nd meeting with questions and answers at the end of the talk.

In addition to recreational activities, the Council on Aging offers the following services and programs: flu shots and regular health screenings provided by the Visiting Nurses Association, friendly visiting, home delivered meals and transportation. Also offered are referral services for topics such as Medicare, Medex, Medicaid, Social Security, support services for caregivers, homestead and proxy application and tax help. Fuel assistance and telephone reassurance is also offered on a daily basis. Sixty five fuel applications were processed last year and the telephone reassurance coordinator made 360 calls. Eye screenings are held each August at the Senior Center.

Homebound elders are visited by Senior Aides who do shopping and errands on a regular basis. The Aides also visit elders in nursing homes. Last year 1104 visits and errands were made. Central Mass Area on Aging funds the positions of the two Aides. Training workshops are attended by the Aides each month in W. Boylston or surrounding area.

The C.O.A. vans transport seniors and/or handicapped who have no other means of transportation to doctor's appointments, hospitals, shopping, errands and to the Social Day Care Program. Last year, 6050 trips were provided. Vans operate Monday through Friday requiring a 48 hour notice to reserve the van. The C.O.A. also operates a bus which is used for shopping and recreational outings.

The "Spirit of Bellingham", a monthly newsletter for Senior Citizens, is published by the C.O.A. and mailed to 1301 homes each month.

Board members and staff attend various meetings, conferences and workshops throughout the year such as: the monthly Blackstone Valley Consortium, the Massachusetts Association of Councils on Aging, Senior Center Directors' Meeting and annual conference, Mass Agency on Aging, Social Day Care Directors' meetings and C.E.M.A.C.A. quarterly meetings.

The Elder Service Corp volunteer assists with the Social Day Care Program, telephone reassurance, outreach and office assistance. The volunteer is stipended through the Executive Office of Elder Affairs.

The Council on Aging operates a Social Day Care Program which provides socialization with peers and supervised activities for isolated elderly. The program is offered Monday, Wednesday and Friday from 9:00 AM to 3:00 PM to Bellingham Seniors and also Seniors from surrounding towns. A per diem fee is charged and income-eligible Seniors may attend through Tri-Valley Elder Services, Inc. Fourteen new clients attended last year.

Seventeen referrals were made to/from Tri-Valley in 1993 and 5,931 meals were delivered to the homebound.

Volunteers contributed 5,932 hours to the Senior Center and made a difference in many people's lives, but that's what we're all about.

Respectfully submitted,

Board of Directors
Bellingham Council on Aging

BELLINGHAM CEMETERY COMPANY
OF BELLINGHAM, MASSACHUSETTS

1993 Annual Report -- Cemetery Committee

The storms of last February caused several problems in all the cemeteries with downed trees and broken branches that had to be removed and cleaned up before the mowing could begin in May.

The damage to the Depot Street Cemetery was very extensive and required four men for a full day's work to clean up the mess.

May was a wet and rainy month and this carried the first mowing over into the first of June. Thereafter, all the Cemeteries were mowed and trimmed every three weeks for the rest of the summer until November 1st.

Vandalism continued somewhat but not as bad as previously reported, due primarily to the fact that the Police Department caught three suspects which resulted in court action at the Milford District Court.

We continue to have David Brown open our graves when necessary and we extend our thanks to him for a job well done. Mr. Brown is always very prompt and courteous for us when we need him.

We wish to thank the Highway Department, the Board of Selectmen, and especially the Town Accountant's office for their help and cooperation to us for the past year.

Respectfully submitted,
BELLINGHAM CEMETERY COMMITTEE
Russell H. Chase, Chairman
Warren M. Crimmings, Secretary
William A. Hill

VETERAN'S GRAVE AGENT

Your Veteran's Grave Agent has visited all the graves of the Veteran's and decorated them with an American Flag twice during the year. Some of the graves were covered with branches from severe snowstorms in February, 1993 which were removed.

My colleagues in the Cemetery Department assisted me alot. I wish to thank them publicly for a job well done. I am still setting Vet markers free of charge.

The Memorial Day Committee is helpful for furnishing the Flags. We cannot seem to keep a Flag in the Center Cemetery.

Warren Crimmings donated a beautiful nylon Flag for this Flag pole and it disappeared. Now, whoever stole that Flag must feel real proud. We put another one up and they stole that. We need to go back to the day of the Flag pole sitters.

Yours respectfully,

Russell H. Chase

VETERAN'S SERVICES

In 1982, the Veteran's Service program was transferred to the Town of Franklin to be administered by that Town's agent. In 1991, the program was transferred back to Bellingham, a move which we believe represents greater accessibility for our veterans. While the Town of Franklin serviced our veteran community conscientiously, we feel the program belongs here in our community.

The move from Franklin to Bellingham not only brings the service home to Bellingham, but also resulted in a savings of \$5,000 in administration charges. The following outlines the services provided in 1993.

Number of veterans receiving benefits - 6

Number of veterans and dependents serviced or provided counseling - 62

The total appropriation of the veterans program is not expected to increase above the \$33,250 appropriated in FY93.

As always, we stand ready to service the veteran community and look forward to working closely with those in need.

Respectfully submitted,

Anthony Mazzola
Veteran's Agent

Denis C. Fraine
Administrative Assistant to
Veteran's Agent

RE: Town Counsel
Annual Report

Dear Board Members:

The following is the Annual Report of Town Counsel:

To the Honorable Board of Selectmen:

Dear Board Members:

As Town Counsel, I hereby submit my report for the year ending December 31, 1993, as required by Section 2-140 of Article VIII of the Town By-Laws:

CASES SETTLED

1. Town of Bellingham vs. Bank For Savings, Thomas D. Cordell and Kenneth S. Racicot, Trustees of Overview Realty Trust, Milford District Court, Docket No. 9166CV695.
2. Town of Bellingham Building Department vs. Thomas S. Clark, Milford District Court, Docket Nos. H9447, H9304 and H9305.
3. Thomas F. Fallon, Jr. vs. the Zoning Board of Appeals, Town of Bellingham, Milford District Court, Docket No. 9257CV899.
4. John J. Consigli vs. Board of Assessors, Town of Bellingham, Appellate Tax Board, No. 011662-001663.
5. Susan and Joseph J. Small vs. Board of Assessors, Town of Bellingham, Appellate Tax Board, No. X264781.
6. Paul Vipraio vs. Raymond R. Gagne, et al, Bellingham Board of Water Sewer Commissioners, Norfolk County Superior Court, Land Damages, Docket No. 9200874.

7. H. A. Fafard & Sons Construction, Inc., Ledgemere Land Corporation vs. the Bellingham Planning Board, Norfolk Superior Court, Docket No. 86-3076.
8. Ronald D. and Leona T. Dill vs. Board of Assessors of the Town of Bellingham, Appellate Tax Board, Docket No. X266200.
9. Frances Harcovitz vs. Board of Assessors of the Town of Bellingham, Appellate Tax Board, Docket No. X266301.
10. Frances Harcovitz vs. Board of Assessors of the Town of Bellingham, Appellate Tax Board, Docket No. X266302.
11. John Harcovitz vs. Board of Assessors of the Town of Bellingham, Appellate Tax Board, Docket No. X266300.
12. Arlene L. Kulkin vs. Board of Assessors of the Town of Bellingham, Appellate Tax Board, Docket No. X266222.
13. Sally W. Dmytryck, Trustee of Crystal Springs Realty Trust, et al vs. Board of Assessors of the Town of Bellingham, Norfolk Land Court No. 176940.
14. Arthur P. Richards vs. Town of Bellingham, Board of Assessors, Milford District Court No. SC9266-768.
15. Thomas Clark and Bruce Andrews vs. John Emidy, Town Inspector, State Building Code Appeals No. 93-061.
16. Robert Patterson vs. Zoning Board of Appeals, Norfolk Superior Court, Docket No. WOCV93-01903.
17. Joseph T. Clifford, et al vs. Town of Bellingham, et al, Uxbridge District Court No. 9365CV0229.

CASES PENDING

1. Inhabitants of Blackstone vs. Inhabitants of the Town of Bellingham, Suffolk County Land Court, Docket No. 79911, Boston, Massachusetts.
2. William Spear, et al vs. The Inhabitants of the Town of Bellingham, Suffolk County Land Court, Docket No. 96576, Boston, Massachusetts.
3. Algonquin Gas Co. vs. Board of Assessors, Town of Bellingham, Appellate Tax Board, Docket No. 125346, Boston, Massachusetts.

4. Algonquin Gas Transmission Co. vs. Bellingham Board of Assessors, Appellate Tax Board, Docket No. 130284.
5. Algonquin Gas Transmission Co. vs. Bellingham Board of Assessors, Appellate Tax Board, Docket No. 138481.
6. Algonquin Gas Transmission Co. vs. Bellingham Board of Assessors, Appellate Tax Board, Docket No. 143698.
7. Algonquin Gas Transmission Co. vs. Bellingham Board of Assessors, Appellate Tax Board, Docket No. 147743.
8. Algonquin Gas Transmission Co. vs. Bellingham Board of Assessors, Appellate Tax Board, Docket No. 154771.
9. Algonquin Gas Transmission Co. vs. Bellingham Board of Assessors, Appellate Tax Board, Docket No. 162028.
10. Algonquin Gas Transmission Co. vs. Bellingham Board of Assessors, Appellate Tax Board, Docket No. 169542.

Fire Department Activity

The fire department responded to 20 building fires; 27 household appliance fires; 34 box alarms; 77 vehicle assistance calls; 183 investigations; 60 grass, brush, etc.; 67 details; gave mutual aid to Woonsocket-2; North Smithfield-1; Franklin-1 and received mutual aid from state forestry department-4; Blackstone-3; Franklin-3; Hopedale-1; Medway-1; and Milford-1.

Total calls for 1993 were 1,917 compared to 1,758 in 1992; 1,648 in 1991; 1,729 in 1990; 1,992 in 1989; and 1,930 in 1988. The department issued after inspection 499 permits. The total is inclusive of these.

Building fires were broken down as follows: 10 chimney; 5 house; 2 commercial buildings; 1 garage; apartment house-1; and vacant building-1. The causes of the above fires were as follows: Heating devices-10(this includes fires caused by woodstoves, fireplaces, space heaters); cooking-2; dryer-2; careless handling of smoking materials-2; welding-1; arson-1; electrical-1; and misuse of flammable liquid-1.

page 2:

Appliance fires were broken down as follows: furnace problem-10; stove/oven-5; burnt motors-4; electrical equipment-4; gas grille-1; and dishwasher-1; and washing machine-2.

Box Alarms were broken down as follows: accidental/malfunction-20; malicious false alarms-11; fires-2; and gas odor-1.

Vehicle Assistance calls were broken down as follows: spills-21; car fires-20; assist rescue at MVA's-18; Life Flight standby-9; truck fires-5; and Jaws of Life-4.

Brush fires, etc. were broken down as follows: brush and grass fires-47; campfires-8; dumpsters-3; and fire at landfill-2.

Rescue calls were broken down as follows: 497 home emergencies; 173 motor vehicle accidents; 77 miscellaneous; and 186 mutual aid. (TO: Franklin-103; Mendon-2; and Hopedale-1. FROM: Franklin-44; Blackstone-25; Medway-6; Woonsocket-3; Wrentham-1; and private ambulance-1.

Inspections and Permits

The Chief appointed Firefighter Thomas Guerin as Inspection Co-ordinator for the year. Inspections were made of businesses and where needed corrections were recommended. The workload for inspections and permits continues to be very time consuming. Numerous plans were reviewed by the Chief and inspections made for final occupancy. The permits issued were as follows: fuel oil storage-61; smoke detectors in homes prior to resale (Ch. 148 sec. 26F)-259; smoke detectors in new construction-62; storage of propane-24; blasting-13; remove underground tanks-19; install fire alarm systems-12; install and/or modify fire suppression systems-12; store gunpowder and ammo-5; storage of flammable and combustible liquids-4; install underground tanks-4; waste oil permit-2; trash compactor permit-2; install aboveground tank-1; tar kettle-1; store model rocket engines-1; U.S.T. Form FP290-1; fireworks display-1; and 15 tank truck inspections.

In addition to the above permits 1,171 open burning permits were issued. It is a proven fact that the inspections of businesses throughout the year by fire personnel has helped keep the incidents of fire in those establishments minimal. All local businesses are to be commended for their cooperation in trying to make their places of business violation-free for the safety of their employees, patrons and themselves.

Fire Prevention, Public Safety and Education

All schools were inspected and the four required fire drills were held. Once again this year the department sponsored a fire prevention theme activity. This year through the cooperation of the Woonsocket Fire Department and Union the department presented the "Fire Safety House" in all elementary schools. This unique "house" is designed like a mobile home with hazards depicted similar hazards one would find in a regular home. The students were directed to point out the hazards as well as crawl through simulated "smoke" to learn the feeling of being caught in a smoke filled room. Special thanks goes to Bellingham Permanent Firefighters, JACO, Inc. United Plant Services, Inc., R.P. Smith and Son Insurance Agency, and Bellingham Animal Hospital, who provided the funding for this program.

page 3:

Once again this year the leading cause of building fires was related to heating devices. The Chief wishes to caution all residents with woodstoves and other solid fuel heating devices that the maintenance and periodic cleaning of these and other heating devices is critical. The cleaning of chimneys is most important in reducing the chance of a serious fire. Residents are also cautioned against placing hot ashes into combustible containers as well as placing combustibles too close to hot surfaces.

The Chief wishes to remind residents that the use of unvented kerosene space heaters is in violation of the state fire regulations and the Mass. General Laws.

The Chief wishes to remind residents that the fire personnel are available to speak at meetings of various social and professional groups. To obtain a speaker call the fire station at 966-1112 several weeks in advance of the desired date to make arrangements with the Chief.

Vehicles, Personnel and Training

Requests are currently in to the Capital Outlay Committee for the purchase of a new pumper to replace Engine 7, a 1967 Ford Pumper. In addition to the pumper a replacement for the 1985 Ford car, which has approximately 115,000 miles on it, has been requested. Three vehicle repeaters are being requested to enhance the radio communications of the department between the portable radios and the base and vehicles.

The department has ordered a new rescue vehicle and it is presently being constructed. The anticipated arrival of the new unit should be sometime in February 1994.

A new set of extrication equipment has been purchased and delivered to the department in mid-December. Upon training of personnel the equipment will be put into service. The old tool will be kept on a vehicle as a back up to the main tool.

Personnel received training is C.P.R. recertification and defibrillator recertification. A training session was also held on Ice Rescue techniques using the department suits and rope bags. Personnel also became certified this year in the administration of Epinephrine auto injection devices.

The Chief appointed firefighter Andre Genereux as E.M.S./Rescue Co-Ordinator. He has done a commendable job in making sure that personnel receive training and that the equipment is up to par.

Firefighter Ernest Hadley and Joseph Robidoux checked and repaired self-contained breathing apparatus and tanks where needed. This has been a big plus in assuring the operation of these units.

Special thanks to Firefighter Ernest Hadley for his help in performing vehicle maintenance. He also assists in scheduling of repair work with outside repair shops.

Firefighter Michael Marcet was appointed as a permanent full-time firefighter in July. Firefighter Marcet has been a call firefighter for many years and has been an asset to the department.

page 4:

Buildings

Long range plans should be the replacement of the two outlying fire stations. The short term plans should be cosmetic repairs such as painting, new windows, etc.

The department turned in the sum of \$67,341.95 to the Town Treasurer for 1993. The amount is broken down as follows: oil burner fees-\$680.00; storage of ammo and gunpowder-\$60.00; Storage of flammable and combustible liquids-\$40.00 smoke detector fees for resales-\$2,670.00; smoke detector fees for new construction-\$620.00; propane storage-\$270.00; blasting permits-\$140.00; install fire suppression systems-\$255.00; reinspection fees-oil burner-\$75.00; reinspection fees- old smokes-\$135.00; reinspection fees-new smokes-\$40.00; reinspection fees-propane-\$10.00; fire and rescue reports-\$165.00; remove underground tanks-\$190.00; 21E site assessment reports-\$125.00; outside detail costs and fees-\$2,196.48; Life Flight reimbursements-\$650.00; tar kettle permit-\$10.00; install fire alarm systems-\$450.00; install underground tanks-\$80.00; waste oil tank permits-\$20.00; install aboveground tanks-\$10.00; trash compactor permits-\$20.00; tank truck inspection-\$150.00; FP 290 U.S.T. permit-\$10.00; open burning permits-\$549.00; court restitution-\$100.00; fire-works display permit-\$10.00; fire prevention gift account-\$505.00; and ambulance receipts \$57,106.47.

Emergency calls increased by 100 calls from 1992. Permits and inspections increased by 59 from 1992. Building fires decreased considerably from 1992. The Chief again urges all homeowners to make sure that chimneys are kept clean. They should be checked monthly and cleaned as needed.

The Chief urges residents to install, maintain, and periodically test smoke detectors. It has been proven time and time again that the early warning provided by smoke detectors helps in allowing occupants time to escape. It also results in earlier notification of the fire and helps in reducing fire damage. usually the fires that have been most serious have occurred in buildings that were not properly protected with heat and smoke detectors.

In closing, I wish to thank the Board of Selectmen, Town Administrator Denis Fraine, the Police Department and other Town departments for their assistance. Particular appreciation goes to the firefighters, both permanent and call, for their dedication and cooperation in my efforts to better serve the citizens of Bellingham in the protection of life and property. May 1994 be a fire safe and prosperous year for all residents and businesses.

Respectfully submitted,

RICHARD F. RANIERI
Fire Chief

TOWN INSPECTOR

Town Hall Annex • Bellingham, Massachusetts 02019 • Tel. 966-2567

Building Inspector
Zoning Agent

To the Honorable Board of Selectmen and
Citizens of Bellingham:

The following permits were issued for 1993, with the estimated
cost of the completed construction itemized:

RESIDENTIAL

55	Single-Family Dwellings	\$3,840,808.00
28	Additions	372,360.00
142	Accessories	332,899.00
112	Remodel/Repair/Renovations	267,989.00
11	Demolitions	23,600.00
63	Occupancies	
16	Home Occupations (Business operated out of residence)	
1	Temporary Trailers	4,000.00

COMMERCIAL

5	New Buildings	700,193.00
3	Additions	567,309.00
14	Accessories	286,198.00
20	Alter Buildings	188,626.00
4	Remodel/Repair/Renovate	47,000.00

6,779,896.00

An estimated total fees collected for these permits was \$53,609.00

OFFICIAL NOTIFICATION

Building Code Violations	6
Zoning Violations	22
Construction without Permit	6
Occupying building without permit	2

COURT CASES 1993

Zoning By-Law Violation	1
-------------------------	---

GRAVEL OPERATIONS

The following gravel operations were inspected for compliance:

The Fafard Companies	1	permit
Varney Brothers, Inc.	2	permits
Rosenfeld	2	Permits
Vadnais	1	Permit
Silver Lake Realty	1	Permit
Requier	1	Permit

Monthly census reports were sent to the United States Government Department of Commerce. Reports for permits issued and fees collected are sent monthly to the Town Treasurer's and Assessors' Offices.

The approval of a Town Charter created a Building Division which consists of Building, Wiring, Plumbing & Gas, Inspectors, Sealer of Weights & Measures and Health Agent; under the supervision of the Inspector of Buildings.

The Building Department is open Monday through Thursday 8:00 AM to 4:30 PM, Friday 8:00 AM to 1:00 PM and Monday night 6:00 PM to 8:00 PM, for all building, electrical, plumbing and gas permits.

Respectfully submitted,

John F. Emidy
Inspector of Buildings

TOWN OF BELLINGHAM

OFFICE OF THE
BOARD OF HEALTH
BELLINGHAM, MASSACHUSETTS 02019

January 25, 1994

BOARD OF HEALTH

Annual Report of 1993

The Board of Health enacted several regulations such as:

1. Dumpster Regulation
2. Sand Blasting Regulation
3. Hazardous Materials Regulation

The E.M.S. Committee sponsored two anti-choke training courses during the year. These courses are to train the owners and employees of food establishments in the proper procedures of removing food lodged in the throat.

The Town of Bellingham was the recipient of a regional grant for \$60,000.00 from the Department of Public Health for Tobacco Control and Cessation. The regional towns include: Bellingham, Blackstone, Mendon and Uxbridge. David Farrington was appointed Program Manager to coordinate the program with the Boards of Health to achieve the projected goal, set by the Department of Public Health, of reducing tobacco use by 50% by 1999.

The Bellingham Landfill is closed and is presently being used as a Recycling Center. The Board of Health is working with the Department of Environmental Protection and a consultant to develop an approved closure plan that is satisfactory to the Department of Environmental Protection and in compliance with the Clean Water Act. Preliminary Water Tests taken at the landfill are free of contaminants. Further water tests will continue in accordance with D.E.P. Testing schedules.

We would like to thank Norfolk County Mosquito Control for all their hard work of dredging nuisance areas and spraying thousands of acres at no cost to the Town.

We would like to thank the Visiting Nurse Association of Greater Milford-Northbridge for all their cooperation and service to Bellingham residents.

We would like to thank the Recycling Committee for all their hard work and dedication. The Board of Health would like to look further at curbside recycling.

The number of permits that were issued by the Board of Health are as follows:

- 22 Retail Food Establishments
- 30 Food Service Establishments
- 4 Mobile Food Service Permits
- 29 Septic Installers
- 18 Offal Transporters
- 63 Disposal Works Construction Permits
- 35 Percolation and Deep Hole Tests Witnessed
- 8 Septic Repair Permits

NORFOLK COUNTY MOSQUITO CONTROL PROJECT
Building #34 Endicott Street
Norwood, Massachusetts 02062
Telephone (617) 762-3681

January 10, 1994

Town of Bellingham

1993 REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective, and economically feasible.

All mosquito eggs need water to hatch to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the drainage of shallow, standing, stagnant water, and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	3,470 feet
Brush obstructing drainage cut	855 feet

Larviciding: Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Larvicide by backpack\Briquets\mistblowers	45 acres
--	-----------------

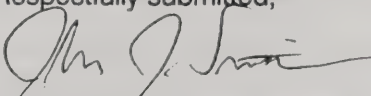

Adulticiding: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying, or threatening to residents.

Adulticide U.L.V. from trucks	2,107 acres
-------------------------------	--------------------

Surveys, inspections, and monitoring in support of our program include locating and mapping breeding areas, larval and adult collections, and field work evaluations leading to better drainage.

The Project received 51 calls from residents for information and assistance.

Respectfully submitted,

John J. Smith, Superintendent

TOWN OF BELLINGHAM

OFFICE OF
PAUL ST. GEORGE
PLUMBING AND GAS INSPECTOR

REPORT OF THE PLUMBING & GAS INSPECTOR

To the Honorable Board of Selectmen and
the Resident Taxpayers of the Town of Bellingham

The position of Plumbing and Gas Inspector is to protect our Public Water Supply from contamination through cross connection. The position of the Gas Inspector is to protect the residents of the town from any gas related hazards, by inspecting for any code violations.

I have issued, during the year 1993, approximately the following permits:

169	Plumbing Permits
112	Gas Permits
1	Gas leak investigation
38	Plumbing complaints
20	Plumbing violations
35	Gas code violations

Money collected from fees = \$13,232.50

I personally thank the Board of Health Members, Mrs. Charlotte Mangano, Secretary, Mr. John Emidy, Building Inspector, also the residents of Bellingham for their cooperation in the performance of my duties.

Respectfully submitted,

Paul St. George
Plumbing & Gas Inspector

January 12. 1994

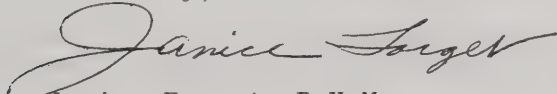

To: Executive Office of Communities & Development
State Auditor
Board of Selectmen

The Bellingham Housing Authority is respectfully submitting its annual report for fiscal year ended March 31, 1993.

The purpose of this report is to present the following information: the current Board of Commissioners, the Authority's board meetings, the eligibility criteria and a statement of objectives for the coming year.

Hopefully, you will find this to be an informative report of the past year.

Sincerely,

Janice Forget, P.H.M.
Executive Director

jr

BELLINGHAM, MA 02019

TELEPHONE (508) 883-4999

REPORT OF THE HOUSING AUTHORITY

To the Honorable Board of Selectmen and the Citizens of the Town of Bellingham:

The Bellingham Housing Authority was organized on January 26, 1966. It's powers and duties, as such, are defined by Massachusetts General Laws Chapter 121-B of the Commonwealth. The objective of the Authority is to provide housing opportunities for persons of low income.

The Board of Commissioners is a five member board. Four of the Commissioners are elected to serve for a period of five (5) years and one member is appointed by the State's Secretary of the Executive Office of Communities and Development (EOCD). Meetings are held in the Director's office at Wrentham Manor on the second Thursday of each month at 7:30 p.m.

The Bellingham Housing Authority administers three (3) State Housing Programs and one (1) Federal Rental Assistance Program (HUD Section 8 Certificate Program).

Under the State's Chapter 667 and 705 programs the Authority owns and manages 122 units of housing for family and elderly/handicapped individuals. The Depot Court complex built in 1969 consists of 64 one bedroom units and is located in Bellingham Center on Depot Street. Wrentham Manor built in 1975 consists of 56 one bedroom units and is located in South Bellingham on Wrentham Road. These properties had an annual operating budget of \$265,258 for fiscal year ended March 31, 1993.

With the aid and assistance of various funding sources including an Executive Office of Communities and Development Modernization Grant and the Massachusetts Electric Multifamily Retro-fit Program, The Authority is experiencing some much needed property improvements. The improvements include the installation of hard-wired smoke detectors in each unit, installation of new energy saving light fixtures in kitchen areas, air sealing and increased insulation in each building.

Personnel at the Bellingham Housing Authority include two full time maintenance employees, one half time administrative assistant and the Executive Director.

Attached to this report is the Authority's balance sheet for programs as provided by our fee accountant Fenton, Ewald & Associates, P.C.

Respectfully submitted,

A handwritten signature in cursive script that reads "Janice Forget".

Janice Forget, P.H.M.
Executive Director

BOARD OF COMMISSIONERS

The current Board of Commissioners for the Bellingham Housing Authority is as follows:

Members

<u>Name</u>	<u>Title</u>	<u>Term Expires</u>
Bruno M. Santini 91 Moody Street Bellingham	Acting Chairperson	May 1997
Sandra L. Santini 91 Moody Street Bellingham	Treasurer	May 1995
Janet Robidoux Ward 12 Crystal Way Bellingham	Assistant Treasurer	May 1998
Elizabeth A. Lowry 6 Squire Lane Bellingham	Member	<div> <div>May 1996</div> <div>Note: To be listed on ballot at Annual Town Election of May 7, 1994 for a term to expire in 2 yrs. (May, 1996)</div> </div>
Vacant	Secretary State Appointee	

BOARD MEETINGS

The Bellingham Housing Authority meets regularly on a monthly basis on the second Thursday of each month. The meetings are conducted in the Executive Director's Office at Wrentham Manor and are scheduled to commence at 7:30 p.m.

ELIGIBILITY CRITERIA FOR EACH HOUSING PROGRAM

In determining eligibility for each housing program, the Bellingham Housing Authority follows the guidelines set by the Commonwealth of Massachusetts under 760 CMR: Regulations Prescribing Standards and Procedures for Tenant Selection and Transfer, promulgated April 3, 1986 for effect October 3, 1986.

STATEMENT OF OBJECTIVES FOR THE COMING YEAR

The Bellingham Housing Authority will continue to assist low income individuals to obtain decent, safe and sanitary housing. It will seek all sources of available funding to increase opportunities for affordable housing for income eligible residents of the community.

To the Board of Commissioners
Bellingham Housing Authority
P. O. Box 82
Bellingham, MA 02019

We have compiled the accompanying statements of assets and liabilities for all programs of the Bellingham Housing Authority as of march 31, 1993 and the related statements of Revenue and Expenses and all other supplemental schedules for all programs for the twelve month(s) then ended, in accordance with standards established by the American Institute of Certified Public Accountants. The Bellingham Housing Authority prepares its financial statements on the basis of accounting prescribed by the Commonwealth of Massachusetts Executive Office of Communities and Development (EOCD) and the U.S. Department of Housing and Urban Development (HUD), which is a comprehensive basis of accounting other than generally accepted accounting principles.

A compilation is limited to presenting in the form of financial statements information that is the representation of the Housing Authority. We have not audited or reviewed the accompanying statements and, accordingly, do not express an opinion or any other form of assurance on them.

This report is intended solely for the information and use of the Board of Commissioners and management of the Housing Authority and/or the Executive Office of Communities and Development and the U. S. Department of Housing and Urban Development. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

Public Library
Town Report 1993

To the Honorable Board of Selectmen:

The big news at the public library this year is "Automation". Automation of the Library's Circulation and Catalog was completed in mid-August 1993. The Winnebago System allows us to keep better records of usage and keep more accurate statistics while enabling the public to search our database on-line.

We are very proud of the fact that the entire system was purchased, a data-base created and network in place without having to ask the Town for additional funding. A breakdown of our costs is as follows:

All items funded by State Aid to Libraries unless noted.

Winnebago Circ/Cat Program \$995.

\$1295. (paid by Friends)

3 Computers \$3550.

3 Terminals \$750.

Electric Cabeling \$1010.

Networking \$1160.

Labor for Networking \$1090.

License for Networking \$1000. (paid by Friends)

Barwand \$500.

Retrospective Conversion \$6476. (\$1793. pd by Friends)

New library cards \$600.

Surge protectors \$200.

Backup Unit \$450.

On-going support \$250.

We wish to thank the Friends of the Bellingham Library for their monetary support and the numerous volunteers who helped create the database and bar-code the entire collection.

A Public Use CD-ROM Station and computer with Word Perfect have been added to the Reference Department. The CD-ROM is exciting relatively new technology which allows patrons access to encyclopedias and reference materials using a computer. The computer with WordPerfect has helped many of our patrons produce more professional looking resumes.

The Young Adult section of the library has seen some changes this past year with the addition of two new wall mediums for signage and displays. We are working at developing this book collection and making the area a little more attractive and private for our Young Adult patrons.

Lori Fafard (teacher) and her group of students from Bellingham High School continued their "Feathered Friends" project during the year. They were busy adding to the bird sanctuary and learning more information on protecting our Environment. We enjoyed their activities and displays in the Young Adult Area around the outside of the building.

Fall, Winter and Spring Story Hours continue to be popular for the pre-school child and their parents. For the school-aged child there is an on-going "publish-a-book" club meeting once a week in the Children's Programming Room.

Other special activities held throughout the year included: Storytellers- Marjorie Turner and Suze Wicks in January, The Perishable Theater in February, Karen Dugan-Children's Illustrator in April, Sparky's Puppets in July, Ellen Block, Storyteller in August and Steve Rudolph's Magic Show in August. We continue to hold the ever popular annual Halloween Party in October and have a visit with Mrs. Claus at Christmastime.

The following groups helped pay for the special programming-- The Friends of the Bellingham Public Library, Bellingham Library Playgroup and a \$600. grant from the local Cable Company.

The Summer Reading Program "sailed on a sea of books" during July and August. Over 100 children participated and had fun tackling the daily activities related to the sea. Workshops held on scuba diving and water safety delighted the children as well as a special visit from Robert Kotta of the Kendall Whaling Museum who entertained with sea shanties and pirate's tales.

Several different adult activities were held this year. Two financial assistance workshops plus three Holiday Craft workshops were planned. The Craft workshops turned out to be very successful. Hopefully we will plan more in the near future.

The Bellingham Cultural Council had several art openings in the Community Room throughout 1993. Two popular exhibits are a photography contest in October and the Bellingham Quilters. We appreciate the time it takes to set-up and "open" each exhibit. Every opening has been done with such class and style.

The Bellingham students held their annual exhibit in May. The library was turned into an exotic rainforest for a few short months. Patrons seem to love this exhibit and spend a good deal of time looking at every piece of art on display.

As you can see, we are trying to keep our patrons up-to-date, busy and happy. The Information Field is constantly changing. It's becoming more of a challenge trying to meet the diverse needs of all our patrons. We have expanded our hours, opening on Monday beginning July 1, 1993. Hopefully we'll be adding even more hours in the very near future.

BELLINGHAM HISTORICAL COMMISSION ANNUAL REPORT:

The Historic Center and Museum, located at 3 Common Street, is open every Sunday, with the exception of certain times when we cannot find volunteers to keep the facility open. The Center is open during the week by appointment, for private tours by groups such as Civic organizations, scouts and students.

This year we held our 5th Annual Historic Appreciation Day. Historic Appreciation awards were given to Carlton and Mildred Patrick, Phebe Lundvall and Laura Drown. It is always a very difficult decision, to choose award recipients. We have many, many supporters deserving an honored place in the annals of Bellingham's history. Virtually every story told to us is documented. All correspondence is read, answered and filed. Every item donated is catalogued, and the person who donated the item is identified when the item is put on permanent display. That item will be there through the future of Bellingham as a reminder of our past.

Dave Brown of Wrentham, the owner of a large collection of glass photo plates, has been helpful in putting together a remarkable collection of pictures of life in Bellingham circa 1912. We also managed to loan a collection of photos of the Charles River and Box Pond area, for a cable program entitled "Bellingham Revisited". A collection of photos instrumental in the creation of this program, were also donated by Access Bellingham and the Cultural Council.

With the death of Glendolene Lee at the age of 102, a number of her friends made donations to the Historical Commission in her memory. Because Mrs. Lee touched all our hearts, we wanted to do something special to commemorate her. With these donations we purchased a masonry bench and birdbath and placed them in the Historic Center and Museum's backyard, for all to enjoy.

Presently we share the building with three other committees or organizations. They are the Cultural Council, Garden Club and the 275th Anniversary Committee.

With 1994 being the 275th Anniversary of Bellingham, we felt that it was important for the Historical Commission to be close to this celebration. We have a number of events planned for this special year. The

Library has loaned the Historical Commission, the Ed Denault 250th Anniversary book of photographs taken of people and events about Bellingham in 1969. We have also shared some historic exhibits with the library.

Our effort to print four issues a year, of our publication the "Crimpsville Comments" has been successful. Many people have continued to donate, and they are the ones we are grateful to. Without the support and help of this group, the "Crimpsville Comments" would truly be "history".

We would like to thank the citizens of Bellingham for their continued support. Our friend and historic consultant, Fran Donovan, donates much of his free time to our research projects. We also extend our thanks to the Board of Selectmen and Denis Frain, for their trust, support and encouragement. We also want to say "thank you" to Jackie Richards for her advice and help.

RE: Report on MAPC 1993 Activities for the Town

Throughout the year, MAPC has been representing the interests of communities in the region on a number of critical planning issues. In August MAPC initiated a public information process for review and comment on the Regional Transportation Plan, a long-range planning document that lays out future transportation investments in the region. Working within the Metropolitan Planning Organization (MPO) structure, along with 5 other agencies, MAPC participated in the development of the Plan, mandated by the ISTEA (Intermodal Surface Transportation Efficiency Act) federal legislation. MAPC's involvement in the Regional Transportation Plan resulted in a final draft that was more reflective of local needs.

Other transportation planning initiatives that MAPC participated in on behalf of its communities include coordinating local review of amendments to the TIP (Transportation Improvement Program); the State Implementation Plan (SIP) for Air Quality; and the Program for Mass Transportation (PMT).

MAPC also participated in the federally required reclassification of local roads, hosted an informational forum on the SIP; coordinated and solicited Transportation Demand Management (TDM) and transportation enhancement project development and funding; and participated in an electric vehicle pilot program to demonstrate the viability of alternative fuel vehicles in Massachusetts.

MAPC's administrative support to the eight subregions continued to provide an important coordinating link between the towns and the region. In 1993 the SouthWest Advisory Planning Committee (SWAP) held a master planning workshop on the legal and planning aspects of master planning, reviewed the Regional Transportation Plan and the transportation element of MetroPlan 2000, and hosted two legislative breakfasts for SWAP area legislators. In November MAPC hosted a luncheon with Environmental Affairs Secretary, Trudy Cox and SWAP communities to discuss environmental issues critical the subregion.

As the lead agency for the development of the Overall Economic Development Program (OEDP) for the region, MAPC brought together local officials and the region's business community to develop the OEDP priorities. In January, the Economic Development

Administration (EDA) approved MAPC's OEDP, qualifying projects contained in it for public works grants from the EDA. During the year, OEDP project funding by the EDA totaled \$1.8 million.

MAPC's Data Center continued to develop and disseminate information on the communities in the region. Last year the center developed a 1990 census profile of sample data for each community in the region; surveyed and compiled an inventory of vacant industrial and commercial sites for each community in the region; and developed journey to work data and population and age group forecasts for each community.

The Metropolitan Area Planning Council, through a grant from the Department of Environmental Protection and the U.S. Environmental Protection Agency, completed the SouthWest Water Supply Protection Plan, which began in 1992. The plan provides a comprehensive and regional approach to the protection of drinking water resources in nine communities southwest of Boston.

Respectfully submitted,

Denis C. Fraine
MAPC Representative

REPORT OF THE 275TH ANNIVERSARY COMMITTEE

At the Annual Town Meeting of May 26th it was unanimously voted to establish a 275th Anniversary Committee for the purpose of organizing various activities within the town to celebrate Bellingham's 275th year since its incorporation on November 27, 1719.

On November 28th a cake cutting ceremony was held at the Historic Museum to officially kick off the anniversary year. Board of Selectmen Chairman John Tuttle shared the honors of cutting the cake with committee members. Residents enjoyed the memorabilia on display in the museum and a scrapbook of photographs of the 250th celebration was available which brought back many fond memories.

"Brothers of the Brush" groups are being organized with committee member "Sheriff" Jim Haughey leading the groups. The first company to come forward was the Bellingham Police Department, who named themselves "Blues Brothers" and officially buried their razor in a ceremony in front of the police station in early January. Beards of all styles, colors and descriptions are being seen all over town as residents all join in the fun of the celebration.

"Celebrate Community" is our theme and anniversary pins have been made and are being sold to residents. The proceeds from the pins will be used to fund a variety of events. A special fund has also been created to give back a present to the town. The committee is hoping a clock will be purchased for the town hall tower to commemorate this special year.

The Glen Ellen Country Club in Millis has been reserved for the Anniversary Ball to be held on November 26th, the eve of the anniversary. Plans are being made to make this an evening to long remember.

The 275th Anniversary Committee is looking forward to making this a year of fun events and fond memories. These activities can only take place with the support of the residents of Bellingham, and we invite all of you to "CELEBRATE COMMUNITY"!

Respectfully submitted,

Ronald DeMaria, Chairman

275th ANNIVERSARY COMMITTEE

TOWN COMMON REPORT:

Steady progress has been made in the development of the new Town Common on Blackstone Street. Preliminary design plans have been drawn up by William E. Austin, a landscape consultant. All the rough landscaping of this parcel of land, has been done by Frank Morse. The Lions Club has donated four park benches. Wilfred Arcand and the Bellingham Highway Department have donated two antique lamp posts. We hope to dedicate this parcel of land as our new Town Common this year, as part of Bellingham's 275th Anniversary Celebration. We would like to thank the Board of Selectmen and Town Administrator for their patience and continued support.

Respectfully,

Ernest Taft

REPORT OF THE POLICE DEPARTMENT

As Chief of Police, I hereby submit the report of the Police Department for the year ending December 31, 1993.

This year the Police Department had installed video recording cameras and monitors in three of our cruisers. These mobile video systems are the newest, most effective way to provide documentation of traffic stops. It aids the police officer by decreasing the amount of court case dismissals. It allows the officer to review tapes while writing reports for accurate reporting of all facts and details. It reveals innocence as well as guilt and gives real evidence, not just the subjects word against the officers'.

Once again, I am pleased to inform you that our D.A.R.E. program continues to grow. This year Officer Joseph H. Costello became our Department's fourth D.A.R.E. officer.

Officers Leonard E. Gosselin, John J. Melanson and James M. Russell were appointed full-time members of the Department. They began attending the police academy in October.

Two new dispatchers were hired, Earl J. Vater and Walter A. Armstrong. Although yet not up to complete staffing for dispatchers, we are hopeful that this will soon become a reality.

After suffering injuries sustained in the line of duty, Lt. Edgar E. Ayotte was forced to seek disability retirement this year, following 27 years of dedicated service to this Department. We wish him all the best in his retirement.

I wish to thank the Board of Selectmen: Town Administrator Denis Fraine and the members of the Auxiliary Police Department; and the members and employees of the Bellingham Police Department for their continued assistance and support.

TOWN OF BELLINGHAM

OFFICE OF THE
PERSONNEL BOARD
BELLINGHAM, MASSACHUSETTS 02019

REPORT OF THE PERSONNEL BOARD 1993

To the Honorable Board of Selectmen and to the Citizens of the Town of Bellingham.

Throughout the past year the Board has strived to establish consistency and objectivity in the administration of personnel matters in an effort to provide service in the best interest of the Town and its employees.

The Personnel Board meets twice monthly and as needed.

During the month of January through April, the Board performed reviews of the department salary budgets and made salary recommendations at the Annual Town Meeting. As required during the year, the Board interviewed job applicants and made recommendations to fill vacant town positions. In addition, the Board addressed the concerns and request of department heads and employees. The Personnel Board took an active part in attending union negotiations and grievance procedures.

In the coming year, the Board will work on preparing a booklet describing employee benefits. The Board, with the assistance of department heads, would like to update job descriptions.

The Board would like to thank Jacqueline Richard and Denis Fraine, and all departments for their cooperation during the year and look forward to working with all departments in the coming year.

The members of the Board continue to reaffirm their commitment to provide service to the Town of Bellingham, and the Board looks forward to making a positive contribution during the coming year.

Respectfully submitted,

Cynthia L. Glose, Chairperson
Monice J. Trottier, Vice Chairperson
Helen A. Canesi
Gail J. Dehmer
Monice J. Trottier, Clerk

BELLINGHAM PLANNING BOARD

P.O. BOX 43

BELLINGHAM, MASSACHUSETTS 02019

December 17, 1993

To the Honorable Board of Selectmen and the Citizens of the Town of Bellingham:

Due to the status of the current economic climate, development has slowed tremendously. The Board is using this lapse to prepare for the future. As a Planning Board our main focus is to plan for the best utilization of development for our town. However, during previous years, with the influx of development, the Board has not had the capability to concentrate on these areas. We are working to use our land resources to their ultimate capacity. We are also working to improve and amend our Bylaws in the best interest of the town.

The Planning Board re-organized on May 13, 1993 as follows: Edward I. Moore, elected Chairman; Anne M. Morse, elected Vice-Chairman; Emile W. Niedzwiadek, elected Secretary to the Board. Glenn E. Gerrior and Roland R. LaPrade are the remaining members of the Board. In addition, William M. Wozniak was appointed to serve as Alternate Member of the Planning Board in July. Valerie J. DeAngelis was reappointed to serve as Clerk. Philip B. Herr of Philip B. Herr and Associates was retained as the Board's planning consultant.

The Planning Board held 19 meetings during the year. The Board conducted 6 public hearings including one for a Zoning Bylaw Amendment. One advertised review meeting was held for a Developmental Plan Review which was approved. One Definitive Subdivision was withdrawn and two are continued for further information. Two additional Definitive Subdivision were recently submitted. Two backlot special permits were approved and one special permit was extended for an additional year. Two Preliminary Subdivisions received approval. A total of fifteen (15) simple lot divisions (81-P plans) were submitted during the year. Revenues collected total \$602.20.

This summer the town was awarded a Strategic Planning Grant from the Economic Office of Community & Development which is site specific to study industrial property along Hartford Avenue. A task force to utilize this grant has been formed. This is a positive step toward enabling us to develop a plan to use the land to its fullest capacity.

Much of the Planning Board's time during this year has been spent in discussions with citizens and prospective developers seeking guidance. We welcome development to the town and we are always willing to discuss planning ideas.

REPORT OF THE BOARD OF SELECTMEN

In the years, decades, and even centuries to come, citizens of Bellingham who look back at the Town's history will view 1993 as a critical point in the Town's past. With the adoption of a Charter, Bellingham's form of government has taken the first dramatic change since its inception 274 years ago.

The Selectmen are committed to the successful implementation of our new government and look forward to our new and expanded role. During the past year, in accordance with the Charter, we hired our first Town Administrator, Denis Fraine, who had served as the Town's Executive Secretary/Administrator for the past six years. The Administrator is given the authority to directly oversee many Town functions which will result in a more streamlined and accessible system for Town residents.

Along with the adoption of the Charter in May, came the election of two new members to the Board of Selectmen. Guy Fleurette, who served as the Chairman of the Charter Commission, along with Mitchell Clinton, who also serves as a member of the Bellingham Police force, were elected. Both are newcomers to politics but each has generations of family roots in Town. Good luck to former Selectmen Bill Bissonnette and Larry Cibley who each contributed so much to the Town during their many terms as Selectmen.

The Town's 1993 budget surpassed the \$20 million mark for the first time, largely the result of new tax dollars generated from the construction of the \$300 million co-generation plant on Depot Street and \$20 million shopping plaza on Hartford Avenue. These new businesses have helped the Town turn around financially and allow for the restoration of services which were cut-back over the past few years.

As it seems to be the case every year in Bellingham, many volunteer hours were donated for various Town projects. Most notably, a vacant field on High Street was turned into soccer fields, which should be ready for play this spring. This project was made possible thanks to the Conservation Commission, Parks Department, Harry Martin, Frank Morse and many friends who worked tirelessly during the summer months.

Finally, we want to thank all of our Town employees for the fine job they performed in providing services to our community this past year; your professionalism and dedication did not go unnoticed.

WATER & SEWER DEPARTMENT ANNUAL REPORT 1993

The Water & Sewer Superintendent and Water & Sewer Commissioners submit the following annual report for the calendar year ending December 31, 1993.

In its efforts to supply drinking water to Town residents, the Department operates and maintains eight ground water supply pumping stations, three water storage stand pipes, one green sand filtration plant and approximately eighty miles of water main.

During this year the Department has continued to comply with the newest requirements of the 1986 Safe Drinking Water Act (SDWA). In 1993, as in 1992, the portions of the SDWA which directly impacted Bellingham were; the Lead and Copper Rule, the Ground Water in the Influence of Surface Water Rule, and the Total Coliform Rule.

The results of the Lead and Copper Rule sampling, which was completed in 1992, indicated that the lead and copper levels in our tap water were high. This is due to the highly corrosive nature of our source water.

The corrosive nature of the water is not news to the Commission or Department. The most common customer complaint we receive is the green staining of sinks, showers, clothes and hair. This green staining is due directly to the corrosion of copper from the walls of copper service lines and interior plumbing.

The Lead and Copper Rule requires that specific actions must be taken by the Department to lessen the lead and copper exposure for consumers connected to the system. These actions included the implementation of a public education program, and the installation of an effective corrosion control treatment system.

The public education program includes; informational bill stuffers which were mailed with the water bills, brochures made available to the public, and public service announcements sent to the local media.

The Department started the preliminary work required to determine an effective corrosion control treatment system by performing laboratory tests at each water pumping station. The result of these tests were compiled and submitted as part of a desk top study which was delivered to the Massachusetts Department of Environmental Protection, Division of Water Supply (DEP/DWS) in June. This study includes our recommendation for a corrosion control treatment technique. We have recommended a treatment technique which adds lime to the water to raise the pH and alkalinity, thereby reducing the lead and copper levels.

Page Two

DEP/DWS will issue their comments regarding our desk top study in February of 1994. DEP/DWS can request that a more comprehensive study be undertaken. However, if they do so, the Town will be given an extra year to complete the installation of an accepted treatment technique.

The Department is pleased to announce that testing for the Ground Water in the Influence of Surface Water Rule was completed this year. The tests indicated that our ground water is not being influenced by surface water. Therefore, the very costly treatment required for surface water sources of drinking water, will not be required in Bellingham.

The Total Coliform Rule requires that the Department collect fifteen samples twice each month and test the samples for bacterial contamination in the water distribution system. In 1993, the tests continued to yield results indicating that no bacterial contaminants are present in our distribution system.

Many project were undertaken in 1993 to keep our supply, storage and distribution system in good working order. The Wells at pumping stations number 1, 5, 7, and 8 were cleaned and the pumps rehabilitated. Storage tank, number 2 on Chestnut Street, and number 3 on Grove Street, were inspected. The water main in Rondeau Road was replaced, and several water service lines were replaced throughout the system, especially in the Rose Avenue area where there have been a large number of service leaks.

The Department continued to administer the Backflow Prevention Program. This program is designed to monitor and control all cross connections. A cross connection is a connection between the Town's distribution system and any private water system that could contain harmful contaminants. Backflow from unprotected cross connections is the number one cause of water born disease outbreak in the United States. The Department is proud to have been delegated the responsibility of administering this program by the DEP/DWS.

The Phase II Sewer projects continued to proceed toward completion at a snails pace. The problems that delayed the completion of these sewers in 1992 were rectified in 1993. However, they were not rectified soon enough to have the Phase II Sewers completed by the end of the year.

The Central Sewer delays were caused by a contractor and his bonding company, when they failed to complete their contractual obligations. To be in compliance with State public bid laws, the Water and Sewer Commissioners had to put the work of completing the project out to bid. The bid

Page Three

process took several months. Finally, the contract to complete the Central Sewers was bid in July and awarded in September. As the year ended work was proceeding and hopefully this project will be complete by late February 1994.

The Commissioners sought legal assistance in the resolution of our differences with the contractor and the bonding company, and by years end a favorable settlement of the issue was in sight.

The problem delaying the South Sewers continued to be the Town's inability to obtain one remaining permit from the State of Rhode Island. This permit was issued in August and the contract, which was bid in April, was awarded in September. The contractor made excellent progress and may be able to complete the project by mid March of 1994. This contract will connect the South Sewers to the City of Woonsocket Waste Water Treatment Plant.

Work on a separate contract related to the South Sewers, was completed in December. This work was delayed for over three years because contaminants were discovered in the soils during the routine sewer pipe installation. Once the contaminants were discovered, no work could proceed until the Town received DEP approval of the construction and safety plans which specified how to deal with the contaminated soil and ground water.

The end is finally in sight for the Phase II Sewer. By the start of the summer of 1994, about six hundred customers should have town sewer service available to them from the sewers installed as part of Phase II.

Once Phase II is completed, the Department will then be operating five sewer pumping stations, three sewer metering stations and over sixteen miles of gravity and force main sewer lines. As the year ended, the Mechanic Street and Potter Drive sewer stations were in full operation, and the Department had taken over the maintenance responsibilities for two other completed stations.

The Commissioners held public hearings and accepted the Bellingham Sewer Use Regulations, Parts I and II. The regulations deal primarily with non-residential connections to the Bellingham sewer system. They specify what can legally be discharged to the sewers. Also, they establish the rules and regulations which will prevent non-residential connectors from discharging pollutants into the sewer system that would disrupt the wastewater treatment process. These regulations are a vital tool, necessary to protect the waters of Massachusetts and Rhode Island.

Page Four

The Commissioners and the Department would like to thank all Town officials and employees, as well as all residents of the Town of Bellingham for their cooperation and assistance during 1993. The Water and Sewer Department personnel look forward to the implementation of the Charter and working in the new Department of Public Works.

Donald F. DiMartino
Water & Sewer Superintendent

Regular Meetings were held on the third Thursday each month in the School Committee Room - 7:30 p.m. - Pleasant Street, Upton, MA.

BLACKSTONE VALLEY VOCATIONAL
REGIONAL SCHOOL DISTRICT
Upton, Massachusetts

The Blackstone Valley Vocational Regional School District's technical high school, located on Pleasant Street, Upton, Massachusetts provided specialized vocational-technical preparation and generalized academic studies for 180 school days, six hours/day, starting August 25, 1992 and concluding June 17, 1993.

Based on the Department of Education's official enrollment count (October 1, 1992), 472 males and 229 females comprised the day school enrollment for all students in grades nine (9), ten (10), eleven (11) and twelve (12).

As a specialized vocational-technical high school, students were engaged in a dual program of study throughout four years of preparation. Students participated in a structured and sequential curriculum which integrated an academic core of subjects (English, math, science, social studies, business selectives and vocational-technical theory) with one of fifteen vocational-technical specialties (Air Conditioning/Refrigeration, Auto Body, Auto Technology, Carpentry, Culinary Arts, Drafting, Electrical, Electronics, Graphic Arts, Health Services, Information Processing, Machine Technology, Metal Fabrication, Painting/Decorating and Plumbing). The four-year educational delivery system focused on enhancing mastery of academic and occupational competencies by each individual. Competencies mirror performance standards expected in the workplace as well as institutions offering post secondary studies.

The structured educational process consisted of two-week alternating cycles in which students attended two weeks of academic/theory classes - seven (7) periods/day - followed by two weeks of practical ("hands-on") experience in a specially designed vocational-technical laboratory (shop). Students applied knowledge and refined competencies using modern techniques, procedures and methods to solve industrial problems

and by working with state-of-the-art equipment and materials used in today's technological workplace.

Students were instructed and guided by an exceptionally stable, experienced and professional faculty. Thirty-five (35) fully approved vocational-technical instructors; twenty-one (21) certified academic teachers; one (1) reading specialist; one (1) education media specialist; and three (3) counselors delivered daily education services. In addition, five (5) certified special education teachers served one hundred and sixty-five (165) students who were educated under the aegis of Individual Education Plans.

Other personnel needed to manage and sustain the district's programs and facilities included: one (1) Superintendent-Director; one (1) Assistant-Director; three (3) Coordinators (Academic, Voc-Tech Programs and COOP Education); one (1) Director of Guidance; one (1) Supervisor of Special Education; one (1) school nurse; six (6) teacher aids; one (1) Financial Coordinator; two (2) business office specialists; one (1) Facilities Manager; six (6) full-time custodians and (1) school year matron; three (3) full-time secretaries; four (4) part-time clerks and one (1) certified school psychologist was contracted for the school year.

The school lunch program employed a manager and eleven (11) cafeteria/kitchen workers during the school year.

Seventeen (17) school bus routes were designed throughout the thirteen (13) towns to accommodate and assure that every attending student was provided with the means to attend school every day school was in session. Late buses were provided two afternoons a week for students who were detained for disciplinary reasons or were receiving extra-help.

The school district provided a variety of extra-curricular activities and experiences to enrich student growth and development. Approximately one hundred and thirty-five (135) students participated in competitive athletics. Teams were organized in accordance with MIAA guidelines. Teams sponsored by

the school included: Track and Field, Cross-Country, boys and girls soccer, boys and girls varsity basketball, boys junior varsity, baseball, softball and cheerleading teams. Class officers were elected for the Sophomore, Junior and Senior classes. A Sophomore Class Ring Dance was held on December 4, 1992. The annual Junior-Senior Prom was held during Spring Vacation on April 20, 1993. Two major Red-Cross Blood Drives were held: October 9, 1992 and May 7, 1993 which resulted in the collection of approximately 191 pints of whole blood. Robert DeLuca an Auto Body trainee from the town of Douglas captured first place in the annual Public Speaking Competition sponsored by the Mendon Lions Club.

Among the various activities available, the one which seemed to generate widespread interest was the Vocational Industrial Clubs of America. The popularity of VICA stems from the competitions among students who showcase their vocational-technical skills and talents at prescribed levels such as at district, state and national contests. Forty-three (43) students competed in the district competition held in the month of April. Twenty-two (22) survived to enter competition at the state level. Six (6) students won distinguishing medals. They were: Gold for typing, Deborah Perkins (Upton); Bronze for Word Processing, Kathy Poplawski (E. Douglas). Gold and Silver for Automotive Service Technology, Christopher Lindquist (Grafton) and Derek Stienstra (E. Douglas) respectively; Bronze for Automotive Machine, Christian Barber (Uxbridge); Gold for Metal Fabrication, Johnathan LaRock (Sutton). By winning a gold medal in Automotive Service Technology, Christopher Lindquist was invited to the National VICA Competition held in Louisville, Kentucky. Again Christopher Lindquist had an outstanding showing winning a sixth place among fifty other competitors.

The vocational-technical school, in addition to providing a unique vocational-technical high school education for two hundred and twenty-nine (229) young women and four hundred and seventy-

two (472) young men, also provided distinctive avocational and vocational-technical programs for adults.

The technical school provided its traditional continuing education programs during a fall semester (Sept., Oct., Nov., 1992) and a spring semester (Feb., Mar., April, 1993) on Tuesday and Wednesday evenings from 6:30 p.m. to 9:30 p.m. Most courses provided forty-eight (48) hours of instruction. Among courses offered were: Air Conditioning/Refrigeration, Auto Body, Computerized Numerical Control, Electrical, Electronics, Machine Technology, Carpentry, Welding, Graphic Arts, Lotus 1-2-3, Basic Personal Computer, WordPerfect, typing, computer maintenance, furniture refinishing, country crafts, wallpapering, Computer Aided Drafting, stress management. Two hundred and nine (209) men/women enrolled in the first semester; two hundred and thirty-two (232) were on board in the spring time. All courses were self-sustaining with individuals paying tuition for instruction.

Hundreds of students developed and refined their occupational competencies in programs directly associated with the region's citizens. As has been customary since the opening of school, students in Automotive Technology and Auto Body worked on and repaired vehicles provided by people from member towns. Students in Graphic Arts extended their training by working on projects requested by individuals and groups living in the Blackstone Valley. The Culinary Arts program provided daily exposure to the restaurant business in its Three Seasons Dining Room and its bakery. Citizens from Worcester County and elsewhere were served from a diversified menu each day school was in session. The construction programs - carpentry, plumbing, electrical and painting/decorating - concluded an extensive renovation project started in 1991-92. The two year project doubled the service facilities of the Sutton Town Library housed in the basement of the Town Hall.

The nationally acclaimed ASSET Program, a post-secondary associate degree program, conducted in collaboration with the Ford Motor Co., Quinsigamond Community College and Blackstone

Valley Tech served thirty-eight young technicians (1992-93) who were engaged in a highly sophisticated automotive technician training program. High school graduates matriculated with Q.C.C. and devoted two full years of study and hands-on training at Ford-Mercury dealerships throughout central and eastern Massachusetts and Rhode Island. Technical instruction was delivered by two highly qualified instructors at Valley Tech; academic instruction was provided at Q.C.C. and applied training was provided at dealer sites. All eighteen (18) young technicians who graduated May 21, 1993 were employed, as have been graduates of the four preceding classes of ASSET completers. Since its inception in 1988, the ASSET program has generated tremendous interest throughout the nation and has served as a major component of the Ford Motor Company's international planning strategy.

The Vocational Technical High School senior class composed of forty-three (43) young women and ninety-eight (98) young men completed its Programs of Study with graduation on Saturday, May 22, 1993. Each graduate received a high school diploma and a certificate of vocational-technical competency. Ceremonies were held on the school's athletic field at eleven (11 AM). Class officers were: President, Robert DeLuca an Auto Body Technician from Douglas; Vice President, Karen Wilson a Culinary Arts Specialist from Bellingham; Secretary, Dawn Grenier a Graphic Arts Specialist from Sutton; Treasurer, Danielle Vanderlinden, an Information Processing Technician from Sutton. Class Advisors were Sandra Pratt, Dawn Haigis and Theodore Morin. Twenty-four percent (24%) of the graduates planned to pursue higher education - eleven (11) were enrolled in four-year colleges and twenty-one (21) were enrolled in two-year institutions. Approximately \$29,000 of scholarships and grants were distributed to deserving graduates.

Sixty-four (64) seniors participated in the highly successful COOPERATIVE Education Program. Those students had been recommended by their instructors because they exhibited

specific occupational competencies required by employers. They successfully passed all their courses; their attendance and behavior records were excellent. COOP students were employed by companies who needed their expertise and could also extend their training. Students who worked as employees were paid an hourly wage, protected with workman's compensation insurance and were evaluated regularly for quality of performance. They worked two weeks at the job site and returned to school for two weeks to attend academic classes. This alternating schedule coincided with the rest of the school's educational system. Over forty-three employers participated in this highly successful endeavor to blend school and the world of work.

Two major educational grants provided by federal and state auspices were used to improve educational programs. The Perkins Vocational Education grant (\$160,000) was utilized in several ways. Twenty-five teachers/instructors were subsidized to take three-credit courses to improve personal expertise in the use of computers for instruction and also to help teachers in the process of integrating academic and vocational-technical curriculum. Eight (8) vocational-technical departments each were allocated \$15,000 to acquire technical supplies and materials. All students considered to be members of Special Populations (minorities, academically handicapped, economically disadvantaged, English as a second language and non-traditional students) were fully assessed as required by the Perkins Grant requirements. A part-time coordinator for Special Populations coordinated educational activities. The second grant underwritten by the Commonwealth provided \$69,900 (\$100/student x 699 students) to acquire equipment, supplies and curriculum materials for the development of a modern math/science program entitled Principles of Technology. The applied learning program is designed to integrate mathematical applications and physical science. Its purpose is to demystify physics/mathematics and to encourage students to participate actively in learning to use physics in the workplace. Principles of Technology has been

field tested in the United States and Canada over the last eight years. Preparations and acquisitions conducted in 1992-93 will set the stage for implementation in 1993-94. Eighty students will participate in the newly developed integrated math/science program next year.

The school committee after several months of deliberation engaged Gale Associates to design plans and specifications for major renovations and repairs to the school building and school grounds. In April 1993, the committee approved borrowing of \$840,000 to: repair 60,000 ft² of roof, discontinue the use of two 10,000 gallon underground oil storage tanks and their replacement with one 20,000 gallon underground tank, renovate/reconstitute the 25 year old all-weather running track, repave all of the school roads and parking surfaces and improve air quality standards in the metal fabrication, plumbing, graphic arts, building/grounds, drafting laboratories and the special needs office/conference facilities. Each of the thirteen member towns approved the multiple project prior to inauguration of the work scheduled to begin in mid-July 1993.

The superintendent-director informed the school committee in January 1993 of his intention to retire in February 1994. Plans were started to replace the superintendent-director who has been employed by the vocational regional school district since it opened in 1966.

The thirteen member school committee, the administrative personnel, the faculty and support staff express a genuine appreciation for the continuous and whole hearted support the regional vocational-technical system enjoys from the citizens and officials of the member towns. A special note of thanks is extended to hundreds of advisory committee members and cooperative employers who have been most generous in their on-going support of the school's endeavors in behalf of the students.

The results of the past year have been most satisfactory. All connected with the exceptional education resource center look ahead enthusiastically to making the Educational Reform Act attain its major end to fulfill the promises of improving vocational-technical education.

Respectfully,

A handwritten signature in cursive script, reading "Eugene D. Picard". The signature is written in dark ink and is positioned above the printed name and title.

Eugene D. Picard
Superintendent-Director

THE ANNUAL REPORT
FOR THE
YEAR ENDING
DECEMBER 31, 1993
OF THE
SCHOOL COMMITTEE, SUPERINTENDENT OF SCHOOLS
AND
ADMINISTRATIVE STAFF
TOWN OF BELLINGHAM
BELLINGHAM, MASSACHUSETTS

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The Bellingham Public Schools have continued to make progress in their on-going renewal and improvement activities during the past year. In collaboration with school staff and administrators, the Bellingham Educational Foundation gave leadership to development of a comprehensive and very successful curriculum project focused on issues of the Rain Forest. This "Rain Forest Project" produced a curriculum unit that modeled most (if not all) the elements of effective instructional practice currently found in the literature of educational research and demonstrated the positive potential that lies in strong parent-school collaboration.

Building on this thematic curriculum model, a dedicated and talented group of staff members is giving leadership to on-going in-service curriculum and staff development within the elementary schools. With financial support from Massachusetts Department of Education, workshops are conducted during scheduled curriculum release days and other designated periods of time. I anticipate some very positive instructional outcomes as a result of these efforts.

Curriculum and programmatic improvements have continued, as well, at the secondary levels. A serious review of course and program offerings as well as current instructional practices within our Jr./Sr. High School was initiated long before the mandates of the new educational reform legislation enacted in June of this year. As example, the Education Reform Act of 1993 calls for the elimination of the so-called "general track" by September of 1994. Curricular changes initiated over the last several years at Memorial Jr./Sr. High, under the leadership of Principal Canestrari, has already

eliminated this "general track" in Bellingham. The academic expectations for all students have been enhanced while additional opportunities for advanced skills training as preparation for the world of work have been developed.

With the recent completion of roof repairs, the rehabilitation of Pinecrest School for the establishment of a new "skills center" program is well under way. The relocation of the Alternative Jr/Sr High School is scheduled for the spring following some additional rehabilitation of the school's interior. This new Skills Center will open high skills training opportunities to an increased number of our students. Centerpiece of the program will be Bellingham's collaboration with Stonehill College and the Oracle Software Corporation known as the "High Schools/ High Skills" project in which "high-tech" training opportunities will equip interested students for well-paying, high-skilled jobs upon graduation.

The applications of Technology for enhancing the effectiveness of instruction in our classrooms is being given serious study this year through the work of a Technology Task Force. Under the chairmanship of school committeeman, Mr. John T. Molloy, the Task Force continues to meet on a regular basis to review the software and hardware requirements of our schools. Task Force members are representative of all school constituencies including teachers, parents, administrators, and other interested community members. The release of a Task Force report including recommendations is anticipated within the next couple months so as to be given due budgetary consideration by the School Committee.

Receipt of a state-funded Comprehensive Health Education Grant by the Bellingham Public Schools has allowed the hiring of a new

Coordinator of Health Education, Ms. Deborah Mahr. A registered nurse who holds a Master's Degree in Nursing together with years of experience as Nursing Administrator and community health educator, Ms. Mahr has been very busy this first year in the assessment of needs for both health education and health services within our community. I anticipate many future improvements in both the design and delivery of these vital school health services.

The ever-present school funding issues that have preoccupied so much of my time and energy the last few years, has finally been addressed within the Educational Reform Act of 1993. Despite some continued concerns for funding source, the legislation does represent a new commitment by the state to assume its just portion of the costs for public education. In addition stability of school funding, the establishment of new "foundation budget" formulas will hopefully provide more timely and more accurate estimates of receipts that will simplify our future school budgeting procedures.

Overall, I remain pleased with the progress our schools are making in their on-going renewal efforts. Given this continued level of success, I believe the future of public education in Bellingham remains bright. It is with pleasure that I continue to serve Bellingham as its Superintendent of Schools and with the continued support of its citizens, look forward to continued success in 1994.

Respectfully submitted,

Malcolm L. Patterson, Ed.D.
Superintendent of Schools

REPORT OF THE SCHOOL COMMITTEE

The School Committee conducted its reorganizational meeting on May 3, 1993, and chose Paulette R. Zazza to serve as Chairman, Ann L. Odabashian, Vice-Chairman, and Donald R. Burlingame as Treasurer. Mr. John T. Molloy and Mr. Ernest H. Pelletier, Jr., were elected as new members of the School Committee.

This year has been one of significant change as a result of the legislature's enactment, in June, of the Educational Reform Act of 1993. With this new legislation has come many significant changes in the organizational structure, operation, and funding of our public schools. Together with our Superintendent, members of the Bellingham School Committee attended a number of informational meetings over the summer months to learn more about the provisions of the new law. In September, the Committee hosted a Public Forum with Sen. Louis Bertonazzi and Rep. Daniel Ranieri to share information about the Educational Reform Act with the general public.

In brief, the Educational Reform Act of 1993 has shifted significant managerial responsibility to the school principals. Building principals hire and fire staff with the approval of the superintendent. While school committees no longer have a direct role in the personnel process, it retains complete authority over all policy matters which guide the daily activities of its schools. Further, school committees continue to hold responsibility and authority over all district-wide educational budgets and for the negotiation of all bargaining unit labor contracts.

Other changes include the development of new state-wide curriculum frameworks and standards; performance standards for students and teachers; a systematic assessment of student and school district performance; and a restructuring of the funding for schools. While the State will now assume a greater share of educational costs, the new funding formula will mandate a "minimum local contribution." Together, these sources of revenue are designed to move every school district, over a period of seven years, towards a "foundation level" of school spending (\$5,500 per pupil).

We are proud of the high quality of our schools and of many

accomplishments of our students. Recent data from the Massachusetts Department of Education indicates that last year Bellingham had a 0% drop-out rate and sent fully 76% of its graduates on to post secondary education. We believe the citizens of Bellingham should share our pride and continue to give its support -- both moral and financial -- to its public schools.

As members of your School Committee, we will continue to monitor the implementation of this reform legislation in Bellingham. We will be pro-active in our efforts to ensure that the State keep its funding commitments and we will continue to advocate for superior quality educational services for our children!

Respectfully submitted,

Paulette R. Zazza, Chairperson
Ann L. Odabashian, Vice Chairperson
Donald R. Burlingame, Treasurer
John T. Molloy
Ernest H. Pelletier, Jr.

ANNUAL REPORT

The number of students who received services in our schools in 1993 was approximately 2300 students and the average daily attendance for all schools was 96%. This report will provide information about the educational programs and activities that have been conducted for students in all grades during the calendar year of 1993.

ENROLLMENT

As of December 31, 1993, 2268 students were enrolled in kindergarten through grade 12 in our schools. This figure represents a decrease in enrollments of 16 students. A small decline in enrollment occurred at the elementary level as well as at the secondary level in grades 7 through 12.

ENROLLMENT IN BELLINGHAM PUBLIC SCHOOLS - ALL GRADES, END OF THE FIRST MONTH OF SCHOOL

1980-81 - 3353	1985-86 - 2596	1990-91 - 2227
1981-82 - 3265	1986-87 - 2471	1991-92 - 2308

1984-85 - 2746	1989-90 - 2264	

ELEMENTARY SCHOOL REPORTS

CLARA MACY SCHOOL - Mr. Ralph Garbart, Principal

The 1993-94 school year at Clara Macy School began with several new faces among the staff members. Included are: Thomas Mohan, kindergarten; Judi Attwood, grade one; Coleen Papineau, grade three; Lisa Powers, grade four; Ann Costantino, half time special education teacher; Patricia Henry, special education teacher; Eva Gamache, Chapter I aide; Dr. Joshua Esters, school psychologist; and yours truly, Ralph Garbart, Principal.

As in previous years, the focus of educating the "whole child" continues at Macy School. I am most impressed with everyone's dedication ensuring that each child is given an equal opportunity to achieve as much as he or she is capable.

Learning does not just take place in the regular classroom setting. That is why it is important to note that the Macy students are fortunate to receive classes in art, music, and physical education. Additionally, we have a full compliment of special education programs available for those students with special needs. All of these programs are beneficial toward the development of the whole child into a responsible, caring, and positively functioning young adult.

Continuing with past traditions, students at the Macy School will have the opportunity to participate in the Camp Horizons environmental education in grade six, the International Celebration in the fourth grade, the D.A.R.E. Program presented to grades six, four, and kindergarten, and the always popular Arts Week, a school-wide celebration which takes place at the end of May.

As always, the Macy School is in excellent condition and is kept clean by our fine custodial staff under the direction of Mr. Jules Lavergne, Head Custodian. The office, the hub of all school happenings, is under the capable supervision of Mrs. Jeanne Kempton as it has been since the Macy School first opened in 1966. And who could forget the Health Room where Mrs. Gail Locke, R.N. takes care of many aches and pains - most real and some imaginary. Along with the very fine teaching staff, it is the corps of people that make Macy School successful.

I have many thanks to send out to individuals and organizations. First, thanks to Dr. Malcolm Patterson and the entire staff at the Administration Office for all of their help and guidance. Secondly, thanks to the Macy School PTO and the Macy School Volunteer Program for giving their time, effort and support to benefit our students and staff. Thanks also to all of the Town Departments for their cooperation with some very innovative and helpful programs for our students.

I would be very remiss if I did not say thanks to the wonderful staff and great students at Macy School. All of you have made me very welcome from my first day at school.

You, the residents of Bellingham, have many reasons to be proud of the Macy school. It is a nurturing environment housing fine teachers and support staff and wonderful, caring children. It's my definition of the word "school".

It has been my pleasure to serve as your Principal and I look forward to a most successful remainder of the school year.

SOUTH ELEMENTARY SCHOOL - Mr. Joseph F. DiPietro, Principal

The 1993-94 school year has improved over the 1992-93 school year because of some staff additions. We are still experiencing severe budget constraints in the area of school supplies and materials. Money for repairs and maintenance is very much needed everywhere in the school system. It is hoped our nurse can be restored to a full time position, as soon as possible. The loss of a physical education teacher has limited our physical education program. In the future it is hoped that all grades from Kindergarten to Grade 6 can all have reasonable class sizes. There are still some upper grade classes that contain more students than should be experienced. In the future it is hoped that the restoration or addition of Health, Environmental, Curriculum Specialists, Discovery and Computer Science teachers would become feasible along with all the materials and equipment necessary to efficiently operate these programs. Everyone is doing their very best to give each of our children the best possible education. It is a challenge to teach with less materials and larger classes, but most professionals have accepted the challenge and are meeting the needs of our children.

Our energetic, Superintendent of Schools, Dr. Malcolm

Patterson, is very willing and able to lead us through the difficult challenges of the future. We marked the fourth anniversary of our new elementary school. We moved into the building November 14, 1989. Everyone is still excited and pleased with our new facility.

On February 9, 1994, a Multicultural Expo - "A Celebration of Diversity" - Exploring Literature, Language, Life styles and Folklore of many lands will be a first for South Elementary students and staff, and it is hoped that it will become another pleasurable educational experience for parents and our proud students with approximately 2,000 people visiting this evening spectacular.

Open House

On September 23, 1993, we held a special evening for parents that was called "Meet the Teacher Night". We hosted approximately 800 parents who seemed to enjoy the evening. A number of favorable comments were received about our programs and teachers. Parents were very supportive of everything they observed and encountered. We received no negative feedback. We also held an open house for American Education Week, November 8 through 12. We held parental conferences in November to discuss students' progress. A Science Fair will be held on the evening of March 31, 1994, displaying projects made by the students. The Science Fair's theme will be Science Fair "94" - Observations! Investigations! Experimentations! and Creations!

Programs

The instrumental music program consists of 38 fifth grade and 37 sixth grade students for a total of 75 students. Due to financial constraints we have been forced to reduce the number of students in the program. The instrumental music program is still functioning and a district wide band, including all three schools, holds two concerts each year. The choir performs a winter and a spring concert in our school.

Math-Their-Way is in its third year for kindergarten classes along with grades one and two through the efforts of Superintendent Dr. Malcolm Patterson. Teachers of those grade levels have received inservice training in this new math approach and are further developing this program.

Teachers have been exposed to Frames of Mind: The Theory of

Multiple Intelligences by the author Howard Gardner. This program was completed this school year and will be utilized extensively. It will become part of all future curriculum development. Dr. Patterson has introduced to all the primary teachers and specialists a new Language Arts program called 'Won Way'. Under the direction of Dr. Rose Bradley, this program has been brought to us through a school grant. Teachers have completed special in-service training, along with classroom demonstrations, and materials. All primary teachers and specialists at South Elementary School are participating in this outstanding curriculum enhancement project.

The computer program has also been affected by the budget crunch. Teachers are trying to utilize the computers in the school even though we no longer have a Computer Science teacher. Since some teachers have training and are experienced with the computers, our computer program will continue in a more limited manner. Through a personal contact of mine our school was able to obtain ten free Tandy 1100 F.D. lap top computers for our students to utilize. Our generous PTO and others are giving us programs and disks to enhance our educational programs.

This year our Fire Department provided us with a new fire escape program utilizing a special trailer to provide a simulated house fire evacuation so students would know exactly what to do in case of a real fire in their home.

Our exciting Science program, that teachers have had maximum input in developing a curriculum that utilizes a hands-on approach supported by text books, is now in full swing. Teacher interest and enthusiasm is an important stimuli to an effective and successful program. The new McMillan reading program for grades one and two should enhance our reading program and raise the reading level of students in the primary grades for the future. This series has a linguistic approach to reading. Their phonetic skills are strengthened thus enabling them to deal with challenging reading materials. This program compliments Dr. Rose Bradley's 'Won Way' program.

The DARE program sponsored by the Bellingham Police Department, is offered for grade six students. The program is under the direction of Officer Joe Costello. In the spring the police also

sponsor a program for grades four and kindergarten.

We have started a new safety program called Kids and Company. This national grant sponsored program will add to our student personal safety skills. Project Awesome has given our second grade students some specialized environmental education through this grant program. Students enjoyed the speakers and demonstrations learning a great deal about preserving our natural resources for future generations.

Free Materials

Our school tries to work with all parent and teacher groups in an effort to get everything possible for our students. Our school has also had great success in obtaining many free materials and programs. One is "Book It" reading incentive program for grades one through six. The purpose of this program is to encourage students to read as many books as possible. The children are rewarded after achieving each specific goal of this multi-level reading experience. We also had a free safety program demonstrated to the fourth grade classes by Massachusetts Electric. A number of free materials have been received this year on personal safety and drug education, due to the efforts of our PTO. Every effort is made to obtain any free materials. Our school has obtained science booklets from Radio Shack for grades three to six again this year. Many parents have brought in school materials that they have obtained from their employers. We welcome these gifts and thank everyone involved in a formal manner.

Parent/Teacher Organizations

The South District PTO officers are to be congratulated for the many activities they have sponsored through their great leadership. Through active fund raisers they have been able to sponsor many worthy school activities: field trips for all students; cultural events for all students; school equipment; ice cream parties, family picnics; sixth grade year book; sixth grade parties, etc. the PTO organized a number of science programs that were enjoyed by all grade levels. The Acton Children's Museum was gracious enough to send a representative to the school on five different days to accommodate all of our grade levels. Our gratitude is extended to both the PTO and to the Museum. We have had two authors in residence along with two Pilgrims from Plimoth Plantations during our reading week. The

community was invited to read to our students. It was both enjoyable and educational for everyone involved with this program.

The seventh annual kindergarten graduation sponsored by the PTO was a major success with standing room only. Parents and grandparents, along with friends of the "graduates" were excited and pleased with this well organized program. The graduating sixth graders were presented with diplomas and year books. The graduates were also awarded special school awards, as well as the National Presidential Scholastic Awards. This class received the largest number of Presidential Awards of any previous graduating class. We are very proud of them. The students really enjoyed the send off, they will be missed by those they leave behind.

The PTO has acted as an advisor to the principal on many school issues. This is very true of our kindergarten orientation and bus orientation.

Horizons for Youth is a sixth grade camp program and is also sponsored by the PTO. This program is another active fund raiser organization comprised of parents interested in expanding their children's educational experiences through parental leadership working closely with our school.

The PTO has been a great supporter of our programs and has helped enormously in obtaining supplies, programs and materials for the children of South Elementary School.

PROJECT PRIDE

Project Pride was established to raise funds for our new school. Project Pride leadership is mostly comprised of very active and devoted members of our faculty who are supported by parents and the PTO members. Project Pride officers are to be commended for their outstanding leadership and accomplishments. This year they have purchased supplies for the copy machines that are used by the teachers and staff. The school will benefit immensely from their generosity.

Self-Esteem And School Climate

Special certificates are awarded to students by teacher requests for any special programs. Student and faculty birthdays are remembered and school gifts are given. Students are very excited about this self-esteem building program. Most faculty members also

enjoy this attention and recognition.

This year we are awarding a "Student of the Week" certificate in recognition of excellence. This is to establish pride in oneself and our school. We have established a "Teacher Surprise" program. Teachers will receive morale builders periodically in their mail boxes. A teacher appreciation day was held with pastries and a small gift for all staff members.

We have changed our perfect attendance awards to include quarterly certificates rather than an annual award which has increased attendance and raised student pride and self-esteem. Every effort is being made through periodic classroom visits to encourage students to have pride in themselves, their school and their families. They are encouraged to always do their very best.

South Elementary School Council

In compliance with the new educational education reform laws, South Elementary School held its first School Council meeting on October 6, 1993. The council consists of three parents, two teachers and a community non-parent member along with the principal for a total of seven members. Teachers and parents were elected for a one year term to the council and the community member was approved by the School Committee. The School council affords an opportunity for teachers, parents, and a community representative to review the schools budget, develop school goals along with school improvement plans. A number of School Council meetings are planned for the 1993-94 school year.

STALL BROOK SCHOOL - Mrs. Annette Packard, Principal

On August 30, 1993, Stall Brook School opened its doors to four hundred seventy-three students in grades PreK through six. For many weeks during the summer of 1993, many teachers diligently prepared their classrooms in preparation for the arrival of their students.

The educational mission of Stall Brook School continues to be based upon the concept of educational excellence and concern and respect for everyone. The new principal, Mrs. Annette Packard, presented this mission statement to the students and parents at their opening meeting.

Our sixth grade students spent a week at Horizons for Youth environmental Camp during the month of May. This valuable experience

allowed the students to be in touch with nature and their environment. Throughout the year, Science teacher, James Mullaly, provides learning activities that enhance the experience.

The Stall Brook P.T.O. has continued to be an integral component in the school's mission. With parental support and constant effort, many worthwhile activities are being provided to our students. This year, the PTO, under the direction of president, Diane Andrade, is playing a major role in staff development by providing funding for many courses and workshops for the teachers. In addition, they offer financial support for cultural events and field trips. This is the fourth year that our students are participating in the Reading is Fundamental (RIF) Program and the RIF poster contest. Supported by the PTO and chaired by Laura DeMattia, the RIF committee will award each student three books during the year. For the RIF poster contest, the students create a poster that represents a poster from each class as well as an overall poster that will represent Stall Brook School. Our selected poster was designed by Eileen Crehan and forwarded to Washington D.C. for a National Competition.

Our October Open House at Stall Brook School was a great success with many parents attending. The evening began by Principal Annette Packard greeting all parents in the cafeteria. Parents visited the classrooms whereupon they were given an overview of the curriculum by the teachers.

The D.A.R.E. Program is being offered to our sixth grade students. Taught by Officer Antonellis, the seventeen week program provides valuable information concerning drug awareness. Additionally, Officer Lee Rolls will spend time in the classrooms working with our kindergarten and four grade students.

Stall Brook School hosted a Japanese teacher for the month of October. During that time, the teacher, Keiko Sato, shared with our students: Japanese culture, history, language, music and arts. Principal, Annette Packard believes that to build citizens for the twenty-first century, we must continuously strive to offer instruction that helps students learn to see "through the eyes, minds, and hearts of others". This year, the teachers will be working diligently to infuse a global perspective into all curriculum areas, including the arts. The cultural focus for school assemblies

is based on the theme: "East Meets West". The intent is to offer our students cultural events that represent both western and eastern civilization, promoting a value of appreciation for cultural diversity.

In compliance with the Massachusetts Educational Reform legislation of June 1993, the Stall Brook School Council was organized. Kathleen Hebden, sixth grade teacher, was elected as Co-Chair with Annette Packard. Members of the Council are: Leona Worsley, teacher; Donna Blue, Kelly Serven, Jan Chiappone, parents; and Myrna Simonson, community representative.

MEMORIAL JUNIOR-SENIOR HIGH SCHOOL - Mr. Roger Canestrari, Principal

The financial struggles through another school year continued to hinder the progress of our education programs, faculty growth and students. We continue to work without department heads, needed replacement equipment, new technology equipment, and the replacement of dated books and materials. But light is shining through a small crack at the door to Educational Reform. Governor Weld, in June, signed a comprehensive Educational Reform package that could put schools on the road to recovery. Many changes are in the works currently and many more are to follow. One of the mandates of the new law provided sorely needed funding to the school budget while another called for the creation of School Councils comprised of teachers, parents, students, administrators and citizens at large. The Jr/Sr High School Council was formed and convened for the first time in October.

On June 4th, 124 seniors received their diplomas from School Committee Chairperson Paulette R. Zazza. Again this year over 72% of the class will seek diplomas from institutions of higher learning.

School Improvement funds were used to purchase a new scheduling programs and related hardware which greatly improved out teacher and student scheduling process. However, the overall process was hampered by a lack of definite school funding figures until students had departed for summer vacation. As a result, the principal and his assistant principals, rather than guidance counselors were required to make most adjustments in student schedules where conflicts existed.

In October, Sergeant James Haughey of the Bellingham Police

Department conducted a very successful ten week series of classes for all grade 8 students on the Drug Abuse Resistance Education Program. D.A.R.E.

For the first time in many years, our seventh and eighth graders, under the expert supervision of Elaine D'Alfonso and Kathleen Kocon, conducted a Fund Raising Magazine Drive. The students achieved a high degree of success and were able to share the profits to begin their treasuries for the ever increasing expenses of their high school years.

The Quest Program for junior high students continued with every student receiving a full semester of instruction on health related skills for adolescents. The new instructor for the course, Christine Guillemette, continued the tradition attending the Wrentham State School Christmas party with 45 volunteer 7th and 8th graders.

Bellingham High School entered a team in the state tournament sponsored by the Mass Bar Association. The team finished the preliminary round undefeated with victories over St. John's Ashland, and Marlborough High Schools. The team's only loss was to Holliston High School, the eventual runner-up to champion Boston English. This marked the second consecutive year that the team went undefeated in preliminary round competition posting a total of six victories against no losses.

Bellingham High School's activities for the 1993 school year included a powder puff football game between girls from the junior and senior classes. This game took place on homecoming day. During the holiday season, the chapter handed out red ribbons and during Prom/Graduation time the chapter sponsored a mock trial. This trial involved efforts from the Bellingham Police, Milford District Court, and Judge Anthony Compagnone of Milford. The trial took place in the school auditorium and two members of the senior class were fictionally tried for drunk driving.

Bellingham High School's student newspaper was reborn in September of 1993. The "Eye of the Hawk" published it's first issue in November with great success. The paper will publish three more issues during the school year. The paper is printed at the Bellingham Alternative School and is funded through advertisements sponsored by members of the Bellingham Business Community.

THE NATIONAL HONOR SOCIETY

On April 14, 1993, 34 Juniors and 1 Senior were inducted into the Bellingham High School National Honor Society. Congratulatory remarks were offered by Dr. Malcolm Patterson, Superintendent of Schools, Roger W. Canestrari, Principal, and Honor Society Advisor, Josette Trocchio.

The special guest of the evening was Dr. George Hachey, Jr., Associated Professor of Economics at Bentley College and former graduate of Bellingham High School. He enlightened his audience with practical advice about choosing the right college and the nature of higher education in the 90's.

An elegant candle lighting ceremony followed in which the National Honor Society Officers-President, Bonnie Keller, Vice President, Kristen O'Donnell, and Secretary Christine McAlister participated. These three officers also spoke about the criteria of Leadership, Citizenship, Service, and Character as essential prerequisites for both admission into and continued membership in the National Honor Society. Following the distribution of certificates and pins by Mr. Canestrari, all newly-inducted and former members, holding individual candles took part in an impressive recessional.

A festive celebration dinner prepared and served by Jean's Catering Service of Milford followed the induction ceremony.

The National Honor Society was saddened by the untimely death in September, 1993 of its former Advisor, Mr. Eric Cohn. Several members attended both the memorial service and the funeral in Framingham. A memorial plaque was presented to the school by the National Honor Society, inscribed with the words, "Eric R. Cohn 1950-1993, Teacher, Advisor, and Friend."

DRAMA CLUB

The school Drama Club, under the direction of Mr. James J. Buckley, performed Thornton Wilder's, *Our Town* on March 6th and March 11th and received many compliments for their outstanding performances. In addition, for the first time in several years a pair of one act plays was performed in December titled *Vanities* and *Flower for Algernon*.

Officer of the club were Jean Doherty, President, Erin Conroy, Vice President, Matthew Trudeau, Treasurer, and Julie O'Neill,

Publicity Chairperson.

HIGH SCHOOL STUDENT COUNCIL

The 65 member student council once again provided our school with activities and competitions that involved both Jr and Sr High Students.

Through its fund raising efforts during our annual "Spirit Week", the student council under the advisorship of Leo Dalpe and John Cleary raised enough money to offer two \$500 scholarships. The recipients were Glorie Ann Millette and Jami Beth Walsh.

In June of 1993 school elections were conducted by the council. In addition to the election of class officers, the election of the Student Advisory Council to the School Committee was held. Elected to the SAC were: Chairman, Ryan Creasia, Katie Clancy, Jean Doherty, Amy Phillips, and Kristen Vella. Elected to serve a one year term to the Student Advisory Council to the Board of Education were: David Dalpe and Eric Twardzicki. The School Council Representatives were: Amy Phillips and Belinda Abbruzzese.

The Thanksgiving food drive and the Christmas toy drive again provided needy families with a modicum of Holiday joy.

The student council officers who were largely responsible for the years success were President, David Dalpe; Vice President, Jean Doherty; Secretary Amy Phillip; and Public Relations, Heather Varney.

JUNIOR HIGH STUDENT COUNCIL

The Junior High Student Council under the leadership of advisors Elaine D'Alfonso and Kathleen Kocon have been very busy during the past year. The members have assisted the Senior High Student Council in collecting canned goods at Thanksgiving and toys at Christmas. The annual can drive was very successful, collecting over 300 cans which were added to the senior high collection drive. Also, at Thanksgiving, the members purchased a completely cooked turkey dinner which was donated to a needy family. The money to purchase the dinner was raised through out annual lollipop sale in February. The toy drive was also a success. The members donated toys and received donations from the junior high teachers. They then held a wrapping party before donating the gifts to needy children in town. Last spring the members participated in an after school clean-up and weeding of the school courtyard. In the fall the council ran a

profitable magazine subscription drive which will fund not only the council treasury but also the seventh and eighth grade treasuries.

The officers are: President, Jamie Thompson: Vice-President, Jason Ledoux: Treasurer, Britannia Downey and Secretary: Carolyn Clopeck.

DECA

During the 1992-93 school year, thirty-eight students attended the district competitions in February, held at the Sheraton, Milford. A total of 46 trophies and awards were won by Bellingham High School students. Twenty five of those students qualified to advance to the State Competitions, held in March at the Seacrest Resort in Falmouth, MA. At the State Competitions Bellingham students received several certificates of achievement as well as six plaque winners (4th, 5th & 6th place). Three students, Michelle McDonald, Glorie Ann Millette and Leslie Lightholder placed top three in each of their respective events and advanced to National Competitions. National Competitions were held in Orlando, Florida the first week of May. The students did some competing and some sightseeing. A good time was had by all and for the three Bellingham students, it was a memorable experience.

SKI CLUB

The Ski Club under volunteer advisor, David Bilotta had 3 successful ski trips during this past year. In January, students skied at Stratton Mountain, Vermont. In March a large group of ski club members traveled to Sunday River, Maine and in December, Okemo Mountain, Vermont was the choice to conclude 1993. Plans to continue the program for 1994 are in place and Mr. Bilotta continues to offer his time and energy for our students.

AUDIO VISUAL

1993 was a year in which budget restraints continued to plague the audio-visual department. The only equipment purchased were three inexpensive audio-tape recorders which were desperately needed. These tape recorders replaced those that were obsolete and no longer repairable.

It was the hope of the department that the Educational reform Act would free up monies to replace other equipment that has long since continued to operate properly. After looking at next year's budget recommendations I can see that its not the case. The

allocated funds will at best provide a "band-aid effect" and only the replacement of the most rudimentary audio-visual equipment. Since 1988 no major purchases of equipment with the exception of that acquired by M.C.E.T. affiliation has taken place.

The Department has now reached the point where teachers are using their own equipment since we can not always furnish it in a timely fashion. An example of this would be the connecting of their VCR's to Whittle television sets which are fortunately in most classrooms.

On a positive note, an increase in preparation time has allowed far more hours of quality video taping to take place. Programs are being taped and utilized by more and more of the staff. The use of M.C.E.T. has also increased this year and offers great promise for eventual incorporation into class lessons.

ATHLETIC DEPARTMENT

The 1993 athletic year was highlighted by a Division VI State Football Championship.

This Superbowl team captured the Tri-Valley League title as well, the third title in the twenty-six year history of the sport. Coach Dale Caparaso, the Assistant Coaches and players brought deserved recognition to the school and the community throughout the fall season which culminated in the extraordinary Superbowl victory.

Of no less importance were the achievements of all teams in the program and most notably, the 1992-93 Boys basketball team (15-5) qualifying once again for post season play. Coach Dave Gibbs, after eight seasons as head coach, announced his intention not to reapply for the position and his long-time assistant, John Clancy, was appointed by the School Committee to insure program continuity.

Coach Lynne Stocks guided the Field Hockey Team to a third Tri-Valley League Championship in 1993 in her four years as coach and the program overall has garnered six league titles, a Division II State title and Division I State title in the last eight years.

The success of the athletic teams can be attributed to a commitment on the part of the athletes and the involvement of dedicated coaches. The combination extends beyond the confines of the season as athletes and coaches recognize that performances best improve through continued efforts in conditioning and skill

development and in competition.

We look to the 1993-94 seasons with both optimism and confident expectations.

GUIDANCE DEPARTMENT

STAFF

The Guidance staff at the secondary level for the 1993-94 school year includes a Guidance Department Supervisor, two full time counselors, one part-time counselor, and a clerk. The counselor/student assignments have been restructured for the current school year. Assignments are as follows:

Grades 7 & 10 - Mrs. Barbara Flanagan

Grades 8 & 9 - Mr. Leonard Gauvin

Grades 7 - 10 - Mr. Roger Guillemette (Special Needs)

Grades 11 & 12 - Students' assignments are shared by the Department Supervisor and the counselors

Career Awareness Program

Our Career Awareness Program included varied speakers throughout the year as well as guidance sponsored field trips to schools and/or events. Speakers have visited classes from ITT Technical Institute, Bay State College, New England Institute of Technology, Mansfield Beauty Academy, Angelo's School of Hair Design, Butera School of Art, Hall Institute of Technology and Forsyth School for Dental Hygienists. Field trips have included New England Institute of Technology, Angelo's School of Hair Design, the Annual National College Fair in Boston, Blackstone Valley Regional Technical High School, Johnson and Wales University, and the North Central Correctional Institution in Gardner.

Class Day Exercises

Class day exercise is an award ceremony conducted by the Guidance Department Supervisor assisted by the Guidance secretary. This annual function is attended by the entire high school student body and faculty. Awards were presented in twenty-nine (29) categories last year. Awards may include medals, pins, trophies, plaques and certificates of merit. Over 125 students received recognition at this event held on June 4, 1993. This was the 55th annual awards program.

Local College Fair

The Bellingham Guidance staff, in conjunction with other Guidance Departments in the South Central Guidance Association, assisted in hosting College Fairs held at Milford High school on Thursday, April 29, 1993, and at Millis High School on Monday, October 18, 1993. Over two hundred colleges, technical schools, military and bank representatives were available to speak with students and their parents. Several Bellingham students and their parents were in attendance.

College/Student Representatives

Over one hundred college, technical school and armed service representatives visit our school annually to meet with interested students.

Enrichment Programs

Each year the Guidance Department may nominate up to four grade eleven students for acceptance and participation in the Massachusetts Advanced Studies Program. One member of the Class of 1994, Mehul Shah, was accepted and successfully participated this past summer. MASP is a six week program, which provides students with an experience in on-campus living, and the opportunity to interact with some of the best students in the state.

Financial Aid Information Night

On Tuesday, December 7, 1993, at 7:00 P.M. a "Financial Aid Information Night" was held for students and their parents. The Director of Financial Aid from Tufts University School of Medicine was the guest speaker, along with the Guidance Supervisor and staff members.

Peer Counseling Program

During the second semester of each school year eighteen (18) junior students attend two 42 minute training sessions per week in peer counseling training. Graduates of the peer counselor training program monitor the Career Resource Room in their senior year. Peer counselors are also responsible for organizing and conducting the annual sixth grade high school orientation program, which is held in early June each year. They are available to speak with interested students during each period of each day of the school week. The response to the availability of the peer counselors continues to

increase on a yearly basis. Contact with peer counselors occurs through faculty and counselor referrals, student initiated visits, and through peer counselor participation in the "Quest" Program.

Student Voter Registration

In an effort to promote students' participation in civic affairs, the Guidance Department Supervisor (Assistant Registrar of Voters for Bellingham) in coordination with the Town Clerk (Registrar of Voters), conducts a voter registration campaign annually. This year registrations were held in April, prior to a local election.

Scholarships

Numerous local civic groups and organizations make scholarships available to our high school graduates. Most scholarship applications are distributed and collected directly through the Guidance office. Any scholarships which become available, whether local, regional or national competitions, are advertised in the senior newsletters, on Guidance bulletin boards and in local newspapers. Students in the class of 1993 were offered and are taking advantage of over \$162,245 in financial assistance to further their education.

In addition to scholarships made available to all graduates, the Guidance department also made available and completed the following special scholarship programs:

- The Voice of Democracy - Open to grades 9 - 12
- The Hugh O'Brian Leadership Program - Grade 10
- The Century III Leaders Scholarship Program - Grade 12
- The DAR Citizenship Award Scholarship Program - Grade 12
- The Presidential Academic Fitness Award Program - Grade 12
- The AFL/CIO Scholarship Competition - Grade 12

Special Programs

DARE Program

On March 3, 1993, twelve senior peer counselors visited Stall Brook and Macy Schools to assist Officer Lee Rolls with his Drug and Alcohol Resistance Education Program. They met for 2 1/2 hours with sixth grade students to disseminate information and share experiences.

National College Fair

Forty-two students attended a field trip to the "National

College Fair" on Wednesday, April 7, 1993 which was held at the Hyannis Convention Center in Boston, Massachusetts.

ASVAB Testing Results Seminar

On November 18, 1993, sixteen seniors participated in the Armed Services Vocational Aptitude Test given in the high school cafeteria. The results of these tests were explained in a special group seminar on December 16, 1993. Sergeant Glidden of the U.S. Army held a group session to explain and disperse test results.

Career/Motivational Program

On Thursday, May 13, 1993, Mark Mainella gave a one-hour presentation to all juniors on job and career satisfaction, happiness and positive self-image. Mr. Mainella is a noted motivational speaker sponsored by the New England Institute of Technology.

"High Q" Competition

A team of four students competed in the "High Q" high school competition at the College of the Holy Cross on Saturday, March 20, 1993. This competition was sponsored by WCVB-TV Channel 5. The four students were Jason Steeves, Eric Twardzicki, Kristen Vella and Radek Viktorin.

Financial Planning Night

The Director of Financial Aid from Tufts University School of Medicine was the guest speaker for an "Early Financial Planning for the Parents of Younger Children" seminar in October 1993 for parents of elementary children.

Army ROTC Nurse Program

On March 24, 1993, Captain Susan Davis of the Army Nurse Corps presented information about the Army ROTC Program to eleven interested high school students.

Dean Junior College Enrichment Program

Each year Bellingham High School seniors have the opportunity to enroll in a tuition-free college course at Dean Junior College. Jason Steeves, a member of the Class of 1993, successfully participated in a Psychology course during the spring semester.

Grade 7 Orientation Program

On June 17, 1993, eighteen junior students conducted a three-hour orientation program for the grade six students from the three elementary schools. Sixth-graders ran through a mock-schedule of a

regular school day.

BELLINGHAM ALTERNATIVE JUNIOR-SENIOR HIGH SCHOOL

The Bellingham Alternative School is a non profit school for adolescents who have immediate needs that may be better met in a smaller environment. The program is operated under the auspices of the Bellingham School Department. The purpose of BAS is to help students develop a variety of productive problem-solving skills, enabling and empowering them to prepare for successful re-entry into the mainstream school environment as well as achieve success in the work environment.

Enrollment

September	23	Bellingham residents	4	Out-Of-District	=	27
June	23	"	"	13	"	= 36

Twelve Bellingham students graduated from the program in 1993.

METRO SOUTH/WEST provides supportive career and vocational opportunities to participants in our program. Further Transitional Work Experience is offered for those youths (16-21) at worksites which offer close supervision and occupational exposure and training. Counselors provide vocational and supportive counseling to assist the participant in establishing a career-life plan. This program is used as a feeder for clients to possibly enter classroom training or placement within the private sector.

Metro also grants monies for a Summer Youth Employment and Training Program (SYETP). This year 22 Bellingham residents and 2 out-of-town students participated in the program. Worksites selected within the community provide useful work, supportive and positive supervision and a beneficial work environment. In addition the youths (14-21) are provided Life Skills counseling as well as remedial tutoring in Basic Skills and Computer Literacy.

Counseling

Bay State Counseling and Guidance Center, Inc. of Framingham as well as community Counseling Center of Blackstone Valley, Inc. conducted individual and group sessions as a partnership with the BAS.

OPUS

OPUS Inc., a Bellingham based leading manufacturer and marketer of wild bird feeders and related yard and garden products remains a

significant asset in its partnership with the Bellingham Alternative School. It is through their assistance that we are able to stage real-life work experiences.

SPECIAL EDUCATION

Paul J. Primavera, Director of Special Services, received School Committee approval to re-organize the staff to strengthen the pre-referral process and to facilitate the inclusion of children with special needs in the regular school program. In this endeavor, Mary-Jo Jones was appointed to a newly created position, Curriculum Specialists/Chapter 766 Outside Placement Coordinator. Additionally, a more effective delivery of psychological and counseling services was implemented with a contract with the Community Counseling Center of Blackstone Valley, Inc.

Under the leadership of Dr. Malcolm Patterson, John Bonin, and the School Committee, the Alternative Printing Program was established at the Bellingham Alternative Junior-Senior High School. The Bellingham School Committee also approved the renovation of the Pinecrest School to house the expanding Alternative Junior-Senior High School Program.

CHAPTER I PROGRAM

With the staff re-organization, Chapter I was able to provide reading and math services to all of the elementary schools and continue the reading program at the Bellingham Memorial Junior-Senior High School for eligible students in grades 7 and 8. The Chapter I Parent Coordinator, Rosanne Remillard, has continued to have one of the best newsletters in Chapter I and Provide programs for Chapter I Parents, particularly the S.T.E.P. Program to increase parenting skills.

275th Anniversary

1719 - 1994

REPORT OF THE 275TH ANNIVERSARY COMMITTEE

The 275th Anniversary Committee wishes to thank all the residents of the Town of Bellingham for their community spirit and support that made this year such a memorable one. The theme for the anniversary year was "Celebrate Community" and our goals were well achieved. Our citizens became very aware of the rich history of Bellingham and community pride was evident throughout town.

As the year 1994 came to an end, the 275th Anniversary Committee completed its assignment. We wish to take a moment to reflect on many of the highlights of the year and the people who helped make this such a memorable time for all our residents.

The only fund-raiser the committee sponsored was the sale of "Celebrate Community" buttons. The receipts from this project enabled the committee to sponsor many of the year long activities.

*The Spirit of the **Brothers of the Brush and the Belle's** kept the fun going throughout 1994 with their unpredictable antics and tricks. Good healthy fun was enjoyed by all, and the true spirit of community was the order of the year. Groups and organizations who participated were:*

*The Town Wonders
The Blue's Brothers
The Town Hall Tootsie's
The Fuzzy Nozzle's
Ben's Babes
Happy Booker's
The Redcoat's
Dean's Dames
Wallie's Wonders
The Wann'a'bee's
Red Flashers
The Roar's*

*Board of Selectmen & Friends
Bellingham Police Department
Ladies of the Town Hall Employees
Bellingham Fire Department
Ladies of Ben Franklin Bank
Friends of the Bellingham Library
Bellingham Sportsmen's Club
Ladies of Dean Cooperative Bank
Ladies of the Wal-Mart Store
Police Auxiliary
Bus Barn Employees
Lion's Club*

The High Sheriff was James L. Haughey assisted by Deputy Sheriff Richard Mach. Both individuals kept the groups accountable for their deeds and two tribunal's were held with punishments assigned and awards for "true spirit" given out to unsuspecting members.

*Bellingham
275th
Anniversary
1719-1994*

The Board of Selectmen sponsored an evening of dinner and dancing on Friday, April 22nd at Fernando's Restaurant with the proceeds of the event earmarked for the clock fund.

Memorial Day Celebration - Sunday, May 22, 1994

Memorial Day began with the Historical Appreciation Award Ceremony in the Bellingham Historical Museum. This years recipient was Stall Brook Schools fifth grade teacher, Mr. William Delaney. Following the ceremony, the 275th Anniversary Committee joined the line of march in period costumes for the Annual Memorial Day Parade sponsored by the Memorial and Veterans' Day Committee.

The 275th division included an Anniversary Float featuring a three-tiered birthday cake complete with candles. Behind the cake was a gazebo with a designate from each of the youth organizations in Bellingham being represented.

Concerts on the Grass

The Concerts on the Grass were held during the six weeks of the summer every Wednesday evening. Ron DeMaria organized the activities that was sponsored by Access Bellingham in conjunction with the 275th Anniversary Committee. Throughout the six weeks, the weather cooperated and the high school field was a great place to enjoy the summer sunset.

The evenings began with children enjoying puppet shows, sing-a-longs, pony rides, lawn games, arts and crafts, face painting and ice cream sundae making. At dusk, the musical entertainment began with a different style music each week.

On the final night of concerts the 275th Committee prepared a "free" cook-out for all Anniversary Button wearer's and their children. A total of 500 hot dogs and hamburgers were consumed, along with 400 ears of corn with all the fixing's. Our "thanks" to all who made this evening such a memorable night.

Anniversary Ball November 26, 1994

On the eve of the anniversary of the incorporation of Bellingham, the anniversary ball was held at the Glen Ellen Country Club in Millis. A total of 342 residents enjoyed the evening and danced to the Big Band sound of the seventeen piece orchestra, the Milestone's. The evening was a culmination of a year long celebration, and all in attendance will long remember the scrumptious meal and midnight finale.

Our Gift to Bellingham

It was the goal of the committee to leave a gift to the citizens of Bellingham as a reminder of this special anniversary year. It was decided and approved by the Board of Selectmen that a clock would be purchased and placed in the town hall tower. Through the generosity of many groups, organizations and individuals the clock in the town hall has become a reality. It will be a constant reminder of a very unforgettable year.

The dedication of the clock took place on Sunday, November 27, 1994, in the upper town hall with 100 residents and friends in attendance. Anniversary Committee Chairman, Leroy F. Manor presided over the dedication and unveiled the appreciation plaque that was placed in the lobby of Town Hall. Chimes will be installed early in January of 1995 and the committee will then have completed its assignment.

In closing, the 275th Anniversary Committee would like to thank everyone for their support and true community spirit that has made 1994 a celebration we will always remember.

It has been a pleasure serving the town in this capacity.

Respectfully submitted,

*Leroy F. Manor, Chairman
Edward A. Trimm, Vice Chairman
Maryclare Burke
Ronald J. DeMaria
Kathleen M. Harvey
James L. Haughey
Sandra E. Hickey
Arthur E. Provost
Ernest A. Taft*

275th ANNIVERSARY COMMITTEE

THE WHITE HOUSE

WASHINGTON

November 10, 1994

It is a pleasure to send greetings and congratulations to all who are celebrating the 275th anniversary of Bellingham, Massachusetts.

Since its beginnings, your town has provided a home for people to raise their families and develop the strong bonds that define a community. This anniversary is a testament to Bellingham's appeal to those seeking a welcoming place with a rich and diverse heritage. Right now, Americans are embracing a season of renewal, dedicating themselves to improving their communities. Your celebration presents a wonderful chance to highlight the achievements of the citizens of your town, reflecting on all that has been accomplished and all that can still be achieved in the future.

Best wishes for an enjoyable event.

Ries Clinton

HOUSE OF REPRESENTATIVES
WASHINGTON, D. C. 20515

RICHARD E. NEAL
SECOND DISTRICT
MASSACHUSETTS

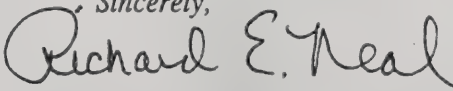

November 26, 1994

To the Citizens of Bellingham:

On behalf of the United States House of Representatives, I extend my best wishes to you on the occasion of your 275th Anniversary of the founding of Bellingham.

On my many visits to Bellingham I have witnessed and indeed felt your strong sense of community. I am sure your ancestors would be proud to know that through a community effort money was raised for the new clock for the Town Hall tower. It is through the dedicated efforts of people like you that Bellingham is a vibrant and vital place.

Enjoy the rest of your celebration, and I look forward to visiting you in the future.

Sincerely,

RICHARD E. NEAL
Member of Congress

United States Senate

WASHINGTON, DC 20510-2101

November 1994

Town of Bellingham
Office of Town Clerk
Town Hall
P.O. Box 367
Bellingham, MA 02019

Dear Friends:

I am delighted to offer my warm congratulations and best wishes to everyone gathered on the occasion of Bellingham's 275th anniversary.

Bellingham and its citizens have every right to take great pride in this wonderful milestone. It is fitting that the members of your fine community celebrate this anniversary, not only by commemorating your many past achievements, but by looking to the future. We all look forward to the continued growth of the Town of Bellingham.

Again, with my congratulations and best wishes,

Sincerely,

(Edward M. Kennedy)

2400 John F. Kennedy Federal Building

Massachusetts House of Representatives

Resolution

RESOLUTIONS CONGRATULATING THE TOWN OF BELLINGHAM ON THE OCCASION OF ITS TWO HUNDRED AND SEVENTY-FIFTH ANNIVERSARY.

WHEREAS, THE TOWN OF BELLINGHAM WAS INCORPORATED ON NOVEMBER 27TH, 1719 AND WILL CELEBRATE ITS TWO HUNDRED AND SEVENTY-FIFTH ANNIVERSARY DURING THE CURRENT YEAR; AND

WHEREAS, THE PEOPLE OF THE TOWN OF BELLINGHAM, FROM EARLY COLONIAL TIMES AND THROUGHOUT HER LONG HISTORY, HAVE CONTRIBUTED IMMEASURABLY TO THE DEVELOPMENT OF OUR COMMONWEALTH AND EXEMPLIFIED THE FINEST OF ITS IDEALS AND TRADITIONS; AND

WHEREAS, MANY OF ITS CITIZENS HAVE DISTINGUISHED THEMSELVES IN THE FIELD OF PUBLIC SERVICE IN THE TOWN, THE COMMONWEALTH AND THE NATION AND MANY HAVE SERVED AND LOST THEIR LIVES IN THE DEFENSE OF OUR COUNTRY; AND

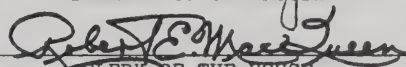

WHEREAS, THE CELEBRATION OF THE TWO HUNDRED AND SEVENTY-FIFTH ANNIVERSARY OF THE ESTABLISHMENT OF THE TOWN OF BELLINGHAM IS OF HISTORICAL SIGNIFICANCE NOT ONLY TO THE INHABITANTS OF THE TOWN BUT ALSO TO THE COMMONWEALTH; THEREFORE BE IT

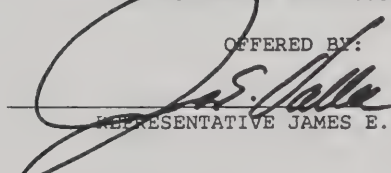

RESOLVED, THAT THE MASSACHUSETTS HOUSE OF REPRESENTATIVES HEREBY EXTENDS TO THE TOWN OF BELLINGHAM ON THE OCCASION OF ITS TWO HUNDRED AND SEVENTY-FIFTH ANNIVERSARY ITS HEARTIEST CONGRATULATIONS AND ITS BEST WISHES FOR THE CONTINUED PROSPERITY AND HAPPINESS OF THE INHABITANTS OF THE TOWN; AND BE IT FURTHER

RESOLVED, THAT A COPY OF THESE RESOLUTIONS BE FORWARDED BY THE CLERK OF THE HOUSE OF REPRESENTATIVES TO THE TOWN CLERK OF THE TOWN OF BELLINGHAM TO BE FILED WITH THE OFFICIAL RECORDS OF SAID TOWN.

HOUSE OF REPRESENTATIVES, ADOPTED, OCTOBER 13, 1994.

SPEAKER OF THE HOUSE

CLERK OF THE HOUSE

OFFERED BY:

REPRESENTATIVE JAMES E. VALLEE

THE COMMONWEALTH OF MASSACHUSETTS

In the Year One Thousand Nine Hundred and Ninety-four

RESOLUTIONS CONGRATULATING THE TOWN OF BELLINGHAM ON THE OCCASION
OF ITS TWO HUNDRED AND SEVENTY-FIFTH ANNIVERSARY.

WHEREAS, ON NOVEMBER TWENTY-SIXTH, NINETEEN HUNDRED AND NINETY-FOUR, THE RESIDENTS OF THE TOWN OF BELLINGHAM, BOTH PAST AND PRESENT, WILL GATHER TO CELEBRATE THE TWO HUNDRED AND SEVENTY-FIFTH ANNIVERSARY OF BELLINGHAM'S INCORPORATION; AND

WHEREAS, THE TOWN OF BELLINGHAM WAS NAMED FOR THE THIRD GOVERNOR OF THE COLONY OF MASSACHUSETTS BAY, SIR RICHARD BELLINGHAM, WHOSE NAME HAS BEEN PRESERVED OVER THE YEARS IN HISTORIC VOLUMES AND GREAT WORKS OF LITERATURE; AND

WHEREAS, THE TOWN OF BELLINGHAM HAS GROWN SINCE ITS EARLY BEGINNINGS WHEN, AS PART OF DEDHAM, IT WAS FOUND TO BE UNSUITABLE FOR SETTLEMENT BY THE DEDHAM SELECTMEN ONLY TO BE PROVEN WRONG IN SIXTEEN HUNDRED AND NINETY-EIGHT WHEN THE FIRST INHABITANTS CAME TO BELLINGHAM AND BY GENERATIONS OF PEOPLE SINCE THEN WHO HAVE LIVED AND PROSPERED WITHIN THE TOWN BORDERS; AND

WHEREAS, SITUATED AT THE WESTERN END OF NORFOLK COUNTY AND AT THE CENTER OF A TRIANGLE WHOSE THREE POINTS ARE BOSTON, WORCESTER AND PROVIDENCE, RHODE ISLAND, BELLINGHAM WAS ONCE THE HOME OF NUMEROUS FACTORIES THAT PRODUCED BOOTS, CLOTH, RAKES AND HAY FORKS; AND

WHEREAS, THE CITIZENS OF BELLINGHAM HAVE CONTRIBUTED IMMEASURABLY TO THE GROWTH AND DEVELOPMENT OF OUR COMMONWEALTH'S ECONOMICAL, EDUCATIONAL AND CULTURAL LIFE, WHILE RETAINING THE ADAMANT INDEPENDENCE AND VISION OF THE TOWN'S FOUNDING FATHERS; NOW THEREFORE BE IT

RESOLVED, THAT THE MASSACHUSETTS SENATE HEREBY EXTENDS ITS HEARTIEST CONGRATULATIONS TO THE RESIDENTS OF BELLINGHAM ON THE OCCASION OF ITS TWO HUNDRED AND SEVENTY-FIFTH ANNIVERSARY AND FURTHER EXTENDS ITS BEST WISHES FOR CONTINUED SUCCESS; AND BE IT FURTHER

RESOLVED, THAT A COPY OF THESE RESOLUTIONS BE TRANSMITTED FORTHWITH BY THE CLERK OF THE SENATE TO KATHLEEN M. HARVEY, CLERK OF THE TOWN OF BELLINGHAM.

SENATE, ADOPTED, NOVEMBER 21, 1994.

(Recommended by Finance Committee)

NOTE: * All travel expenses to be paid at a rate of \$.21 per mile.
* No travel expenses to be paid except upon receipt of vouchers showing date, expenses incurred, and the number of miles traveled.

ARTICLE 2. CONVEYANCES AND EASEMENTS

To see if the Town will vote to authorize the Board of Selectmen to accept and/or purchase conveyances or easements, sewers, water lines, retaining walls and streets, and to raise and appropriate a sum of money to carry out said purposes; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town authorize the Board of Selectmen to accept and/or purchase conveyances or easements, sewers, water lines, retaining walls and streets, and to raise and appropriate the sum of One Dollar and No/100 to carry out the said purposes; said sum to be raised by taxation.

(Recommended by Finance Committee)

ARTICLE 3. PURCHASE OF SURPLUS EQUIPMENT

To see if the Town will vote to raise and appropriate a sum of money and to authorize the Highway Director, in conjunction with other Town Departments, to purchase surplus government equipment for the Town; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town raise and appropriate the sum of One Dollar (\$1.00), and to authorize the Highway Director, singularly or in conjunction with other Town Departments, to purchase surplus government equipment for the Town; said sum to be raised by taxation.

(Recommended by Finance Committee)

ARTICLE 4. TOWN PROPERTY AUCTION

To see if the Town will vote to authorize the Board of Selectmen and their successors in office to sell at public auction any of the property which the Town may have acquired or may hereafter acquire through proceedings based upon non-payment of taxes or under proceedings for the sale of lands of low value, to impose upon the property so sold such restrictions, reservations or conditions as shall be deemed expedient, and to execute quitclaim deeds and other instruments thereto; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town authorize the Board of Selectmen and their successors in office to sell at public auction any of the property which the Town may have acquired or may hereafter acquire through proceedings based upon nonpayment of taxes or under proceedings for the sale of lands of low value, to impose upon the property so sold such restrictions, reservations or conditions as shall be deemed expedient, and to execute quitclaim deeds and other instruments therefore, said authority to expire on June 30, 1995.

(Recommended by Finance Committee)

ARTICLE 5. HIGHWAY CONSTRUCTION

To see if the Town will vote to authorize the Board of Selectmen to accept and enter into contracts for the expenditure of funds to be allotted by the State under authorization of Chapter 90 of the Massachusetts General Laws, (as pertaining to Highway Funds) for the construction, reconstruction, and improvement of Town roads, said funds to be borrowed in anticipation of State Revenue; or act or do anything in relation thereto.

(By: Highway Department)

VOTED: Unanimously voted that the Town authorize the Board of Selectmen to accept and enter into contracts for the expenditure of funds to be allotted by the State under authorization of Chapter 90 of the Massachusetts General Laws, (as pertaining to Highway Funds) for the construction, reconstruction, and improvement of Town roads, said funds to be borrowed in anticipation of State Revenue.

(Recommended by Finance Committee)

ARTICLE 6. HIGHWAY CONSTRUCTION AND IMPROVEMENT

To see if the Town will vote to authorize the Board of Selectmen to accept and enter into contracts for the expenditure of funds to be allotted by the State for the construction, reconstruction, and improvement of Town roads, funds to be borrowed in anticipation of State reimbursement; and expended under the direction of the Highway Director; or act or do anything in relation thereto.

(By: Highway Department)

VOTED: Unanimously voted that the Town authorize the Board of Selectmen to accept and enter into contracts for the expenditure of funds to be allotted by the State for the construction, reconstruction, and improvement of Town roads, funds to be borrowed in anticipation of state reimbursement; and expended under the direction of the Highway Director.

(Recommended by Finance Committee)

ARTICLE 7. AMEND ARTICLE 1.

To see if the Town will vote to amend Article 1 of the 1993 Annual Town Meeting by reducing, adding to, deleting, amending appropriations or transferring funds from various sources into items within Article 1; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town amend Article 1 of the 1993 Annual Town Meeting by amending the various items listed as follows:

FUNDS TO BE TRANSFERRED TO THE FOLLOWING ACCOUNTS:

ATM of 1993 Article 1, Item 390- Blackstone Valley Vocational School	\$25,612.00
ATM of 1993 Article 1, Item 210- Police Salaries	\$11,000.00
ATM of 1993 Article 1, Item 210- Police Expenses	\$3,500.00
ATM of 1993 Article 1, Item 122- Selectmen Expenses (Labor Counsel)	\$14,500.00
ATM of 1993 Article 1, Item 920- Physical Occupation Health	\$1,200.00

ATM of 1993 Article 1, Item 422- Highway Department Expenses (Addition to Offices)	\$25,000.00
ATM of 1993 Article 1, Item 192- Municipal Buildings	\$5,000.00
ATM of 1993 Article 1, Item 220- Fire Expenses	\$3,000.00
ATM of 1993 Article 1, Item 630- Parks Expenses (High School Tennis Court Repairs)	\$5,000.00
ATM of 1993 Article 1, Item 424- Street Lighting	\$3,000.00
FUNDS TO BE TRANSFERRED FROM THE FOLLOWING ACCOUNTS:	
ATM of 1993 Article 1, Item 441- Charles River Pollution	\$25,000.00
ATM of 1993 Article 1, Item 750 Debt-Interest on Bonds	\$68,812.00
ATM of 1993 Article 1, Item 220- Fire Salaries	\$3,000.00

(Recommended by Finance Committee)

ARTICLE 8. ACCEPTANCE OF MGL CHAPTER 40, SECTION 57 AS AMENDED

To see if the Town will vote to accept the provisions of Mass General Laws Chapter 40, Section 57 as amended, an act relating to the revocation of licenses for corporations failing to pay fees or taxes; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town accept the provisions of Massachusetts General Laws Chapter 40, Section 57 as amended, an act relating to the revocation of licenses for corporations failing to pay fees for taxes.

(Recommended by Finance Committee)

ARTICLE 9. CAPITAL OUTLAY

To see if the Town will vote to raise and appropriate a sum of money and to determine how such appropriation shall be raised, whether by transfer of available funds, by taxation, by borrowing or otherwise, and if by borrowing to authorize the issuance and sale of general obligation bonds or notes of the Town therefore for the purpose of financing the purchase, construction, reconstruction and/or engineering costs associated with various capital outlay items or improvements proposed by Town Departments, Boards or Committees; or act or do anything in relation thereto.

(By: Board of Selectmen)

Motion to waive secret ballot vote as required by Article III, Section 2-52 of the Town By-Laws carried unanimously.

VOTED: Unanimously voted:

(1) That the sum of \$62,000.00 be hereby appropriated for the purpose of financing the costs of purchase of equipment as shown below, said sum to be transferred from available funds.

Fire Chief's Vehicle	\$18,000.00
C.O.A. Van	\$26,000.00
Police Cruiser	\$18,000.00

(2) That the sum of \$1,110,000.00 be hereby appropriated for the purpose of financing the costs of purchase, construction, reconstruction and/or engineering services for various capital projects as shown below.

PROJECT	Statutory Authority G.L. C.44	AMOUNT
Corrosion Control Equipment	Sec. 8 (7C)	\$350,000.00
Rehabilitate (Paint) Standpipe- Grove Street	Sec. 8 (7C)	\$180,000.00
Well #12 Engineering/Land Taking	Sec. 8 (3 & 5)	\$180,000.00
Stallbrook School Roof	Sec. 7 (3A)	\$350,000.00
School Athletic Fields	Sec. 7 (25)	\$ 50,000.00

and for costs incidental and related thereto; that to raise this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow not exceeding \$1,110,000.00 under and pursuant to the clauses of Chapter 44, Sections 7 and 8, of the General Laws listed above or any other enabling authority, and to issue bonds or notes of the Town therefor.

(Recommended by Finance Committee)

ARTICLE 10. ACCEPTANCE OF CHAPTER 481 OF THE ACTS OF 1993

To see if the Town will vote to accept Chapter 481 of the Acts of 1993 which allows cities and towns to permit common victuallers licensed to sell wine and malt beverages under MGL Chapter 138, Section 12 to also sell liqueurs and cordials; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town accept Chapter 481 of the Acts of 1993 which allows cities and towns to permit common victuallers licensed to sell wine and malt beverages under Massachusetts General Laws Chapter 138, Section 12 to also sell liqueurs and cordials.

(Recommended by Finance Committee)

ARTICLE 11. REVOLVING FUNDS

To see if the Town will vote to adopt provisions of Chapter 44, Section 53E1/2, of the General Laws to allow the Town of Bellingham School Department to create a special revolving fund from revenues of energy and user fees and to authorize said funds for energy and user related expenses. To allow the Bellingham School Department to create a special revolving fund from revenues received for services rendered by the Alternative High School, and to make payments for leases, supplies, and other related expenses. To allow the Bellingham Public Library Trustees to create a special revolving fund from revenues received from overdue book and video fines and to authorize the use for purchasing books, videos, library materials, and to make payment to temporary or part-time employees and independent contractors, not to exceed \$10,000. To allow the Parks Commission to create a special revolving fund from revenues received for the Arcand Park swim program and to authorize the use for swim program expenses. To allow the Conservation Commission to create a

special revolving fund from revenues received from Silver Lake admission charges and to authorize the use for the maintenance of the lake; or act or do anything in relation thereto.

(By: School Committee
Library Trustees
Parks Commission
Conservation Commission)

VOTED: Unanimously voted:

A. That the Town authorize the Bellingham School Department the right to make payments for utilities, energy and related expenses from a special revolving fund made up of revenues, (not to exceed \$15,000.00), received from energy and user fees for the use of school facilities, all as authorized under the provisions of Mass General Laws, Chapter 44, Section 53-1/2.

B. To authorize Bellingham Library Trustees the right to make payments for the purpose of purchasing printed and recorded media (books and tapes), computer equipment and materials, and supplies from a special revolving fund made up of revenues, not to exceed Ten Thousand and No/100 (\$10,000.00) Dollars, received from user fees, charges, overdue book and video fines all as authorized under the provisions of Mass General Laws, Chapter 44, Section 53-1/2.

C. To authorize the Parks Commission the right to make payments for the purpose of providing a swim program at Arcand Park, payments to include salaries for instructors and the director, as well as expenses directly involved in maintaining the program from a special revolving fund made up of revenues, not to exceed Sixteen Thousand and No/100 (\$16,000.00) Dollars, received from swim program charges, all authorized under the provisions of Mass General Laws, Chapter 44, Section 53-1/2.

D. To authorize the Bellingham School Department the right to make payments for equipment leases, supplies, and expenses related to printing services and products and for used computer repairs and sales from a special revolving fund (not to exceed \$100,000.00) from revenues received for said services rendered by the Alternative High School all authorized under the provisions of Mass General Laws, Chapter 44, Section 53-1/2.

E. To authorize the Conservation Commission the right to make payments for the purpose of maintaining Silver Lake as a recreational area, funds to pay salaries for life guards as well as expenses directly involved in maintaining the Park from a special revolving fund made up of revenues not to exceed Fifteen Thousand and No/100 (\$15,000.00) Dollars, received from admission and user charges all authorized under the provisions of Mass General Laws, Chapter 44, Section 53-1/2.

(Recommended by Finance Committee)

ARTICLE 12. SILVER LAKE

To see if the Town will vote to raise and appropriate a sum of money for the purpose of restoring Silver Lake and the beachfront into a public recreational area; or act or do anything in relation thereto.

(By: Conservation Commission)

VOTED: Unanimously voted that the Town raise and appropriate the sum of \$40,000.00 for the purpose of restoring Silver Lake and the beachfront into a public recreational area, said funds to be transferred from the Community Development Recapture Account.

(Recommended by Finance Committee)

ARTICLE 13. MOSQUITO CONTROL

To see if the Town will vote to raise and appropriate a sum of money to pay Norfolk County Mosquito Control for aerial larval control; targeting Aedes vexans' breeding sites, consisting of approximately 200 acres; or act or do anything in relation thereto.

(By: Board of Health)

VOTED: Unanimously voted that the Town raise and appropriate the sum of \$5,700.00 to pay Norfolk County Mosquito Control for aerial larval control; targeting Aedes vexans' breeding sites, consisting of approximately 200 acres.

(Recommended by Finance Committee)

ARTICLE 14. LANDFILL CLOSURE

To see if the Town will vote to raise and appropriate a sum of money for the purpose of capping the Bellingham landfill located on South Maple Street in accordance with D.E.P. requirements and to determine how said sum will be raised, whether by transfer of available funds, by taxation, by borrowing or otherwise, and if by borrowing to authorize the issuance and sale of general obligation bonds or notes of the Town; or act or do anything in relation thereto.

(By: Board of Health)

Motion to waive secret ballot vote as required by Article III, Section 2-52 of the Town by-Laws carried unanimously.

VOTED: Unanimously voted that the sum of \$1,800,000.00 be hereby appropriated for the purpose of closing out and capping the Bellingham landfill located on South Maple Street in accordance with Department of Environmental Protection requirements, and for costs incidental and related thereto; and that to raise this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow not exceeding \$1,800,000.00 under and pursuant to Chapter 44, Section 8 (24), of the General Laws, or any other enabling authority, and to issue bonds or notes of the Town therefor.

(Recommended by Finance Committee)

ARTICLE 15. AMEND CHAPTER 4, BELLINGHAM CODE OF BY-LAWS

To see if the Town will vote to amend Chapter 4 of the Bellingham Code of By-Laws by adding Section 4-8, a local option, to read as follows:

To adopt MGL C. 143 Section 3Z, to allow a part-time Inspector of Buildings, Building Commissioner, local or alternate inspector to engage in business in Town, provided that another inspector oversees the inspection of the building project in which he/she is involved; or act or do anything in relation thereto.

(By: Inspector of Buildings)

VOTED: Unanimously voted that the Town amend Chapter 12 of the Bellingham Code of By-Laws, adopted under Article 17 of this warrant, by adding Article 12.07, a local option, to read as follows:

To adopt MGL C. 143 Section 3Z, to allow a part-time Inspector of Buildings, Building Commissioner, local or alternate inspector to engage in business in Town, provided

that another inspector oversees the inspection of the building project in which he/she is involved.

(Recommended by Finance Committee)

ARTICLE 16. FIRE STATION REPAIRS

To see if the Town will vote to raise and appropriate a sum of money for the purpose of making various repairs to the Fire Station located on Blackstone Street; or act or do anything in relation thereto.

(By: Fire/Police Building Committee)

VOTED: Passed over.

ARTICLE 17. ADOPTION OF REVISED BY-LAWS

To see if the Town will vote to revise the Town of Bellingham by-Laws by adopting and enacting a new code of by-laws of the Town of Bellingham, Massachusetts; establishing the same; providing for the repeal of certain by-laws not included, except as herein expressly provided; providing for the effective date of such code and a penalty for the violation thereof; and providing when this by-law shall become effective; or act or do anything in relation thereto.

(By: By-law Review Committee)

VOTED: Unanimously voted:

1. That the Code of By-laws, consisting of Chapters 1 to 17, each inclusive, as presented herewith to the Town Moderator and Town Clerk, is hereby adopted and enacted as the "Code of By-laws, Town of Bellingham, Massachusetts."
2. That all provisions of such Code shall be in full force and effect ninety calendar days from and after the final adjournment of the 1994 Town of Bellingham Annual Town Meeting, including any continuances thereof. (Aug. 23, 1994)
3. That whenever in such Code an act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or whenever in such Code the doing of any act is required or the failure to do any act is declared to be unlawful, and no specific penalty is provided therefor, the violation of any such provision of such Code shall be punishable by a fine of not more than Three Hundred Dollars (\$300.00), as provided in Article 1.04 of such Code.
4. That any and all additions and amendments to such Code when passed in such form as to indicate the intention of the Town to make the same a part thereof, shall be deemed to be incorporated in such Code so that reference to the Code of By-laws of the Town of Bellingham, Massachusetts, shall be understood and intended to include such additions and amendments.
5. That in case of the amendment of any section of such Code for which a penalty is not provided, the general penalty as provided in Section 3 herein and Article 1.04 of such Code shall apply to the section as amended; or, in case such amendment contains provisions for which a penalty, other than the aforementioned general penalty, is provided in another section in the same chapter, the penalty so provided in such other section shall be held to related to the section so amended, unless such penalty is specifically repealed therein.
6. That three (3) copies of such Code shall be kept on file in the office of the Town Clerk, preserved in such form as the Town Clerk may consider most expedient. It shall be the express duty of the Town Clerk, or someone authorized by

the Town Clerk to maintain, insert all amendments and ordinances adopted by the Town, extract therefrom all provisions which may from time to time be repealed by the Town. Such copies of such Code shall be available for all persons desiring to examine the same.

7. That it shall be unlawful for any person to change or amend, by additions or deletions, any part or portion of such Code, or to insert or delete pages or portions thereof, or to alter or tamper with such Code in any manner whatsoever which will cause the law of the Town of Bellingham to be misrepresented thereby. Any person violating this section shall be punished as provided in Section 3 of this ordinance.

8. Appendix A Zoning as presently adopted and amended shall remain in force and shall become Division II Zoning to this Code of By-Laws. All penalties for violation of the Code adopted herein shall also apply to Division II Zoning.

9. That all By-laws previously adopted except for those contained herein and the aforesaid Appendix A Zoning (Division II Zoning) are hereby repealed.

(Recommended by Finance Committee)

ARTICLE 18. STABILIZATION FUND

To see if the Town will vote to raise, appropriate or transfer a sum of money for the purpose of funding the Stabilization Fund; or act or do anything in relation thereto.

(By: Finance Committee)

VOTED: Unanimously voted that the Town transfer \$114,645.00 from Free Cash for the purpose of funding the Stabilization Fund.

(Recommended by Finance Committee)

ARTICLE 19. UNPAID BILLS

To see if the Town will vote to raise and appropriate a sum of money for the payment of certain unpaid bills; or act or do anything in relation thereto.

(By: Finance Committee)

VOTED: Unanimously voted that the Town pay the following unpaid bills:

Orian Emergency Service - \$125.00 to be transferred from Article 1, Item 919, OJI Deductions Account to the unpaid bills account.

Paul Aubuchon, PhD - \$1,230.00 to be transferred from Article 1, Item 919, OJI Deductions Account to the unpaid bills account.

Bellingham Mobil - \$101.77 to be transferred from Article 1, Item 426, Gas & Oil account to the unpaid bills account.

(Recommended by Finance Committee)

ARTICLE 20. AMEND BETTERMENT ASSESSMENT REGULATIONS

To see if the Town will vote to amend the Betterment Assessment Regulations as voted by the 1986 Annual Town Meeting Article 47, as indicated below:

Add to the end of Section 3. Paragraph A.2. the following paragraph:

All parcels will be assessed on the basis of their use on the date the assessment is recorded at the Registry of Deeds.

Amend Section 3.B. which now reads:

B. Non-Residential, Developed

1. Non-residential buildings (including all industrial, commercial and municipal properties) shall comprise a number of sewer units based upon water consumption using the following formula:

$$\frac{\text{Non-Residential water usage in gallons per day (gpd)}}{300 \text{ gpd}} = \text{equivalent number of sewer units}$$

(All decimals shall be rounded up to the nearest whole number.)

to read:

B. Non-Residential, Developed

1. Non-residential buildings (including all industrial, commercial, institutional, municipal, and daily rental, such as; hotel, motel, and campground properties) will be converted into sewer units by use of the following formula.

$$\frac{Q}{300 \text{ gpd}} = \text{equivalent number of sewer units}$$

Q = Volume of Designed Sewage Flow for the buildings, calculated by using the Design Sewage Flow Estimates listed in the Massachusetts Division of Water Pollution Control's Regulations (314 CMR 7.00) on the date the assessment was recorded at the Registry of Deeds, in gallons per day (gpd) for the entire parcel.

(All decimals shall be rounded up to the nearest whole number.)

Delete Section 5 and amend to read:

Section 5. Sewer Privilege Fee

A. Determination of the Amount of the Privilege Fee

1. Unit Quantity Determination:

The privilege fee will be calculated by using the same formulas and technique used for calculating equivalent residential units as described in Sections 2 and 3 of these Regulations.

2. Unit Value Determination:

The dollar value per unit will be the same per unit value that was applied to the parcels receiving betterment assessments for the municipal sewer project into which the proposed extension will connect. In the case of a proposed sewer extension connecting to a municipal project for which the unit value of the betterment assessment has yet to be determined, the unit value shall be based on the estimated unit value of the proposed municipal project. If this estimated value is higher than the actual assessment unit value, no refund will be given, nor will any extra amount be charged for a fee if the estimate is lower than the actual assessment.

3. Privilege Fee Calculation:

The base amount of the privilege fee will be calculated by multiplying the number of sewer units determined from paragraph 5.A. above by the value per unit determined by paragraph 5.B. above. The following adjustments will be applied:

a. The fee will be determined, as stated below, for sewer extensions which are installed of size, depth and location which allows them to be useful for the Town's future expansion of the sewer system.

The fee will be 100% of the base amount for:

- I Any extension that is force main only.
- II Any extension to a dead end.
- III Any gravity sewer extension that is less than 100 feet in length or that does not service any parcels other than the parcel owned by the private party applying for the extension permit.

Extension from 101 to 300 feet, the fee = 95% of base amount.
Extension from 301 to 500 feet, the fee = 90% of base amount.
Extension from 501 to 700 feet, the fee = 85% of base amount.
Extension from 701 to 900 feet, the fee = 80% of base amount.
Extension from 901 feet and up, the fee = 75% of base amount.

b. A deduction of \$800.00 will be applied to the fee amount, determined in paragraph "a" above, for each sewer lateral that is brought to the property line of a parcel owned by a private party other than the private party requesting the sewer extension permit.

4. Additional Treatment Cost: Any capital cost associated with purchasing additional capacity that may be required at the receiving wastewater treatment facility (i.e. Charles River Pollution Control District Treatment Facility or Woonsocket Wastewater Treatment Facility), will be added to the above amount of the privilege fee. This cost could also include an allowance for capital cost associated with future treatment facility expansion. In the event such costs are included, the cost related to this paragraph will be paid in full and no deductions may be applied to these costs.

5. The Board may accept the construction of infrastructure improvements unrelated to the sewer extension, as credits towards the privilege fee. The Board shall have sole authority in determining what value to place on said infrastructure improvements.

B. Payment of the Fee

The manner by which the fee is paid is regulated by the Bellingham Sewer Use Regulations Part III.

C. Apportionment of Fee Balance

1. For an existing single family or two family home owned by the resident, the balance of the privilege fee may be apportioned upon execution of an apportionment agreement by the owner.

2. In order to execute an apportionment agreement, the owner of the parcel must sign a form which states that he understands his responsibility to pay the balance and that he allows a lien to be placed on the parcel to insure the Town's ability to collect apportioned payments.

3. The unpaid balance of the privilege fee will be assessed an annual interest rate equal to the rate being charged on apportioned payments for the most recent sewer betterment assessment. The apportionment will be done in accordance with Section 4. of these regulations.

4. In the case of an extension which will deliver sewer service to an existing building, the lien will be equal to the balance due on the privilege fee; or act or do anything in relation thereto.

(By: Water/Sewer Department)

VOTED: Unanimously voted that the Town amend the Betterment Assessment Regulations as voted by the 1986 Annual Town Meeting Article 47, as indicated below:

Add to the end of Section 3. Paragraph A.2. the following paragraph:

All parcels will be assessed on the basis of their use on the date the assessment is recorded at the Registry of Deeds.

Amend Section 3.B. which now reads:

B. Non-Residential, Developed

1. Non-residential buildings (including all industrial, commercial and municipal properties) shall comprise a number of sewer units based upon water consumption using the following formula:

$$\frac{\text{Non-Residential water usage in gallons per day (gpd)}}{300 \text{ gpd}} = \text{equivalent number of sewer units}$$

(All decimals shall be rounded up to the nearest whole number.)

to read:

B. Non-Residential, Developed

1. Non-residential buildings (including all industrial, commercial, institutional, municipal, and daily rental, such as; hotel, motel, and campground properties) will be converted into sewer units by use of the following formula.

$$\frac{Q}{300 \text{ gpd}} = \text{equivalent number of sewer units}$$

Q = Volume of Designed Sewage Flow for the buildings, calculated by using the Design Sewage Flow Estimates listed in the Massachusetts Division of Water Pollution Control's Regulations (314 CMR 7.00) on the date the assessment was recorded at the Registry of Deeds, in gallons per day (gpd) for the entire parcel.

(All decimals shall be rounded up to the nearest whole number.)

Delete Section 5 and amend to read:

Section 5. Sewer Privilege Fee

A. Determination of the Amount of the Privilege Fee

1. Unit Quantity Determination:

The privilege fee will be calculated by using the same formulas and technique used for calculating equivalent residential units as described in Sections 2 and 3 of these Regulations.

2. Unit Value Determination:

The dollar value per unit will be the same per unit value that was applied to the parcels receiving betterment assessments for the municipal sewer project into which the proposed extension will connect. In the case of a proposed sewer extension connecting to a municipal project for which the unit value of the betterment assessment has yet to be determined, the unit value shall be based on the estimated unit value of the proposed municipal project. If this estimated value is higher than the actual assessment unit value, no refund will be given, nor will any extra amount be charged for a fee if the estimate is lower than the actual assessment.

3. Privilege Fee Calculation:

The base amount of the privilege fee will be calculated by multiplying the number of sewer units determined from Section 3, Paragraph A & B above by the value per unit determined by Section 5, Paragraph A.2 above. The following adjustments will be applied:

a. The fee will be determined, as stated below, for sewer extensions which are installed of size, depth and location which allows them to be useful for the Town's future expansion of the sewer system.

The fee will be 100% of the base amount for:

I Any extension that is force main only.

II Any extension to a dead end.

III Any gravity sewer extension that is less than 100 feet in length or that does not service any parcels other than the parcel owned by the private party applying for the extension permit.

Extension from 101 to 300 feet, the fee = 95% of base amount.

Extension from 301 to 500 feet, the fee = 90% of base amount.

Extension from 501 to 700 feet, the fee = 85% of base amount.

Extension from 701 to 900 feet, the fee = 80% of base amount.

Extension from 901 feet and up, the fee = 75% of base amount.

b. A deduction of \$800.00 will be applied to the fee amount, determined in paragraph "a" above, for each sewer lateral that is brought to the property line of a parcel owned by a private party other than the private party requesting the sewer extension permit. Said total deduction not to create a final base privilege fee of less than \$2,000.00.

4. Additional Treatment Cost: Any capital cost associated with purchasing additional capacity that may be required at the receiving wastewater treatment facility (i.e. Charles River Pollution Control District Treatment Facility or Woonsocket Wastewater Treatment Facility), will be added to the above amount of the privilege fee. This cost could also include an allowance for capital cost associated with future treatment facility expansion. In the event such costs are included, the cost related to this paragraph will be paid in full and no deductions may be applied to these costs.

5. The Board may accept the construction of infrastructure improvements unrelated to the sewer extension, as credits towards the privilege fee. The Board shall have sole authority in determining what value to place on said infrastructure improvements.

B. Payment of the Fee

The manner by which the fee is paid is regulated by the Bellingham Sewer Use Regulations Part III.

C. Apportionment of Fee Balance

1. For an existing single family or two family home owned by the resident, the balance of the privilege fee may be apportioned upon execution of an apportionment agreement by the owner.

2. In order to execute an apportionment agreement, the owner of the parcel must sign a form which states that he understands his responsibility to pay the balance and that he allows a lien to be placed on the parcel to insure the Town's ability to collect apportioned payments.

3. The unpaid balance of the privilege fee will be assessed an annual interest rate equal to the rate being charged on apportioned payments for the most recent sewer betterment assessment. The apportionment will be done in accordance with Section 4. of these regulations.

4. In the case of an extension which will deliver sewer service to an existing building, the lien will be equal to the balance due on the privilege fee; or act or do anything in relation thereto.

(Recommended by Finance Committee)

ARTICLE 21. CLIFF ROAD ACCEPTANCE

To see if the Town will vote to accept as a public way, Cliff Road, identified as Fifth Avenue Extension on a plan entitled "Definitive Subdivision Plan, Cliff Estates, Bellingham, Mass" prepared by GLM Engineering Consultants, Inc. dated June 17, 1985, revised October 10, 1985, recorded with the Norfolk County Registry of Deeds as Plan Number 72 of 1986 in Plan Book 332, and to authorize the Selectmen to accept a deed thereto; or act or do anything in relation thereto.

(By: Water/Sewer Department)

VOTED: Unanimously voted that the Town accept as a public way, Cliff Road, identified as Fifth Avenue Extension on a plan entitled "Definitive Subdivision Plan, Cliff Estates, Bellingham, Mass" prepared by GLM Engineering Consultants, Inc. dated June 17, 1985, revised October 10, 1985, recorded with the Norfolk County Registry of Deeds as plan number 72 of 1986 in Plan Book 332, and to authorize the Selectmen to accept a deed thereto.

Planning Board
Highway Department)

ARTICLE 22. DRAINAGE FACILITY DESIGN

To see if the Town will vote to amend the Bellingham Zoning By-law by inserting the following as a new paragraph at the end of Section 3282:

"Drainage facilities, including detention basins, shall be designed consistent with the standards of the 'Rules and Regulations Governing the Subdivision of Land' of the Bellingham Planning Board, as most recently amended February 22, 1990. Basin fencing materials shall be subject to approval by the Planning Board in conducting Development Plan Review, and shall be selected to prevent accidental entry into the detention area, but still allowing visibility into it"; or act or do anything in relation thereto.

(By: Planning Board)

VOTED: Unanimously voted that the Town amend the Bellingham Zoning By-Law by inserting the following as a new paragraph at the end of Section 3282:

"Drainage facilities, including detention basins, shall be designed consistent with the standards of the 'Rules and Regulations Governing the Subdivision of Land' of the Bellingham Planning Board, as most recently amended February 22, 1990. Basin fencing materials shall be subject to approval by the Planning Board in conducting Development Plan Review, and shall be selected to prevent accidental entry into the detention area, but still allowing visibility into it".

(Recommended by: Finance Committee
Planning Board)

ARTICLE 23. DRIVEWAYS

To see if the Town will vote to amend the Bellingham Zoning By-Law, Section 3330 Parking Area Design and Location, by inserting the following:

"3337. Access

"All required parking spaces shall be provided with unobstructed access to and from a street and shall be

properly maintained so as to permit them to be used at all times.

"(a) A shared driveway shall be considered to provide adequate access to more than two lots or more than four dwelling units only if the Planning Board, in acting on a definitive subdivision plan or Development Plan, or if the Board of Appeals or other Special Permit Granting Authority, in acting on a special permit, determines that such shared access provides some community benefit, such as environmental protection or improvement of egress safety, and does not circumvent the intent of the Subdivision Regulations, as well as meeting the requirements of paragraph (b).

"(b) Driveways, whether shared or not, must meet the following standards if more than 200 feet in length or serving five (5) or more parking spaces.

"(1) The traveled way shall be paved (unless paving is waived by the Planning Board as provided at Section 3331) at least ten (10) feet wide, and tree and shrub branches less than 13 feet above driveway grade must be cleared or trimmed to provide 12 feet width for unobstructed travel.

"(2) Centerline radius shall be at least 80 feet, and grade shall not exceed 12%.

"(c) Driveways serving corner lots shall gain access from that street designated by the Planning Board in performing Development Plan Review, if applicable. In cases where Development Plan Review is not required, corner lot driveways shall gain access from that street determined by the Building Inspector to have the lower daily traffic volume, unless, following consultation with the Planning Board and the Police Safety Officer, the Building Inspector determines that allowing egress onto the busier street would be no less safe"; or act or do anything in relation thereto.

(By: Planning Board)

VOTED: Unanimously voted that the Town amend the Bellingham Zoning By-Laws, Section 3330 Parking Area design and location by inserting the following:

"All required parking spaces shall be provided with unobstructed access to and from a street and shall be properly maintained so as to permit them to be used at all times.

(a) A shared driveway shall be considered to provide adequate access to more than two lots or more than four dwelling units only if the Planning Board, in acting on a definitive subdivision plan or Development Plan, or if the Board of Appeals or other Special Permit Granting Authority, in acting on a special permit, determines that such shared access provides some community benefit, such as environmental protection or improvement of egress safety, and does not circumvent the intent of the Subdivision Regulations, as well as meeting the requirements of paragraph (b).

(b) Driveways, whether shared or not, must meet the following standards if more than 200 feet in length or serving five (5) or more parking spaces.

(1) The traveled way shall be paved (unless paving is waived by the Planning Board as provided at Section 3331) at least ten (10) feet wide, and tree and shrub branches less than 13 feet above driveway grade must be cleared or trimmed to provide 12 feet width for unobstructed travel.

(2) Centerline radius shall be at least 80 feet, and grade shall not exceed 12%.

(c) Driveways serving corner lots shall gain access from that street designated by the Planning Board in performing Development Plan Review, if applicable. (Recommended by : Finance Committee
Planning Board)

ARTICLE 24. SPLIT LOT REGULATIONS

To see if the Town will vote to amend the Bellingham Zoning By-law by deleting Section 2130 and substituting the following:

"2130. Where a district boundary line divides any lot existing at the time such boundary line is adopted, the Zoning regulations shall apply as follows.

"(a) In the case of a use allowed in both districts, the lot shall be considered as a whole, and the dimensional regulations of the district in which the majority of the lot frontage lies shall apply to the entire lot.

"(b) In the case of a use not allowed in one of the districts in which the lot lies, but allowed in another, the lot shall be considered as if divided into separate portions by either the district boundary line or a line parallel to that line and not more than 30 feet within the less restricted district, with development of each resulting portion of the lot to meet all requirements of the district in which the majority of that portion's frontage is located (including use, lot area, frontage, and yards)"; or act or do anything in relation thereto.

(By: Planning Board)

VOTED: Unanimously voted the the Town amend the Bellingham Zoning By-Law by deleting Section 2130 and substituting the following:

"2130. Where a district boundary line divides any lot existing at the time such boundary line is adopted, the Zoning regulations shall apply as follows.

"(a) In the case of a use allowed in both districts, the lot shall be considered as a whole, and the dimensional regulations of the district in which the majority of the lot frontage lies shall apply to the entire lot.

(Recommended by : Finance Committee
Planning Board)

ARTICLE 25. CLUSTER REFINEMENT

To see if the Town will vote to amend the Bellingham Zoning By-law as follows:

1. Amend the first paragraph of Section 4300 by deleting

the words "located within the Agricultural (A) or Suburban (S) district", so that it reads as follows:

"4300. Cluster Development

"Parcels in excess of ten acres may be subdivided and developed with clustered lots, if approved by the Planning Board for a Special Permit for Cluster Development. Such approval shall be granted only subject to the following conditions:".

2. Delete paragraph 4330 and substitute the following:

"4330. The Intensity of Use Requirements of Section 2600 for the Residential (R) District shall be conformed to for each cluster lot created, provided that either the lot is to be served with public sewerage, or the applicant documents to the satisfaction of the Planning Board that the requirements of Title 5 of the Massachusetts Environmental Code (310 CMR 15) can be satisfied at that location with dwellings and lots of the sizes proposed. Otherwise the Intensity of Use Requirements for the Suburban District shall be conformed to for each cluster lot created."; or act or do anything in relation thereto.

(By: Planning Board)

VOTED: Unanimously voted that the Town amend the Bellingham Zoning By-Law as follows:

1. Amend the first paragraph of Section 4300 by deleting the words "located within the Agricultural (A) or Suburban (S) district", so that it reads as follows:

"4300. Cluster Development

Parcels in excess of ten acres may be subdivided and developed with clustered lots, if approved by the Planning Board for a Special Permit for Cluster Development. Such approval shall be granted only subject to the following conditions:".

2. Delete paragraph 4330 and substitute the following:

"4330. The Intensity of Use Requirements of Section 2600 for the Residential (R) District shall be conformed to for each cluster lot created, provided that either the lot is to be served with public sewerage, or the applicant documents to the satisfaction of the Planning Board that the requirements of Title 5 of the Massachusetts Environmental Code (310 CMR 15) can be satisfied at that location with dwellings and lots of the sizes proposed. Otherwise the Intensity of Use Requirements for the Suburban District shall be conformed to for each cluster lot created."

Planning Board)

ARTICLE 26. SOUTH BELLINGHAM REZONING

To see if the Town will vote to amend the Bellingham Zoning By-law by revising the Zoning Map south of Bungay Brook to the Woonsocket City line and east of Paine Street to the Wrentham Town line, rezoning from the Residential and Business-1 Districts to the Agricultural District, an area totalling approximately 295 acres, consisting of:

- Lot 37 on Assessor's Map 95, excluding the portion west of a line 200 feet east of and running parallel to the eastern right-of-way line of Paine Street;
- the Business-zoned portion of Lot 21a on Assessor's Map 95;
- Lots 24, 25 and 62a on Assessor's Map 96;

- Lot 32a on Assessor's Map 99, Lot 1 on Assessor's Map 100, and Lots 1 and 2 on Assessor's Map 101;

or act or do anything in relation thereto.

(By: Planning Board)

VOTED: Unanimously voted that the Town amend the Bellingham Zoning By-law by revising the Zoning Map south of Bungay Brook to the Woonsocket City line and east of Paine Street to the Wrentham Town line, rezoning from the Residential and Business-1 Districts to the Agricultural District, an area totalling approximately 295 acres, consisting of:

- Lot 37 on Assessor's Map 95, excluding the portion west of a line 200 feet east of and running parallel to the eastern right-of-way line of Paine Street;
- the Business-zoned portion of Lot 21a on Assessor's Map 95;
- Lots 24, 25 and 62a on Assessor's Map 96;
- Lot 32a on Assessor's Map 99, Lot 1 on Assessor's Map 200, and Lots 1 and 2 on Assessor's Map 101.

(Recommended by: Finance Committee
Planning Board
Conservation Committee)

ARTICLE 27. REQUEST FOR REZONING

To see if the Town will vote to rezone from the Agricultural District to the Business 1 District, the remainder of a parcel of land not presently within the Business 1 Zoning District, shown on the Bellingham Assessors Map 51 as Parcel 4, containing approximately 11.6 acres, also shown as Lots numbered 5, 6, and 8 on Land Court Plan Number 12154, filed in the Norfolk Registry District with Certificate No. 106568, Book 533; or act or do anything in relation thereto.

(By: Petitioner)

VOTED: YES 38 - NO 61

Motion on this Article did not carry.

(Not Recommended by Finance Committee
Recommended by Planning Board)

ARTICLE 28. ACCEPTANCE OF RESERVOIR DRIVE

To see if the Town will vote to accept the private way known as Reservoir Drive, easements appurtenant thereto and the Deed thereto, said Reservoir Drive being shown on a Plan entitled "Reservoir Estates" Plan of Land in Bellingham, Mass, Scale 1" = 40', dated April 8, 1985, Rev. May 30, 1985, G.R. Brisson, Registered Land Surveyor, Bellingham, Mass, filed with the Norfolk Registry of Deeds, January 16, 1986, as Plan Number 70 of 1986 in Plan Book 332; said Reservoir Drive being approximately 50 feet in width and extending from Lake Street to the westerly boundary of property now or formerly owned by Emile Gareau; or act or do anything in relation thereto.

(By: Petitioner)

VOTED: Passed over.

ARTICLE 29. ACCEPTANCE OF DAVID ROAD AND ROLLING HILLS DRIVE

To see if the Town will vote to accept the private ways known as David Road and Rolling Hills Drive, easements

appurtenant thereto and the Deed thereto, said David Road and Rolling Hills Drive being shown on a Plan entitled "Rolling Hills" Plan of Land in Bellingham, Mass, Scale 1" = 40', dated February 11, 1985, Rev. 4/4/85, G.R. Brisson, Registered Land Surveyor, Bellingham, Mass, filed with Norfolk Registry of Deeds, December 21, 1985 as Plan Number 1765 of 1985 in Plan Book 331; said David Road being approximately 50 feet in width and extending from Mechanic Street to David Road, a public way; and said Rolling Hills Drive being approximately 50 feet in width and extending from the aforementioned David Road, a private way, to the westerly boundary of property now or formerly owned by Orlando DiPietro, or act or do anything in relation thereto.

(By: Petitioner)

VOTED: Unanimously voted that the Town accept as public ways, the roads, easements appurtenant thereto, and the deed thereto, identified as David Road and Rolling Hills Drive on a plan entitled "Acceptance Plan of Land of David Road in Bellingham, MA," dated May 28, 1988, revised March 9, 1994, prepared by Stavinski Engineering Associates, Inc. which is to be recorded at the Norfolk County Registry of Deeds, and as more particularly described in a deed on file at the office of the Town of Bellingham Town Clerk and to authorize the Selectmen to accept a deed thereto.

(Recommended by: Finance Committee
Board of Selectmen
Highway Department
Planning Board)

ARTICLE 30. ACCEPTANCE OF WILLIAM WAY

To see if the Town will vote to accept as a public way, a road, the easements appurtenant thereto, and the deed thereto, identified as William Way, and being sixty (60) feet wide, more or less, for a distance of 1,630 feet, more or less, commencing at the southerly side of Mendon Road (Route 140) and traveling southerly, all as shown on a Plan entitled "Definitive Plan" of land of proposed industrial park called Park-140, owned by William H. Hood dated July 1984, revised September 4, 1984, recorded with Norfolk County Registry of Deeds in Plan Book 316 as Plan No. 1250 A-D of 1984, and as more particularly described in a deed on file at the office of the Town of Bellingham Town Clerk, and to authorize the Selectmen to accept a deed thereto; or act or do anything in relation thereto.

(By: Petitioner)

VOTED: Passed over.

ARTICLE 31. BY-LAW AMENDMENT - WATER DISCHARGE UPON PUBLIC WAY

To see if the Town will vote to amend the by-laws by adding thereto the following:

"6-19 Water Discharge Upon Public Way.

No person, owner of property or person controlling property shall discharge or permit to be discharged into or upon any street, court, lane, road, public enclosure, pond or body of water or vacant lot within the limits of the Town any water, waste or otherwise, without a permit issued by the Department of Public Works."

or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Motion on this Article did not carry.

ARTICLE 32. BY-LAW AMENDMENT - ADULT ENTERTAINMENT

To see if the Town will vote to amend the Code of By-laws by adding thereto, the following section:

Section 6-18. Adult Entertainment

The following by-law shall apply to license holders who and which conduct entertainment upon licensed premises within the confines of the Town of Bellingham.

The following acts of conduct in or on licensed premises are deemed contrary to the public need and are detrimental to the common good, and therefore no licenses shall be held for entertainment nor the sale of alcoholic beverages to be served and drunk on the licensed premises where such acts or conduct are permitted.

I. Attire and conduct of employees, entertainers, and other persons.

A. It is forbidden to employ or permit any person in or on the licensed premises while such person is unclothed or in such attire as to expose to view any portion of the areola of the female breast or of any portion of the pubic hair, cleft of the buttocks or genitals.

B. It is forbidden to employ or permit any hostess or other person to mingle with the patrons while such hostess or other person is unclothed or in such attire as described in paragraph A above.

C. It is forbidden to encourage or permit any person in or on the licensed premises to touch, caress or fondle the breasts, buttocks, or genitals of any other person.

D. It is forbidden to employ or permit any person to wear or use any device or covering exposed to view which simulates the breasts, buttocks, pubic hair, or genitals or any portion thereof.

E. It is forbidden to employ or permit any person in or on the licensed premises to perform an act or acts, or to simulate an act or acts of:

1. Sexual intercourse, masturbation, sodomy, flagellation or any sexual acts prohibited by law; or
2. Touching, caressing, or fondling of the breasts, buttocks, or genitals of another.

II. Visual Displays

It is forbidden to employ or permit any person in or on the licensed premises to show motion picture films, television type cassettes, still pictures, or other photographic reproductions depicting any of the acts, or any simulation of any acts, prohibited in this by-law.

III. Severability

If any of the provisions of this by-law or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions of the by-law, or the application of such other provisions which can be given effect without the invalid provision or application thereof, and for this purpose the provisions of this by-law are severable.

IV. Other Laws

1. A uniformed police officer shall be on duty, at the expense of the owner, where live entertainment takes place and a fee, compensation or donation is charged for

admission. This requirement may be waived by the Board of Selectmen, for just cause presented by the owner.

2. The applicant for an entertainment license must specify exactly what type of entertainment will be shown.

3. All initial or renewal licenses are subject to payment of all taxes owed to the Town of Bellingham before such licenses shall be issued; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town amend the Code of By-laws adopted under Article 17 of this Warrant by adding thereto, the following section:

Chapter 18. Adult Entertainment

The following by-law shall apply to license holders who and which conduct entertainment upon licensed premises within the confines of the Town of Bellingham.

The following acts of conduct in or on licensed premises are deemed contrary to the public need and are detrimental to the common good, and therefore no licenses shall be held for entertainment nor the sale of alcoholic beverages to be served and drunk on the licensed premises where such acts or conduct are permitted.

ARTICLE 18.01

Attire and conduct of employees, entertainers, and other persons.

Section 18.01 .010 - Employees and Others

It is forbidden to employ or permit any person in or on the licensed premises while such person is unclothed or in such attire as to expose to view any portion of the areola of the female breast or of any portion of the pubic hair, cleft of the buttocks or genitals.

Section 18.01 .020 - Hostess and Others

It is forbidden to employ or permit any hostess or other person to mingle with the patrons while such hostess or other person is unclothed or in such attire as described in paragraph A above.

Section 18.01 .030 - Touching

It is forbidden to encourage or permit any person in or on the licensed premises to touch, caress or fondle the breasts, buttocks, or genitals of any other person.

Section 18.01 .040 - Other Devices

It is forbidden to employ or permit any person to wear or use any device or covering exposed to view which simulates the breasts, buttocks, pubic hair, or genitals or any portion thereof.

Section 18.01 .050 - Acts

It is forbidden to employ or permit any person in or on the licensed premises to perform an act or acts, or to simulate an act or acts of:

1. Sexual intercourse, masturbation, sodomy, flagellation or any sexual acts prohibited by law; or
2. Touching, caressing, or fondling of the breasts buttocks, or genitals of another.

Article 18.02 - Visual Displays

It is forbidden to employ or permit any person in or on the licensed premises to show motion picture films, television type cassettes, still pictures, or other photographic reproductions depicting any of the acts, or any simulation of any acts, prohibited in this by-law.

Article 18.03 - Severability

If any of the provisions of this by-law or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions of the by-law, or the application of such other provisions which can be given effect without the invalid provision or application thereof, and for this purpose the provisions of this by-law are severable.

Article 18.04 - Police

At the discretion of the Chief of Police there shall be a uniformed police officer on duty, at the expense of the owner, where live entertainment takes place and a fee, compensation or donation is charged for admission.

Article 18.05 - Notice At Time of License

The applicant for an entertainment license must specify exactly what type of entertainment will be shown.

Article 18.06 - Payment of Taxes

All initial or renewal licenses are subject to payment of all taxes owed to the Town of Bellingham before such licenses shall be issued.

(Recommended by Finance Committee)

ARTICLE 33. SOUTH SCHOOL ADMINISTRATION BUILDING RENTAL
To see if the Town will vote to authorize the Board of Selectmen to enter into a long term lease agreement for the rental of the South School Administration Building located on South Main Street at "Crooks Corner"; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town authorize the Board of Selectmen to enter into a long term lease agreement for the rental and repair of the South School Administration Building located on South Main Street at "Crooks Corner".

(Recommended by Finance Committee)

ARTICLE 34. MANDATORY SEWER CONNECTIONS BY-LAW

To see if the Town will vote to adopt the following sewer connection by-law:

All owners or occupants of any buildings upon land abutting on a private or public way to which there is a common sewer stub connection available, shall within one (1) year of acceptance of this by-law or acceptance of the common sewer by the Town, connect the building to the common sewer with a sufficient drain. A variance from this requirement may be granted by the Board of Selectmen on the following condition:

That said land, by reason of its grade, level or any other cause cannot be drained by gravity into such sewer, further, provided that a private septic system is installed which meets the requirements of the Board of Health, then said

variance to be only for so long as said system continues to meet those requirements as they may be amended or revised; or act or do anything in relation thereto.

(By: Water/Sewer Department)

VOTED: That the Town amend the Code of By-Laws adopted under Article 17 of this warrant by adding:

Chapter 19. Sewer and Water

Article 1.01 - Sewer Connections

All owners or occupants of any buildings upon land abutting on a private or public way to which there is a common sewer stub connection available, shall within thirty-six (36) months of acceptance of this By-Law or acceptance of the common sewer by the town, connect the building to the common sewer with a sufficient drain.

A variance from this requirement may be granted by the Board of Selectmen on the following condition:

That said land, by reason of its grade, level or any other cause cannot be drained by gravity into such sewer, and/or provided that a private septic system is installed which meets the requirements of the Board of Health, then said variance to be only for so long as said system continues to meet those requirements as they may be amended or revised.

This By-Law will not preclude a property owner from connecting to the sewer system at some future date, subject to available capacity.

ATTEST:

Kathleen M. Harvey
Bellingham Town Clerk

SECOND ANNUAL FALL TOWN MEETING

of

Wednesday, October 5, 1994

at 7:30 P.M.

ARTICLE 1. FUNDING FOR ONGOING REVALUATION

To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$30,000 for the ongoing revaluation of properties in the Town of Bellingham; or act or do anything in relation thereto.

(By: Board of Assessors)

VOTED: Unanimously voted that the Town raise and appropriate the sum of \$30,000.00 for the ongoing revaluation of properties in the Town; said sum to be raised from Free Cash.

(Recommended by Finance Committee)

ARTICLE 2. AMEND ARTICLE 1.

To see if the Town will vote to amend Article 1 of the 1994 May Annual Town Meeting by reducing, adding to, deleting, amending appropriations or transferring funds from various sources into items within Article 1; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town amend Article 1 of the May 1994 Annual Town Meeting by amending the various items listed as follows:

Funds to be transferred to the following account from Item 710 Debt-Principal Payments of the May 1994 Annual Town Meeting.

Item 122 Selectmen Expenses of the May 1994 Annual Town Meeting	\$10,000.00
Item 141 Assessors Salaries of the May 1994 Annual Town Meeting	3,300.00
Item 145 Treasurer Expenses of the May 1994 Annual Town Meeting	20,000.00
Item 192 Municipal Building Expenses of the May 1994 Annual Town Meeting (Center School Heating System)	10,000.00
Item 210 Police Salaries of the May 1994 Annual Town Meeting	30,000.00
Item 210 Police Expenses of the May 1994 Annual Town Meeting	2,000.00
Item 241 Town Inspector Salaries of the May 1994 Annual Town Meeting	11,715.00
Item 300 School Department Expenses of the May 1994 Annual Town Meeting	0.00

In addition, the School Department shall be authorized to enter into a lease/purchase agreement for computer hardware/software, and a docutech machine, for a period of three years or more.

Item 422 Highway Salaries
of the May 1994 Annual Town Meeting 10,000.00

Item 610 Library Salaries
of the May 1994 Annual Town Meeting 500.00

Item 610 Library Expenses
of the May 1994 Annual Town Meeting 4,600.00

Item 630 Parks Expenses
of the May 1994 Annual Town Meeting 2,500.00

Funds to be transferred to the following account from Free Cash.

Item 710 Debt-Principal Payments
of the May 1994 Annual Town Meeting \$565,000.00

(Recommended by Finance Committee)

ARTICLE 3. CAPITAL OUTLAY

To see if the Town will vote to raise and appropriate a sum of money and to determine how such appropriation shall be raised, whether by transfer of available funds, by taxation, by borrowing or otherwise, and if by borrowing, to authorize the issuance and sale of general obligation bonds or notes of the Town therefore for the purpose of financing the purchase, construction, reconstruction and/or engineering costs associated with various capital outlay items or improvements proposed by town departments, boards or committees; or act or do anything in relation thereto.

(By: Board of Selectmen)

Motion to waive secret ballot vote as required by Article 4.07 (Conduct of Meetings), Section 4.07.130 of the Town By-Laws carried unanimously.

VOTED: Unanimously voted that the Town raise and appropriate the sum of \$520,050.00 for the purpose of funding the following items:

Auxiliary Police Cruiser	\$18,800.00
24 Department Revolvers	4,125.00
Cruisers	38,000.00
Cruiser Camera	4,300.00
3 Mobile Radio Units	2,325.00
8 Portable Radios	5,800.00
Renovation of Ballfields	55,000.00
Bucket Truck	35,000.00
Grader Cap (DPW)	7,500.00

Grove Street Standpipe 110,000.00
(To be added to the sum of \$180,000.00 previously appropriated under Article 9 of the May 1994 Annual Town Meeting "to rehabilitate (paint) Grove Street standpipe".

Assessors-GIS Mapping	235,000.00
Assessors-Fireproof Cabinets	5,000.00

\$395,050.00 to be raised from Free Cash and \$125,000.00 transferred from the Overlay Surplus.

(Recommended by Finance Committee)

ARTICLE 4. TEACHER DEFERRAL ACCOUNT

To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to the Teacher Deferral Account to reduce this liability to zero; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town raise and appropriate the sum of \$283,652.00 and to add said sum to the Teacher Deferral Account to reduce this liability to zero; said sum to be transferred from Free Cash.

(Recommended by Finance Committee)

ARTICLE 5. STABILIZATION FUND

To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to be transferred to the Stabilization Fund; or act or do anything in relation thereto.

(By: Finance Committee)

VOTED: Unanimously voted that the Town appropriate \$380,519.33 from Free Cash and transfer said sum to Item 950, Expenses-Stabilization Fund.

(Recommended by Finance Committee)

ARTICLE 6. UNPAID BILLS

To see if the Town will vote to raise and appropriate a sum of money for the payment of certain unpaid bills; or act or do anything in relation thereto.

(By: Finance Committee)

VOTED: Unanimously voted that the Town pay the following unpaid bills by appropriating the amounts listed from Free Cash and transferring said amounts into the Unpaid Bills Account.

DPW - Highway, Item 422, Expenses	
MA Department of Revenue	\$11,749.03
Louis D. Campano, Jr.	52.50
DPW - Water/Sewer, Item 450, Expenses	
Certified Engineering & Testing Company	1,175.00
DPW - Tree Warden, Item 294, Expenses	
Charlie's Tire & Service Center	15.00
Veteran's Services, Item 543, Expenses	
Orion Emergency Services, Inc.	53.00
Ali A. Amini, MD	445.50
Milford Radiology Associates	101.81
Planning Board, Item 175, Expenses	
Town of Bellingham Alternative Printing	47.00
House Numberer, Expenses	
Maurice Gregoire	20.83

(Recommended by Finance Committee)

ARTICLE 7. AMEND CHAPTER 17, ARTICLE 17.03, TOWN BY-LAWS

To see if the Town will vote to amend Chapter 17, Article 17.03 of the by-laws by deleting the following sentence:

"For each license a license fee shall be established by the Board of Selectmen after a public hearing and may be changed thereafter by the Board of Selectmen after a public hearing".

or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town amend Chapter 17, Article 17.03 of the By-Laws by deleting the following sentence:

"For each license a license fee shall be established by the Board of Selectmen after a public hearing and may be changed thereafter by the Board of Selectmen after a public hearing".

(Recommended by Finance Committee)

ARTICLE 8. AMEND CHAPTER 15 OF TOWN BY-LAWS

To see if the Town will vote to amend the by-laws by adding thereto the following:

"15.04 WATER DISCHARGE UPON PUBLIC WAY

No person, owner of property or person controlling property shall discharge or permit to be discharged into or upon any street, court, lane or other public roadway any water so as to create a public safety hazard by freezing or by creating localized flooding of the roadway."

or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town amend the By-Laws by adding thereto the following:

"15.04 WATER DISCHARGE UPON PUBLIC WAY

No person, owner of property or person controlling property shall discharge or permit to be discharged into or upon any street, court, lane, public roadway, or roadway to which the public has a right to use, any water so as to create a public safety hazard by freezing or flooding of the roadway."

(Recommended by Finance Committee)

ARTICLE 9. ACCEPTANCE OF WILLIAM WAY

To see if the Town will vote to accept as a public way, a road, the easements appurtenant thereto, and the deed thereto, identified as William Way, and being sixty (60) feet wide, more or less for a distance of 1,630 feet, more or less, commencing at the southerly side of Mendon Road (Route 140) and traveling southerly, all as shown on a Plan entitled "Definitive Plan" of land of proposed industrial park called Park-140, owned by William H. Hood dated July 1984, revised September 4, 1984 recorded with Norfolk Registry of Deeds in Plan Book 316 as Plan No. 1250 A-D of 1984, and as more particularly described in a deed on file at the Office of the Town of Bellingham Town Clerk, and to authorize the Selectmen to accept a deed thereto; or act or do anything in relation thereto.

(By: Petitioner)

VOTED: Passed over.

ARTICLE 10. SEWER PUMPING STATION ARTICLE

To see if the Town will vote to amend its by-laws by adding the following:

Chapter 19, Article 2.01, Sewer Lift Station Construction

This By-law shall apply only to sewer pumping stations which are constructed on public property or on property that will become public property upon completion of the project.

This by-law will not apply to pumping stations which service condominium complexes, which must be retained as property of the condominium association. The operations, maintenance and repair of such to be solely the responsibility of the condominium association.

Every attempt will be made between the applicant for a sewer extension permit and the Town of Bellingham to provide for gravity flow sewer services to all buildings serviced by any extension. However, where gravity sewer lines are not possible, a lift station which will eventually become the property of the Town of Bellingham may be approved under the following parameter:

By depositing in a town special gift account an amount calculated and specified by the Department of Public Works Director and/or the Town Administrator, to earn interest sufficient to fund the projected annual cost of service, maintenance, repair, and parts replacement for each individual lift station over the expected lifetime of buildings served by such lift station. (Said gift to be no less than \$100,000). The basis of the calculation shall be that the interest generated by such account will fund the cost of servicing, maintaining, repairing and/or replacing parts at the lift station. The donation of said gift is to be made prior to the issuance of the first building permit in any new project, and before the acceptance of a sewer extension permit application for any previously developed property.

or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town amend the By-Laws by adding the following:

Chapter 19, Article 2.01, Sewer Lift Station Construction

This By-law shall apply only to sewer pumping stations which are constructed on public property or on property that will become public property upon completion of the project.

This by-law will not apply to pumping stations which service condominium complexes, which must be retained as property of the condominium association. The operations, maintenance and repair of such to be solely the responsibility of the condominium association.

Every attempt will be made between the applicant for a sewer extension permit and the Town of Bellingham to provide for gravity flow sewer services to all buildings serviced by any extension. However, where gravity sewer lines are not possible, a lift station which will eventually become the property of the Town of Bellingham may be approved under the following parameter:

By depositing in a town special gift account an amount calculated and specified by the Department of Public Works Director and/or the Town Administrator, to earn interest sufficient to fund the projected annual cost

of service, maintenance, repair, and parts replacement for each individual lift station over the expected lifetime of buildings served by such lift station. (Said gift to be no less than \$100,000.00). The basis of the calculation shall be that the interest generated by such account will fund the cost of servicing, maintaining, repairing and/or replacing parts at the lift station. The donation of said gift is to be made prior to the issuance of the first building permit in any new project, and before the acceptance of a sewer extension permit application for any previously developed property.

(Recommended by Finance Committee)

As of the printing of this town report, approval by the Attorney General of Article 10 is pending.

OFFICE OF THE
TOWN CLERK
Kathleen M. Harvey

Dear Ms. Harvey:

I enclose the amendments to the general by-laws adopted under articles 15, 17, 32 and 34 and the amendments to the zoning by-laws adopted under articles 22, 23, 24, 25 and 26 of the warrant for the Bellingham Annual Town Meeting that convened May 25, 1994, with the approval of this Office endorsed thereon and on the zoning map pertaining to article 26, except that article 14.02 is stricken and deleted from the recodified by-laws adopted under article 17.

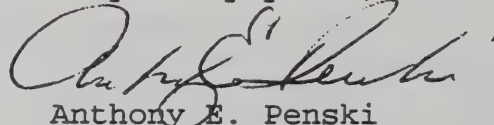

Article 14.02 makes it unlawful to continue to linger, sit or stand on any street, sidewalk or other public place so as to obstruct the free passage of travelers thereon, after being directed by a police officer to move on. Violation of the provisions is punishable by fine.

When a municipal by-law imposes a penalty, the regulation must "define the criminal offense with sufficient definiteness that ordinary people can understand what conduct is prohibited and in a manner that does not encourage arbitrary and discriminatory enforcement." Kolender v. Lawson, 461 U.S. 352, 357 (1983). "[T]he mere act of . . . loitering on a public way is lawful." Commonwealth v. Williams, 395 Mass. 302, 305 (1985).

In Williams, the Supreme Judicial Court examined a City of Boston ordinance prohibiting sauntering or loitering "in a street in such a manner as to obstruct or endanger travellers or in a manner likely to cause a breach of the peace or incite a riot." The Court held that the ordinance was on its face unconstitutional because the phrase "'in such a manner as to obstruct . . . travellers' fails to provide a person of common intelligence with sufficient notice of the offending conduct" and because "the ordinance fails to set minimal guidelines to govern law enforcement." This in effect gives the police an "unfettered discretion that could result in arbitrary or discriminatory enforcement." Williams, 395 Mass. at 305-306.

Article 14.02 suffers from the same infirmities that caused the Boston ordinance to be invalidated in Williams. It is vague and overly broad, thus violating "the first essential of due process of law." Connally v. General Construction Co., 269 U.S. 385, 391 (1926). And, it lacks standards to properly guide police in its enforcement. Williams, 395 Mass. at 306.

Very truly yours,

Anthony E. Penski
Assistant Attorney General
Government Bureau

RE: Annual Town Meeting May 25, 1994
GENERAL BY-LAW CHANGES; ARTICLE 15

Dear Attorney General:

I hereby certify the following motion was adopted by the qualified voters of the Town of Bellingham under the General By-Law Article 15 of the Warrant for the Annual Town Meeting of May 25, 1994:

ARTICLE 15. AMEND CHAPTER 12, BELLINGHAM CODE OF BY-LAWS

VOTED: Unanimously voted that the Town amend Chapter 12 of the Bellingham Code of By-Laws, adopted under Article 17 of this warrant, by adding Article 12.07, a local option, to read as follows:

To adopt MGL C. 143 Section 3Z, to allow a part-time Inspector of Buildings, Building Commissioner, local or alternate inspector to engage in business in Town, provided that another inspector oversees the inspection of the building project in which he/she is involved.

(Recommended by Finance Committee)

A true record.

RE: Annual Town Meeting May 25, 1994
NEW CODE OF BY-LAWS

Dear Attorney General:

I hereby certify the following motion was adopted by the qualified voters of the Town of Bellingham under the General By-Law Article 17 of the Warrant for the Annual Town Meeting of May 25, 1994:

ARTICLE 17. ADOPTION OF REVISED BY-LAWS

VOTED: Unanimously voted:

1. That the Code of By-laws, consisting of Chapters 1 to 17, each inclusive, as presented herewith to the Town Moderator and Town Clerk, is hereby adopted and enacted as the "Code of By-laws, Town of Bellingham, Massachusetts."

2. That all provisions of such Code shall be in full force and effect ninety calendar days from and after the final adjournment of the 1994 Town of Bellingham Annual Town Meeting, including any continuances thereof. (Aug. 23, 1994)

3. That whenever in such Code an act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or whenever in such Code the doing of any act is required or the failure to do any act is declared to be unlawful, and no specific penalty is provided therefor, the violation of any such provision of such Code shall be punishable by a fine of not more than Three Hundred Dollars (\$300.00), as provided in Article 1.04 of such Code.

4. That any and all additions and amendments to such Code when passed in such form as to indicate the intention of the Town to make the same a part thereof, shall be deemed to be incorporated in such Code so that reference to the Code of

Article 17 (continued)

By-laws of the Town of Bellingham, Massachusetts, shall be understood and intended to include such additions and amendments.

5. That in case of the amendment of any section of such Code for which a penalty is not provided, the general penalty as provided in Section 3 herein and Article 1.04 of such Code shall apply to the section as amended; or, in case such amendment contains provisions for which a penalty, other than the aforementioned general penalty, is provided in another section in the same chapter, the penalty so provided in such other section shall be held to related to the section so amended, unless such penalty is specifically repealed therein.

6. That three (3) copies of such Code shall be kept on file in the office of the Town Clerk, preserved in such form as the Town Clerk may consider most expedient. It shall be the express duty of the Town Clerk, or someone authorized by the Town Clerk to maintain, insert all amendments and ordinances adopted by the Town, extract therefrom all provisions which may from time to time be repealed by the Town. Such copies of such Code shall be available for all persons desiring to examine the same.

7. That it shall be unlawful for any person to change or amend, by additions or deletions, any part or portion of such Code, or to insert or delete pages or portions thereof, or to alter or tamper with such Code in any manner whatsoever which will cause the law of the Town of Bellingham to be misrepresented thereby. Any person violating this section shall be punished as provided in Section 3 of this ordinance.

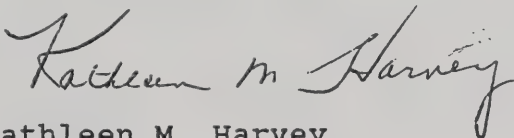

8. Appendix A Zoning as presently adopted and amended shall remain in force and shall become Division II Zoning to this Code of By-Laws. All penalties for violation of the Code adopted herein shall also apply to Division II Zoning.

9. That all By-laws previously adopted except for those contained herein and the aforesaid Appendix A Zoning (Division II Zoning) are hereby repealed.

(Recommended by Finance Committee)

A true record.

ATTEST:

Kathleen M. Harvey
Bellingham Town Clerk

NOTE:

Copies of the approved By-Laws are available for inspection or purchase in the office of the town clerk.

RE: Annual Town Meeting May 25, 1994
ARTICLE 32. BY-LAW AMENDMENT - ADULT ENTERTAINMENT

Dear Attorney General:

I hereby certify the following motion was adopted by the qualified voters of the Town of Bellingham under the General By-Law Article 32 of the Warrant for the Annual Town Meeting of May 25, 1994:

ARTICLE 32. BY-LAW AMENDMENT - ADULT ENTERTAINMENT

VOTED: Unanimously voted that the Town amend the Code of By-laws adopted under Article 17 of this Warrant by adding thereto, the following section:

Chapter 18. Adult Entertainment

The following by-law shall apply to license holders who and which conduct entertainment upon licensed premises within the confines of the Town of Bellingham.

The following acts of conduct in or on licensed premises are deemed contrary to the public need and are detrimental to the common good, and therefore no licenses shall be held for entertainment nor the sale of alcoholic beverages to be served and drunk on the licensed premises where such acts or conduct are permitted.

ARTICLE 18.01

Attire and conduct of employees, entertainers, and other persons.

Article 32 (continued)

Section 18.01 .010 - Employees and Others

It is forbidden to employ or permit any person in or on the licensed premises while such person is unclothed or in such attire as to expose to view any portion of the areola of the female breast or of any portion of the pubic hair, cleft of the buttocks or genitals.

Section 18.01 .020 - Hostess and Others

It is forbidden to employ or permit any hostess or other person to mingle with the patrons while such hostess or other person is unclothed or in such attire as described in paragraph A above.

Section 18.01 .030 - Touching

It is forbidden to encourage or permit any person in or on the licensed premises to touch, caress or fondle the breasts, buttocks, or genitals of any other person.

Section 18.01 .040 - Other Devices

It is forbidden to employ or permit any person to wear or use any device or covering exposed to view which simulates the breasts, buttocks, pubic hair, or genitals or any portion thereof.

Section 18.01 .050 - Acts

It is forbidden to employ or permit any person in or on the licensed premises to perform an act or acts, or to simulate an act or acts of:

1. Sexual intercourse, masturbation, sodomy, flagellation or any sexual acts prohibited by law; or
2. Touching, caressing, or fondling of the breasts buttocks, or genitals of another.

Article 18.02 - Visual Displays

It is forbidden to employ or permit any person in or on the licensed premises to show motion picture films, television type cassettes, still pictures, or other photographic reproductions depicting any of the acts, or any simulation of any acts, prohibited in this by-law.

Article 18.03 - Severability

If any of the provisions of this by-law or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions of the by-law, or the application of such other provisions which can be given

Article 32 (continued)

effect without the invalid provision or application thereof, and for this purpose the provisions of this by-law are severable.

Article 18.04 - Police

At the discretion of the Chief of Police there shall be a uniformed police officer on duty, at the expense of the owner, where live entertainment takes place and a fee, compensation or donation is charged for admission.

Article 18.05 - Notice At Time of License

The applicant for an entertainment license must specify exactly what type of entertainment will be shown.

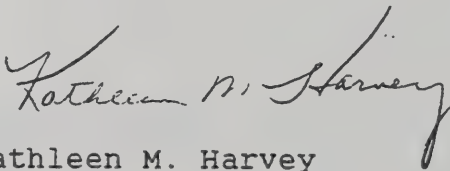

Article 18.06 - Payment of Taxes

All initial or renewal licenses are subject to payment of all taxes owed to the Town of Bellingham before such licenses shall be issued.

(Recommended by Finance Committee)

RE: Annual Town Meeting May 25, 1994
ARTICLE 34. MANDATORY SEWER CONNECTIONS BY-LAW

Dear Attorney General:

I hereby certify the following motion was adopted by the qualified voters of the Town of Bellingham under the General By-Law Article 34 of the Warrant for the Annual Town Meeting of May 25, 1994:

ARTICLE 34. MANDATORY SEWER CONNECTIONS BY-LAW

VOTED: That the Town amend the Code of By-Laws adopted under Article 17 of this warrant by adding:

Chapter 19. Sewer and Water

Article 1.01 - Sewer Connections

All owners or occupants of any buildings upon land abutting on a private or public way to which there is a common sewer stub connection available, shall within thirty-six (36) months of acceptance of this By-Law or acceptance of the common sewer by the town, connect the building to the common sewer with a sufficient drain.

A variance from this requirement may be granted by the Board of Selectmen on the following condition:

That said land, by reason of its grade, level or any other cause cannot be drained by gravity into such sewer, and/or provided that a private septic system is installed which meets the requirements of the Board of Health, then said variance to be only for so long as said system continues to meet those requirements as they may be amended or revised.

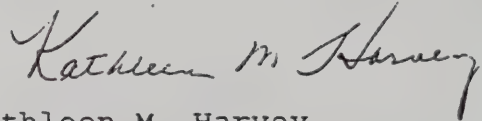

Article 34. (continued)

This By-Law will not preclude a property owner from connecting to the sewer system at some future date, subject to available capacity.

(Recommended by Finance Committee)

ARTICLE 22. DRAINAGE FACILITY DESIGN

Dear Attorney General:

I hereby certify the following motion was adopted by the qualified voters of the Town of Bellingham under Zoning By-Law Article 22 of the Warrant for the Annual Town Meeting of May 25, 1994:

ARTICLE 22. DRAINAGE FACILITY DESIGN

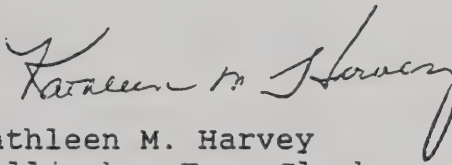

VOTED: Unanimously voted that the Town amend the Bellingham Zoning By-Law by inserting the following as a new paragraph at the end of Section 3282:

"Drainage facilities, including detention basins, shall be designed consistent with the standards of the 'Rules and Regulations Governing the Subdivision of Land' of the Bellingham Planning Board, as most recently amended February 22, 1990. Basin fencing materials shall be subject to approval by the Planning Board in conducting Development Plan Review, and shall be selected to prevent accidental entry into the detention area, but still allowing visibility into it".

ARTICLE 23. DRIVEWAYS

Dear Attorney General:

I hereby certify the following motion was adopted by the qualified voters of the Town of Bellingham under Zoning By-Law Article 23 of the Warrant for the Annual Town Meeting of May 25, 1994:

ARTICLE 23. DRIVEWAYS.

VOTED: Unanimously voted that the Town amend the Bellingham Zoning By-Laws, Section 3330 Parking Area design and location by inserting the following:

"All required parking spaces shall be provided with unobstructed access to and from a street and shall be properly maintained so as to permit them to be used at all times.

(a) A shared driveway shall be considered to provide adequate access to more than two lots or more than four dwelling units only if the Planning Board, in acting on a definitive subdivision plan or Development Plan, or if the Board of Appeals or other Special Permit Granting Authority, in acting on a special permit, determines that such shared access provides some community benefit, such as environmental protection or improvement of egress safety, and does not circumvent the intent of the Subdivision Regulations, as well as meeting the requirements of paragraph (b).

(b) Driveways, whether shared or not, must meet the following standards if more than 200 feet in length or serving five (5) or more parking spaces.

Article 23. (continued)

(1) The traveled way shall be paved (unless paving is waived by the Planning Board as provided at Section 3331) at least ten (10) feet wide, and tree and shrub branches less than 13 feet above driveway grade must be cleared or trimmed to provide 12 feet width for unobstructed travel.

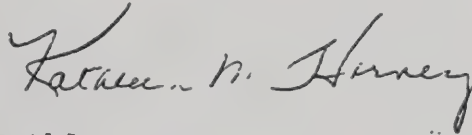

(2) Centerline radius shall be at least 80 feet, and grade shall not exceed 12%.

(c) Driveways serving corner lots shall gain access from that street designated by the Planning Board in performing Development Plan Review, if applicable. In cases where Development Plan Review is not required, corner lot driveways shall gain access from that street determined by the Building Inspector to have the lower daily traffic volume, unless, following consultation with the Planning Board and the Police Safety Officer, the Building Inspector determines that allowing egress onto the busier street would be no less safe".

ARTICLE 24. SPLIT LOT REGULATIONS

Dear Attorney General:

I hereby certify the following motion was adopted by the qualified voters of the Town of Bellingham under Zoning By-Law Article 24 of the Warrant for the Annual Town Meeting of May 25, 1994:

VOTED: Unanimously voted the the Town amend the Bellingham Zoning By-Law by deleting Section 2130 and substituting the following:

"2130. Where a district boundary line divides any lot existing at the time such boundary line is adopted, the Zoning regulations shall apply as follows.

"(a) In the case of a use allowed in both districts, the lot shall be considered as a whole, and the dimensional regulations of the district in which the majority of the lot frontage lies shall apply to the entire lot.

(b) In the case of a use not allowed in one of the districts in which the lot lies, but allowed in another, the lot shall be considered as if divided into separate portions by either the district boundary line or a line parallel to that line and not more than 30 feet within the less restricted district, with development of each resulting portion of the lot to meet all requirements of the district in which the majority of that portion's frontage is located (including use, lot area, frontage, and yards)."

ARTICLE 25. CLUSTER REFINEMENT

Dear Attorney General:

I hereby certify the following motion was adopted by the qualified voters of the Town of Bellingham under Zoning By-Law Article 25 of the Warrant for the Annual Town Meeting of May 25, 1994:

VOTED: Unanimously voted that the Town amend the Bellingham Zoning By-Law as follows:

1. Amend the first paragraph of Section 4300 by deleting the words "located within the Agricultural (A) or Suburban (S) district", so that it reads as follows:

"4300. Cluster Development

Parcels in excess of ten acres may be subdivided and developed with clustered lots, if approved by the Planning Board for a Special Permit for Cluster Development. Such approval shall be granted only subject to the following conditions:".

2. Delete paragraph 4330 and substitute the following:

"4330. The Intensity of Use Requirements of Section 2600 for the Residential (R) District shall be conformed to for each cluster lot created, provided that either the lot is to be served with public sewerage, or the applicant documents to the satisfaction of the Planning Board that the requirements of

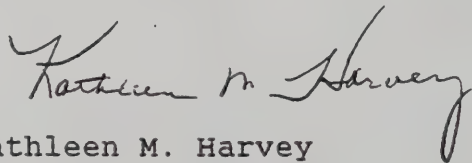

Article 25. (continued)

Title 5 of the Massachusetts Environmental Code (310 CMR 15) can be satisfied at that location with dwellings and lots of the sizes proposed. Otherwise the Intensity of Use Requirements for the Suburban District shall be conformed to for each cluster lot created."

ARTICLE 26. SOUTH BELLINGHAM REZONING

Dear Attorney General:

I hereby certify the following motion was adopted by the qualified voters of the Town of Bellingham under Zoning By-Law Article 26 of the Warrant for the Annual Town Meeting of May 25, 1994:

VOTED: Unanimously voted that the Town amend the Bellingham Zoning By-law by revising the Zoning Map south of Bungay Brook to the Woonsocket City line and east of Paine Street to the Wrentham Town line, rezoning from the Residential and Business-1 Districts to the Agricultural District, an area totalling approximately 295 acres, consisting of:

- Lot 37 on Assessor's Map 95, excluding the portion west of a line 200 feet east of and running parallel to the eastern right-of-way line of Paine Street;
- the Business-zoned portion of Lot 21a on Assessor's Map 95;
- Lots 24, 25 and 62a on Assessor's Map 96;
- Lot 32a on Assessor's Map 99, Lot 1 on Assessor's Map 200, and Lots 1 and 2 on Assessor's Map 101.

VITAL STATISTICS RECORD

1994

BIRTHS	186
MARRIAGES	147
DEATHS	53
TOTALS	386

NOTE: Births and deaths recorded in the Town Report reflect events which occurred ONLY in Massachusetts. Many of Bellingham's births and deaths are in surrounding hospitals in Rhode Island and are considered out-of-state records and not returned to the town of residence.

MARRIAGES recorded in the Town of Bellingham include ONLY those couples who filed their marriage intention in Bellingham.

OUT OF WEDLOCK BIRTHS:

Chapter 556 of the Acts of 1989 allow for resident copies of out of wedlock births to be transmitted to the town of residents, upon request of the mother at the time of birth. This act has been in effect since February 27, 1990 and applies to births from that date to the present.

These records are still considered "impounded" and access is limited to the following individuals:

- Mother and Father - if Father is listed on record
- Child
- Legal Guardian of the Child - with proper legal papers
- Legal representative of the above

VITAL STATISTICS received in the Town Clerk's office too late for publication in the years town report, will be listed separately in the following year's statistics.

Kathleen M. Harvey
Bellingham Town Clerk

TOWN OF BELLINGHAM

OFFICE OF BOARD OF REGISTRARS

TOWN HALL
P. O. BOX 367
BELLINGHAM, MASSACHUSETTS 02019

REPORT OF THE BOARD OF REGISTRARS

At the reorganization meeting of the Board of Registrars held on June 8th, a surprise reception was held for Gordon D. Curtis as he completed his twenty five years as a Republican Member of the Board.

The evening began in the Selectmen's office where Selectmen McElroy surprised Mr. Curtis by presenting him with a citation from the Secretary of State, Michael Joseph Connolly, which congratulated him for his dedicated and outstanding service. A reception followed in the office of the town clerk, where family and friends wished him well. CONGRATULATIONS, GORDON.

The Board of Registrars elected Norman J. Berry Chairman for 1994. Other members are Republican Gordon D. Curtis and Democrats Kathleen M. Harvey and Norma B. Rogers. Mrs. Harvey, the Town Clerk, also serves as clerk to the board. Re-appointed by the Board as Assistant Registrar of Voters at the High School was Edward L. Fleury of the high school guidance department.

Voter Registration sessions were posted, advertised and held as required by law for all town meetings and the town election. In addition, voter registration was provided by the town clerk on a year round basis at her office in the town hall during regular office hours. A special voter registration session was held at the high school before the deadline for registration for the annual town election. Edward Fleury assisted Mrs. Harvey in registering new prospective voters from the student body. A demonstrator voting unit was available for students to assist them in understanding the voting process.

A successful Voter Registration information booth was set up during Bellingham Day with many new residents availing themselves of the opportunity to register.

Beginning July 1st, mail-in voter registration forms became available in Massachusetts. Forms may be found in the Bellingham Post Office, Bellingham Library or you may contact the Town Clerk's office at 966-5827 and one will be sent to you in the mail.

The breakdown of voters in their precinct and by party affiliation as of December 31, 1994 was as follows:

REGISTERED VOTERS STATISTICS

as of

DECEMBER 31, 1994

	PCT.1	PCT.2	PCT.3	PCT.4	PCT.5	TOTALS
DEMOCRATIC PARTY	500	576	478	566	866	2,986
REPUBLICAN	191	211	201	221	137	961
LIBERTARIAN PARTY	1	0	0	0	0	1
UNENROLLED VOTERS	789	812	879	830	698	4,008
TOTAL	1,481	1,599	1,558	1,617	1,701	7,956

We again wish to remind residents of some of the laws they should be aware of regarding voter registration to avoid any problems regarding their voting status. They are:

1. When voters move from one street address to another within the town they are required to file a written change of address notice with the Board of Registrars. This can be done in the Town Clerk's office, and the special forms are available there.
2. Minors who will become 18 years of age prior to any election or town meeting, may register to vote before the final day of voter registration, even though they have not become 18 years of age on the date of registration.
3. New residents may register to vote on their first day of residence in Bellingham and become immediately eligible to vote at all subsequent elections and town meetings, provided the registration is prior to the deadline for that particular election or town meeting.
4. Voter registration deadlines are:
 - a. 20 days prior to the Annual Town Election.
 - b. 20 days prior to the Annual Town Meeting.
 - c. 10 days prior to any Special Town Meeting.
 - d. 20 days prior to the State and General Election.
5. Service personnel who vote by absentee ballot while serving their country, need not be registered voters however, they cannot continue to vote after they are discharged from their duties unless they do register in town.

6. Absentee ballots may be mailed to any voter absent from the town on Election Day or residents may vote by absentee ballot in the office of Town Clerk up until 12 noon the day before an election. Contact that office for general information on absentee voting.

TOWN CENSUS

The school census is combined yearly with the town census and both were taken simultaneously in January. All age groups are counted, thus enabling us to determine the town's total population, and providing for a year to year comparison.

The town's population as of January 1, 1994 was certified as being 14,217 persons. This was a decrease of 58 persons over the 1993 total of 14,275. A complete tabulation of the town's population back to 1765, is shown separately in the Town Clerk's report.

The town's resident population of all persons 18 years of age or older is 10,583 persons. Of this figure, 7,956 persons are registered to vote which is 75% of the eligible electorate.

The population breakdown by age groupings as of January 1, 1994 was as follows:

AGE GROUPINGS		1994
CENSUS		
Infants	0 through 5	1,336
School Age Children	6 through 17	2,298
College Age	18 through 21	693
Adults	22 through 59	8,117
Seniors	60 through 90	1,751
"Super Seniors"	90 and over	22
TOTAL		14,217

Females outnumber males this year by 293 with 7,255 females to 6,962 males.

ANNUAL TOWN CENSUS - BY MAIL

The Board of Registrars conduct an annual census by mail each January and in 1994 sent out 5,145 census forms to each housing unit in town. Success of the mail-in census rested solely on the cooperation of all the residents and the board wishes to thank all citizens for providing prompt and accurate information. 90% of all forms were returned to designated drop-off locations and the Town Clerk's office within the allotted time with the remainder of residents contacted at home by a census enumerator.

Drop-off boxes were located at:

Benjamin Franklin Bank
Shawmut Needham Bank
Bellingham Library
Assumption Church
Depot Court and Wrentham Manor Activity Rooms
Town Hall free mailbox - outside building

Every household in town received a form during the first week in January. In most cases, verification of current information was all that was needed. Simple instructions were included for making any changes, corrections, additions or deletions. Registrar Gordon Curtis assisted the town clerk's office during the month of January through March updating and editing the results of this years census.

The Board of Registrars wishes to impress upon every resident the importance of responding to the census. Failure to respond to this mailing may result in removal from the voting list.

State law requires each city and town to conduct an annual census of all its inhabitants. The information you provide is not only valuable to your town government, but it may also be important to you at some future time, if you should be required to provide proof of residency for various legal purposes.

Servicemen and students, even though living away from home, are still considered legal residents of Bellingham for voting purposes, unless they have chosen to establish a permanent residence elsewhere. Their names should be reported on the census form by their parents.

In closing, the board wishes to thank Florence MacLaughlin, Assistant Town Clerk, for the assistance she offered this board and the voting public.

Respectfully submitted,

Norman J. Berry, Chairman
Gordon D. Curtis
Norma B. Rogers
Kathleen M. Harvey

NORFOLK COUNTY ADVISORY BOARD

1994 Annual Report

The Town of Bellingham has one seat on the 28-town Norfolk County Advisory Board (appropriating authority similar to combination of town finance committee and town meeting), with a 1.94 weighted vote (based upon share of equalized valuation). By general statute, a member of the Board of Selectmen represents a town. Selectman James McElroy represented Bellingham during 1994.

The County Advisory Board meets monthly during the annual budget review and otherwise quarterly for consideration of budgetary transfers or supplements. County appropriations are made subject to such regular reviews, in order to make timely budgetary adjustments and reduce the likelihood of crises. In calendar 1994, the Norfolk County Advisory Board met six times during annual review and twice in later quarterly meetings.

MARCH 94 meeting (at Respiratory Hospital in Braintree) voted 94 appropriation transfers; preliminary 95 revenue estimates; and heard a briefing on hospital finances. APRIL 94 meeting (at Agricultural School in Walpole) voted 94 appropriation transfers; and held hearings on 95 requests by Registry of Deeds, County Court Buildings and County Corrections. MAY 94 meeting (Agricultural School) voted a year-end 94 Supplementary Appropriation; and held hearings on 95 requests by Wollaston Recreational Facility, Engineering Department and Agricultural High School. JUN 1 meeting (Agricultural School) of Budget Committee held hearing on remaining 95 budget requests and voted recommendations to full Advisory Board. JUN 8 meeting (Agricultural School) of full Advisory Board voted annual 95 Appropriation; approved Hospital's annual financial plan; and elected new officers for Fisc 95. JUN 29 special meeting (at New Jail Facility on Route 128 in Dedham) voted year-end transfers for Corrections Department.

SEPTEMBER 94 quarterly meeting (Agricultural School) voted revenue adjustments for and transfers within the 95 Appropriation, including Capital Improvement Fund for Agricultural School. DECEMBER 94 quarterly meeting (Respiratory Hospital) voted additional revenue adjustments and supplementary spending authority in Fisc 95 County Appropriation; appointed three outside trustees to Massachusetts Respiratory Hospital for six-year terms; heard joint briefing with hospital trustees on future of the respiratory hospital.

Bellingham Animal Control

Tel. 966-1583

6 Mechanic St., Bellingham, Mass. 02019

Lee A. Fleurette

To the Honorable Board Of Selectmen;

Gentlemen;

As Animal Control Officer, I hereby submit my report for the year ending December 31, 1994.

Complaints received and investigated	962
Citations issued	2
Dogs picked up, not claimed by owner	20
Dogs picked up, claimed by owner	46
Dogs found off leash	107
Animals hit by vehicles in street	33
Cats picked up	34
Other animals picked up	46
Dead animals picked up	235
Wild animals Euthanized	49
Animals placed on quarantine	22

Respectfully submitted

Lee A. Fleurette

Animal Control Officer

BELLINGHAM AUXILIARY POLICE

45 Newland Avenue
Bellingham, MA 02019
883-4158

CHIEF
EUGENE BARTLETT

DEPUTY CHIEF
JIM EAMES

I would like to thank the Town Administrator, Dennis Frain, the Board Of Selectmen and the town's people for their generous support and assistance in obtaining new weapons and a new 1994 Police Cruiser, fully equipped. In fact our first official duty with this vehicle was to provide Santa with an escort throughout the town over several weekend trips. I'm not sure who was more thrilled, the children/adults or the officers that provided this service. It was great and everyone enjoyed participating, then again isn't that what the Holidays are all about. Officers that assisted Santa were Lt. Steven Schreffler, Sgt. Joseph Matkowski, Sgt. Fred Gentile, Sgt. John Kauker, Officers Ron Mason, Fred Savoie, Ken Jones, Mark Fegan.

Again I am quite pleased to announce more graduates as reserve intermittant officers from the Mass. Criminal Justice Training Council in Canton. These officers are Doug Houston, Ken Jones, Jon Walden. Congratulations also to James Martin, also a graduate of Tewksbury Criminal Justice on his appointment to the Regular Police Dept. Mr. Martin graduated #1 in his class. Auxiliary Officer Leo Elzy has been accepted to the January Class at Canton. Upon graduation he will become a part-time officer for the Bellingham Police Dept. I welcome Auxiliary Officer Tony Inglesi (also a graduate of the Police Academy in Waltham) via the Watertown Auxiliary Police, into this department

As in the past, all officers upon completion of the Reserve Intermittent Academy have opted to become full and/or part-time officers in Bellingham, Franklin, Mendon, Milford. Some have become Security Officers within the high tech industries locally. All the remaining officers including myself are graduates of the former Bradley-Palmer Training Center in Topsfield, Ma. All officers that have attended academies have done so at their own expense. We are still active with our in-house training programs, weapons, clothing inspections, arms qualifications, safety classes on Mace, safe handling/use, periodic review of films on domestic violence/abuse, update on new and present laws. Presently all officers have been re-certified in CPR. Special thanks of Officer James Martin for his assistance. None of this training would be possible without Chief Richard Boucher, Sgt. James Haughey, Det. Tim Buskirk and the individual officers of the Bellingham Police Dept. that go over and beyond to assist me and this department.

BELLINGHAM AUXILIARY POLICE

CHIEF
EUGENE BARTLETT,

45 Newland Avenue
Bellingham, MA 02019
883-4158

DEPUTY CHIEF
JIM EAMES

At this time I also extend my thanks to Woonsocket Chief Remillard and to Capt. Beauregard for all their assistance, and to ABP Sign Corporation and Charlie's Tire.

We became involved with the 275th Anniversary Celebration by forming a Chapter of the Brothers Of The Brush. We were called the Wannabees, Chairman was Jim Eames. Congratulations to the Anniversary Committee for making 1994 a memorable year.

Eight (8) officers assisted the regular police at the annual Spook Trail at the Sportsman Club. Four officers participated in the Jail & Bail fundraisers. Several officers assisted the Town Of Hopkinton in their annual Boston Marathon. We still maintain weekly patrol of the town's schools, provide accident assistance when needed and church duties that are assigned monthly.

The primary function of the Bellingham Auxiliary Police is to assist the Regular Police Dept. in the event of an emergency. It is not our intent or desire to take over any work that is customarily assigned to the regular department. However we do give freely of our time when asked to supplement the regular police of our town. The Bellingham Auxiliary Police is available to all non-profit organizations. If you wish our service, please contact the regular police department or call Chief Eugene Bartlett at his residence. Please allow a minimum of two weeks notice so that we can schedule your needs accordingly.

Persons seeking an application must be a resident of the Town of Bellingham for at least one (1) year, must be 21 years of age and must have a current CPR and First Aid/First Responder certification. For further information, please contact Chief Bartlett

As Chief of the Bellingham Auxiliary Police I commend this department for their professionalism, attitude, dedication and all courtesies extended to me this past year. I wish to convey my special thanks and appreciation to 1st. Lt. G. Steven Schreffler for allowing us the use of the Wee Folk Learning Center Facilities, to continue our training programs.

In closing, I extend my deepest to all the Boards and Departments in the Town of Bellingham that have assisted this department throughout the year.

Respectfully Submitted,

Eugene F. Bartlett

TOWN OF BELLINGHAM

OFFICE OF THE BOARD OF HEALTH

6 MECHANIC STREET
BELLINGHAM, MASSACHUSETTS 02019
966-5820

January 9, 1995

BOARD OF HEALTH

Annual Report of 1994

The Board of Health enacted the following regulations:

1. Tobacco Accesses to Minors Control Regulations
2. Amendment to Title V of the State Environmental Code (310.CMR 15.00)

The E.M.S. Committee sponsored two anti-choke training courses during the year. These courses are to train the owners and employees of food establishments in the proper procedures of removing food lodged in the throat. All Food Service Establishments shall have on duty a minimum of one (1) employee currently certified in the Heimlich Maneuver during operational hours.

The Town of Bellingham was the recipient of a regional grant for \$60,000.00 from the Department of Public Health for Tobacco Control and Cessation. The regional towns include: Bellingham, Blackstone, Mendon and Uxbridge. David Farrington was appointed Program Manager to coordinate the program with the Boards of Health to achieve the projected goal, set by the Department of Public Health, of reducing tobacco use by 50% by 1999. The Board of Health did enact a regulation Tobacco Access to Minors Control and as of January 1, 1995 all sellers of Tobacco Products shall be licensed by the Board of Health to sell said products. An application for grant renewal has been submitted.

The Bellingham Landfill is closed and is presently being used as the Recycling Center. A final closure plan has been submitted to the Department of Environmental Protection by S.E.A. the Boards' consulting engineer and we expect closure to commence in the Spring of 1995 in accordance with D.E.P. and E.P.A. regulations. Methane gas monitoring tubes have been installed as required by D.E.P. and water and gas testing continue in accordance with D.E.P. testing scheduler. Considerations and recommendation for future use of said land by the Town should commence.

We would like to thank Norfolk County Mosquito Control for all their hard work of dredging nuisance areas and spraying thousands of acres at no cost to the Town.

We would like to thank the Visiting Nurse Association of Greater Milford-Northbridge for all their cooperation and service to Bellingham residents.

We would thank the Recycling Committee for all their hard work and dedication. We urge the Recycling Committee to move forward to the implementation of curbside recycling to promote a higher percentage of town residents participation in recycling.

The Board of Health extends its gratitude and thanks to all concerned citizens and public officials for their cooperation and assistance in promoting the health, welfare and safety of all our citizens.

The number of permits that were issued by the Board of Health are as follows:

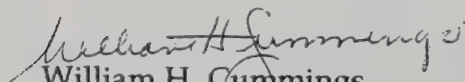

40	Septic Designs
18	Retail Food Establishments
43	Food Service Establishments
1	Mobile Food Service Permits
21	Septic Installers
28	Disposal Works Construction Permits
71	Percolation and Deep Hole Tests Witnessed
18	Septic Repair Permits
2	Syringe Permits
7	Milk & Cream Permits
18	Tobacco Permits

\$35,878.00 in fees was collected by the Board of Health.

BOARD OF HEALTH MEMBERS

Chairman -	William H. Cummings
Vice Chairman -	Norman L. McLinden
Member -	Robert A. Provost

Respectfully submitted,

William H. Cummings
Chairman, Board of Health

REPORT OF THE BOARD OF SELECTMEN

The past year has been one of transition for our Town government. Old friend and long-time Highway Foreman/Director, Wilfred Arcand, retired after decades of distinguished service. Water/Sewer Superintendent, Donald DiMartino, was appointed the Town's first ever D.P.W. Director, and along with his appointment, the finishing touches are being made on a completely centralized Department of Public Works.

The Water Department, formerly located on Wrentham Road, closed its doors for the last time July 1. An addition was completed to the Highway Garage on Blackstone Street to allow the departments to merge into a unified workforce. The Water/Sewer Commissioners conducted their final meeting in June ending a departmental organization which served the Town competently for many years. The Board of Selectmen assumed the responsibilities of the Water/Sewer Commissioners in July and now govern these activities which are under the direction of the Town Administrator and D.P.W. Director.

We all wish the former members of the Water/Sewer Commission well and know they will likely become quickly involved in other aspects of Town Government. Our thanks is extended for their efforts over the past several years which resulted in many improvements to the Town's water system as well as a newly activated sewer system.

An old part of the Town's history, Silver Lake, was restored this past year. It served as a local recreational area during the early and mid 1900's, until it was closed 15 years ago. Silver Lake will reopen this summer for swimming and picnics. A special thanks to F.E. Morse Enterprises, Gerrior Landscaping and Phil Vadenais for going the "extra mile" to make this project a success..

In September of this year, the Board of Selectmen renamed the entry way to the D.P.W. Garage "Daigle Way" in honor of longtime Highway Superintendent Gerry Daigle. A marker was placed at the entry which will remain a part of the Town's history for years to come.

The past year was also a success in building upon the Town's renewed fiscal stability. For the first time in memory, we were not forced to borrow funds in order to get through the year. The Town's newly established financial structure is performing as well as envisioned by those who drafted the charter.

As always, if you have an interest in serving on a Town Board or Committee, please contact the Board of Selectmen's office for a listing of vacant offices. Finally, we would like to recognize the many volunteers, both in Town Government and throughout the community, who give their time and talent for the benefit of everyone.

Board of Selectmen

James A. McElroy, Chairman
Guy A. Fleurette, Vice Chairman
David F. Arnold
Mitchell J. Clinton
John E. Tuttle, Jr.

Annual Report of the Cemetery Committee

A lot of things happened in this my 20th year as your Cemetery Commissioner. We got started late due to lack of help. On June 17, we lost William A. Hill. In August, Mr. Crimmings became gravely ill and Mr. Godbout filled in for him free of charge. In December, Mr. Crimmings resigned.

As of January 1, this department is still operating. Help has been promised for the future. Vandalism is normal--nothing we couldn't fix. Stealing flags never stops. Complaints: Can't please them all!

It takes quite a few people working together to make this department function properly. This year would have been all right, except for health problems. Maybe it will get better.

We wish to thank the following: Highway Department, Police, Selectmen, Denis, Nancy, and anyone else who helped in any way.

Respectfully submitted,

Russell H. Chase, Chairman

TOWN OF BELLINGHAM

CHIEF FINANCIAL OFFICER

TOWN HALL ANNEX

4 Mechanic Street

Bellingham, Massachusetts 02019

To The Honorable Board of Selectmen:

Report of the Chief Financial Officer

In accordance with Chapter 41, Section 61, of the Massachusetts General Laws, I hereby submit the annual report of the Chief Financial Officer for the fiscal year July 1, 1993 to June 30, 1994.

The Treasurer-Collector's cash was examined and found to be in balance. Audits of fiscal 1993 and fiscal 1994 were performed and the results were presented to the Board of Selectmen and the Finance Committee. The audit results from Fiscal 1994 are included in this report.

The account records of the town of Bellingham are maintained under the Uniform Municipal Accounting System as promulgated by the state of Massachusetts. The method of accounting used is a modified accrual fund basis that brings the town's accounting methods more closely into a GAAP basis of accounting that is used nationally.

Fiscal 1994 was a successful year for the town of Bellingham. The negative cash flows have been stopped and expenditures are in line with available revenues.

I would like to thank the Board of Selectmen, the office of the Town Administrator and the Finance Committee for their support in this first full year under the new charter. Also, I would like to thank all the town departments for their co-operation as their support has been vital.

A special "thank-you" to my assistant, Nancy Bailey, for her continued support in my office.

Respectfully submitted,

Marilyn A. Mathieu
Chief Financial Officer

INDEPENDENT AUDITOR'S REPORT

To the Honorable Board of Selectmen
Town of Bellingham, Massachusetts

We have audited the accompanying general purpose financial statements of the Town of Bellingham, Massachusetts as of and for the year ended June 30, 1994, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Consistent with the practice of most municipalities in the Commonwealth of Massachusetts, the Town does not capitalize the cost of general fixed assets as required by generally accepted accounting principles. The effects on financial position, results of operations and changes in financial position due to these departures from generally accepted accounting principles is not reasonably determinable.

In our opinion, except for the effect of not capitalizing fixed assets in a General Fixed Asset Account Group, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Bellingham, Massachusetts, as of June 30, 1994, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplementary data listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Bellingham, Massachusetts. The supplementary data have been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, are fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1994**

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The accompanying general purpose financial statements present the financial position of the various funds and account group of the Town of Bellingham (Town) as of June 30, 1994. The report includes all the services provided by the Town to its residents and businesses within its boundaries. Municipal services provided include education, public safety, recreation, public works, library and general administration. Criteria used in determining the scope of the reporting entity included the Town's ability to significantly influence operations, selection of governing authority, designation of management, financial interdependency and accountability for fiscal matters. All operations of the Town that meet the preceding criteria are included in the reporting entity.

- Excluded from the reporting entity:

Bellingham Housing Authority. The Bellingham Housing Authority has its own elected board. The Town does not exercise any oversight authority and has no influence in its budget or operations.

B. Fund Accounting

The accounts of the Town are presented on the basis of funds and an account group, each of which is considered a separate accounting entity. The operations of each fund are accounted for in a set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, expenditures or expenses and other financing sources and uses. The various funds and account group are grouped by fund categories and fund types as follows:

Governmental Funds Types. Governmental Fund Types are those through which most governmental functions are typically financed. The acquisition, use, and balances of the government's expendable financial resources and the related current liabilities are accounted for through governmental funds. The governmental funds maintained by the Town are as follows:

General Fund - is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes.

Capital Projects Funds - are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by trust funds.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1994**

Note 1. Summary of Significant Accounting Policies, continued

Fiduciary Funds. Fiduciary funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Fiduciary funds maintained by the Town are as follows:

Agency Funds - are used to account for funds that are custodial in nature and do not involve the measurement of operations.

Expendable Trust Funds - are used to account for trust fund principal and income that may be expended in accordance with conditions of the trust. Expendable trust funds are accounted for in essentially the same manner as governmental funds.

Account Group. An account group is used to establish accounting control and accountability for the unmatured principal of its general long-term debt and other long-term obligations that relate to the governmental funds. The Town does not maintain a general fixed asset group of accounts. The account group maintained by the Town is as follows:

General Long-Term Debt Account Group - is used to account for unmatured long-term general obligation bonds payable.

C. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used by all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Town considers property taxes as available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1994

Note 1. Summary of Significant Accounting Policies, continued

The Town reports deferred revenue on its combined balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the Town before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In the subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

D. Budgets

An annual budget is adopted for the Town's General Fund. Although legislative approval is required for certain capital projects and borrowing authorizations, annual budgets are not prepared for any other funds. Therefore comparison of budget to actual is only presented for the General Fund.

The Town's annual budget is adopted on a statutory basis that differs in some respects from generally accepted accounting principles (GAAP). The major differences between the budget and GAAP basis are that:

- (a) Budgeted revenues are recorded when cash is received, except for real estate and personal property taxes, which are recorded as revenue when levied (budget), as opposed to when susceptible to accrual (GAAP);
- (b) Encumbrances are treated as expenditures in the year the purchase commitment is made. Also, certain appropriations, known as special articles, do not lapse and are treated as budgetary expenditures in the year they are authorized.

E. Cash and Investments

Cash balances from all funds, except those required to be segregated by law, are combined to form a pool of cash. Cash balances are invested to the extent available and interest earnings are recognized in the General Fund, certain Special Revenue Funds, Capital Projects Funds where required by state law.

Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the Town.

Investments are stated at cost or amortized cost, except for investments in the deferred compensation agency fund which are reported at market value.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1994**

Note 1. Summary of Significant Accounting Policies, continued

F. Accounts Receivable

Real and Personal Property Taxes. Real and Personal Property Taxes are based on values assessed as of each January 1 and are normally due on the subsequent November 1, and May 1. By law, all taxable property in the Commonwealth must be assessed at 100% of fair cash value. Taxes due and unpaid after the respective due dates are subject to interest and penalties assessed at 14%. The Town has an ultimate right to foreclosure on property for unpaid taxes. Property taxes are recorded as revenue in the fiscal accounting period that they become both measurable and available. "Available" means expected to be collected within 60 days after the year end of the fiscal year, except under unusual circumstances.

Other Accounts Receivable. Accounts receivable, other than real and personal property taxes, are recorded when billed. Allowances for bad debts, abatements and exemptions are estimated based on historical collections.

G. Inventories

Inventories of governmental funds are recorded as expenditures when purchased. Inventories of proprietary funds are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. Currently the Town does not have any proprietary funds that would use inventorable items in the normal course of their operation.

H. Compensated Absences

Employees are granted sick and vacation leave in varying amounts based on tenure and in accordance with individual union contracts. Upon retirement certain employees are compensated for unused vacation and sick leave (subject to certain limitations) at their current rates of pay. The current and long-term liability for compensated absences is immaterial and has not been recorded in the General Fund or the General Long-Term Obligations Account Groups respectively.

I. Long-Term Obligations

Long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1994**

Note 1. Summary of Significant Accounting Policies, continued

J. Deferred Revenue

In Governmental Funds, receivables that are not considered available are deferred until collected. Under the modified accrual basis of accounting, such amounts are measurable but not available.

K. Fund Equity

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgeting integration in the General Fund. Encumbrances outstanding at year end are reported as reservation of fund balances since they do not constitute expenditures or liabilities at that date.

L. Interfund Transactions

All interfund transactions are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

M. Memorandum Only - Total Columns

Total columns on the general purpose financial statements are captioned "Memorandum Only" to indicate that they are presented only for informational purposes.

Note 2. Budgets

Legal Compliance. Budgets are initially prepared by department heads or elected boards, reviewed by the Board of Selectmen, further reviewed by the Finance Committee which makes recommendations to the Town Meeting for approval. The Town must establish its property tax each year so that the property tax rate levy will comply with the limits established by Proposition 2-1/2, Chapter 580 of the Acts of 1980 of the Commonwealth of Massachusetts, as amended, and also equal the sum of (a) the aggregate of all annual appropriations, plus (b) the provision for prior year deficits, if any, less (c) the aggregate of all non-property tax revenues estimated to be received, including available funds. Supplemental appropriations may be made from available funds after the setting of the tax rate. All fiscal year appropriations except appropriations for special purposes lapse at year end.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1994

Note 2. Budgets, continued

Budgetary Data. Budgetary data is based upon accounting principles that differ from generally accepted accounting principles. Therefore, in addition to the GAAP basis financial statements, the results of the General Fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison with the budget. The following reconciliation summarizes the differences between GAAP and budgetary basis accounting principles for the General Fund for the year ended June 30, 1994:

	<u>Excess (Deficiency) of Revenues and Other Financing Sources Over Expenditures and Other Uses</u>
As reported on a budgetary basis	\$ 1,856,145
Adjustment of Revenue to modified accrual basis	83,429
To record fiscal year 1994 expenditures from prior year encumbrances and special articles	(354,562)
To eliminate fiscal year 1994 encumbrances and articles carried forward	<u>238,334</u>
As reported on GAAP basis	\$ 1,823,346 =====

Note 3. Deposits and Investments

The Town maintains a cash pool that is available for use by all funds, except trust funds. Each fund types' portion of this pool is reflected on the general purpose financial statements under the caption "Cash" and the interest earnings attributable to each fund type are included under "investment income".

State and local statutes place certain limitations on the nature of deposits and investments available to the Town. Deposits (including demand deposits, term deposits and certificates of deposit) in any one financial institution may not exceed certain levels within the financial institutions involved. Investments can also be made in securities issued by or unconditionally guaranteed by the U.S. Government or Agencies that have a maturity of less than one year from the date of purchase, repurchase agreements guaranteed by such securities with maturity dates of no more than 90 days from the date of purchase and units in the Massachusetts Municipal Depository Trust.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1994

Note 3. Deposits and Investments, continued

DEPOSITS

At year end, the carrying amount of the Town's deposits, excluding petty cash of \$435, was \$4,336,570 and the bank balance was \$5,091,877. The insurance coverage for the bank balance is listed below.

<u>Insured Balances</u>	
Federal Deposit Insurance Corporation (FDIC)	\$ 1,391,922
Depositor's Insurance Fund of Massachusetts (DIFM)	<u>309,861</u>
Balances Insured	1,701,783
Balances Uninsured & Uncollateralized	<u>3,390,094</u>
Total Balances Per Bank	<u>\$ 5,091,877</u> =====

It is the Town's policy to transfer all deposited funds to a collateralized account after the funds have cleared. Any uninsured or uncollateralized balances represent recent deposits that were transferred to a collateralized account on the next business day.

INVESTMENTS

State statutes authorize the Town to invest in term deposits or certificates of deposit, in trust companies, national banks, savings banks or banking companies, and in obligations issued or unconditionally guaranteed by the United States Government or an agency thereof. The Town is also authorized to invest in repurchase agreements. Funds that are the result of a grant, gift or trust must be invested in accordance with the terms of such grant, gift or trust. Trust funds can be placed at interest in savings, trust or FDIC banking companies which are incorporated under the laws of the Commonwealth or national banks. The Town is also authorized to invest in participation units in a combined investment fund, and bonds, notes or securities which are legal investments for savings banks.

	<u>Carrying Amount</u>	<u>Market Value</u>
State Treasurer's Investment Pool	\$ 1,167,623	\$ 1,167,623
Investment in Deferred Compensation Plan Mutual Fund	<u>1,490,674</u>	<u>1,490,674</u>
Totals	<u>\$ 2,658,297</u> =====	<u>\$ 2,658,297</u> =====

The composition of the Town's deposits and investments fluctuates depending primarily on the timing of real estate tax receipts and operating and capital outlays throughout the year.

Note 4. Fixed Assets

The Town does not capitalize the cost of general fixed assets as required by generally accepted accounting principles (GAAP). The effects on financial position, results of operations and changes in financial position due to this departure from GAAP is not reasonably determinable.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1994

Note 5. Temporary borrowings

Under state law, and with the appropriate local authorization, the Town is authorized to borrow funds on a temporary basis as follows:

- . To fund current operations prior to the collection of revenues by issuing revenue anticipation notes (RANS).
- . To fund grants prior to reimbursement by issuing grant anticipation notes (GANS).
- . To fund Capital project costs incurred prior to selling permanent debt by issuing bond anticipation notes (BANS).

Temporary loans are general obligations of the Town and maturity dates are governed by statute.

Note 6. Risk Management

The Town has established a limited risk management program for health care benefits. Premiums are paid into the trust fund by all other funds and are available to pay claims, claim reserves and administrative costs of the program. The Town retains the health care provider to administer the claims process. During fiscal year 1994, a total of \$2,251,774 was paid in benefits and administrative costs. An excess coverage insurance policy covers individual claims in excess of \$60,000. Estimated claims incurred but not paid or reported of \$315,000 have been recorded as of June 30, 1994.

Funding is provided by Town meeting authorized operating transfers from the General Fund and payroll withholdings from employees.

Current balances reserved for self-insurance are as follows:

Health Insurance	\$ 366,632 =====

NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1994

Note 7. Long-term Obligations, continued

Overlapping Debt

The Town pays assessments under formulas which include debt service payments to other governmental agencies providing services to the Town, (commonly referred to as overlapping debt). The following summary sets forth the long-term debt of such governmental agencies and the estimated share being financed by the Town as of June 30, 1994:

<u>AGENCY</u>	<u>Total Long-Term Debt Outstanding</u>	<u>Town's Estimated Share</u>	<u>Town's Indirect Debt</u>
Norfolk County	\$ 4,940,000	1.94%	\$ 95,836
Blackstone Valley Vocational Regional School District			
Issue #1	305,000	16.752%	51,094
Issue #2	140,000	14.616%	20,462
	<u>\$ 5,385,000</u>		<u>\$ 167,392</u>
	=====		=====

Landfill Closure and Postclosure Care Costs

The Town plans to place a final cover on its closed landfill site and to perform certain maintenance and monitoring functions at the site for twenty years after closure. The \$2.9 million reported as landfill closure and postclosure care liability at June 30, 1994, represents the cumulative amount reported to date. These amounts are based on what it would cost to perform all closure and postclosure care in 1994. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

Note 8. Undesignated Fund Balance

In order to prepare the accompanying financial statements in accordance with generally accepted accounting principles, certain budgetary surpluses and deficits, which would otherwise be reflected on the balance sheet under the Massachusetts Statutory System, have been included in undesignated fund balances as follows:

Undesignated	\$ 2,348,092
Fund Balance - Teachers Pay Deferral	(283,652)
Fund Balance - Appropriation Deficit	(218,825)
State and County Assessments, Net	2,348
	<u>\$ 1,847,963</u>
	=====

Note 9. Designated Fund Balance

The composition of designated fund balance is as follows:

Fund Balance Reserved for Special Purposes	\$ 255,860
Fund Balance Reserved for Expenditures	176,645
Fund Balance Reserved for Petty Cash	385
	<u>\$ 432,890</u>
	=====

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1994

Note 10. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

Numerous lawsuits are pending or threatened against the Town, including those claims asserted which are incidental to performing ordinary governmental functions. Such litigation includes actions commenced and claims asserted against the Town for property damage and personal injury, breaches of contract, condemnation proceedings and other alleged violations of law. Although the outcome of these lawsuits is not presently determinable in the opinion of the Town attorney the resolution of these matters will not have a material adverse effect on the financial condition of the Town.

As of June 30, 1994, the Town has loans authorized but unissued as follows:

Sewer	\$ 4,700,000
Fire Pumper	128,000
Bridge Construction	289,000
Building Remodeling	250,000
Water Project	92,000
Capital Improvements	68,000
Capital Improvements	50,000
School Renovation	390,000
Departmental Equipment	343,500
Water Project	4,500
Building Remodeling	1,260
	<u>\$ 6,316,260</u>
	=====

Note 11. Employee Retirement System

Plan Description

The Town of Bellingham provides retirement benefits to employees (other than certain school department employees) through a contributory retirement system administered by the Norfolk County Contributory Retirement System (the "System"). The System is a cost-sharing multiple-employer public employee retirement system. Contributions to provide benefits under the System are made by the Town under the pay-as-you-go method by annually contributing the amount determined by the State Division of Public Employee Retirement Administration (PERA). The total annual contribution is determined on the basis of active payroll.

The Town's payroll for all employees for the year ended June 30, 1994 was approximately \$12,100,000. The Town's payroll for employees covered by the System for the year ended June 30, 1994 was approximately \$3,950,500, which was 32.65% of the total payroll. Employee contributions to the System for fiscal year 1994 were \$275,920.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1994

Note 11. Employee Retirement System, continued

Public school teachers, certain administrative personnel and other professional employees of the Town's School department individually participate in a contributory retirement plan administered by the Massachusetts Teachers' Retirement Board. The Town does not contribute to this plan.

The System is a member of the Massachusetts Contributory Retirement System and is governed by Chapter 32 of the Massachusetts General Laws. Membership in the System is mandatory immediately upon the commencement of employment for all permanent, full-time employees. The System provides for retirement allowance benefits up to a maximum of 80% of a member's highest three-year average annual rate of regular compensation. Benefit payments are based upon a member's age, length of creditable service, level of compensation and group classification.

Members of the System become vested after 10 years of creditable service. A retirement allowance may be received upon reaching age 65 or upon attaining twenty years of service. The Plan also provides for early retirement at age 55 if the Participant (1) has a record of 10 years of creditable service, (2) was on the Town payroll on January 1, 1978, (3) voluntarily left town employment on or after that date, and (4) left accumulated annuity deductions in the Fund. Active members contribute either 5, 7, or 8% of their gross regular compensation depending on the date upon which their membership began.

The System also provides death and disability benefits. The accounting records of the System are maintained on a calendar year basis in accordance with the standards and procedures established by the Commissioner of the Public Employee Retirement Administration.

Funding Status and Progress

The amount shown below as the "Pension Benefit Obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure is intended to help users assess the funding status of the System on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among employers. The measure is the actuarial present value of credited projected benefits and is independent of the funding method used to determine contributions to the System.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1994**

Note 11. Employee Retirement System, continued

The Pension Benefit Obligation was computed as part of an actuarial valuation performed as of January 1, 1992. Significant actuarial assumptions used in the valuation include (a) a rate of return on the investment of present and future assets of 8.0% per year compounded annually, and (b) projected salary increases of 6.0% per year.

Norfolk County Contributory Retirement System
Unfunded Pension Benefit Obligation
January 1, 1992

Retirees and Beneficiaries currently receiving benefits and terminated employees not yet receiving benefits	\$115,333,141
---	---------------

Current Employees:

Accumulated employee contributions, including allocated investment earnings	59,530,296
Employer-financed vested	88,796,226
Employer-financed nonvested	23,917,174

Total Pension Benefit Obligation	<u>287,576,837</u>
----------------------------------	--------------------

Net assets available for benefits, at market value	<u>140,378,621</u>
--	--------------------

Unfunded Pension Benefit Obligation	<u>\$147,198,216</u> =====
-------------------------------------	-------------------------------

The Town's contribution to the System for the year ended June 30, 1994 of \$496,339 was made in accordance with the funding policy described above and represents approximately 3.17% of the System-wide employer contributions.

Contribution Requirements and Contributions Made

The Retirement System Funding Policy for the Town is not actuarially determined. The Town is required to contribute, each fiscal year, an amount approximating the pension benefits (less certain interest credits) expected to be paid during the year ("pay-as-you-go" method). This amount is determined in advance by the PERA and is based in part on the previous year's benefit payout. No actuarial information is used in determining this amount. The Commonwealth of Massachusetts currently reimburses the System on a quarterly basis for the portion of benefit payments owing to cost-of-living increases granted after the implementation of Proposition 2-1/2.

Trend Information

Ten year historical trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is required by GAAP to be included in the System's annual financial report. It is not known whether this report will contain the required historical trend data.

TOWN OF BELLINGHAM, MASSACHUSETTS

Bellingham Council For The Aging

TWO MAPLE STREET
BELLINGHAM, MASS. 02019

COUNCIL ON AGING ANNUAL REPORT - 1994

The Bellingham Senior Center, which is located at Two Maple Street, is open from 8:30 AM to 3:30 PM Monday through Friday. Programs and services are available to Bellingham residents, age 59 and over and handicapped regardless of age.

Social activities at the Senior Center include: line dancing, cards, crafts, bingo, various classes, a Polish Conversation group and a bowling league.

Each month a dinner/dance is held at the V.F.W. in Medway and a birthday party/luncheon is held at the Senior Center. Overnight trips are offered, as well as day trips in the Spring, Summer and Fall months.

In addition to recreational activities, the C.O.A. offers the following services and programs: educational programs featuring guest speakers on pertinent topics; regular health screening provided by the Visiting Nurses Association, friendly visiting, home delivered meals and transportation. Also offered are referral services for topics such as Medicare, Medex, Medicaid, Social Security, support services for caregivers, homestead and proxy applications, fuel assistance and telephone reassurance.

At present we have lost our two senior aides who used to do shopping and errands, as well as visit the elderly, but the High School Honor Society has filled in nicely for us and things are working well at this time.

The C.O.A. vans transport seniors and/or handicapped who have no other means of transportation to doctor's appointments, hospitals, shopping, errands and to the Social Day Care Program. Vans operate Monday through Friday requiring a 48 hour notice to reserve the van. In 1994, the C.O.A. vans made 9,640 trips and provided 2,426 hours of transportation. The C.O.A. also operates a bus which is used for shopping and recreational outings.

A monthly newsletter for Seniors is published by the C.O.A. The "Spirit" is directly mailed each month to about 1300 homes.

Board members and staff attend various meetings, conferences and workshops throughout the year, such as the monthly Blackstone Valley Consortium, the Massachusetts Association of Councils on Aging, Senior Center Directors' meeting and annual conference and C.E.M.A.C.A. quarterly meetings. Board members, paid staff and volunteers put in over 2,000 hours of extra service to the Senior Center in the past year

The Elder Service Corp volunteer assists with the Social Day Care Program, telephone reassurance, outreach and office assistance. The volunteer is stipended through the Executive Office of Elder Affairs. About 960 calls were made by the Coordinator to grieving and/or homebound elders.

The Council makes referrals to Home Care when Elders request it for services

such as Meals on Wheels, homemaker assistance, respite care, etc. In 1994, 6,940 meals on wheels were delivered to Bellingham residents by faithful volunteers who receive a small stipend from Tri-Valley Elder Services.

Fuel assistance is offered at the Center each year. 65 applications were done at the center in 1994.

Income tax assistance is also offered at tax time with people from AARP doing the returns.

A Podiatrist comes every other month to the Senior Center to take care of foot problems of the elderly.

The Council on Aging operates a Social Day Care Program, which provides socialization with peers and supervised activities for isolated elderly and/or those with slight dementia like Alzheimer's disease. The program is offered Monday, Wednesday and Friday from 9:00 AM to 3:00 PM to Bellingham seniors and also seniors from surrounding towns. A per diem fee is charged and income-eligible seniors may attend through Tri-Valley Elder Services, Inc.

The Council on Aging and Senior Center is continuing to increase in services provided. We are hoping to continue to grow and expand in 1995 by identifying and serving the elderly and handicapped citizens in the Bellingham Community.

Respectfully submitted,

Board of Directors
Bellingham Council on Aging

ANNUAL REPORT

In this 275th Anniversary year of the town, the Bellingham Cultural Council continued its successful programs in order to meet its goal of bringing arts to the forefront in Bellingham. This year will mark the 15th anniversary of the Bellingham Cultural Council. Our organization has the distinct pleasure and good fortune of having the sustained commitment of two charter members, Myrna Simonson and Muriel Locklin. In this age of constant change and fluctuation, this particular fact is indeed refreshing, and to some extent, symbolic of our town's commitment to keeping the arts alive in our community.

The work of the Cultural Council includes the administration of the annual allocation of state funds for the purpose of providing cultural experiences to communities. In addition, the BCC works diligently to create and sustain arts partnerships with local community organizations. Our council members are appointed by the Board of Selectmen.

The BCC granted \$8,358 for local artistic projects, held several art exhibitions in the Community Room in the Public Library, co-sponsored special events at the Concerts on the Grass series and Bellingham Pride Day, and awarded our annual Arts Scholarship Award to Jessica Lesieur of the Bellingham High School Class of 1994. Jessica will study at the Boston Conservatory of Music.

In the grants program, the BCC funded the Bellingham Children's Theater for scenery backdrop, Bellingham Education Foundation for a performance by Epic Brass, Council on Aging for Patty Carpenter's Music for Seniors, Girl Scout Troops 501 and 489 to attend The Nutcracker, the three elementary schools for a variety of performing artists and artist residencies; and the three elementary PTOs for a visit by well-known author Jim Trelease.

In commemoration of the town's 275th Anniversary, the Historical Commission and the Bellingham Public Library received funds for special programs to celebrate the town's 275th Anniversary and the library's 100th Anniversary. The BCC was awarded funds by the state to hold a 275th Competitive Art Show and a 275th Competitive Photography Show.

The three elementary schools were awarded Performing Arts Student Series (PASS) grants for field trips to the Boston Ballet, New England Aquarium, Old Sturbridge Village, Discovery Museum, Museum of Science, Plimoth Plantation, Decordova Museum, and the New England Science Center.[ql

The BCC's 275th Competitive Art show, ``Bellingham -- As it was or as it is,'' was judged by Joan Davis of Whitinsville and Nancy Nogueira of Milford. Winners were Robert Higgins of Lakeview Avenue, who won three cash awards for best of show, first- and third-place; Carolyn Wiedemann of Franklin and Raymond Andreotti of Hopedale, first-place awards; Muriel L. Locklin of South Main Street., two second-place awards; Jennifer Ravenelle of Milford, second place; Rolande Gentes of Cranberry Meadow Road and E. Gay Holderreid of Medfield, third place awards.

The 275th Competitive Photography Show included three categories, ``Bellingham at its Best,'' landscape and human interest, judged by professional photographer Warren Wolloff of Wrentham. Winners were Kenneth Wiedemann of Franklin with Best of Show, first, second and third place entries in the black and white categories; Nancy Bland of Blackstone Street, first, second and honorable mention prizes; Amy Wiedemann Riley of Franklin, first; Billi Manning of Hopedale, third and honorable mention; and Muriel Locklin, Sandra Jo Myatt of Norfolk, Tammy Butler of Millis and Marie Cialdea of Bellingham, honorable mention awards.

Other exhibits sponsored by the Cultural Council, under the expertise of Muriel Henault Locklin, our resident curator, included ``It Was Just My Imagination,'' by Lois Gordon Crawford of Pickering Avenue; an exhibit by the Franklin Art Association, the Bellingham Quilters, the students of Merilyn Rocks of Hopedale. A show entitled, ``The Book as Art, Art as a Book,'' featuring the works of Muriel Locklin and daughter-in-law Jennifer Ravenelle, rounded out the exhibit year.

Although state approval for fiscal year 1995 applications has yet to be granted, the BCC approved projects totaling more than \$9,000 at the local level, which represents a substantial increase over 1994. Projects include storytellers, the history of music, rain forest legends, illustrators, portrayal of Mozart, mask making, several performers, and Indian crafts, all occurring in the town's schools.

Locally-approved PASS applications were for schoolchildren to attend the Boston Children's Theatre, New England Aquarium, Old Sturbridge Village, Science Discovery Museum, New England Science Center, Acton Children's Discovery Museum, Boston Museum of Fine Arts, Drumlin Farm and the Higgins Armory. The Cultural Council put in applications for its annual photography and art competitions, arts scholarship, Bellingham Pride Day, Concerts on the Grass, and money toward a major sculpture for the town.

Members of the Bellingham Cultural Council are Susan M. Romiti, Chairperson; Muriel L. Henault Locklin, Curator of Exhibits; Rolande F. Gentes, Recording Secretary/Historian; Richard K. Bileau, Corresponding Secretary; Robert R. Higgins, Robert R. St. Gelais and Ernest A. Taft. Our membership dropped to seven when Myrna F. Simonson completed her second six-year maximum term and had to step down as a voting member. She remains active as Vice Chairperson however and as one of our two advisors, the other being Ann C. Kogut.

The Bellingham Cultural Council is currently researching the possibility of establishing a cultural arts center in our town. This project will begin as a pilot program and, if sufficient funding and interest can be cited, the project will expanded to serve more residents. One major goal of the project is to promote accessibility to the arts for residents who might not be able to afford arts-related activities. Our council is in the process of applying for a small state grant which will enable us to begin work on the project which is tentatively planned to begin in the fall of 1995.

The BCC is always seeking new members. Any interested resident is encouraged to speak to the chairperson or call the Selectmen's office for information.

Respectfully submitted,
Susan M. Romiti, Chairperson
Bellingham Cultural Council

Fire Department Activity

The fire department responded to 19 building fires; 25 household appliance fires; 28 box alarms; 68 vehicle assistance calls; 120 investigations; 69 grass, brush, etc.; 60 details; gave mutual aid to Medway-2; Blackstone- and Hopedale-1 and received mutual aid from Franklin-1 and the State Forestry Department-1. Rescue calls were 985.

Total calls for 1994 were 1,850 compared to 1,917 in 1993; 1,758 in 1992; 1,648 in 1991; 1,729 in 1990; and 1,992 in 1989. The department issued after inspection 470 permits. The total is inclusive of these.

Building fires were broken down as follows: 9 house; 5-chimney fires; apartment house-2; shed-2; and vacant building-1. The causes of the above fires were as follows: Heating devices-5 (this includes fires caused by woodstoves, fireplaces, space heaters); cooking-3; dryers-3; electrical-2; lightning-2; coffee maker-1; lamp-1; children-1; arson-1.

Box Alarms were broken down as follows: accidental/malfunctions-20; malicious false alarms-5; truck fire-1; kitchen fire-1; motor vehicle accident-1.

Vehicle Assistance calls were broken down as follows: car fires-25; motor vehicle standby-15; spills-10; truck fires-9; Jaws of Life-5; and Life Flight standby-4.

Brush fires were broken down as follows: brush and grass fires-60; trash-4; and campfires-5.

Rescue calls were broken down as follows: 565 home emergencies; 168 motor vehicle accidents; 58 miscellaneous; and 194 mutual aid. (TO: Franklin-112; Blackstone-4; and Wrentham-1. FROM: Franklin-34; Blackstone-27; Medway-10; Woonsocket-5 and Millis-1).

Inspections and Permits

Lt. Genereux assumed inspection duties. Inspections were made of businesses and where needed corrections were recommended. The workload for inspections and permits continues to be very time consuming. Numerous plans were reviewed by the Chief and Lieutenant and inspections were made for final occupancy. The permits issued were as followed: fuel oil storage-62; smoke detectors in homes prior to resale(Ch. 148 sec 26F)-241; smoke detectors in new construction-75; storage of propane-29; blasting-1; remove tanks-5; install fire alarm systems-7; install and/or modify fire suppression systems-10; store gunpowder and ammo-3; storage of combustible and flammable liquids-7; waste oil permit-2; welding-1; trash compactor-1; install aboveground tank-1; U.S.T. Form FP290-7; fireworks display-1; and 17 tank truck inspections.

In addition to the above permits 656 open burning permits were issued. It is a proven fact that the inspections of businesses throughout the year by fire personnel has helped keep the incidents of fire in those establishments minimal. All local businesses are to be commended for their cooperation in trying to make their places of business violation free for the safety of their employees, patrons and themselves.

Fire Prevention, Public Safety and Education

All schools were inspected and the required four fire drills were held. Through the financial support of local merchants and under the direction of Firefighter Michael Marcet the department sponsored a fire prevention program in the elementary schools. the program called Officer Phil had a fire dog animation and provided safety tips for the students. Some student participation was involved and the program was enjoyed by students and staff alike.

In addition to the Officer Phil program through the efforts of local merchants, book covers depicting the emergency number and fire safety messages were given to all elementary schools by the department.

I would also like to thank Gagne Insurance Agency and Commerce Insurance Company for the donation of Fire Safety Educational coloring and activity books. These are given out at the schools as well as student groups when they visit the station.

page 3:

The Chief wishes to caution all residents with woodstoves and other solid fuel heating devices that the maintenance and periodic cleaning of these and other heating devices is critical. The cleaning of chimneys is most important in reducing the chance of a serious fire. Residents are also cautioned against placing hot ashes into combustible containers as well as placing combustibles too close to hot surfaces.

The Chief wishes to remind residents that the use of unvented kerosene space heaters is in violation of the state fire regulations and the Mass. General Law

The Chief wishes to remind residents that the fire personnel are available to speak at meetings of various social and professional groups. To obtain a speaker, call the fire station at 966-1112 several weeks in advance of the desired date to make arrangements with the Chief.

Vehicles, Personnel and Training

Requests are currently in to the Capital Outlay Committee for the purchase of a new pumper to replace Engine 7, a 1967 Ford Pumper. Three vehicle repeaters are being requested to enhance the radio communications of the department between the portable radios and the base and vehicles.

The new rescue vehicle arrived and was put into service on May 18th. A new department car was put into service on August 18th.

Personal Alert Safety Systems(PASS) devices were purchased and put into service. This will be used as a safety device to assist in locating fallen or lost firefighters during emergencies.

Personnel received training in CPR recertification and defibrillator recertification. A training session was also held on Ice Rescue techniques using the department suits and rope bags. Personnel were trained in the Incidnet Command System and it is now in operation as part of department protocols.

Firefighter Andre Genereux was appointed to Lieutenant effective January 13th. Lieutenant Genereux served as E.M.S. Co-ordinator for most of the year due to the arrival of the rescue vehicle. Lt. Genereux has done a commendable job in making sure that personnel receive training and that equipment is up to par. Firefighter Michael Delorme has been appointed to E.M.S. Co-ordinator in November.

Firefighter Ernest Hadley and Joseph Robidoux checked and repaired self-contained breathing apparatus and tanks where needed. This has been a big plus in assuring the operation of these units.

Firefighter Hadley was appointed Maintenance Co-ordinator. He assists in the scheduling of repair work and performs vehicle maintenance. Special thanks to Ernie for a job well done.

Firefighter Robert Provost, Sr. retired in January after 33 years as a firefighter of the department with 23 years as a permanent member. He often served as second member in charge prior to the hiring of a full-time Lieutenant. I wish to thank Bob and wish him the best in his retirement.

Firefighters Christopher Mach and Steven Gentile were appointed as permanent full-time firefighters in January and July respectively.

Call firefighter Robert Mowry retired in January after serving 35 years with the department. I thank Bob for all his devotion and expertise offered during the years.

Buildings

Long range plans should be the replacement of the two outlying fire stations. The short term plans should be for cosmetic repairs such as painting, new windows, etc.

The department turned in the sum of \$107,538.17 to the Town Treasurer for 1994. The amount is broken down as follows: Oil burner fees-\$660.00; store ammo and gunpowder-\$30.00; Store flammable and combustible liquids-\$70.00; smoke detector fees(resales)-\$2,490.00; smoke detector fees new construction-\$740.00; propane storage-\$330.00; blasting permits-\$10.00; install fire suppression systems-\$180.00; reinspection fees-oil burner-\$40.00; reinspection fees-smoke detector resales-\$140.00; reinspection fees new smokes-\$15.00; reinspection fees-propane storage-\$5.00; fire/rescue reports-\$155.00; remove tanks-\$60.00; 21E site assessment fees-\$230.00; outside detail costs and fees-\$1,545.98; Life flight reimbursements-\$150.00; welding permit-\$10.00; install fire alarm systems-\$125.00; waste oil tank permits-\$20.00; trash compactor permit-\$10.00; tank truck inspection permits-\$180.00; FP 290 UST permits-\$70.00; open burning permits-\$3,500.00; restitution illegal burning-\$50.59; fireworks display permit-\$10.00; settlement for fire station mediation-\$13,918.00; and ambulance receipts-\$82,793.60.

Emergency calls decreased by 38 calls from 1993. Permits and inspections decreased by 29 from 1993. Building fires remained about the same as 1993. There was one fire fatality during 1994 which occurred in a house fire. The fire ironically burned itself out before ever being detected, but not before taking the life of a 49 year old female invalid. This was the first fire fatality since 1989.

The Chief urges residents to install, maintain, and periodically test smoke detectors. It has been proven time and time again that the early warning provided by smoke detectors helps in allowing occupants time to escape. It also results in earlier notification of the fire and helps in reducing fire damage. Usually the fire that have been most serious have occurred in buildings that were not properly protected with detectors.

In closing, I wish to thank the Board of Selectmen, Town Administrator Denis Fraine, the Police Department and other Town departments for their assistance. Particular appreciation goes to the firefighters, both permanent and call, for their dedication and cooperation in my efforts to better serve the citizens of Bellingham in the protection of life and property. May 1995 be a fire safe and prosperous year for all residents and businesses.

Respectfully submitted,

RICHARD F. RANIERI
Fire Chief

Annual Report

To The Honorable Board of Selectmen:

Because of Bellingham's 275th Anniversary celebration, the Bellingham Historic Commission undertook a number of additional projects.

Certain historic commission members undertook this work as their pet projects. Elizabeth Andrews and Florence McCracken undertook the Historic Town Afghan as their project. Steve Bloch of Schaefer Nursery, funded the afghan project and the proceeds from sales go to the Bellingham Friends of Music, Friends of the Library and Friends of History.

The sale of the afghan has been an enormous success. Cathy Mucciarone undertook the grant applications and managed to secure three grants from the Bellingham Cultural Council. "Life Of An Early Bostonian, Gale Drysdale, and Silk Stockings" performed at the Bellingham Public Library on three separate weekends. This was also a great success.

Our thanks also go out to the Library Trustees and Donald Eldredge for their help. Ernest Taft undertook serving upon the 275th Anniversary Committee. Muriel Locklin has undertaken an on-going project to have Bellingham included within the Blackstone River Valley Historic Corridor.

Our 1994 Historic Appreciation Award went to William Delaney, a teacher in the Bellingham Public School System for twenty-one (21) years. Over the years he has encouraged participation of his students in numerous local historical projects.

This has been our 5th year at the Bellingham Historic Center Museum. Throughout the year, we have shared this facility with the Bellingham Cultural Council and the 275th Anniversary Committee. We have two new members: Eunice Nicholson and Muriel L. Henault-Locklin. Through the volunteer efforts of our historical consultant Fran Donovan and commission members, we have managed to keep this facility open to the public every Sunday afternoon. Throughout '94, we have given eighteen

(18) private tours of scouting groups and other social groups wishing to tour this facility.

We are also continuing to serve the informational needs of the community with the ongoing publication of the Crimpville Comments--one issue of which was sponsored by the Bellingham Business Association. Everything we do is made possible because of the support of the taxpayers and citizens of the town. We would like to thank the Board of Selectmen and the Town Administrator, Denis Fraine, for their trust in our Committee and for use of the old library building. Also thanks to Jackie Richards for her help throughout the year.

Respectfully yours,

Ernest A. Taft, Chairman
Cathy Mucciarone, Vice Chairman
Elizabeth Andrews, Treasurer
Florence McCracken
Rita Sawyer
Eunice Nicholson
Muriel L. Locklin

**BELLINGHAM HOUSING AUTHORITY
10 WRENTHAM MANOR
BELLINGHAM, MA 02019**

TEL. NO. 508-883-4999

REPORT OF THE HOUSING AUTHORITY

To the Honorable Board of Selectmen and the Citizens of the Town of Bellingham:

The Bellingham Housing Authority was organized in January, 1966. It's powers, duties and responsibilities are defined by Massachusetts General Laws, Chapter 121-B, of the Commonwealth. The objective of the Bellingham Housing Authority is to provide housing opportunities for persons of low income.

The Board of Commissioners is a five member board. Four of the Commissioners are elected to serve for a period of five (5) years, and one member is appointed by the State's Secretary of the Executive Office of Communities and Development (EOCD). The Board meets monthly, on the third Wednesday, at 7:30 PM, in the Director's office, at Wrentham Manor. All regular and special meetings of the Authority are posted.

The Authority manages and administers three (3) State Housing Programs and one (1) HUD Federal Rental Assistance Program (Section 8 Certificate Program).

Under the State's Chapter 667 and 705 programs, the Authority owns and manages 122 units of housing for family and elderly/handicapped individuals. The Depot Court complex, built in 1969, consists of 64 one bedroom units and is located in Bellingham Center, on Depot Street. Wrentham Manor, built in 1975, consists of 56 one bedroom units, and is located in South Bellingham, on Wrentham Road. The Authority had an annual operating budget of \$283,764.00, for the fiscal year ended March 31, 1994.

Through the Executive Office of Communities and Development (EOCD), the Bellingham Housing Authority has participated in the Legal Pilot Program and the Social Services Coordinator's Pilot Program. Both programs are sponsored and fully-funded by the State of Massachusetts, and have provided the Executive Director with the expertise and assistance of professionals in the day-to-day operations of the Authority. A great deal of data has been gathered through these programs, and the hope is that they will continue to be funded.

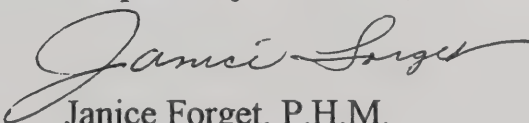

The Authority has also participated with the Commonwealth of Massachusetts, Department of Public Welfare, in the Temp-Up Program. This has been a successful and rewarding experience.

The Bellingham Housing Authority submitted a request for funding, through the State's most recent bond issue, for modernization money. In October, the Authority was notified that it received a Grant in the amount of \$142,000 for various projects and repairs at all Authority-owned properties.

Staff at the Bellingham Housing Authority consists of an Executive Director and a part-time Administrative Assistant. Two full-time maintenance employees round out the staff and provide full coverage for Authority properties.

The Bellingham Housing Authority will continue to assist low income individuals in their housing needs. It will also continue to participate in innovative programs and pilot projects, and will seek all sources of available funding for modernization.

Respectfully submitted,

A handwritten signature in cursive script, reading "Janice Forget".

Janice Forget, P.H.M.
Executive Director

BOARD OF COMMISSIONERS

The current Board of Commissioners for the Bellingham Housing Authority is as follows:

Members:

<u>Name:</u>	<u>Title:</u>	<u>Term Expires:</u>
Bruno Santini	Chairperson	May, 1997
Sandra L. Santini	Vice-Chairperson	May, 1995
Elizabeth Lowry	Treasurer	May, 1996
Janet Robidoux Ward	Assistant Treasurer	May, 1998
John Plouffe	State Appointee	May, 1999

TOWN OF BELLINGHAM

OFFICE OF THE
INSPECTOR OF BUILDINGS
6 MECHANIC STREET
BELLINGHAM, MASSACHUSETTS 02019
966-5821

To the Honorable Board of Selectman and Citizens of Bellingham:

The following permits were issued for 1994, with the estimated cost of the completed construction itemized:

RESIDENTIAL

40	Single-Family Dwelling	\$3,367,275.00
128	Additions	\$ 704,404.00
71	Accessories	\$ 188,599.00
107	Remodel/Repair/Renovations	\$ 663,470.00
4	Demolition	\$ 5,500.00
51	Occupancies	
20	Home Occupations (Business operated out of residence)	
2	Temporary Trailers	\$ 4,000.00

COMMERCIAL

3	New Buildings	\$ 276,419.00
4	Additions	\$ 117,003.00
5	Alterations	\$ 14,900.00
12	Remodel/Repair/Renovations	\$ 411,800.00
12	Signs	\$ 62,250.00
1	Demolition	
1	Tents	
1	Temporary Building	
5	Occupancies	
6	Safety Inspections	

INDUSTRIAL

3	Addition	\$1,078,704.00
5	Alterations	\$ 196,500.00
1	Demolition	\$ 1,000.00
1	Occupancy	

An estimated total fees collected for these permits were \$ 52,891.00

OFFICAL NOTIFICATION

Building Code Violations	8
Zoning Violations	25
Construction without Permit	4
Occupying building without permit	1

COURT CASES 1994

Zoning By-Law Violation	2
-------------------------	---

GRAVEL OPERATIONS

The following gravel operations were inspected for compliance:

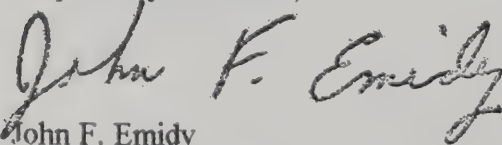

The Fafard Companies	1 permit
Varney Brothers, Inc.	2 permits
Rosenfeld	2 permits
Vadnais	1 permit
Silver Lake Realty	1 permit
Requier	1 permits

Monthly census reports were sent to the United States Government Department of Commerce. Reports for permits issued and fees collected are sent monthly to the Town Treasurer's and Assessors' Offices.

The approval of a Town Charter created a Building Division which consists of Building, Wiring, Plumbing & Gas, Inspectors, Sealer of Weights & Measures, and Health Agent; under the supervision of the Inspector of Buildings.

The Building Department is open Monday through Thursday 8:00 AM to 4:30 PM, Friday 8:00 AM to 1:00 PM and Monday night 7:00 PM to 9:00 PM, for all building, electrical, plumbing and gas permits.

Respectfully submitted,

John F. Emidy
Inspector of Buildings

PUBLIC LIBRARY

100 BLACKSTONE STREET

BELLINGHAM, MASSACHUSETTS 02019

To the Honorable Board of Selectmen:

1994 marked the 100th birthday of the library. It began with the resignation of our long-standing director, Anne Hackett and the appointment of a new director in April, Laura Einstadter.

The new director brought with her many new ideas for improvements to our library. The Young Adult area was brightened up with posters, two colorful paperback racks, rearrangement of the stacks, wooden shelves for display and a new location for the reference collection.

The Adult stacks were weeded and material rearranged throughout, so all call numbers would now read down instead of across, thereby making it easier to locate and shelve books. Another display area was added to facilitate new material arriving in the adult area.

We introduced a new CD-ROM program, Info-Trac, which enables the patron to search for current magazine articles on a variety of subjects. They can now request copies of articles from ILL if we do not have the magazine they require.

We also added two more computers to our network, with the help of the Friends. Patrons no longer have to wait in long lines for one person to check out their materials or make their new library cards. Additionally we were able to clear up our backlog of material in the Technical Services area with the help of our additional computer.

Children are now able to request various APPLE programs available at our circulation desk for use in the the Children's Room on our donated Apple Computer.

The biggest move took place during the summer, while we were closed the first week in July. With the help of staff and volunteers we moved the entire Children's Room, creating a warmer friendlier atmosphere, with study areas, reading areas, and places for parents and children to sit and read.

Our Summer Programming was very successful with the help of volunteers from the highschool, the windows in the Children's Room were painted for the Ticket to Read program. The reading program saw 350 children come and check out books and enjoy the variety of different activities offered by our Children's Librarian, Connie Peter. The series ended with a Mystery Train Ride into Boston to visit the Children's Museum with the assistance of Joanne McAneny, Library Trustee.

Some of the other highlights of Children's Programming this year were:
Publish a Book, Theatre workshop, Jumpstart, story-hours, play-groups,
decorate a cookie, make a gingerbread house, and a visit from Mrs. Claus.

Our Friends Group, a small but dedicated group of individuals, outdid themselves with their annual Golf Tournament held at the New England Country Club in August. They raised a whopping \$4,500.00 for the library. A new program began this year with the help of the Friends, what we hope will be our annual Craft Fair. It produced many lovely items for people to buy for the holiday season.

The new director and her husband put together and produced a Jazz Series that took place during September and October. It was quite successful in helping to raise money for the library. They hope to be able to make this an annual event as well.

The Community Room took on a new look each month with the help of the Bellingham Arts Council. Art exhibits were quite varied this year with the Bellingham Quilters, Public School Students, 275th art competition, 275th photo competition, Students of Marilyn Rocks of Hopedale, and culminated in The Art of the Book .

The Council on Aging has joined our library patrons with the addition of its Polish Group who meet twice a month at the library.

Adult programs were varied as well with offerings of Family Literacy, Gardening lectures, craft projects, Job fairs, just to mention a few.

Since the town was also celebrating its 275th anniversary, the library was not without it's interesting times. Bobby Bookworm, our mascot, had an adventure of his lifetime, provided by the Fire department of the Town. He traveled to Bellingham, Washington complete with picture taking and a visit to Bellingham Washington Library. His return was marked with a cake in the shape of a fire engine and rave songs by all.

The year ended with a bang! The library had its 100th birthday party, put on by the Friends and Trustees of the library. Volunteers staff and prize winners were honored along with the unveiling of a painting of the original library, the Emerson Eldridge home on So. Main St. Even the cake in the shape of a book was presented along with a visit from a clown and balloons for all the children.

The Board of Trustees changed, through Town Charter, the number of people serving on the Board. In July Margaret Swicker resigned her position on the Board. We were very sorry to see her leave and wish her all the best.

We have joined the CW/MARS network and hope to be online during the first part of next year. The telephone line has been installed and we are awaiting hook-up to the network.

As always we would like to thank the generous assistance of all those volunteers and Friends that make it possible for the library to continue to provide quality service to the community.

Respectfully submitted,
Laura Einstadter - Director, for the Board of Trustees
Lea Kraus - Chairperson

Metropolitan Area Planning Council

60 Temple Place, Boston, Massachusetts 02111 617/451-2770 Fax 617/482-7185

Serving 101 cities and towns in metropolitan Boston

Bellingham Town Report

1994

The Metropolitan Area Planning Council (MAPC) has worked to increase its legislative capacity in 1994, and this effort has resulted in substantial revenue to cities and towns. For example, the Council lobbied for the *Capital Outlay Bill*, signed into law in August, which included \$300 million in Chapter 90 funding to cities and towns for road and bridge repairs. The *Capital Outlay Bill* also included language which allotted \$10 million toward a state-funded revolving loan to homeowners for Title 5 repairs. MAPC was instrumental in creating this concept, and is currently working with the Department of Environmental Protection to formulate a mechanism to effectively allocate these funds. The Council was instrumental in organizing over thirty transportation-oriented groups to lobby for the passage of the *Transportation Bond Bill*, which will allot \$4.6 billion in bonds over two years for road, bridge, mass transit, and other transportation-related projects. The Council has also worked toward the passage of the *Open Space Bond Bill*, the *River Protection Bill*, and other critical initiatives.

Bellingham is a member of the SouthWest Advisory Planning Council (SWAP) subregion. The SWAP Committee was primarily established to foster cooperation between the participating communities, develop consensus and reasoned strategies to address the issues of transportation, water resources, housing and the environment. This year, the issue of transportation was primarily focused on through the Committee's input to the Central Transportation Planning Staff for the revised Regional Transportation Plan and discussion on the feasibility of a Milford commuter rail extension. Towards the end of the year, the Committee began looking at the possibility of obtaining portable weight scales for the subregion in order to address the impacts overweight trucks are having on the local roadways. This project will continue into 1995. At the end of 1993, MAPC finished the SouthWest Water Supply Protection Plan. Much of 1994 was spent reviewing the recommendations made in the plan and taking the first steps for the implementation by getting towns to sign a Memorandum of Understanding.

MAPC staff assisted communities with the programming of transportation projects into the Transportation Improvement Program. Project solicitation requests, TIP updates, and project status reports were provided to the community on a regular basis.

Town of Bellingham

1994 REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasible.

All mosquito eggs need water to hatch and to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the drainage of shallow, standing, stagnant water, and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	3,577 feet
Brush obstructing drainage cut	810 feet
Drainage reconstructed by wide-track backhoe	545 feet

Larviciding: Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Larvicide by backpack\briquets\mistblowers	135 acres
--	-----------

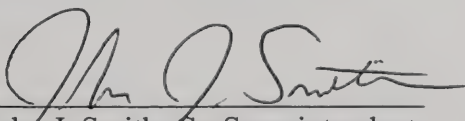

Adulticiding: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying, or threatening to residents.

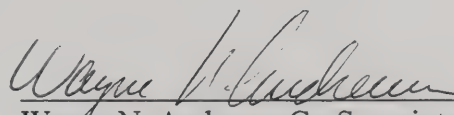

Adulticide fogging from trucks	1,933 acres
--------------------------------	-------------

Surveys, inspections, and monitoring in support of our program include locating and mapping breeding areas, larval and adult collections, and field work evaluations leading to better drainage.

The Project received 39 calls from residents for information and assistance.

Respectfully submitted,

John J. Smith, Co-Superintendent

Wayne N. Andrews, Co-Superintendent

TOWN OF BELLINGHAM

OFFICE OF THE PERSONNEL BOARD

BELLINGHAM, MASSACHUSETTS 02019

REPORT OF THE PERSONNEL BOARD

1994

To the Honorable Board of Selectmen and to the Citizens of the Town of Bellingham.

Throughout the past year the Board has strived to establish consistency and objectivity in the administration of personnel matters in an effort to provide service in the best interest of the Town and its employees.

The Personnel Board meets twice monthly and as needed.

As required during the year, the Board interviewed job applicants and made recommendations to fill vacant town positions. The Board developed a performance evaluation for the position of town administrator. In addition, the Board addressed the concerns and request of department heads and employees.

In the coming year, the Board will work on preparing a welcoming package describing employee benefits. The Board, with the assistance of department heads, would like to update job descriptions. A periodic planning conference for use with supervisors will also be developed.

The Board would like to thank Jacqueline Richard and Denis Fraine, and all departments for their cooperation during the year and look forward to working with all departments in the coming year.

The members of the Board continue to reaffirm their commitment to provide service to the Town of Bellingham, and the Board looks forward to making a positive contribution during the coming year.

Respectfully submitted,

Cynthia L. Glose, Chairperson
Monice J. Trottier, Vice Chairperson
Helen A. Canesi
Gail J. Dehmer
Monice J. Trottier, Clerk

BELLINGHAM PLANNING BOARD

P.O. BOX 43

BELLINGHAM, MASSACHUSETTS 02019

January 8, 1995

To the Honorable Board of Selectmen and the Citizens of the Town of Bellingham:

The Planning Board had a relatively busy year in comparison to recent slow growth experienced previously. The number of small residential developments has increased. In addition, the town has experienced growth with more additions to existing businesses and more small businesses coming to Bellingham. A great deal of our time as a Planning Board is spent conversing with developers interested in various prospective developments. We review concept plans and provide advice prior to commencement of the actual submittal process. We continue to review our Zoning Bylaws to amend items for clarification and compliance with state mandates.

The Planning Board re-organized on May 12, 1994 as follows: Edward T. Moore, re-elected Chairman; Emile W. Niedzwiadek, elected Vice-Chairman; Roland R. LaPrade, elected Secretary to the Board. Members Anne M. Morse and Paul Chupa complete the Board. In addition, William M. Wozniak serves as Alternate Member to the Planning Board. Valerie J. DeAngelis was reappointed to serve as Clerk. Philip B. Herr of Philip B. Herr and Associates was retained as the Board's planning consultant.

The Planning Board held nineteen meetings during the year including thirteen public hearings, five for Zoning Bylaw Amendments. One Definitive Subdivision was denied and one is continued for further information. Five Definitive Subdivisions were approved for single family residential development. Two Preliminary Subdivisions received approval for residential development. Six advertised review meetings were held for Developmental Plan Review. One special permit for condominium development is currently pending. One major commercial complex special permit was extended for an additional year. A total of twenty (20) simple lot divisions (81-P plans) were submitted during the year. Revenues collected total \$2,584.20.

During 1994, some members of the Planning Board served on the Economic Development Task Force to study industrial property along Hartford Avenue to develop a plan for land utilization. In September, the Board was awarded a scholarship to the Lincoln Institute of Land Policy in Cambridge to attend a variety of planning seminars throughout the year.

TOWN OF BELLINGHAM

OFFICE OF
PAUL ST. GEORGE
PLUMBING AND GAS INSPECTOR

REPORT OF THE PLUMBING & GAS INSPECTOR

To the Honorable Board of Selectmen and the Resident Taxpayers of the Town of Bellingham:

The position of Plumbing and Gas Inspector is to protect our Public Water Supply from contamination through cross connection. The position of the Gas Inspector is to protect the residents of the town from any gas related hazards, by inspecting for any code violations.

I have issued, during the year 1994 approximately the following permits:

Plumbing Permits	261
Gas Permits	176
Gas Leak Investigation	3
Plumbing Complaints	10
Plumbing Violations	10
Gas Code Violations	81

Money collected from fees = \$17,886.00

I personally thank the Board of Health Members, Mrs. Charlotte Mangano, Secretary, Mr. John Emidy, Building Inspector, also the residents of Bellingham for their cooperation in the performance of my duties.

Respectfully submitted,

Paul St. George
Plumbing & Gas Inspector

REPORT OF THE POLICE DEPARTMENT

As Chief of Police, I hereby submit the report of the Police Department for the year ending December 31, 1994.

The PAMET computer system has been fully installed in the department. This system has provided improvements in productiveness within the department and has improved effectiveness resulting in professionalism when serving the community.

Kudos to Chief Financial Officer Marilyn Mathieu for her involvement in the installation of the new PAMET system. Ms. Mathieu has been the driving force behind the computer installation. The considerable amount of time she has spent aiding the department during this process is greatly appreciated. Thank you also to Lieutenant Bert Guerin for his assistance in the installation process. His involvement in training the officers has been remarkable and is also greatly appreciated.

The Enhanced 911 system has been implemented in our department. This system provides the location of all incoming 911 calls making it easier for dispatchers and officers to respond to emergency situations.

Our D.A.R.E. program continues to grow, adding extended programs and extra classes for the students in our community. Our D.A.R.E. officers ; Sgt. James L. Haughey, Officer Joseph A. Antonelli, Officer Julius L. Rolls, Jr. and Officer Joseph H. Costello should be commended for a job well done. Special congratulations to Sgt. James L. Haughey who was recognized by M.A.D.D. as an outstanding officer for his involvement with drunk driving and the D.A.R.E. program.

Peter J. Lemon and George T. Buskirk have been assigned as Full-Time Detectives. Detectives Lemon and Buskirk have enhanced the investigative process and have solved many crimes within the town and surrounding communities.

Sgt. Paul J. Frain has retired this year after 19 dedicated years. We thank him for his many years of service and wish him luck in his future endeavors.

Sgt. Gerard J. Corriveau had been promoted to Full-Time Sergeant to replace Sgt. Frain. Sgt. Corriveau's education, experience and leadership will truly benefit our department.

This year, three officers ; John J. Melanson, Leonard E. Gosselin and James M. Russell have successfully completed the Full-Time Police Academy. Congratulations to these three men.

We welcome Jennifer M. Urquhart to the Full-Time Dispatcher Staff. We are confident that she will help to continue the display of outstanding professionalism our dispatchers have been providing.

I also wish to thank the Board of Selectmen along with Denis Fraine, Town Administrator, Jacqueline Richards and Kathy Creasia. Their infinite assistance has provided much support and help throughout the year.

I thank Chief Bartlett and the Auxiliary Police for their continued assistance and support throughout the year. In 1994, this department has had many new programs implemented and various training courses have been attended. I personally thank the members of the Bellingham Police Department. Their cooperation and assistance has provided the maximum amount of proficient service to the community throughout the year.

REPORT OF THE TOWN COLLECTOR
FISCAL YEAR 1994

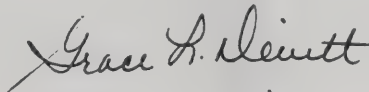

To the Honorable Board of Selectmen and Citizens of
Bellingham:

Fiscal Year 1994 Collection figures are contained in
the report of the Chief Financial Officer.

In June of 1994 we mailed our first quarterly bills for
real estate and personal property taxes. The positive
response from taxpayers regarding quarterly tax bills has
been overwhelming and has eliminated our need to borrow in
anticipation of revenue.

I wish to thank Town Officials, employees and citizens
of Bellingham for their continued support and assistance. I
also want to thank the staff of the Collector's office for
their cooperation and dedication.

Sincerely,

A handwritten signature in cursive script that reads "Grace L. Devitt". The signature is written in dark ink and is positioned above the printed name and title.

Annual Report of the Veteran's Grave Agent

It has been twenty (20) years January, 1995, since I was appointed to this office. A lot of things have been done since then.

All veteran's graves have been searched out of the woods and brush, especially in the Scott Cemetery. They have been cleared out so you can read most of them. All are decorated twice a year.

I wish to thank all who helped decorate with me. My good friend, Warren Crimmings, was the main helper. There is always some vandalism where flags are concerned. The kids won't leave them alone.

The Memorial Day Committee gets the flags to me (small ones). The big flags they replace on the poles in and out of the cemeteries. Veteran's markers that are shipped in to me are still set for free; if it is a bronze one, I set it in cement.

Respectfully submitted,

Russell H. Chase
Veteran's Grave Agent

VETERANS' SERVICES

The Veterans' Services program continues to provide prompt service to the Town's veterans population and their dependents. Over the past year services were provided as follows:

Number of Veterans Receiving Benefits 7

Number of Veterans and Dependents Serviced or Provided Counseling 77

Veterans seeking assistance are encouraged to contact the Veterans' Services office for information on program offerings. We are proud to service the veteran community and stand ready to answer their call.

Respectfully submitted,

Anthony Mazzola
Veterans' Agent

Denis C. Fraine
Administrative Assistant
to Veterans' Agent

ELECTRICAL INSPECTOR

Town Hall Annex • Bellingham, Massachusetts 02019 • Tel. 966-2567

Electrical Inspector

ANNUAL REPORT OF WIRING INSPECTOR

To the Honorable Board of Selectmen and Citizens of Bellingham:

PERMITS ISSUED ON 1994

January	19	\$ 655.00
February	22	982.00
March	29	610.00
April	29	730.00
May	42	2,162.00
June	33	2,263.50
July	28	1,365.00
August	30	865.00
September	23	2,700.00
October	37	1,637.00
November	31	960.00
December	25	1,135.00
TOTAL		\$16,064.50

I wish to thank all Town Officials for the assistance.

Respectfully submitted,

Florent R. Levesque
Inspector of Wires

TOWN OF BELLINGHAM

WORKERS' COMPENSATION AGENT

BELLINGHAM, MASSACHUSETTS

FISCAL YEAR 1993-1994

In the past year, there have been approximately forty-six (46) reported accidents of which eight (8) resulted in lost time. The total claims paid for medical was \$34,797.98 and \$19,331.95 was paid for compensation.

These figures represent a twenty-nine percent (29%) decrease over last fiscal years' rates due to the nature and longevity of injuries reported.

The Safety and Health Committee continues to strive to keep these costs down by anticipating potentially unsafe conditions and taking corrective action at quarterly meetings with Department heads. Through Health Resources, the occupational health nurse continues to monitor all reported injuries on a weekly basis and also provides valuable information for all Town employees.

Respectfully submitted,

Nancy A. Bailey
Workers' Compensation Agent

**WATER & SEWER DIVISION
OF THE
BELLINGHAM DEPARTMENT OF PUBLIC WORKS**

**ANNUAL REPORT
CALENDAR YEAR ENDING DECEMBER 31, 1994**

In its efforts to supply drinking water to the Town of Bellingham Residents, the Water and Sewer Division of the Bellingham Department of Public Works operates and maintains eight ground water supply pumping stations, three water storage stand pipes, one green sand filtration plant and approximately fifty miles of water main.

During the calendar year 1994, the Water and Sewer Division continued in its efforts to comply with all the requirements of the Federal Safety Drinking Water Act. Such requirements during this calendar year included: continuing public education regarding the Lead and Copper Rule, bi-weekly testing for Coliform Bacteria in the distribution system, and the filing of sampling results and waiver applications regarding Volatile Organic Compounds, Inorganic Compounds and Synthetic Organic Compounds in source water.

The written public education materials related to the Lead and Copper Rule will continue to be delivered in bill stuffers, and made available at day care centers and other such businesses. Public service announcements will be issued to the local media as well. This public information and education program must continue until the Corrosion Control system is installed, operational, and proven effective. The Corrosion Control system will reduce the risk of lead and copper contact for town water users.

The results of the Volatile, Inorganic, and Synthetic Compounds analysis indicated that the Town of Bellingham water sources have not been contaminated by any of these compounds and the system is at a very low risk of contamination from these compounds in the future. Further testing for these contaminants will be done in compliance with the Safe Drinking Water Act in three to nine year intervals as required.

At the May town meeting, the funds necessary to construct a system wide Lime Feed Corrosion Control System were appropriated. This system is designed to prevent copper and lead corrosion. Requests for proposal were sent out for the engineering design portion of this project. Dufresne - Henry of Westford, a very good reputable and well know civil engineering firm, was selected to perform the design, bid and construction inspection work.

The Town D.P.W. staff will construct all under ground piping system modifications that are part of the Lime Feed System.

Also appropriated at the May town meeting, were funds needed to perform routine maintenance of the 3.1 million gallon Grove Street Stand Pipe. This work will include the re-painting of the interior and exterior of this 23 year old storage tank. Proposals were received for the engineering design and construction service portion of this project. The Maguire Group of Foxboro, another well known and reputable firm, was selected to perform this engineering work.

Efforts to add pumping capacity to our water system continued, as funds have been appropriated to continue efforts to put Well #12, which is located North of High Street, on line in the near future. Again, Dufresne - Henry was selected to perform the Well #12 design and construction services work. As the year ended, the efforts continued to complete basic design and land taking plans for this new well.

The staff of the Water and Sewer Division completed a few smaller projects during the year. We replaced the 2" iron pipe in Roy Street with a new 6" plastic main. The 2" iron water

pipe in Spring Street was abandoned and replaced with a 1" plastic service. These old 2" iron pipes were the cause of several leaks in the last few years. We are trying to remove all of the old 2" iron pipes, as replacing them with new plastic pipe is very effective as these improvements remove a major source of water loss, as well as improve water service pressure and fire protection capabilities to the residents. There are a few 2" iron water mains remaining to be replaced and hopefully these mains will be replaced during 1995 and 1996.

The Water and Sewer Division staff constructed a well cleaning device, which will be used to clean the many small wells that are part of Pump Stations #2, #3 and #11. The cleaning device was constructed using, as the main body and power unit, a tow truck that was previously acquired by the Highway Department. This device will allow the D. P. W. to clean the small wells at a minimal cost, and the modifications to the tow truck did not in anyway effect the ability of the truck to tow vehicles.

In the Fall of 1994, members of the Water and Sewer Division staff became fully certified to manage and perform all aspects of the Bellingham Cross Connection Control and Backflow Prevention Program. The Town personnel will now perform surveys of commercial, industrial and institutional properties to insure that no substance or liquid from private properties can backflow through a cross connection into the Town's water distribution system.

In the past and since the inception of the program, the Town had hired a consultant to perform this work. Pinto's Associates of Franklin had been contracted to perform the work, and performed admirably during the time of their contract. Now that Water and Sewer Division staff members are properly certified, and the program can be completely administered in house, we will not only save the money paid to our consultant, but we will gain better control of problems related to this water quality protection issue.

Finally, in 1994 the Phase II Sewer Projects were completed. Although there is some clean up work to be performed related to contract 89-2R, the sewer pipes, pump stations and force mains are now fully operational, and all properties that were assessed betterment's under the Phase II Projects can connect to the sewers. With this work completed, the Water and Sewer Division now maintains five sewer pumping stations, about sixteen miles of sewer pipe and three metering stations.

A by-law was passed at the May town meeting designed to reserve enough sewer capacity to allow all individuals who were assessed a betterment the ability to connect to the system. This by-law set a time period of three years, during which the capacity will be reserved for residents who wish to connect. Beyond that point, sewer treatment capacity may no longer be available and connection requests may have to be denied.

The Water and Sewer Division continues to work with the Charles River Pollution Control District treatment facility in Medway, to obtain more capacity for future expansion of the sewer system in the North and Central portion of the Town. The South section of the Town, which receives sewer treatment services from the Woonsocket Waste Water Treatment Plant, has acceptable reserve capacity for the short and long term future expansion. No specific plans have been made to start any further sewer projects, due primarily to a reduction in the State grant funding available for such projects.

In the year 1994, the New Town Charter was implemented. The Charter dissolved the Water and Sewer Commission. Members who served on this Commission over the years gave a large amount of their time to serve the Town on this important Board. They should all be thanked for their service.

In conclusion, 1994 was a good year for the Water and Sewer Division of the Department of the Public Works. We anticipate 1995 to be as good or better with; the implementation of Corrosion Control System Town wide, the Rehabilitation of our largest Stand Pipe, the steps being taken towards construction of new Well #12, the many small in Town projects which the D. P. W. forces should be able to complete, and the connection of many homes to the sewer system that have been waiting for sewer service.

All employees of the D. P. W. look forward to serving the residents of the Town of Bellingham in 1995 and beyond.

1994 ANNUAL REPORT

ANNUAL REPORT 1994

**Dr. Michael F. Fitzpatrick
Superintendent-Director**

**BLACKSTONE VALLEY VOCATIONAL
REGIONAL SCHOOL DISTRICT**

**Pleasant Street
Upton, Massachusetts 01568-1499**

BLACKSTONE VALLEY VOCATIONAL REGIONAL HIGH SCHOOL DISTRICT

ANNUAL REPORT 1994

The Blackstone Valley Technical District School Committee present this report to the citizens of the District. Clearly, the past year proved to be a blend of significant change and a substantial transitional period in local improvement initiatives and the statewide implementation of educational reform. A major portion of staff time and energy was focused upon interpreting and responding to the multifaceted aspects of the Massachusetts Educational Reform Act of 1993. The complexities of regional finances within the reform movement continue to be a priority for the District School Committee.

Governance

Membership on the School Committee was altered as Mr. John Fernandes was replaced by Mr. Arthur E. Morin, Jr. as Milford's Representative. Additionally the following members gave notice that they would not seek reelection during the November '94 election: Sutton's Representative, Mr. Kelton Johnson; Uxbridge's Representative, Mr. Jack Robarts; and Mendon's Representative, Mr. Casey Vandervalk. With the retirement of Mrs. Margaret Asadoorian of Whitinsville, Diana Pedersen accepted recording secretary duties for the Committee.

Long term Superintendent, Eugene D. Picard, announced his retirement effective February 1, 1994. Following a search conducted by an external consultant agency, with input from a representative cross section of citizens, staff and students, Dr. Michael F. Fitzpatrick was named Superintendent.

Sharing a portion of the school's governance was the highly valued input of the elected School Council. The Council has met periodically throughout the year and they have concentrated on specific areas of concern including the design of the school improvement plan, refinement of the student handbook, professional development, community awareness and adoption of the school's budget. The School Council consists of the following:

Parents: Pamela Gallagher, Whitinsville; Kathleen Fraher, Milford; Raymond Quinn, Hopedale
Teachers: RoseMary Natelson, Milford; Lawrence Bonetti, Milford
Advisory Committee: John Gauvin, Sutton
BVVRSD Administrator: John LeBrun, William Mahoney
Student: Mark LeBeouf, Northbridge

Community Service

Valley Tech staff continue to assign a high priority to work projects which assist member towns and at the same time provide students with meaningful job experience in their chosen field of endeavor. The following historical summary highlights several of the cost effective projects completed within member communities.

Automotive Technology

<u>Community</u>	<u>Activity/Project</u>	<u>Value</u>
DOUGLAS	State Forest - rebuild 4 wheel drive truck transmission	\$ 1,400
DOUGLAS	State Park - repair starter	\$ 100
UPTON	Police cruisers - maintain vehicles	\$ 500
UPTON	Police cruisers - simple repairs	\$ 300
Auto Body		

<u>Community</u>	<u>Activity/Project</u>	<u>Value</u>
DOUGLAS	Complete restoration of (2) fire trucks	\$18,000
BELLINGHAM	Repaint fire truck and dump truck	\$ 9,000
HOPEDALE	Repaint (2) dump trucks and portable compressor	\$10,000
SUTTON	Paint Fire and Highway Dept. cars	\$ 5,000
NORTHBRIDGE	Paint and repair (2) police cruisers	\$ 5,000
MENDON	Paint Highway Dept. pickup truck	\$ 1,500
UXBRIDGE	Town pickup truck restoration	\$ 1,500
STATE PARKS	Paint (3) pickups, (3) passenger cars and (1) horse trailer	\$15,000

Culinary Arts

<u>Community</u>	<u>Activity/Project</u>	<u>Value</u>
UXBRIDGE	Food preparation for "Open House"	\$ 250
BLACKSTONE	Food preparation for "Firefighters"	\$ 300
BLACKSTONE	Town's "Anniversary Cake"	\$ 150

Drafting

<u>Community</u>	<u>Activity/Project</u>	<u>Value</u>
UPTON	Upton Fire Dept. - Fire Prevention Mapping for apartment complex	\$ 500
UXBRIDGE	Uxbridge Town Hall - handicap access ramp design	\$ 2,500
UXBRIDGE	Uxbridge Selectmen - access survey for town buildings	\$10,000
UXBRIDGE	Parks Dept. - layout for Gray Rock Park	\$ 1,000

Drafting (continued)

<u>Community</u>	<u>Activity/Project</u>	<u>Value</u>
NORTHBRIDGE	St. Patricks - cemetery layout	\$ 500
BLACKSTONE	Garden Club - Gazebo Foundation plan	\$ 150
NORTHBRIDGE	American Legion - cemetery layout	\$ 2,500
UPTON	Water Dept. - water and sewer mapping	\$ 2,000

Electrical

<u>Community</u>	<u>Activity/Project</u>	<u>Value</u>
SUTTON	Library - complete rewiring	\$ 40,000
UXBRIDGE	District Courthouse - rewiring	\$ 10,000
MENDON	Library - remodel	\$ 15,000
UPTON	Christmas Lights - temporary service	\$ 1,000
COMBINED MEMBER TOWNS	- energy savings projects	\$100,000

Graphic Arts

<u>Community</u>	<u>Activity/Project</u>	<u>Value</u>
UPTON	Recycling Committee - flyers	\$ 40
UXBRIDGE	Board of Selectmen - business cards	\$ 15
MILLBURY	Public Schools - student handbooks	\$ 400
UXBRIDGE	Board of Selectmen - #10 envelopes	\$ 80
MILLVILLE	Town of Millville - letterheads	\$ 45
GRAFTON	Schools - curriculum booklets	\$ 100
UXBRIDGE	Board of Selectmen - invitations	\$ 50
MENDON	Town of Mendon - dog licenses	\$ 100
UXBRIDGE	Town of Uxbridge - letterheads	\$ 70
MENDON	Police Dept. - police manuals	\$ 1,000

HVAC

<u>Community</u>	<u>Activity/Project</u>	<u>Value</u>
MENDON	Housing Authority - recondition refrigerators	\$ 400

Health Service

<u>Community</u>	<u>Activity/Project</u>	<u>Value</u>
MILFORD	Kindergarten - assist teachers with a myriad of projects and assignments	\$15,600

Machine Technology

<u>Community</u>	<u>Activity/Project</u>			<u>Value</u>
UPTON	Highway Dept.	-	repair trucks	\$ 150
DOUGLAS	State	-	park tables, seats, misc. parts	\$ 400
UXBRIDGE	State Highway	-	sanding trucks and plows	\$ 1,000
UXBRIDGE	State Highway	-	gate parts	\$ 100
UPTON	Water Dept.	-	repair jobs	\$ 200

Metal Fabrication

<u>Community</u>	<u>Activity/Project</u>			<u>Value</u>
UXBRIDGE	Parks Dept	-	park gates	\$ 400
HOPEDALE	Parks Dept.	-	park gates	\$ 2,500
UPTON	Parks Dept.	-	park gates	\$ 500
UXBRIDGE	Town Hall	-	shelving	\$ 100
MILFORD	Historical Society	-	cannon wheels	\$ 200
STATE HIGHWAY		-	repair sanding trucks	\$ 1,500
MENDON	Library	-	railings	\$ 500

Office Technology

<u>Community</u>	<u>Activity/Project</u>			<u>Value</u>
GRAFTON	Basketball Team	-	flyers	\$ 300
UPTON	Police Dept.	-	flyers	\$ 200

Painting and Decorating

<u>Community</u>	<u>Activity/Project</u>			<u>Value</u>
NORTHBRIDGE	Community Center	-	signs for events/refinish table	\$ 1,400
UPTON	Housing	-	signs for events	\$ 300
UPTON	Police Dept.	-	signs, paint firing range, etc.	\$ 300
HOPEDALE	Various town offices	-	signs, etc.	\$ 1,000
MILFORD	Various town offices	-	signs, furniture, etc.	\$ 500
UXBRIDGE	Various town offices	-	signs, furniture, etc.	\$ 200

Plumbing

<u>Community</u>	<u>Activity/Project</u>			<u>Value</u>
SUTTON	Town Library	-	complete plumbing and heating	\$ 6,525
BELLINGHAM	Keough School	-	complete plumbing and heating	\$ 36,000

Budget and Finance

FY94 BUDGET AND FINANCE INFORMATION

Education Reform had a significant impact on the FY94 budget for Blackstone Valley Vocational Regional School District. The FY94 Net School Spending requirement for Blackstone Valley Vocational Regional School District was \$5,363,286. This was funded through Chapter 70 Aid of \$3,412,404 and Minimum Contribution requirements from the thirteen (13) member towns of \$1,950,881. In the operation portion of the budget, but outside net school spending areas the Blackstone Valley Vocational Regional School District also had a budget of \$375,000 for transportation and \$25,000 for the acquisition of fixed assets. The total operation budget for the Blackstone Valley Vocational Regional School District was \$5,758,774.

In addition to the Minimum Contribution totaling \$1,950,881 the thirteen (13) member towns supported the transportation of the students with a transportation assessment of \$89,448, and the member towns supported fixed asset acquisition with an assessment of \$25,000. Blackstone Valley Vocational Regional School District helped to reduce the impact of Ed Reform to the member towns by applying the remaining amount reserved for expenditures from its Unreserved Fund Balance (E and D, or "free cash"), \$353,637. The transportation assessment, fixed asset assessment, and the use of UFB was allocated among the thirteen (13) member towns in accordance with the District Agreement.

The Blackstone Valley Vocational Regional School District's debt obligation for FY94 was \$378,140. The debt obligation was funded through state reimbursement revenue of \$107,715 and an assessment to the thirteen (13) member towns of \$270,425 which was allocated among the member towns in accordance with the District Agreement.

Grants

Although Massachusetts in general continued to experience a decline in allocations of federal vocational technical monies, Valley Tech personnel continue to vigorously pursue external grant funds. Successful grant projects were secured for the following:

PROGRAM TITLE	FY94 GRANTS AWARDED
SPED 89-313 In-State	\$ 3,675.00
SPED 94-142 Local School Grant	\$ 59,670.00
Chapter II Library ECIA Distribution	\$ 3,533.00
Tech Training Math and Science	\$ 1,878.00
Chapter I Distribution	\$ 21,125.00
Drug Free Schools Distribution	\$ 2,676.00
Smoking Cessation	\$ 27,381.00
Occ. Ed. - Vocational Skills (Perkins)	\$ 147,270.00
Bureau of School Nutrition Aid-In-Kind (commodities)	\$ 10,796.00
National School Lunch Program	\$ 34,931.00
TOTAL DEPARTMENT OF EDUCATION	\$ 312,935.00

Faculty and Staff

Valley Tech continues to support an exceptionally dedicated and talented cadre of staff. The current staffing pattern consists of: (1) Superintendent-Director; (1) Principal; (7) Administrators (36) Vocational Technical Teachers; (22) Academic Teachers; (5) Special Education Teachers; (7) Paraprofessional/Instructional Aides; (1) Adjustment Counselor; (3) Guidance Counselors; (1) Library/Media Specialist; (1) Library Aide; (2) School Nurses; (6) Custodial/Maintenance Personnel; (1) School Year Matron; (11) Food Service Personnel; (3) Full-time Secretaries; (5) Part-time Clerks; and (2) Business Office Specialists and a myriad of grant personnel.

Notably, professional staff adopted an annual professional development process which includes sixty hours of advance training outside of the traditional workday. This standard is five times the minimum requirement established by the Department of Education. Not surprisingly, the Commission of Education complimented the staff for their commitment to excellence.

Summarized Improvements

The Committee is very pleased with the progress which has been made in strengthening the quality of Valley Tech's education. The Committee is confident that it has done its very best to provide the young citizens of the District with a technical and academic background consistent with the school's stated philosophy and goals.

While much remains to be accomplished, the following illustrates recent improvements:

- ◆ Established an arena of increased communication and subsequent trust via regular leadership team meetings, staff breakfast and other forums and daily visitations to classrooms and shop laboratories.
- ◆ Developed a system wide strategic planning process and criteria for improvement with designated performance indicators.
- ◆ Extended public testimony at legislative and other legal hearings impacting vocational technical education.
- ◆ Implemented collaboration planning with sending school superintendents, guidance, special needs and other representatives which fosters new or improved programs, services and resources.
- ◆ Participated actively within statewide professional organizations including MAVA, PDK, ASCD, MVA and others.
- ◆ Identified, and in several cases rectified, professional staff credentialing issues concerning certification and/or approval.
- ◆ Designed an inclusionary candidate screening process which empowered staff to contribute in ranking the most qualified person for filling vacancies.
- ◆ Utilized the above reference process to fill the following positions:
 - a. Nurse
 - b. Permanent Vocational/Technical Substitute
 - c. Library/Media Aide
 - d. Chapter-I Aide
 - e. Clerical Typist/Co-op
 - f. Evening School/Adult Education Assistant
 - g. SPED Adjustment Counselor
 - h. Systems Analyst
 - i. Grant Writer
 - j. Public Relations Specialist

Summarized Improvements (continued)

- ◆ Examined current collective bargaining contracts and devised preliminary suggestions to improve/revise future collective bargaining language.
- ◆ Within sub committee format designed, presented and disseminated an FY95 budget incorporating all aspects of educational reform.
- ◆ Initiated various (e.g. transportation, computers) bid design specifications and discussions with vendors/other specialists which led to improved and cost effective services.
- ◆ Established an expanded network for professional development.
- ◆ Developed strategies which led to the resolution of negotiation concerns for the current Teachers Association agreement.
- ◆ Fostered and designed a series of informational calendar style (e.g. school committee meetings, in house activities, etc.) reports to strengthen awareness and planning.
- ◆ Recruited a team of Total Quality Management specialists from the private sector to provide in-service training to staff.
- ◆ Expanded and updated directories and other data access reports to enable others to plan cohesively.
- ◆ Introduced new stationery and other report format techniques.
- ◆ Created new "positive alternatives" to (external) student suspensions process and modified spacial requirements to address this concept.
- ◆ Initiated on site college undergraduate and graduate courses.
- ◆ Established Technology Task Force to assist in coordinating system wide technology and maximizing limited fiscal resources.
- ◆ Met with numerous sub-committees and contributed to procedures which strengthen program offerings and support services to students.
- ◆ Directed a system wide curricular revision effort using the concepts and priorities compiled in the SCANS Report.
- ◆ Investigated several externally funded grant support programs and ventures with national, state, regional and local agents.

Summarized Improvements (continued)

- ◆ Worked closely with Tech Prep contact people and college representatives in the expansion of articulation agreements for Valley Tech youth.
- ◆ Embarked upon a plan to discover and improve the day-to-day operations, appearance and impressions of Valley Tech.
- ◆ Participated actively in Advisory Committees, SPED- PAC Committees, School Council and other planning sessions.
- ◆ Revamped the school's special education admissions process.
- ◆ Designed a new negotiation process for administrative personnel.
- ◆ Conducted school committee meetings and completed assigned tasks originating via the school committee's decision making process.
- ◆ Developed accreditation visit responses to New England Association of Schools and Colleges.
- ◆ Made inroads in establishing a nationally networked "pilot" site for EXCEL advance learning training and computerized resources.
- ◆ Investigated the potential for establishing additional Chapter 74 program offerings which reduce out-of-district tuitions and ultimately expand training opportunities.
- ◆ Expanded student recognition opportunities including portfolios, Girls State, honor roll, scholarship and others.
- ◆ Commenced planning of distributive education store, school based credit union, professional development/assessment center, summer offerings and other ancillary-learning options.
- ◆ Examined building and property maintenance program and subsequently initiated changes in personnel and laboratory layout.
- ◆ Proposed elderly lunch feeding programs and explored opportunities for such.
- ◆ Investigated additional affiliations with Chamber of Commerces, area hospitals, industry, local school partnerships and others.
- ◆ Analyzed and commenced corrective strategies for improving classroom instruction in concert with members of the leadership team.

Summarized Improvements (continued)

- ◆ Worked closely with the vocational coordinator and others in securing a variety of donated tools including Boice crane jointer (\$2000), kitchen utensils (\$350), HVAC boiler (\$1500), Fitchburg State College Consultant Services (\$2000), ice cream (\$850), robotics, etc.
- ◆ Streamlined and/or clarified several fiscal processing procedures with the assistance of the Business Manager and appropriate regulatory agencies.
- ◆ Participated in radio interviews on WMRC and UCTV to promote more positive image for vocational technical education.
- ◆ Discussed additional cable TV communication options with area cable TV entrepreneurs.
- ◆ Posted job descriptions and hired Vocational Team Leaders through a screening process.
- ◆ Conducted a public hearing on "School Choice" and devised a position paper which led to a decision not to participate in Choice.
- ◆ Researched and recommended participation in the Early Retirement Incentive Program which was subsequently approved.
- ◆ Contributed to a process whereby 233 new students have been accepted for school year 94-95.
- ◆ Proposed and organized a new Special Needs Program.
- ◆ With the help of representatives from Polaroid Corp., hosted Total Quality Management training workshops.
- ◆ Arranged for linkage with apprenticeship training.
- ◆ Met with representatives of the advisory committee to refine the process of reporting future recommendations.
- ◆ With the capable assistance of Dr. Ron Linari, secured a Job Employment Partnership and Training Act \$60,000 grant.
- ◆ Established a Massachusetts Corporation for Educational Telecommunications satellite dish hookup.
- ◆ Investigated new phone system.

Summarized Improvements (continued)

- ◆ Met with Johnson and Wales staff to pilot a graduate intern at Valley Tech. during next year.
- ◆ Examined a variety of potential facility changes to enhance curriculum within cost effective approaches. With input from Teachers' Association, initiated a consolidated teachers' room, converted the former teachers' room into instructional space, developed feasibility plans for adding classroom space within machine technology lab and mechanical drawing lab.
- ◆ Increased public relations.
- ◆ Researched numerous system-wide computer networking options.
- ◆ Confirmed new articulation arrangements with colleges and area businesses.
- ◆ Promoted new partnerships in robotics, school-to-work transition, global education and other initiatives.
- ◆ Met with local citizens groups to assist in school construction ventures.
- ◆ Promoted a variety of independent professional development seminar/workshop activities by staff members.
- ◆ Met with State House based legislative agents in exploring programs/services for senior citizens from the Valley.
- ◆ Proposed a new staff improvement instrument and process for all staff.
- ◆ Designed contracts for all administrative personnel.
- ◆ Participated in a multitude of community service activities including retirement parties, Chamber of Commerce, middle school functions, etc.
- ◆ Authorized and lobbied successfully for legislative changes to programs/funding impacting regional vocational technical systems.
- ◆ Met with outside agents in the design of mutual funding ventures.
- ◆ Established linkage with the Center for Educational Leadership Technology.
- ◆ Made progress with the implementation of portfolio plans for future Valley Tech. students.
- ◆ Continued the analysis and improvement process initiated via the Technology Task Force.

Summarized Improvements (continued)

- ◆ Met with local community representatives in resolving funding informational concerns.
- ◆ Developed a plan to address long term admission issues and an approved admissions plan.
- ◆ Awarded bids for expansion of principles of technology.
- ◆ Installed new computer hardware.
- ◆ Initiated Partnership Advancing the Learning of Math and Science training.
- ◆ Assisted staff in rectifying program of studies for various degree or certificate programs.
- ◆ Worked closely with the Business Manager in awarding cost effective FY95 transportation bids.
- ◆ Contributed to the content and fostered a new design for the 1994-95 student handbook.
- ◆ In concert with colleagues developed revised 1994-1995 school calendar.
- ◆ Reported on results of student vocational statewide competition.
- ◆ Addressed drilling and blasting concerns created by new sub-division located across from school.
- ◆ Promoted new marketing brochures of Blackstone Valley Tech.
- ◆ Made arrangements to install "Gateway to Excellence Blackstone Valley Tech" directional signs throughout the District.
- ◆ Hosted Early Retirement Incentive Workshop.
- ◆ Initiated ceiling tile replacement work and interior beautification projects.
- ◆ Assisted in organizing and prioritizing construction work which was subsequently completed on school facility over summer vacation.
- ◆ Initiated individual color coding of school wings.
- ◆ Conducted weekly administrative team planning sessions which defined, analyzed and solved complex issues.

Summarized Improvements (continued)

- ◆ Initiated several activities which link Valley Tech with the Blackstone Valley Historical Corridor.
- ◆ Investigated several externally funded grant projects.
- ◆ Monitored arrangements for the successful transfer of unused surplus equipment.
- ◆ Established a process for devising job descriptions and hiring some 20 positions.

Submitted respectfully,

Jay P. Hanratty, Chair, Millbury
Kelton D. Johnson, Vice Chair, Sutton

THE ANNUAL REPORT
FOR THE
YEAR ENDING
DECEMBER 31, 1994
OF THE
SCHOOL COMMITTEE, SUPERINTENDENT OF SCHOOLS
AND
ADMINISTRATIVE STAFF
TOWN OF BELLINGHAM
BELLINGHAM, MASSACHUSETTS

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The Bellingham Public Schools have continued to make progress in their on-going activities of curriculum renewal and school reform. The Massachusetts Department of Education continues to issue new regulations and curriculum mandates in conformity with the Educational Reform Act of 1993. Included in these documents are new curriculum frameworks for each of the "core" subject areas: Literature and Languages; Mathematics, Science and Technology; Social Studies, History and Geography; Visual and Performing Arts; and Health (including "physical activities"). Instruction in each of these core areas is to be designed around three intersecting themes: Thinking and Communicating, Gaining and Applying Knowledge, and Working and Contributing.

These new frameworks, together with the new State Assessment Tests now being developed, will require a major shift in the design of educational activities in classrooms across the Commonwealth and in Bellingham. Curriculum designs will become more integrated (cross-disciplinary) and thematic in structure. The more traditional single-subject lectures will gradually give way to classroom instruction which is more student-centered and activity "problem-solving" based.

Citizens of Bellingham may take pride in the fact that, once again, Bellingham's schools are well ahead of the curve in the planning and implementation of these changes. For several years, our teachers have been engaged in significant staff and curriculum development activities; weaving into our daily instructional practice the best of current educational research. The implications of

Gardner's "Multiple-Intelligence Theory" for enhancing the quality of instruction is only now gaining national recognition. Bellingham's elementary level classroom teachers have been engaged in developing curriculum grounded in Multiple Intelligence Theory since 1990. Thus, Bellingham's children are already enjoying the benefits of curricular reforms only now being envisioned in other school systems. Our emerging curriculum is more student-centered, inclusive, and activity-based in design -- all the qualities being called for in the reform efforts.

Our high school teachers have also been actively exploring alternative instructional grouping strategies; the elimination of "general track" courses in favor of more demanding required course work; possibilities for interdisciplinary course offerings; and the development of enhanced instructional programs in technology concurrent with the acquisition of new computer equipment. The impact of recently adopted State policies on Core Curriculum and Time and Learning will likely require curriculum and scheduling adjustments in the future.

All schools now have operating School Councils that are co-chaired by the building principals and consist of parents, teachers, community representatives, and, at the high school, student representatives. These councils are charged with the responsibility for advising the principal on the operational and programmatic issues of the individual school and for developing school improvements plans for submission to the School Committee. The philosophy behind the school councils is to provide greater participation and voice to the major stake-holders of the local school setting. The school councils should enhance the school system's responsiveness to the expressed

needs of its customers: the students, parents, and greater community of Bellingham.

During the last year, major improvements have also been made to our school facilities. The Pinecrest School (now housing both the Paul J. Primavera Education Center and the Michael J. Reed Business Center) has been refurbished. The Primavera Center houses the Alternative High School Programs while the Reed Center will soon be equipped with a state-of-the-art computer laboratory that will serve as the school system's Technology Center. As envisioned, both centers will become major assets to the entire Bellingham community. In addition to a premiere educational facility for preparing our high school students for lucrative careers in technology, the centers will also serve as adult education and training facilities for the greater Bellingham area during evening and weekend hours.

The Reed Center will also become the home of a state-wide educational technology project known as High Schools/High Skills; thereby placing Bellingham in a high visibility state-level educational leadership role in technology. Because this project has major corporate partners such as the Oracle Corporation, Sun Microsystems, and Auto-Desk Corporation, Bellingham will become the beneficiary of these relationships. Bellingham's schools have already received free site licenses for Oracle software worth over \$100,000, staff training for three teachers worth over \$50,000 and use of a \$42,000 high-end network server recently donated to the High Schools/High Skills project by Sun Micro-Systems. A relationship to these international corporate giants would not be possible without this project and I believe that Bellingham has only begun to reap the benefits of enhanced educational opportunities for its students and

financial benefits to its schools!

Overall, there is much to be proud about our local public schools. In a year that testing scores are in a state-wide decline, Bellingham's testing scores reflect a school system that continues to improve; with students scoring at or above state average. In the last four years the percentage of our graduates going on to two and four year colleges has steadily increased from 68% in 1990 to 82% in 1994. It is notable that a significant number of these graduates have been accepted into some of the country's most prestigious and selective institutions: Brown, Harvard, and Dartmouth just to name a few. Combined SAT scores for Bellingham students remain above both state and national average (Bellingham 918 - State - 903 - National 902).

In the area of Science/Technology, our school system is poised to make a major leap into the 21st century. A major focus in our initial technology education efforts will be to address the needs of the other 17-20% of Bellingham's students who plan to enter directly into the work force after graduation. These students need to leave school with marketable high-level skills that will enable them to obtain good-paying jobs. Our new technology programs -- including High Schools/High Skills -- will address this ambitious goal!

I believe Bellingham's Public Schools are on the threshold of greatness. While much work remains before us, the course is, nonetheless, set and we are well on our way. Much credit belongs to our talented administrative and instructional staff who, themselves, have demonstrated a professional commitment to being life-long learners as well as agents of positive growth and change in our schools.

Much credit also belongs to a courageous School Committee that shares a vision of bold leadership -- not afraid to lead where others have yet to go. Real progress requires innovative change and change that is innovative (different) always generates voices of doubt and/or criticism. It would be easy to avoid the criticism by playing it safe and, in turn, stifling change. This School Committee, however, has steadfastly maintained its commitment and vision that Bellingham Public Schools overcome mediocrity in order to realize its great potential as a first-class, leading, school system. I believe their vision is rapidly becoming a reality!

In summary, I continue to be pleased with the progress of our school system to date. Despite many financial set-backs, we have continued to improve and grow. I am grateful for the opportunity to serve Bellingham as its Superintendent of Schools.

Respectfully submitted,

Malcolm L. Patterson, Ed.D.
Superintendent of Schools

REPORT OF THE SCHOOL COMMITTEE

The School Committee conducted its reorganizational meeting on May 16, 1994, and chose Mrs. Ann Odabashian to serve as Chairperson, Mr. John T. Molloy, Vice-Chairman, and Mr. Donald R. Burlingame as Treasurer. Mrs. Paulette Zazza and Mr. Ernest H. Pelletier, Jr., continue to serve on the Committee.

This past year has been one of change. The Committee continues to work closely with the Superintendent to monitor the implementation of the Massachusetts Education Reform Act. Each school has established site-based School Councils and these councils have developed school improvement plans which were submitted to the Committee for approval. In addition, the Massachusetts Department of Education has begun to release its new curriculum frameworks which will have a major impact on our instructional programs. The Committee adopted a major policy emphasizing the important role of the Arts in the overall quality of our instructional programming. We are also monitoring the requirements for additional student instructional time and the potential impact of these new regulations on our school schedules, contracts, and course offerings.

Several major facilities renovations were completed this year. The Stall Book School roof was replaced; the Pinecrest School roof and interior rehabilitation project was completed; and our high school football field was given a major upgrade including new sod, well and sprinkler system. We are particularly excited about the future of the Pinecrest Center which will house both the Alternative High School program and a new state-of-the-art technology center that will place our school system and community at the fore of the technological education and training capabilities.

The renegotiation of all of the school department's labor contracts took a good deal of the Committee's time and energy this year. In light of the Town's financial crisis last year, these negotiations were prolonged and difficult. Nonetheless, the Committee is confident that the bargaining agreements were fair to employees while remaining fiscally responsible. We were also pleased to welcome Mr. Robert Koenig as the new principal to Stall Brook School replacing Annette Packard who resigned in September.

Overall, our schools continue to make significant improvements. We believe that the citizens of Bellingham can take much pride in the quality of its schools. The School Committee will continue its efforts to make Bellingham's schools among the finest in Massachusetts and it is our hope that the citizens of Bellingham will continue to support their schools as they have in the past.

Respectfully submitted,

Ann L. Odabashian, Chairperson
John T. Molloy, Vice Chairman
Donald R. Burlingame, Treasurer
Ernest H. Pelletier, Jr
Paulette R. Zazza

ANNUAL REPORT

The number of students who received services in our schools in 1994 was approximately 2400 students and the average daily attendance for all schools was 96%. This report will provide information about the educational programs and activities that have been conducted for students in all grades during the calendar year of 1994.

ENROLLMENT

As of December 31, 1994, 2394 students were enrolled in kindergarten through grade 12 in our schools. This figure represents an increase in enrollments of 92 students. An increase of 117 students occurred at the elementary level, and a decrease of 25 students occurred at the secondary level in grades 7 through 12.

ENROLLMENT IN BELLINGHAM PUBLIC SCHOOLS - ALL GRADES, END OF THE FIRST MONTH OF SCHOOL

1980-81 - 3353	1985-86 - 2596	1990-91 - 2227
1981-82 - 3265	1986-87 - 2471	1991-92 - 2308
1982-83 - 3043	1987-88 - 2420	1992-93 - 2261
1983-84 - 2867	1988-89 - 2300	1993-94 - 2311
1984-85 - 2746	1989-90 - 2264	1994-95 - 2394

ELEMENTARY SCHOOL REPORTS

CLARA MACY SCHOOL - Mr. Ralph Garbart, Principal

The Clara Macy School continues its philosophy to provide all students of varying abilities and interest with an equal educational opportunity. This successful implementation of our philosophy has been demonstrated by providing students with various age appropriate activities which enhance each student's total learning experience. These activities have helped students discover their fullest potential in a warm, nurturing, and safe environment. To that end, some, but not all of the many activities provided for students are listed below.

Camp Horizons

Our sixth graders had the opportunity to learn valuable skills of living and working cooperatively at a week long environmental educational experience. Students were able to apply science skills learned in the classroom in a setting that was different from what they had previously experienced.

Arts Week

Macy's thirteenth annual salute to all of the arts was held the last full week of May. Several strands of the arts - visual, musical, crafts, and performance were displayed and children received an opportunity for a hands-on experience. The week culminated with a talent show featuring the many, multi-talented students from Macy School.

D.A.R.E.

In cooperation with the Bellingham Police department and with the total cooperation of the Bellingham School Committee, the Drug Abuse Resistance Education (DARE) Program was held at Macy School. Students in kindergarten, grade one, and grade four received introductory sessions while students in grade six received a seventeen-week course from Officer Antonelli, a certified DARE instructor. This course ended with a DARE graduation for all sixth-grade students who participated in the program.

The 1993 school year brought changes to our entire school system and especially to our local schools. The Education Reform Act of 1993, which was signed by Governor Weld in June, has given site based decision making a new meaning. The Macy School Council, an advisory

committee to the Principal, met on a monthly basis and presented a report to the Bellingham School Committee in June. This group, although new and just learning, provided our school with valuable insights to continue the positive educational process for students and staff.

As always, our school has been kept in excellent condition thanks to our fine custodial staff under the direction of Mr. Jules Lavergne. Our only secretary, Mrs. Jeanne Kempton, retired March 1, 1994, and Mrs. Ellen Hogan was hired as Macy's second secretary since its opening in 1966. Mrs. Kempton was treated with both student and staff retirement activities. We will all miss Mrs. Kempton and we thank Mrs. Hogan for the great way she has taken over the office.

The word of thanks has but one meaning. However, Macy could never say thanks too many times to our wonderful PTO and School Volunteers. It is through the work and effort of the PTO that many of the wonderful Macy traditions and programs were maintained last year.

I would like to personally thank the various Town Departments that provided our school with several activities and programs. Thanks also to Dr. Malcolm Patterson and the entire staff at the Administrative Offices for all of their support and guidance.

A Principal is only as good as the people with whom he works. I am so fortunate to be working with a very fine group of professionals. Thanks to each person individually and to all of you collectively for keeping the Macy spirit alive and well for all of the students.

Finally, I must thank the parents and, most important, the students of Macy School. You, the students, are the reason all of us are here. Parents, thank you for all of the cooperation and support you have given this past year. I pledge my continuing effort to provide the best that we can for all of our students.

SOUTH ELEMENTARY SCHOOL - Mr. Joseph F. DiPietro, Principal

The 1994-95 school year has improved over the 1993-94 school year because of some staff additions. We are still experiencing severe budget constraints in the area of school supplies and materials. Money for repairs and maintenance is very much needed everywhere in the school system. It is hoped our nurse can be

restored to a full time position, as soon as possible. The addition of a physical education teacher has helped our physical education program. In the future it is hoped all grades from Kindergarten to Grade 6 can all have reasonable class sizes. There are still some upper grade rooms that contain more students than should be experienced, our enrollment is increasing and our primary class sizes are increasing at a rapid pace. In the future the restoration or addition of Health, Environmental, Curriculum Specialists, Discovery and Computer Science Teachers would become feasible along with all the materials and equipment necessary to efficiently operate these programs. Everyone is doing their very best to give each of our children the best possible education. It is a challenge to teach with less materials and larger classes, but most professionals have accepted the challenge and are meeting the needs of our children. South Elementary School has a six hundred student capacity, and at the present time our school enrollment is five hundred and eighty-three students. Our preschool will have to be moved out to accommodate our increased enrollment. We will soon have six hundred or more students. Unless our enrollment levels off, we will experience a major space problem at South Elementary School.

Our energetic, Superintendent of Schools, Dr. Malcolm Patterson, is very willing and able to lead us through the difficult challenges of the future. We marked the fifth anniversary of our new elementary school. We moved into the building November 14, 1989. Everyone is still excited and pleased with our new facility.

On February 9, 1994, a Multicultural Expo - "A Celebration of Diversity" - Exploring Literature, Language, Life styles and Folklore of many lands was a first for South Elementary students and staff, and it was another pleasurable educational experience for parents and our proud students with approximately 2,000 people visiting this evening extravaganza.

Open House

On September 21, 1994, we held a special evening for parents that was called "Meet the Teacher Night". We hosted approximately 900 parents who seemed to enjoy the evening. A number of favorable comments were received about our programs and teachers. Parents were very supportive of everything they observed and encountered. We

received no negative feedback. We also held an open house for American Education Week, November 7 through 10. We held parental conferences in November to discuss students' progress. A Science Fair was held the evening of March 31, 1994, displaying projects made by the students. The Science Fair's theme was - "Observations! Investigations! Experimentations! and Creations!" It was attended by more than 2,000 parents and friends. It was another spectacular success, bringing about many favorable comments. On March 29, 1995, South Elementary School will present another spectacular Science Fair with the theme: OUR WORLD OF SCIENTIFIC DISCOVERIES.

Programs

The instrumental music program consists of 50 fifth grade and 13 sixth grade students for a total of 63 students. Due to financial constraints we have been forced to reduce the number of students in the program. The instrumental music program is still functioning and a district wide band, including all three schools, holds two concerts each year. The choir performs a winter and a spring concert in our school. We have 75 students utilizing educational themes on Change, Drugs and the Environment. Students learn more than their music skills through this program.

Math-Their-Way is in its fourth year for kindergarten classes along with grades one and two through the efforts of Superintendent Dr. Malcolm Patterson. Teachers of those grade levels have received inservice training in this new math approach and are further developing this program.

Teachers have been exposed to Frames of Mind: The Theory of Multiple Intelligences by the author Howard Gardner. This program was completed last school year, but has become an integrated part of many inservice programs. It has become part of all future curriculum development. Dr. Patterson has introduced, to all the primary teachers and specialists, a new Language Arts program called 'Won Way'. Under the direction of Dr. Rose Bradley, this program has been brought to us through a school grant. Teachers are receiving special in-service training, along with classroom demonstrations, and materials. All primary teachers and specialists at South Elementary School are participating in this outstanding curriculum enhancement project. Since these new programs have been introduced to our school

our State Assessment Test scores have risen to the present high level. We are all very proud to see our students doing so very well.

The computer program has also been affected by the budget crunch. Teachers are trying to utilize the computers in the school even though we no longer have a Computer Science teacher. Since some teachers have training and are experienced with the computers, our computer program will continue in a more limited manner. Our generous PTO and others are giving us programs and disks to enhance our educational programs. New printers have been bought by the PTO for the lap top computers. A parent is upgrading some of the older computers at no charge to the school system.

'Officer Phil' was presented to students in grade 1 - 4 sponsored by the Bellingham Fire Department. It is offered to the students of Bellingham to teach them about safety.

Our exciting Science program, that teachers have had maximum input in developing a curriculum that utilizes a hands-on approach supported by text books, is now in full swing. Teacher interest and enthusiasm is an important stimuli to an effective and successful program. The Voyage of the Mimi program is enhancing our sixth grade science classes for those eager to learn.

The new McMillan reading program for grades one and two should enhance our reading program and raise the reading level of students in the primary grades for the future. This series has a linguistic approach to reading. Their phonetic skills are strengthened thus enabling them to deal with challenging reading materials. This program compliments Dr. Rose Bradley's 'Won Way' Program.

The DARE Program, sponsored by the Bellingham Police Department, is offered for grade six students. The program is under the direction of Sgt. James Haughey. In the spring the Police also sponsor a program for grade four and kindergarten.

We have started a new safety program called Kids and Company. This national grant sponsored program will add to our students' personal safety skills. Project Awesome has given our second grade students some specialized environmental education through this grant program. Students enjoyed the speakers and demonstrations, learning a great deal about preserving our natural resources for future generations. We also have a new program called 'The Great Body Shop'

that all students are participating in through our new Health Curriculum.

Free Materials

Our school tries to work with all parent and teacher groups in an effort to get everything possible for our students. Our school has also had great success in obtaining many free materials and programs. One is "Book It" reading incentive program for grades one through six. The purpose of this program is to encourage students to read as many books as possible. The children are rewarded after achieving each specific goal of this multi-level reading experience. We also had a free safety program demonstrated to the third and fourth grade classes by Massachusetts Electric, a great deal of Science was also learned from this program. A number of free materials have been received this year on personal safety and drug education, due to the efforts of our PTO. Every effort is made to obtain any free materials. Our school has obtained science booklets from Radio Shack for grades three to six again this year. Many parents have brought in school materials that they have obtained from their employers. We welcome these gifts and thank everyone involved in a formal manner.

Parent/Teacher Organizations

The South District PTO officers are to be congratulated for the many activities they have sponsored through their great leadership. Through active fund raisers they have been able to sponsor many worthy school activities: field trips for all students; cultural events for all students; school equipment; ice cream parties; sixth grade yearbook; sixth grade parties, etc. The PTO organized a number of science programs that were enjoyed by all grade levels. The Acton Children's Museum was gracious enough to send a representative to the school on five different days to accommodate all of our grade levels. Our gratitude is extended to both the PTO and to the Museum. The PTO is sponsoring a reading week the week of February 6th to the 10th, many exciting things are planned. Members of the community will be invited to read to our students. It is always an enjoyable and educational week for everyone involved with this reading program.

The eighth annual kindergarten graduation, sponsored by the PTO was a major success with standing room only. Parents and

grandparents, along with friends of the "graduates" were excited and pleased with this program. The graduating sixth graders were presented with diplomas and yearbooks. The graduates were also awarded special school awards, as well as the National Presidential Scholastic Awards. This class received the largest number of Presidential Awards of any previous graduating class. We are very proud of them. The students really enjoyed the send off, they will be missed by those they leave behind.

The PTO has acted as an advisor to the principal on many school issues. This is very true of our kindergarten orientation and bus orientation.

Horizons for Youth is a sixth grade camp program and is also sponsored by the PTO. This program is another active fund raiser organization comprised of parents interested in expanding their children's educational experiences through parental leadership working closely with our school.

The PTO has been a great supporter of our programs and has helped enormously in any effort of obtaining supplies, programs and materials for the children of South Elementary School.

PROJECT PRIDE

Project Pride was established to raise funds for our new school. Project Pride leadership is mostly comprised of very active and devoted members of our faculty who are supported by parents and the PTO members. Project Pride officers are to be commended for their outstanding leadership and accomplishments. This year they have purchased supplies for the risograph machine along with supplies for copy machines that are used by teachers and staff. The school will benefit immensely from their generosity.

Self-Esteem And School Climate

Student and faculty birthdays are remembered and school gifts are given. Students are very excited about this self-esteem building program. Most faculty members also enjoy this attention and recognition.

This year we are awarding a "Student of the Week" certificate in recognition of excellence. This is to establish pride in oneself and our school. We have established a "Teacher Surprise" program.

Teachers will receive morale builders periodically in their mail boxes.

We have changed our perfect attendance awards to include quarterly certificates rather than an annual award which has increased attendance and raised student pride and self-esteem. Every effort is being made through periodic classroom visits to encourage students to have pride in themselves, their school and their families. They are encouraged to always do their very best.

South Elementary School Council

In compliance with the new educational education reform laws, South Elementary School is holding a number of School Council meetings during the school year. The council consists of three parents, two teachers and a community (non-parent) member along with the principal for a total of seven members. Teachers and parents are elected for a one, two and three year term to the council and the community member was approved by the School Committee. The School Council affords an opportunity for teachers, parents, and a community representative to review the school budget, develop school goals with school improvement plans.

STALL BROOK SCHOOL - Mr. Robert Koenig, Principal

The staff at Stall Brook School said goodbye to one principal and hello to another. Mrs. Annette Packard left to work in a neighboring school district. Mr. Robert Koenig returned to Massachusetts from Augusta, Maine.

Educational programs at Stall Brook ran smoothly during this transition with help from teacher, Thomas Scanlon, who served as interim principal.

Parents are a wonderful asset to Stall Brook School. The Parent Teacher Organization, under the direction of Lynn Koch, is very active. Contributions include donating books to each student through the "Reading is Fundamental" program, sponsoring cultural events and field trips, funding professional development workshops for staff, a computer to the sixth grade, and many volunteer services which benefit students.

Representatives of V.F.W. Post #7272 visited the sixth grades to explain the history of our American flag. They oriented the students

in handling the flag. These students now raise and lower the school's American flag each day.

The Bellingham Fire Department presented "Officer Phil," a fire safety program to primary students, complete with robot.

The Bellingham Police Department continued the D.A.R.E. (Drug Abuse and Resistance Education) Program. Officers discussed ideas with several grades, but focus on the sixth grade. Emphasis is on resisting the peer pressure to make poor choices.

The Stall Brook School Council meets regularly. The Council is preparing a survey to identify and prioritize goals for Stall Brook School. We will consider instructional materials, staff development, technological equipment, and playground facilities in the survey.

Stall Brook has received a new roof this year. This work, along with interior renovations, was performed by Hartford Roofing of Bellingham. The new roof should provide many years of service.

We appreciate your support. With your help, we can offer students the educational opportunities they need to realize their potential.

MEMORIAL JUNIOR-SENIOR HIGH SCHOOL - Mr. Roger Canestrari, Principal

The financial constraints of another year continued to restrict our progress in the development of educational programs, training of staff and supplying students with current textbooks, materials and equipment. The Educational Reform Act of 1993 has provided for additional funding to the school department, however, deferred salary obligations continue to absorb most of this new funding. The Jr/Sr High School Council formed according to the Educational Reform Law mandate, has met throughout the year and finalized recommendations which were forwarded to the School Committee in December. Hopefully these suggestions will be heeded despite the fact that some funding is required.

Members of the School Council are: Roger Canestrari, Principal and Glenna Laverdiere, Parent Co-Chairpersons; Patricia Keppler and Michelle Trudeau, Parents; Leo Dalpe and Renee Finlay, Teachers, Amy Phillips and Debra Goodman, Students; Muhiuddin Ahmed, Citizen at large.

The 121 graduates of the class of 1994 received their diplomas June 3, from Chairperson, Ann Odabashian and again fully three

quarters of this year's class will continue their education beyond High School.

For the first time in seven years funding figures for fiscal 1995 were set early enough to allow students to be scheduled in early June. Counselors were thereby given time to meet with students who had conflicting course selections and most problems were resolved before the summer vacation.

With the transfer of Judith Mohan, Social Studies/Science teacher and Maureen Maines, Special Education Teacher to the elementary schools, we hired two new instructors. Ms. Joanne Glattly was hired as a Social Studies/Science Teacher and Ms. Cara Toolan a Special Education Teacher. In addition, when Chapter One funding was cut from the Junior/Senior High School, we were able to save the seventh and eighth grade reading position with the retirement of Velmo Ciavarini.

Through the efforts of Guidance Counselor, Barbara Flanagan, a peer mediation program was initiated at the start of this school year. The initial step was to organize a design team. This design team, made up of administrators, guidance counselors, faculty members and students, designed a program specifically for our school during an eight hour session in September with the University of Mass consultant, Leah Wing.

From the design of this program, a coordinated effort began at the Jr/Sr High School to recruit students and faculty members to serve on the first peer mediation team. After the selection process from the many volunteers of both students and faculty mediation program that will address conflicts among our student population who choose this avenue to reach a resolution to their conflicts. The team members are: Vicki Sanocki, Kathleen Kocon, teachers; Barbara Flanagan, counselor; Jacqueline Farese, special needs coordinator; Janise Vazquez, Joshua Frappier, Sarah Laferriere, Peter Trudeau, Mike Gasper, Alison Maiorana, Jasmine Guillet and Bethany Farese, students.

NATIONAL HONOR SOCIETY

On April 13, 1994, 31 Juniors and 1 Senior were inducted into the Bellingham High School National Honor Society under the guidance of Mrs. Josette Trocchio advisor. The guest speaker was Dr.

Christine Biron, Associate Professor of Medical Sciences at Brown University. The candle-lighting service was followed by a celebration dinner which was catered by Jean's catering service of Milford.

In addition, the National Honor Society was involved this spring in a phonathon on behalf of the American Heart Association. \$500.00 was raised. Numerous other community services have been initiated by the Society this fall, ranging from shopping to raking leaves for the elderly. Also, the members are presently involved in a bottle drive in order to raise \$500 for the Eric Cohn Scholarship.

HIGH SCHOOL STUDENT COUNCIL

This year's Student Council consisted of 67 members. Funds raised through student council activities are awarded as scholarships. The 1994 scholarship recipients were Rachel Gibbons, Carrie Gorman, and Radik Viktorin.

The Student Advisory Council to the School Committee has 5 members. Ryan Creasia was elected to serve as chairperson for the 1994-1995 school year. David Dalpe and Jennifer Fortin serve as Student Advisory Council members to the Board of Education. Debra Goodman and Amy Phillips were elected to the School Council.

In September, Student Council members elected their officers for the 1994-1995 school year: David Dalpe, President; Krista Cialdea, Vice President; Amy Phillips, Secretary, and Heather Varney, Public Relations person.

In the fall, the student council organized the annual "Spirit Week", the Thanksgiving food drive, and the Christmas toy drive. Two council members were also elected to take part in the Massachusetts Student Government Day program. They were Herbie Haswell and Heather Varney.

Students in the council also attended various workshops during the school year. Seven members attended the CDMASC Fall Leadership Conference at Northbridge High School. The Student Council also ran nominations for outstanding students each term.

JUNIOR HIGH STUDENT COUNCIL

The Junior High Student Council has had a very successful year of activities. The members once again sponsored a Clean-Up day during which they cleaned the courtyard of the school, getting it

ready for spring. This was followed by the annual outing to Mt. Wachusett.

To close out the school year, the council sponsored the "Junior High Student of the Year Award". Winners of this award in the seventh grade were Eric Swenson, Latoya Etheridge, Heather Chadwick and Patrick Zielinski. The eighth grade winners were Doug Hill, Mariann Richards, Dan Lafond and Tracie Bent.

The fall season brought the council to the High School flea market where a raffle was run by the council to raise money for Thanksgiving. The proceeds were used to supply three complete Thanksgiving dinners for distribution to needy families in Bellingham. The members also participated in the Senior High student Council "Food Basket Drive" collecting over 800 cans from Junior High students alone.

As the year ended, the holiday season found the members teaming up with their classroom teachers to collect toys for needy children. The toys were wrapped at the annual holiday wrap party, and over 40 gifts were collected, wrapped and delivered to the Senior High Student Council Advisors for distribution.

This year's officers were Theresa Motroni, President; Megan Sueltenfuss, Vice-President; Carolyn Clopeck, Secretary and Courtney Vella, Treasurer.

Distributive Education

There were sixty one students enrolled in 1994.

At the District II DECA competition, which was conducted February 1, 1994, sixteen students became eligible to compete at the MASS State DECA Conference. Bellingham DECA students placed first in five categories; second in three categories and third in four categories. Three competed at the DECA conferences conducted March 12 - 14, 1994, in Falmouth, MA with one student who placed second and became eligible for the National Conference. Another student placed sixth and a third student placed eighth.

MOCK TRIAL TEAM

The 1994 Mock Trial Team enjoyed another fine season. The team went undefeated in the preliminary round for the third consecutive year. The team posted 9 consecutive preliminary round victories including 2 victories over St. John's Prep from Worcester. The team

advanced to the regional championship trial and was defeated by Holliston High School.

The 1995 team has begun practicing for the upcoming season which is again sponsored by the MASS Bar Association. The leading returning students include 6 seniors led by David Dalpe and Heather Varney. The team's attorney coach is Laura Mann from Milford. This is her third year working with the team.

SCHOOL NEWSPAPER

The Eye of the Hawk continued this year as a news/literary publication edited by Jake White and Jeffrey Hill. A host of contributors made the fall issue possible: Poetry by Alyson Love, Danielle Fisher, Justin Trudeau, Ellen Mackey, Paul Drapeau, Jeffrey Hill, Rob Geib (also art work), and newcomer Richard Taylor Jr; Drama by Hill; Movies Reviews by Shannon Muir and Jake White; Short fiction by Dave Karevicius and Stephanie Christo; Horoscopes by Nicole St. Gelais, Karen McManus, and Jamie Munro; Commentaries by Hill and White.

Several more issues are planned with added features, including puzzles and games riddles, interviews, short stories, and more creative writing. Special thanks go to Melissa Newman for her printing assistance. Any and all contributions are welcome, especially from the younger students at B.H.S.

AUDIO VISUAL

Equipment added to the Audio Visual Department during the last year included three cassette recorders, two record players and one V.C.R. This was a positive first step in what must be seen as an ongoing process to replace a great deal of the equipment in this department which has now become obsolete.

Video tapes continue to be added to what is now an extensive library and M.C.E.T. recordings are being done on a continuing basis. These recordings are utilized for instructional purposes by interested faculty.

As in the past, the department continues to service the fire and police departments as well as other civic groups in need of equipment. Hopefully, increased funding will secure new and more modern equipment to be available for these groups as well as school faculty.

QUEST

In December, Quest classes participated in the annual Wrentham State Christmas Party. A total of 75 seventh and eighth grade students attended this party as part of their service learning project, while others assisted at the special olympics in the spring.

In what is becoming an annual program four Quest parent meetings were held to discuss child rearing topics.

MUSIC

The school year 1994 proved to an extremely busy one for members of the bands and chorus.

January: Members of the High School band and chorus attended the MA Music Education Music Festival Concert at Mechanics Hall in Worcester

February: Eight students were selected for Central District Music Festival

March: Thirty two Bellingham High School students performed in the annual Tri-Valley Teachers concert in Ashland

April: Semi-annual trip for High School Wind Ensemble competition/festival to Williamsburg, VA with education side trips to Washington D.C. and Bush Garden

May: Junior High concerts for the public. High School Wind Ensemble and Chorus presented its annual Pops Concert over two nights to more than 700 fiends and parents.

August: Band camp. All marching band and colorguard attended a week of band activities in preparation for upcoming fall performances

October: Marching band took part in Autumnfest parade in Woonsocket

December: Holiday concerts performed by all performing music groups

MARINE SCIENCE

During the school year 10 students participated in the ongoing oceanographic research of MASS Bay conducted by Baltallo Ocean Sciences for the MASS Water Resources Authority. The participating students were: Jason Cook, Melanie Loring, Jason Bardell, Joseph Clinton, Jennifer Lorange, Kristopher DiMarco, Melissa Berthiaume, Keryn Paul and Nicole Auger. The students were trained in operating oceanographic sampling equipment and preservation of the samples for future analysis. The Marine Science classes also took part in a

field trip to Westport, MA in December where they collected marine organisms from a rocky shoreline and an estuary.

SKI CLUB

The Ski Club under volunteer advisor, David Bilotta, had 3 successful ski trips during this past year. In January, students skied at Loon Mountain, NH. In March a large group of ski club members traveled to Sunday River, Maine and in December, Okemo Mountain, Vermont was the choice to conclude 1994. Plans to continue the program for 1995 are in place and Mr. Bilotta continues to offer his time and energy for our students.

DRAMA CLUB

Under the direction of James J. Buckley, the Drama Club performed "Meet Me in St. Louis".

Officers of the club were Jean Doherty, President; Erin Conroy, Vice President; Matthew Trudeau, Treasurer; and Julie O'Neill, Publicity Chairperson.

The successful performance held in April offered the Drama Club the opportunity to give a graduating senior a \$500 scholarship. That scholarship was awarded to Jean Doherty a six year member of the club.

ATHLETIC DEPARTMENT

Athletic teams representing Bellingham Jr/Sr High School continued positive representation of the school and community throughout the year. Boys basketball (13-7) again experienced tournament play and the 1994 baseball team captures the Tri-Valley League title for the second consecutive year. Varsity football, after losing twelve talented seniors to graduation, finished the season with a 6-4 record. Varsity soccer advanced to state tournament play for the first time after finishing a strong second half season and varsity field hockey competed in the State Regional Finals. Volleyball finished second in the league and lost to Medway in the State Divisional Semi-finals.

The 1994-95 winter season schedule is underway and our basketball, ice hockey and winter track teams are involved in interscholastic competition with an optimistic outlook for team success.

With the cooperation of school and town officials, money was appropriated for a major renovation of the football field which has been completed. This is the first step in a plan to update existing facilities and provide new areas for school/community use.

GUIDANCE DEPARTMENT

STAFF

The Guidance staff at the secondary level for the 1994-95 school year includes a Guidance Department Supervisor, two full time counselors, one part-time counselor, and a secretary. The counselor/student assignments have been restructured for the current school year. Assignments are as follows:

Grades 7 & 9 - Mr. Leonard Gauvin

Grade 8 - Mrs. Barbara Flanagan

Grades 7 - 10 - Mr. Roger Guillemette (Special Needs)

Grades 10, 11 & 12 - Students' assignments are shared by the department supervisor and the counselors

Career Awareness Program

Our Career Awareness Program included varied speakers throughout the year as well as guidance sponsored field trips to schools and/or events. Speakers have visited classes from ITT Technical Institute, Bay State College, New England Institute of Technology, Mansfield Beauty Academy, Angelo's School of Hair Design, Butera School of Art. Field trips have included New England Institute of Technology, Angelo's School of Hair Design, the annual National College Fair in Boston, Blackstone Valley Regional Technical High School, Johnson and Wales University.

Class Day Exercises

Class Day Exercise is an award ceremony conducted by the Guidance Department Supervisor assisted by the Guidance secretary. This annual function is attended by the entire high school student body and faculty. Awards were presented in twenty-seven (27) categories last year. Awards may include medals, pins, trophies, plaques and certificates of merit. Over 120 students received recognition at this event held on June 3, 1994. This was the 56th annual awards program.

Local College Fair

The Bellingham Guidance staff, in conjunction with other

Guidance Departments in the South Central Guidance Association, assisted in hosting College Fairs held at Medway High School on Monday, October 17, 1994. Over two hundred colleges, technical schools, military and bank representatives were available to speak with students and their parents.

College/Student Representatives

Over 125 college/university, technical schools and armed service representatives visit our school annually to meet with interested students.

Financial Aid Information Night

On Wednesday, December 7, 1994, at 7:00 P.M. a "Financial Aid Information Night" was held for students and their parents. The Director of Financial Aid from Tufts University School of Medicine was the guest speaker, along with the Guidance Supervisor and staff members.

Peer Counseling Program

During the second semester of each school year eighteen (18) junior students attend two 42 minute training sessions per week in peer counseling training. Graduates of the peer counselor training program monitor the Career Resource Room in their senior year. Peer counselors are also responsible for organizing and conducting the annual sixth grade high school orientation program, which is held in early June each year. They are available to speak with interested students during each period of every day of the school week. The response to the availability of the peer counselors continues to increase on a yearly basis. Contact with peer counselors occurs through faculty and counselor referrals, student initiated visits, and through peer counselor participation in the "Quest" Program. Peer counselor services are also used when a new student registers at the high school (Grades 7-12) during the school year. The transition for the entering student is made easier with tours of the building, introductions to staff and peers by the peer counselor.

Student Voter Registration

In an effort to promote students' participation in civic affairs, the Guidance Department Supervisor (Assistant Registrar of Voters for Bellingham) works with the Town Clerk (Registrar of Voters), conducts a voter registration campaign annually. This year

registrations were held in April and October, prior to elections.

Scholarships

Numerous local civic groups and organizations make scholarships available to our high school graduates. Most scholarship applications are distributed and collected directly through the Guidance office. Any scholarships which become available, (whether local, regional or national competitions) are advertised in the senior newsletters, on Guidance bulletin boards and in local newspapers. Students in the class of 1994 were awarded numerous scholarships and are taking advantage of this financial assistance to further their education.

In addition to scholarships available to all graduates, the Guidance department also made available and completed the following special scholarship programs:

- The Voice of Democracy - Open to grades 9 - 12
- The Hugh O'Brian Leadership Program - Grade 10
- The Century III Leaders Scholarship Program - Grade 12
- The DAR Citizenship Award Scholarship Program - Grade 12
- The Presidential Academic Fitness Award Program - Grade 12
- The AFL/CIO Scholarship Competition - Grade 12

Special Programs

DARE Program

On March 8, 1994, twelve senior peer counselors visited Stall Brook and Macy Schools to assist Officer Lee Rolls with his Drug and Alcohol Resistance Education Program. They met for 2 1/2 hours with sixth grade students to disseminate information and share experiences.

M.I.T. High School Visitation Program

On Tuesday, March 15, 1994, twenty-eight female students attended a program designed to inform young women in grades 7-11 about the importance of a strong background in math and science and the wide range of career opportunities that exist for women in these areas.

National College Fair

Forty-two students attended a field trip to the "National College Fair" on Tuesday, May 15, 1994 which was held at the Hynes Convention Center in Boston, Massachusetts.

Grade 7 Orientation Program

On Thursday, June 16, 1994, eighteen junior students conducted a three-hour orientation program for the grade six students from the three elementary schools. Sixth-graders ran through a mock-schedule of a regular school day.

Career/Motivational Program

On Thursday, October 6, 1994, Mark Mainella gave a one hour presentation to all juniors and seniors on job and career satisfaction, happiness, and positive self-image. Mr. Mainella is a noted motivational speaker sponsored by the New England Institute of Technology.

Peer Leadership Training

The Guidance Supervisor, along with five students, attended a Peer Leadership Training Seminar on October 20 and 21, 1994. This seminar was sponsored by the Southwood Community Hospital's Consortium for the Prevention of Substance Abuse.

ASVAB Testing Results Seminar

On Wednesday, November 16, 1994, ten seniors participated in the Armed Services Vocational Aptitude Test given in the high school cafeteria. The results of these tests were explained in a special group seminar on December 2, 1994. A representative from the U.S. Army held a group session to explain and disperse test results.

Dean Junior College Enrichment Program

Each year Bellingham High School seniors have the opportunity to enroll in a tuition-free college course at Dean College. Amy Wells, a member of the Class of 1995, successfully participated in a Psychology course during the spring semester.

PAUL J. PRIMAVERA EDUCATIONAL CENTER

The Bellingham Alternative School now known as the Paul J. Primavera Educational Center moved from its location on 387 Hartford Avenue to 80 Harpin Street in the former Pinecrest School. While the building had remained vacant for a number of years and no longer met the needs of the community as an elementary school, it became a viable location for the Bellingham Jr/Sr High School. This refurbished site allows expansion of program offerings.

Enrollment

September	14	Bellingham residents	13	Out-Of-District	=	27
June	17	"	"	10	"	" = 27

Three Bellingham students graduated from the program in 1994.

The Metro South/West program continues to provide opportunities for work and skill training. During this past summer an average of twenty students participated in Bellingham's summer program for six weeks. Courses offered included Math, English, Individualized Computer Literacy and Life Skills.

Grant monies continue for work experience as well. Currently, five are employed for up to twenty hours performing a variety of tasks at the Administrative Office, South Elementary School and the Primavera Center.

Counseling:

Support services of the Blackstone Valley Counseling Center are provided through grants.

Oracle training is on-going--two teachers are training in Boston with curriculum development planned for September, 1995.

SPECIAL EDUCATION

With the passage of the Education Reform Act, the Special Education Program was reorganized for the impact of this important educational law on the delivery of services to children with special needs.

Paul J. Primavera, Director of Special Services, organized and received state approval to operate a Municipal Medicaid Project that will reimburse the town for special needs children receiving medicaid. It is estimated the town will be reimbursed \$100,00 retroactively and \$70,000 annually thereafter.

The October 1st count indicated 469 students (ages 3-21) were serviced or 18% of the student population including pre-schoolers. 63% or 295 students received services 25% or less of the time out of the regular classroom. More importantly, less than 1% received services in the most restrictive prototypes.

CHAPTER I PROGRAM

The federal government passed the Reauthorization of Chapter I. The full impact of this law will occur next year. On the state level, Chapter I is now part of service cluster involved in

instruction and curriculum services. Currently, Chapter I is emphasizing alternative assessments to evaluate curriculum and instruction. The Director has organized a task force of Chapter I Teachers to evaluate the effectiveness of a student portfolio assessment system. The task force will report their findings and make recommendations for the next school year.

**WARRANT FOR ANNUAL TOWN ELECTION
COMMONWEALTH OF MASSACHUSETTS
TOWN OF BELLINGHAM**

Norfolk, ss.

GREETINGS:

In the name of the commonwealth you are hereby required to notify and warn the inhabitants of said Town who are qualified to vote in Town elections to meet at Stall Brook School in Precinct #1, at Clara Macy School in Precinct # 2, at the Bellingham Library in Precinct #3 and at Assumption Parish Hall in Precincts 4 and 5 in said Bellingham on:

MONDAY, the 1st day of May, 1995
Polls will Open at 7 AM and Close at 8 PM.

To cast their vote for the following:

One Selectman	For a Term of Three Years
One Town Clerk	For a Term of Three Years
One Moderator	For a Term of Three Years
Two School Committee Members	For a Term of Three Years
One Housing Authority Member	For a Term of Five Years
One Planning Board Member	For a Term of Three Years
Two Library Trustees	For a Term of Three Years
Four Constables	For a Term of Three Years

And you are directed to serve this Warrant, by posting attested copies thereof in at least one public place in each precinct of said Town fourteen days, at least, before the time and place of meeting as aforesaid.

Hereof, fail not and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting as aforesaid.

Given under our hands this third day of April in the year of our Lord One Thousand Nine Hundred and Ninety-five.

BOARD OF SELECTMEN
Bellingham, MA

James A. McElroy, Chairman
Guy A. Fleurette, Vice Chairman
John E. Tuttle, Jr.
David F. Arnold
Mitchell J. Clinton

RETURN OF THE WARRANT

Norfolk, ss:

Pursuant to the within Warrant, I have notified and warned the inhabitants of the town of Bellingham by posting attested copies of the same in at least one public place in each Precinct of the Town, in accordance with Town By-Laws.

Dated: April 7, 1995.

Norman L. McLinden
Constable of Bellingham

23,246,683.00

ARTICLE 2. CONVEYANCES AND EASEMENTS

To see if the Town will vote to authorize the Board of Selectmen to accept and/or purchase conveyances or easements, sewers, water lines, retaining walls and streets, and to raise and appropriate a sum of money to carry out said purposes; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the town authorize the Board of Selectmen to accept and/or purchase conveyances or easements, sewers, water lines, retaining walls and streets and to raise and appropriate the sum of \$1.00 to carry out said purposes; said sum to be raised by taxation.

(Recommended by Finance Committee)

ARTICLE 3. PURCHASE OF SURPLUS EQUIPMENT

To see if the Town will vote to raise and appropriate a sum of money and to authorize the D.P.W. Director, in conjunction with other Town Departments, to purchase surplus government equipment for the Town; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the town raise and appropriate the sum of \$1.00 and authorize the D.P.W. Director, in conjunction with other Town Departments, to purchase surplus government equipment for the Town; said sum to be raised by taxation.

(Recommended by Finance Committee)

ARTICLE 4. TOWN PROPERTY AUCTION

To see if the Town will vote to authorize the Board of Selectmen and their successors in office to sell at public auction any of the property which the Town may have acquired or may hereafter acquire through proceedings based upon non-payment of taxes or under proceedings for the sale of lands of low value, to impose upon the property so sold such restrictions, reservations or conditions as shall be deemed expedient, and to execute quitclaim deeds and other instruments thereto; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: That the town authorize the Board of Selectmen and their successors in office to sell at public auction any of the property which the Town may have acquired or may hereafter acquire through proceedings based upon non-payment of taxes or under proceedings for the sale of lands of low value, to impose upon the property so sold such restrictions, reservations or conditions as shall be deemed expedient, and to execute quitclaim deeds and other instruments thereto; said authority to expire June 30, 1996.

Yes - 174; No - 1; two-thirds of 175 being 117 the motion carried.

(Recommended by Finance Committee)

ARTICLE 5. HIGHWAY CONSTRUCTION

To see if the Town will vote to authorize the Board of Selectmen to accept and enter into contracts for the expenditure of funds to be allotted by the State under authorization of Chapter 90 of the Massachusetts General Laws, (as pertaining to Highway Funds) for the construction, reconstruction, and improvement of Town roads, said funds to be borrowed in anticipation of State Revenue; or act or do anything in relation thereto.

(By: D.P.W. Director)

VOTED: Unanimously voted that the Town to authorize the Board of Selectmen to accept and enter into contracts for the expenditure of funds to be allotted by the State under authorization of Chapter 90 of the Massachusetts General Laws, (as pertaining to Highway Funds) for the construction, reconstruction, and improvement of Town roads, said funds to be borrowed in anticipation of State Revenue.

(Recommended by Finance Committee)

ARTICLE 6. HIGHWAY CONSTRUCTION AND IMPROVEMENT

To see if the Town will vote to authorize the Board of Selectmen to accept and enter into contracts for the expenditure of funds to be allotted by the State for the construction, reconstruction, and improvement of Town roads, funds to be borrowed in anticipation of State reimbursement; and expended under the direction of the Highway Director; or act or do anything in relation thereto.

(By: D.P.W. Director)

VOTED: That the Town authorize the Board of Selectmen to accept and enter into contracts for the expenditure of funds to be allotted by the State for the construction, reconstruction, and improvements of Town roads, funds to be borrowed in anticipation of State reimbursement; and expended under the direction of the D.P.W. Director.

Yes - 174; No - 1; two-thirds of 175 being 117, the motion carried.

(Recommended by Finance Committee)

ARTICLE 7. AMEND ARTICLE 1.

To see if the Town will vote to amend Article 1 of the 1994 Annual Town Meeting by reducing, adding to, deleting, amending appropriations or transferring funds from various sources into items within Article 1; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town amend Article 1 of the 1994 Annual Town Meeting by transferring funds as follows:

FUNDING FROM THE FOLLOWING ACCOUNTS:

		<hr/>
		\$ 479,227.00

(Recommended by Finance Committee)

ARTICLE 8. CAPITAL OUTLAY

To see if the Town will vote to raise and appropriate a sum of money and to determine how such appropriation shall be raised, whether by transfer of available funds, by taxation, by borrowing or otherwise, and if by borrowing to authorize the issuance and sale of general obligation bonds or notes of the Town therefore for the purpose of financing the purchase, construction, reconstruction and/or engineering costs associated with various capital outlay items or improvements proposed by Town Departments, Boards or Committees; or act or do anything in relation thereto.

(By: Board of Selectmen)

Motion to waive a secret ballot as required by General By-Laws Section 4.07.130 carried unanimously.

VOTED: Unanimously voted that the Town vote appropriate the sum of \$1,711,400.00 for the purpose of financing the costs of purchase, construction, reconstruction, and/or engineering services for various capital projects as follows:

PROJECT	STATUTORY AUTHORITY	AMOUNT
	G.L. C 44	
Macy School Roof & Misc. Repairs	Sec. 7 (3A)	\$ 436,400.00
Well Construction	Sec. 8 (3 & 5)	810,000.00
Corrosion Control	Sec. 8 (7c)	280,000.00
Fire Pumper/Equipment & Purchase	Sec. 7 (9)	185,000.00

and for costs incidental and related thereto; that to raise this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow not exceeding \$1,711,400.00 under and pursuant to the clauses of Chapter 44 Sections 7 and 8 of the General Laws listed or any other enabling authority, and to issue bonds or notes of the Town therefore.

(Recommended by Finance Committee)

ARTICLE 9. REVOLVING FUNDS

To see if the Town will vote to adopt provisions of Chapter 44, Section 53-1/2, of the General Laws to allow the Town of Bellingham School Department to create a special revolving fund from revenues of energy and user fees and to authorize said funds for energy and user related expenses. To allow the Bellingham School Department to create a special revolving fund from revenues received for services rendered by the Alternative High School, and to make payments for leases, supplies, and other related expenses. To allow the Bellingham School Department the right to make payments for equipment, leases, supplies, materials, salaries, benefits and other expenses related to the operation and administration of the Michael J. Reed, Sr. Business Center Wing of the Paul J. Primavera Educational Center from a special revolving fund (not to exceed \$100,000) from revenues received from rentals of the Michael J. Reed Business Center to outside business groups and Adult Education Courses using the center as a computer training facility. To allow the Bellingham School Department the right to make payments for supplies, materials, salaries, benefits and other expenses related to the operation and administration of the Bellingham

Early Childhood Program from a special revolving fund (not to exceed \$100,000) from revenues received from student tuition's paid to attend this program. To allow the Bellingham Public Library Trustees to create a special revolving fund from revenues received from overdue books and video fines and to authorize the use for purchasing books, videos, library materials, and to make payment to temporary or part-time employees and independent contractors, not to exceed \$10,000. To allow the Parks Commission to create a special revolving fund from revenue received from the Arcand Park swim program and to authorize the use for swim program expenses. To allow the Conservation Commission to create a special revolving fund from revenues received from Silver Lake admission charges and to authorize the use for the maintenance of the lake, said sum not to exceed \$15,000. To allow the Parks Department to create a special revolving fund to pay salaries and supplies associated with the "Summer Parks Program", not to exceed \$5,000. To allow the D.P.W. to create a special revolving fund from revenues received from the sale of compost bins and to authorize the use for purchase of additional bins, not to exceed \$8,000; or act or do anything in relation thereto.

(By: School Committee
Library Trustees
Parks Commission
Conservation Commission)

VOTED: Unanimously voted that the Town:

- A. Authorize the Bellingham School Department the right to make payments for utilities, energy and related expenses from a special Revolving Fund made up of revenues, (not to exceed \$15,000.00), received from Energy and User Fees for the use of school facilities, all as authorized under the provisions of MA General Laws, Chapter 44, Section 53E-1/2.
- B. Authorize the Bellingham School Department the right to make payments for leases, supplies, salaries and other related expenses from a special Revolving Fund (not to exceed \$100,000.00) from revenues received for services rendered by the Alternative High School. All authorized under the provisions of MA General Laws, Chapter 44, Section 53E-1/2.
- C. To authorize the Bellingham School Department the right to make payments for equipment leases, supplies, materials, salaries, benefits, and other expenses related to the operation and administration of the Michael J. Reed, Sr. Business Center wing of the Paul J. Primavera Educational Center from a special Revolving Fund (not to exceed \$100,000.00) from revenues received from rentals of the Michael J. Reed Business Center to outside groups and Adult Education Courses using the Center as a computer training facility, all authorized under the provisions of MA General Laws, Chapter 40, Section 3.
- D. To authorize the Bellingham Library Trustees the right to make payments for the purpose of purchasing books, videos, library materials, and to make payments to temporary or part-time employees and independent contractors from a Special Revolving Fund (not to exceed \$10,000.00) from revenues received from overdue books and video fines, all authorized under the provisions of MA General Laws, Chapter 44, Section 53E 1/2.
- E. To authorize the Park's Commission the right to make payments for the purpose of providing a Swim Program related expenses and salaries at Arcand Park for a special Revolving Fund (not to exceed \$16,000.00) from revenues received from Swim Program charges, all authorized under the provisions of MA General Laws, Chapter 44, Section 53E-1/2.
- F. To authorize the Conservation Commission the right to make payments for the maintenance of Silver Lake and related expenses and salaries from a special Revolving

Fund (not to exceed \$15,000.00) from revenues received from Silver Lake admission charges, all authorized under provisions of MA General Laws, Chapter 44, Section 53E-1/2.

- G. To authorize the Parks's Department the right to make payments for salaries and supplies associated with the "Summer Park's Program" from a special Revolving Fund (not to exceed \$5,000.00) from revenues received from the "Summer Park's Program", all authorized under the provisions of MA General Laws, Chapter 44, Section 53E-1/2.
- H. To authorize the D.P.W. the right to purchase additional Compost Bins from a special Revolving Fund (not to exceed \$8,000.00) from revenues received from the sale of Compost Bins, all authorized under MA General Laws, Chapter 44, Section 53E-1/2.

(Recommended by Finance Committee)

ARTICLE 10. PERSONNEL BOARD

To see if the Town will vote to amend the Town's By-law by deleting Sections 2-33.1 through Section 2-33.20 inclusive and replacing with the following:

Section 3.06. PERSONNEL BOARD

3.06.010 Appointment - In accordance with Section 8-5-12 of the Town Charter, there is hereby established an unpaid Personnel Board consisting of five (5) registered voters of the Town appointed by the Town Administrator. Each member of the Personnel Board so appointed shall serve for a term of three (3) years; provided, however, that of the members originally appointed by the moderator as herein provided, one shall serve for a term of one year; one serve for a term of two (2) years; and one shall serve for a term of three (3) years, and of the two (2) members originally appointed by the Board of Selectmen, one shall serve for a term of two (2) years and one shall serve for a term of three (3) years.

3.06.020 Variances - If any member of the Personnel Board shall resign or otherwise vacate his/her office before the expiration of his term, his/her successor shall be appointed, as provided above, to serve for the balance of the unexpired term. If any member is absent from five (5) consecutive meetings of said board, except in case of illness, his/her position shall be deemed to be vacant and shall be filled as herein provided.

3.06.030 Compensation - No member of the Personnel Board may be an employee of the Town nor hold either an appointed or elected office, other than as clerk to this Board, or a member of the Finance Committee. Members of the Personnel Board, other than its clerk, shall serve without compensation.

3.06.040 Organization - Forthwith after its appointment and annually, the Board shall meet and organize by electing a Chairman. A majority of the Board shall constitute a quorum for the transaction of business. A majority vote of the Board of those present and voting shall determine the action the Board must take in all matters upon which it is authorized or required to pass under this by-law.

3.06.040 Policy and Administration - The Personnel Board shall assist the Town Administrator in his duties as the Personnel Administrator and in this role make recommendations to the Town Administrator on policy matters, procedures and systems of the Town including but not limited to:

- a) Employee recruitment/testing/selection/evaluation.
- b) Employee training and development
- c) Employee benefits and service programs
- d) Employee safety and health programs
- e) Proposals involved with contract negotiations
- f) Formulation of various policies required by law (i.e. A.D.A., E.O.E., Sexual Harassment ,etc.); or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town delete Sections 2-33.1 through Section 2-33.20 inclusive and replace with the following:

Section 3.06. PERSONNEL BOARD

3.06.010 Appointment - In accordance with Section 8-5-12 of the Town Charter, there is hereby established an unpaid Personnel Board consisting of five (5) registered voters of the Town appointed by the Town Administrator. Each member of the Personnel Board so appointed shall serve for a term of three (3) years; provided, however, that of the members originally appointed by the moderator as herein provided, one shall serve for a term of one year; one serve for a term of two (2) years; and one shall serve for a term of three (3) years, and of the two (2) members originally appointed by the Board of Selectmen, one shall serve for a term of two (2) years and one shall serve for a term of three (3) years.

3.06.020 Variances - If any member of the Personnel Board shall resign or otherwise vacate his/her office before the expiration of his term, his/her successor shall be appointed, as provided above, to serve for the balance of the unexpired term. - f) Formulation of various policies required by law (i.e. A.D.A., E.O.E., Sexual Harassment, etc.).

(Recommended by Finance Committee)

ARTICLE 11. ELDERLY ABATEMENT PROGRAM

To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money for the purpose of implementing an Elderly Abatement Program for Fiscal 1996; or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town raise and appropriate the sum of \$10,000.00 for the purpose of implementing an Elderly Abatement Program for Fiscal 1996; said sum to be raised by Taxation.

(Recommended by Finance Committee)

ARTICLE 12. UNPAID BILLS

To see if the Town will vote to raise, appropriate or transfer a sum for money for the payment of certain unpaid bills; or act or do anything in relation thereto.

(By: Finance Committee)

VOTED: Unanimously voted that the Town pay the following unpaid bill by transferring \$440.00 from Article 1, Item 543, Veterans' Services expenses of the 1994 Annual Town Meeting to the unpaid bills account and pay Dr. James Photopoulos, DDS.

(Recommended by Finance Committee)

ARTICLE 13. STABILIZATION FUND

To see if the Town will vote to raise, appropriate or transfer a sum of money for the purpose of funding the Stabilization Fund; or act or do anything in relation thereto.

(By: Finance Committee)

VOTED: PASSED OVER.

ARTICLE 14. AMEND CHAPTER 6, FINANCE COMMITTEE, ARTICLE 6.01 MEMBERSHIP, APPOINTMENT: ELIGIBILITY OR APPOINTMENT

To see if the Town will vote to amend the Bellingham Code of By-Laws, Chapter 6, Finance Committee, Article 6.01. Membership; appointment; eligibility or appointment, by replacing the existing By-law with the following:

“There shall be a Finance Committee consisting of ten (10) legal voters of the Town at least one (1) from each precinct and five (5) at-large who shall be appointed by the Moderator hereinafter provided. No elected or appointed Town Officer or Town employee, other than a member of the Personnel Board shall be eligible to serve on said Committee”; or act or do anything in relation thereto.

(By: Finance Committee)

VOTED: Unanimously voted that the Town amend the Bellingham Code of By-Laws, Chapter 6, Finance Committee, Article 6.01. Membership; appointment; eligibility or appointment, by replacing the existing By-Law with the following:

“There shall be a Finance Committee consisting of ten (10) legal voters of the town, who shall be appointed by the Moderator hereinafter provided. No elected or appointed Town Officer or Town employee, other than a member of the Personnel Board shall be eligible to serve on said committee.”

(Recommended by Finance Committee)

ARTICLE 15. TRANSFER OF FUNDS

To see if the Town will vote to transfer from the Macy Gas Conversion account (01-300-5825-9094) the sum of \$10,465.00 to an account for payment of interest on the \$390,000.00 Bond Issue for the renovations at the Paul J. Primavera Educational Center; or act or do anything in relation thereto.

(By: School Committee)

VOTED: Unanimously voted that the Town transfer from the Macy Gas Conversion Account (01-300-5825-9094) the sum of \$10,465.00 to an account for payment of interest on the \$390,000.00 bond issue for the renovations at the Paul J. Primavera Educational Center.

(Recommended by Finance Committee)

ARTICLE 16. ZONING BY-LAW AMENDMENT - HIXON STREET

To see if the Town will vote to rezone from Industrial Zoning District to Suburban Zoning District so much of a parcel of land shown on the Bellingham Assessors Map 17 as Parcel 03 as is presently zoned industrial and comprising 62.5 acres more or less, 40 acres more or less presently zoned industrial, and being the same parcels conveyed to Philip J. Stockton and Robert Stockton by deed and recorded with the Norfolk County Registry of Deeds Book 5560, Page 45; or act or do anything in relation thereto.

(By: Landowner)

VOTED: PASSED OVER.

ARTICLE 17. M.G.L. CHAPTERS 111 AND 80

To see if the Town will vote to raise and appropriate a sum of money for the purpose of remediating failing residential subsurface sewage disposal systems, underground fuel storage tanks and deleading dwellings with dangerous levels of lead, pursuant to Massachusetts General Laws, Chapter 111, Section 127B $\frac{1}{2}$ and Massachusetts General Laws, Chapter 80 (Betterments) and to determine how such appropriation should be raised, whether by taxation, transfer of available funds, borrowing or otherwise, and if by borrowing, to authorize the issuance of bonds or notes by the Town at one time or from time to time; or act or do anything in relation thereto.

(By: Board of Health)

VOTED: That the Town raise and appropriate the sum of \$250,000.00 for the purpose of remediating failing residential subsurface sewage disposal systems, underground fuel storage tanks and deleading dwellings with dangerous levels of lead, pursuant to Massachusetts General Laws, Chapter 60 Section 116 of the Acts of 1994 (amending G.L. Chapter Section 5127B-1/2 and Massachusetts General Laws, Chapter 80 (Betterment) and to authorize the Treasurer with the approval of the Board of Selectmen to borrow an amount not exceeding \$250,000.00 and to issue bonds or notes of the Town therefore.

Vote by hand count: Yes - 82; No - 26; two thirds of 108 being 72, motion carried.

(Recommended by Finance Committee)

ARTICLE 18. BELLINGHAM ARTS COUNCIL

To see if the Town will vote to raise and appropriate a sum of money to be used for authorized expenses, as well as matching funds for grants, incurred by the Bellingham Arts Council; or act or do anything in relation thereto.

(By: Arts Council)

VOTED: Unanimously voted that the Town raise and appropriate the sum of \$2,500.00 to be used for authorized expenses, as well as matching funds for grants, incurred by the Bellingham Cultural Council; said sum to be raised by Taxation.

(Recommended by Finance Committee)

ARTICLE 19. AIR BAGS

To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money for the purpose of purchasing air bags and related extrication equipment; or act or do anything in relation thereto.

(By: Fire Chief)

VOTED: Unanimously voted that the Town transfer the sum of \$6,100.00 from Article 27, Capital Outlay of the 1993 Annual Town Meeting for the purpose of purchasing air bags and related extrication equipment.

(Recommended by Finance Committee)

ARTICLE 20. SOLICITATION

To see if the Town will vote to delete Sections 14.08 and 14.09 of the Town's By-law and replace them with the following:

I. 14.08 For the purpose of these By-Laws, the following as used herein shall be considered to have the meaning herein ascribed thereto:

"Soliciting" shall mean and include to go upon any premises and ring the doorbell, rap, or knock, to attract the attention of the occupant in order to do any one or more of the following activities:

- a. Seeking to sell or offering to sell by sample, list, catalogue or otherwise for future delivery, or seeking to obtain orders for the purchase of goods, wares, merchandise, foodstuffs, services of any kind, character, or description whatever, for any kind of consideration whatever; or
- b. Seeking to obtain prospective customers for application or purchase of insurance of any type, kind or publication; or
- c. Seeking to obtain gifts or contributions of money, clothing or any other valuable thing for the support or benefit of any charitable, religious, political action, or nonprofit association, organization, corporation, or project.

II. Certificate of Registration. Every person desiring to engage in soliciting as herein defined from persons in residences within this Town, is hereby required to make written application for a Certificate of Registration as hereinafter provided. Such Certificate shall be carried by the solicitor.

III. No Certificate of Registration shall be issued to any person who has been convicted of the commission of a felony under the laws of the Commonwealth or any other state or federal law of the United States, nor to any person who has been convicted of a violation of any of the provisions of this ordinance, nor to any person whose Certificate of Registration issued thereunder has previously been removed as herein provided.

IV. All applications for a Certificate of Registration shall be made at least seven (7) days before desired date of initial soliciting and the Board of Selectmen shall approve said applications. Said Board of Selectmen may waive this seven (7) day requirement.

The Police Department shall keep a permanent record of all applicants and Issuance's of Certificates of Registration for soliciting.

Any Certificate of Registration Issued thereunder shall be revoked by the Board of Selectmen if the holder of the Certificate is convicted of a violation of any of the provisions of this ordinance, or has made a false material statement in application, or otherwise becomes disqualified for the Issuance of a Certificate of Registration under the terms of this By-law. Immediately upon such revocation, written notice thereof shall be given by the Board of Selectmen to the holder of the Certificate in person or by certified mail addressed to his or her residence address set forth in the application.

Immediately upon the giving of such notice, their Certificate of Registration shall become null and void.

The Certificate of Registration shall state the expiration date thereof.

Organizations may apply for a "blanket approval" for all members. In such cases, individual members must wear their organizational uniform (i.e. boy scouts, girl scouts, little league, etc.). In such cases, individuals need not have a certificate.

V. Time limit on soliciting. It is hereby declared to be unlawful for any person whether registered under this ordinance or not, to go upon any premises and ring the doorbell upon or near any door of a residence located thereon, or rap or knock to attract the attention of the occupant of such residence, for the purpose of securing an audience, with the occupant thereof and engage in soliciting as herein defined, prior to nine a.m. or after sunset any weekday, or at any time on a Sunday or on a State or national holiday unless such approval is obtained when the Certificate is issued.

VI. Penalty. Any person who violates this By-law may be arrested without a warrant in the place where the offense is committed pursuant to M.G.L. Chapter 272, Section 59. The penalty for such a violation of this By-law shall be a fine not to exceed Two Hundred Dollars (\$200) which may be recovered upon complaint before the district court and shall ensure to the Town, all in accord with Chapter 40, Section 21, of the General Laws of Massachusetts: or act or do anything in relation thereto.

(By: Police Chief)

VOTED: PASSED OVER.

ARTICLE 21. M.G.L. CHAPTER 40, SECTION 8G

To see if the Town will vote to accept the provisions of Chapter 40, Section 8G of the Massachusetts General Laws, authorizing agreements with other cities and towns to provide mutual aid programs for police departments.

(By: Police Chief)

VOTED: That the Town accept the provisions of Chapter 40, Section 8G of the Massachusetts General Laws, authorizing agreements with other cities and towns to provide mutual aid programs for police departments.

(Recommended by Finance Committee)

ARTICLE 22. PINECREST ALTERNATIVE SCHOOL RENAMING COMMITTEE

To see if the Town will vote to establish a Committee for the purpose of re-naming the Pincrest School a/k/a the Alternative School, located on Harpin Street; name to be chosen on or before the Annual Fall Town Meeting; said Committee shall consist of seven (7) registered voters to be appointed as follows:

By the Board of Selectmen

- one (1) member from the Historical Commission
- one (1) member each from two (2) different civic clubs in Town
- one (1) member at large.

By the Moderator

- one (1) member at large.

By the School Committee

- two (2) members at large; or act or do anything in relation thereto.

(By: Petition)

VOTE: DID NOT CARRY.

ARTICLE 23. AMEND GENERAL BY-LAWS ARTICLE 4-02

To see if the Town will vote to Amend General By-laws Article 4-02. Business Of Town Meeting, Except Elections, Ballots as follows:

“Article 4-02. All business of the Annual Town Meeting, except the election of such Officers and the determination of such matters as are required by law to be elected or determined by ballot, shall be considered at a meeting to be held on the fourth Wednesday of May at 7:30 p.m.

All business of an obligatory Special Town Meeting shall be considered at a meeting to be held on the first Wednesday of October of each year at 7:30 p.m.”; or act or do anything in relation thereto.

(By: Town Moderator & Town Clerk)

VOTED: Unanimously voted that the Town Amend General By-laws Article 4-02. Business Of Town Meeting, Except Elections, Ballots as follows:

“Article 4-02. All business of the Annual Town Meeting, except the election of such Officers and the determination of such matters as are required by law to be elected or determined by ballot, shall be considered at a meeting to be held on the fourth Wednesday of May at 7:30 p.m.

All business of an obligatory Special Town Meeting shall be considered at a meeting to be held on the first Wednesday of October of each year at 7:30 p.m.”

(Recommended by Finance Committee)

ARTICLE 24. DEPOT STREET REZONING

To see if the Town will vote to amend the Zoning By-law as follows:

1. Rezone from Suburban and Agricultural districts to Industrial District an area west of Depot Street, comprising approximately 70 acres, being those portions of Lot 23 on Assessors Sheet 38 which lie easterly of the centerline of the Boston Edison power line easement and northerly of a line parallel to and 200 feet northerly of the southerly property line of Lot 23 on Assessor's Sheet 38, as shown on the map “Depot Street Rezoning”, dated February 23, 1995, on file with the Town Clerk.

2. Rezone from Suburban District to Industrial District an area east of Depot Street, comprising approximately 100 acres, being those portions of Lot 7 on Assessor's Sheet 28 which lie westerly of a line parallel to and both 400 feet westerly of Wethersfield Road and 300 feet westerly of Taunton Street; and also rezone from Suburban District to Agricultural District an area comprising approximately one acre, being those portions of Lots 8, 10, and 11 on Assessor's Sheet 28 which are currently in the Suburban District; both as shown on the map “Depot Street Rezoning”, dated February 23, 1995, on file with the Town Clerk; or act or do anything in relation thereto.

(By: Industrial Development Commission)

VOTE: By hand count: Yes - 64; No - 44; two-thirds of 108 being 72, MOTION FAILED.

ARTICLE 25. MAPLE STREET REZONING

To see if the Town will vote to amend the Zoning By-law as follows, or take any other action thereon.

Rezone from Industrial District to Suburban District an area comprising approximately 200 acres in the vicinity of Maple Street, being all that land bounded on the south by Rte. 495, on the east by the Franklin Town line, on the north by the existing

Suburban/Industrial district boundary south of Pine Street, and on the west by the easterly property line of property of the US Corps of Engineers east of the Charles River, as shown on the map "Maple Street Rezoning", dated February 23, 1995, on file with the Town Clerk; or act or do anything in relation thereto.

(By: Industrial Development Commission)

VOTE: By hand count: YES - 56; NO - 59: MOTION FAILED

ARTICLE 26. STREET ACCEPTANCE - SILVER AVENUE/GEORDAN AVENUE

To see if the Town will vote to accept as a public way a road, the easements appurtenant thereto, and the deeds thereto, identified as Silver Avenue and Geordan Avenue on a plan by Guerriere & Halnon, Inc., dated November 25, 1994, entitled "Layout Plan of Silver Avenue and Geordan Avenue, in Bellingham, MA, Scale 40' to an Inch", to be recorded at the Norfolk Registry of Deeds, and as more particularly described in two deeds on file at the Office of the Town of Bellingham Town Clerk and to authorize the Selectmen to accept the deeds thereto; or act or do anything in relation thereto.

(By: Petitioner)

VOTED: PASSED OVER.

ARTICLE 27. ZONING BY-LAW AMENDMENT

To see if the Town will vote to amend the Bellingham Zoning By-law by amending the zoning map as follows:

Extend the existing Residential District (R) on the easterly side of North Street by rezoning from the Agricultural District (A) to Residential District (R). An area bounded as follows:

Beginning at a point on the existing zone line separating the Residential and Agricultural Districts, said point being 300 feet southeasterly of Blackstone Street and on said easterly side of North Street;

THENCE Northerly a distance of 210 feet more or less along the existing zone line to a point on a stone wall at land of Gerard E. Cournoyer;

THENCE N 73° 37' 30" a distance of 7.82 feet to a point on said stone wall;

THENCE N 75° 36' 29" E a distance of 92.58 feet along said stone wall to a point at the end of said stone wall;

THENCE N 75° 36' 29" E a distance of 88.60 feet to a point. The previous three (3) courses bounding along land of said Cournoyer;

THENCE S 25° 47' 10" E a distance of 570.97 feet partially by a stone wall to a drill hole at land of Anthony M. Jr. and Kathleen A. Ozella;

THENCE S 27° 20' 47" E a distance of 290.88 feet to drill a hole;

THENCE S 27° 11' 21" E a distance of 227.89 feet to drill a hole;

THENCE S 26° 52' 26" E a distance of 512.53 feet to a drill hole. The previous three (3) courses bound along land of said Ozella and said stone wall;

THENCE S 26° 59' 08" E a distance of 153.16 feet along said stone wall to a drill hole at the end of said stone wall;

THENCE S 28°19' 34" E a distance of 156.50 to a stone bound at property of Dennis and Jean Roy;

THENCE S 46° 56' 00" W a distance of 396.76 feet along land of said Roy to a stone bound on said easterly side of North Street;

THENCE N 30° 09' 55" W a distance of 257.43 feet to a drill hole;

THENCE N 31° 22' 02" W a distance of 156.89 feet to a drill hole;

THENCE N 31° 15' 34" W a distance of 190.06 feet to a drill hole;

THENCE N 19° 09' 13" W a distance of 247.03 feet to a drill hole;

THENCE N 17° 08'23" W a distance of 196.85 feet to a drill hole;

THENCE N 22° 48' 32' W a distance of 112.45 feet to a drill hole;

THENCE N 30° 41' 19" W a distance of 65.71 feet to a drill hole;

THENCE N 28° 28' 14" W a distance of 262.80 feet to a drill hole;

THENCE N 32° 21' 17" W a distance of 77.72 feet to drill a hole;

THENCE N 30° 03' 54" W a distance of 163.65 feet to a drill hole;

THENCE N 25° 50' 26" W a distance of 26.53 feet to drill a hole;

THENCE N 27° 29' 47" W a distance of 84.44 feet to drill a hole;

THENCE N 22° 41' 03" L W a distance of 135.95 feet to the point of beginning. The previous thirteen (13) course bounding partially by a stone wall and along said easterly sideline on North Street.

The above described parcel of land contains an area of 17.0 acres, more or less, to be rezoned; or act or do anything in relation thereto.

(By: Petitioner)

VOTED: PASSED OVER.

ARTICLE 28. EARTH REMOVAL

To see if the Town will vote to amend the Bellingham Zoning By-law by deleting Section 4631 and substituting the following:

“4631. The Application shall be accompanied by a plan showing all man-made features, property lines, names and addresses of all abutters (from the Assessors), including those across any street or way, and shall be accompanied by topographic information, such as that available on the Town's 1"=100' topographic maps. Plans for Major Removal, which are those involving more than two thousand five hundred (2,500) cubic yards or more than two (2) acres, shall be prepared by a registered land surveyor, and in addition to the above, shall show the following:

existing topography in the area for which material is to be removed and for one hundred (100) feet beyond that;

estimates of the evaluation of historical high groundwater as determined from monitoring wells and historical water table fluctuation data compiled by the USGS;

grades below which excavation will not take place;

proposed finish grades upon completion of removal and restoration activities;

proposed cover vegetation and trees.

Two additional copies of materials submitted in applying for Major Removal shall be provided by the applicant for forwarding to the Planning Board for its review and recommendation to the Board of Appeals” or act or do anything in relation thereto.

(By Planning Board)

VOTED: Unanimously voted that the Town amend the Bellingham Zoning By-law by deleting Section 4631 and substituting the following:

“4631. The Application shall be accompanied by a plan showing all man-made features, property lines, names and addresses of all abutters (from the Assessors), including those across any street or way, and shall be accompanied by topographic information, such as that available on the Town’s 1”=100’ topographic maps. Plans for Major Removal, which are those involving more than two thousand five hundred (2,500) cubic yards or more than two (2) acres, shall be prepared by a registered land surveyor, and in addition to the above, shall show the following:

existing topography in the area for which material is to be removed and for one hundred (100) feet beyond that;

grades below which excavation will not take place;

proposed finish grades upon completion of removal and restoration activities;

proposed cover vegetation and trees.

Two additional copies of materials submitted in applying for Major Removal shall be provided by the applicant for forwarding to the Planning Board for its review and recommendation to the Board of Appeals”.

(Recommended by Finance Committee)
(Recommended by Planning Board)

ARTICLE 29. WATER RESOURCE DISTRICT

To see if the Town will vote to amend the Bellingham Zoning By-law as follows:

1) Revise the third paragraph of Section 2110 (which begins “In addition....”) so that it reads as follows:

“In addition, there are two overlay districts: Flood Plain District as established at Section 4510, and Water Resource District as established at Section 4920.”

2) Delete Section 4900 Water Resource Districts and substitute the following:

“4900. Water Resource District

“4910. Purpose. The purpose of the Water Resource District is to protect the public health by preventing contamination of the ground and surface water resources providing water supply for the Town of Bellingham.

“4920. Establishment of District. The Water Resource District is hereby established as an overlay district. The District is bounded on the map entitled “Water Resource District” dated February 1, 1995, appended to these zoning by-laws and on file with the Town Clerk and Building Inspector.

“4930. Use Regulations. The Water Resource District shall be considered to be superimposed over any other district established in this By-law. Land in the Water Resource District may be used for any use otherwise permitted in the underlying district, subject to the following limitations.

“4931. Prohibitions. The following are prohibited on any lot or portion of a lot within the Water Resource District.

(a) All uses required to be prohibited in wellhead protection zones by 310 CMR 22.21 (2)a. Generally, those are the following (see 310 CMR 22.21 (2) a, on file with the Building Inspector, for exact provisions):

- (1) Landfills, open dumps, and landfilling of sludge or septage;
- (2) Auto graveyards or junkyards;
- (3) Stockpiling and disposal of snow from outside of the District, if containing ice control chemicals;
- (4) Individual sewage disposal systems designed to receive more than 110 gallons per day per 1/4 acre or 440 gallons per day on any one acre;
- (5) Treatment or disposal works for non-sanitary wastewaters subject to 314 CMR 5.00, except for replacement or repair of existing systems without expansion, or treatment works approved by DEP designed for the treatment of contaminated ground or surface waters;
- (6) Facilities that generate, treat, store, or dispose of hazardous waste subject to MGL C 21C and 310 CMR 30.00, except:
 - {i} Very Small Quantity Generators as defined under 310 CMR 30.00;
 - {ii} household hazardous waste centers and events under 310 CMR 30.390;
 - {iii} waste oil retention facilities required by MGL C 21, 52A;
 - {iv} remediation treatment works approved under 314 CMR 5.00.

(b) All uses required to be prohibited in wellhead protection zones by 310 CMR 22.21 (2) b, unless designed in accordance with specified performance standards. Generally, those are the following (see the 310 CMR 22.21 (2)b, on file with the Building Inspector, for the exact provisions):

- (1) Storage of sludge and septage unless in accordance with 310 CMR 32.30 and 310 CMR 32.31;

- (2) Storage of commercial fertilizers and soil conditioners unless within a structure designed to prevent generation and escape of contaminated runoff or leachate;
- (3) Storage of animal manure unless covered or contained;
- (4) Storage of liquid hazardous materials as defined in MGL C. 21E unless in a free standing container within a building or above ground with adequate secondary containment.
- (5) Earth removal to within 4 feet of historical high groundwater unless regraded to a higher level within 45 days, except for excavations for building foundations or utility works;
- (6) Storage of liquid petroleum products, except:
 - [i] normal household use, outdoor maintenance, and heating of a structure.
 - [ii] waste oil retention facilities required by MGL C. 21 52A;
 - [iii] emergency generators required by statute, rule, or regulation;
 - [iv] treatment works approved under 314 CMR 5.00 for treatment of contaminated ground or surface waters;

provided that such storage is in a free standing container within a building or above ground with adequate secondary containment;

(c) As a principal use, manufacturing, processing, mixing, storage, transport, or disposal of hazardous materials in excess of quantities which, as wastes, are allowed small quantity generators as defined in DEP Regulations 310 CMR 30.

(d) Motor vehicle service, washing, or repair.

(e) Storage of ice removal chemicals.

“4932. Uses Requiring Special Permits. Within the Water Resource District, the following shall be allowed only if granted a Special Permit from the Special Permit Granting Authority (See Section 4940) and if the use is not otherwise prohibited.

- (a) Covering with impervious surface more than 30% of the portion of lot area within the Water Resource District.
- (b) Removal of existing groundcover vegetation from more than 70% of lot area.
- (c) Having an estimated on-site disposal of wastewater exceeding 10,000 gpd, regardless of lot size.

“4933. Change of Use. Change in activity resulting in exceeding any limitations established in a special permit, or crossing the thresholds of paragraphs 4931 or 4932, shall constitute change of use and is allowed but only on approval of a special permit, regardless of whether classified under Section 4931 or Section 4932.

“4940. Special Permit Granting Authority. The Special Permit Granting Authority for applications under Section 4900 shall be the Planning Board. Such Special Permit shall be granted if the SPGA determines that:

- (a) the intent of the by-law as well as its specific criteria are met;

- (b) the application materials are sufficiently detailed, definite, and credible to support positive findings relative to the standards of the by-law;
- (c) the proposed use meets the standards of Section 4900;
- (d) neither during construction nor after will the use adversely affect the existing or potential quality of groundwater available within the District.
- (e) that proposed control and response measures adequately and reliably mitigate risks to groundwater quality resulting from accident or system failure.

In making such determination, the SPGA shall give consideration to the simplicity, reliability, and feasibility of the control measures proposed and the degree of threat to groundwater quality which would result if the control measures failed.

Upon receipt of the Special Permit application, the SPGA shall transmit one copy each to the Conservation Commission, Board of Health, Water Department, and the Building Inspector for their written recommendations. The SPGA shall explain any departures from the recommendations of other Town agencies in its decision. Failure to respond within 30 days shall indicate approval of said agencies. The copies necessary to fulfill this requirement shall be furnished by the applicant.

“4950. Submittals. In applying for a Special Permit under this Section, the information listed below shall be submitted as specified in Section 4940, unless the Planning Board, prior to formal application, determines that certain of these items are not germane:

- (a) a complete list of all chemicals, pesticides, fuels or other potentially hazardous materials to be used or stored on the premises in quantities greater than associated with normal household use, accompanied by a description of the measures proposed to protect all storage containers or facilities from vandalism, corrosion, and leakage, and to provide for control of spills.
- (b) a description of potentially hazardous wastes to be generated, including storage and disposal methods as in (a) above.
- (c) for above ground storage of hazardous materials or wastes, evidence of qualified professional supervision of design and installation of such storage facilities or containers.
- (d) for runoff from impervious surfaces greater than 30% of total lot area, evidence that such runoff will be recharged on-site and diverted towards areas covered with vegetation for surface infiltration to the maximum extent possible. Dry wells shall be used only where other methods are infeasible and shall be preceded by oil, grease, and sediment traps to facilitate removal of contaminants.
- (e) for disposal on-site of domestic wastewater, with an estimated sewage flow greater than 15,000 gpd, evidence of qualified professional supervision of design and installation, including an assessment of nitrate or coliform bacteria impact on ground water quality.

“4960. Change of Use. Change in activity resulting in exceeding any limitations established in a special permit, or crossing the thresholds of Section 4930, shall constitute change of use and is allowed but only on approval of a special permit.

“4970. Design and Operation Guidelines. Within Water Resource Districts, the following design and operations guidelines shall be observed in all new construction.

4971. Safeguards. Provisions shall be made to protect against hazardous materials discharge or loss through corrosion, accidental damage, spillage, or vandalism through such measures as provision for spill control in the vicinity of chemical or fuel delivery points, secure storage areas of hazardous materials, and indoor storage provisions for corrodible or dissolvable materials.

4972. Location. Where the premises are partially outside of the Water Resource District, such potential pollution sources as on-site waste disposal systems shall, to the degree feasible, be located outside the District.

4973. Disposal. Provisions shall be made to assure that any waste disposed on the site shall contain no hazardous materials in quantities substantially greater than associated with normal household use.

4974. Drainage. Provision shall be made for on-site recharge of all stormwater runoff from impervious surfaces unless, in cases where such surfaces are no more than 15% of lot area or 2,500 square feet, whichever is larger, the Planning Board in conducting Development Plan Review and following consultation with the Conservation Commission, determines that either recharge is infeasible because of site conditions or is undesirable because of uncontrollable risks to water quality from such recharge.

Recharge shall be by surface infiltration through vegetative surfaces unless otherwise approved by the Planning Board following consultation with the Conservation Commission. Dry wells shall be used only where other methods are technically infeasible and shall employ oil, grease, and sediment traps. Drainage from transfer areas for hazardous materials shall be separately collected for safe disposal.

4975. Sewerage. Sewers within the Water Resource District shall be designed and constructed in a manner such that ground water levels, flows, and/or recharge will not be significantly lowered, diverted, or otherwise altered by such construction, and that risk of leakage is minimized.

"4980. Nonconforming Uses. Legally pre-existing nonconforming structures and uses in the Water Resource District shall be governed by Sections 2310, 2320, 2330, and 2340 of this By-law"

3) Replace the map "Water Resource Districts" dated February 28, 1985 with map "Water Resource District" dated February 1, 1995, on file with the Town Clerk and Planning Board; or act or do anything in relation thereto.

(By: Planning Board)

VOTED: Unanimously voted that the Town amend the Bellingham Zoning By-law as follows:

1) Revise the third paragraph of Section 2110 (which begins "In addition....") so that it reads as follows:

"In addition, there are two overlay districts: Flood Plain District as established at Section 4510, and Water Resource District as established at Section 4920."

2) Delete Section 4900 Water Resource Districts and substitute the following:

"4900. Water Resource District

"4910. Purpose. The purpose of the Water Resource District is to protect the public health by preventing contamination of the ground and surface water resources providing water supply for the Town of Bellingham.

"4920. Establishment of District. The Water Resource District is hereby established as an overlay district. The District is bounded on the map entitled "Water Resource District" dated February 1, 1995, which is appended to this article and becomes a part thereof.

"4930. Use Regulations. The Water Resource District shall be considered to be superimposed over any other district established in this By-law. Land in the Water

Resource District may be used for any use otherwise permitted in the underlying district,

subject to the following limitations.

“4931. Prohibitions. The following are prohibited on any lot or portion of a lot within the Water Resource District.

- (a) All uses required to be prohibited in wellhead protection zones by 310 CMR 22.21 (2)a. Generally, those are the following (see 310 CMR 22.21 (2) a, on file with the Building Inspector, for exact provisions):**
 - (1) Landfills, open dumps, and landfilling of sludge or septage;**
 - (2) Auto graveyards or junkyards;**
 - (3) Stockpiling and disposal of snow from outside of the District, if containing ice control chemicals;**
 - (4) Individual sewage disposal systems designed to receive more than 110 gallons per day per 1/4 acre or 440 gallons per day on any one acre;**
 - (5) Treatment or disposal works for non-sanitary wastewaters subject to 314 CMR 5.00, except for replacement or repair of existing systems without expansion, or treatment works approved by DEP designed for the treatment of contaminated ground or surface waters;**
 - (6) Facilities that generate, treat, store, or dispose of hazardous waste subject to MGL C 21C and 310 CMR 30.00, except:**
 - {i} Very Small Quantity Generators as defined under 310 CMR 30.00;**
 - {ii} household hazardous waste centers and events under 310 CMR 30.390;**
 - {iii} waste oil retention facilities required by MGL C 21, 52A;**
 - {iv} remediation treatment works approved under 314 CMR 5.00.**
- (b) All uses required to be prohibited in wellhead protection zones by 310 CMR 22.21 (2) b, unless designed in accordance with specified performance standards. Generally, those are the following (see the 310 CMR 22.21 (2)b, on file with the Building Inspector, for the exact provisions):**
 - (1) Storage of sludge and septage unless in accordance with 310 CMR 32.30 and 310 CMR 32.31;**
 - (2) Storage of commercial fertilizers and soil conditioners unless within a structure designed to prevent generation and escape of contaminated runoff or leachate;**
 - (3) Storage of animal manure unless covered or contained;**
 - (4) Storage of liquid hazardous materials as defined in MGL C. 21E unless in a free standing container within a building or above ground with adequate secondary containment.**
 - (5) Earth removal to within 4 feet of historical high groundwater unless regraded to a higher level within 45 days, except for excavations for building foundations or utility works;**

(6) Storage of liquid petroleum products, except:

- [i] normal household use, outdoor maintenance, and heating of a structure.**
- [ii] waste oil retention facilities required by MGL C. 21 52A;**
- [iii] emergency generators required by statute, rule, or regulation;**
- [iv] treatment works approved under 314 CMR 5.00 for treatment of contaminated ground or surface waters;**

provided that such storage is in a free standing container within a building or above ground with adequate secondary containment;

- (c) As a principal use, manufacturing, processing, mixing, storage, transport, or disposal of hazardous materials in excess of quantities which, as wastes, are allowed small quantity generators as defined in DEP Regulations- 310 CMR 30.**
- (d) Motor vehicle service, washing, or repair.**
- (e) Storage of ice removal chemicals.**

“4932. Uses Requiring Special Permits. Within the Water Resource District, the following shall be allowed only if granted a Special Permit from the Special Permit Granting Authority (See Section 4940) and if the use is not otherwise prohibited.

- (a) Covering with impervious surface more than 30% of the portion of lot area within the Water Resource District.**
- (b) Removal of existing groundcover vegetation from more than 70% of lot area.**
- (c) Having an estimated on-site disposal of wastewater exceeding 10,000 gpd, regardless of lot size.**

“4933. Change of Use. Change in activity resulting in exceeding any limitations established in a special permit, or crossing the thresholds of paragraphs 4931 or 4932, shall constitute change of use and is allowed but only on approval of a special permit, regardless of whether classified under Section 4931 or Section 4932.

“4940. Special Permit Granting Authority. The Special Permit Granting Authority for applications under Section 4900 shall be the Planning Board. Such Special Permit shall be granted if the SPGA determines that:

- (a) the intent of the by-law as well as its specific criteria are met;**
- (b) the application materials are sufficiently detailed, definite, and credible to support positive findings relative to the standards of the by-law;**
- (c) the proposed use meets the standards of Section 4900;**
- (d) neither during construction nor after will the use adversely affect the existing or potential quality of groundwater available within the District.**
- (e) that proposed control and response measures adequately and reliably mitigate risks to groundwater quality resulting from accident or system failure.**

In making such determination, the SPGA shall give consideration to the simplicity, reliability, and feasibility of the control measures proposed and the degree of threat to groundwater quality which would result if the control measures failed.

Upon receipt of the Special Permit application, the SPGA shall transmit one copy each to the Conservation Commission, Board of Health, Water Department, and the Building Inspector for their written recommendations. The SPGA shall explain any departures from the recommendations of other Town agencies in its decision. Failure to respond within 30 days shall indicate approval of said agencies. The copies necessary to fulfill this requirement shall be furnished by the applicant.

“4950. Submittals. In applying for a Special Permit under this Section, the information listed below shall be submitted as specified in Section 4940, unless the Planning Board, prior to formal application, determines that certain of these items are not germane:

(a) a complete list of all chemicals, pesticides, fuels or other potentially hazardous materials to be used or stored on the premises in quantities greater than associated with normal household use, accompanied by a description of the measures proposed to protect all storage containers or facilities from vandalism, corrosion, and leakage, and to provide for control of spills.

(b) a description of potentially hazardous wastes to be generated, including storage and disposal methods as in (a) above.

(c) for above ground storage of hazardous materials or wastes, evidence of qualified professional supervision of design and installation of such storage facilities or containers.

(d) for runoff from impervious surfaces greater than 30% of total lot area, evidence that such runoff will be recharged on-site and diverted towards areas covered with vegetation for surface infiltration to the maximum extent possible. Dry wells shall be used only where other methods are infeasible and shall be preceded by oil, grease, and sediment traps to facilitate removal of contaminants.

(e) for disposal on-site of domestic wastewater, with an estimated sewage flow greater than 15,000 gpd, evidence of qualified professional supervision of design and installation, including an assessment of nitrate or coliform bacteria impact on ground water quality.

“4960. Change of Use. Change in activity resulting in exceeding any limitations established in a special permit, or crossing the thresholds of Section 4930, shall constitute change of use and is allowed but only on approval of a special permit.

“4970. Design and Operation Guidelines. Within Water Resource Districts, the following design and operations guidelines shall be observed in all new construction.

4971. Safeguards. Provisions shall be made to protect against hazardous materials discharge or loss through corrosion, accidental damage, spillage, or vandalism through such measures as provision for spill control in the vicinity of chemical or fuel delivery points, secure storage areas of hazardous materials, and indoor storage provisions for corrosible or dissolvable materials.

4972. Location. Where the premises are partially outside of the Water Resource District, such potential pollution sources as on-site waste disposal systems shall, to the degree feasible, be located outside the District.

4973. Disposal. Provisions shall be made to assure that any waste disposed on the site shall contain no hazardous materials in quantities substantially greater than associated with normal household use.

4974. Drainage. Provision shall be made for on-site recharge of all stormwater runoff from impervious surfaces unless, in cases where such surfaces are no more than 15% of lot area or 2,500 square feet, whichever is larger, the Planning Board in conducting Development Plan Review and following consultation with the Conservation

Commission, determines that either recharge is infeasible because of site conditions or is undesirable because of uncontrollable risks to water quality from such recharge.

Recharge shall be by surface infiltration through vegetative surfaces unless otherwise approved by the Planning Board following consultation with the Conservation Commission. Dry wells shall be used only where other methods are technically infeasible and shall employ oil, grease, and sediment traps. Drainage from transfer areas for hazardous materials shall be separately collected for safe disposal.

4975. Sewerage. Sewers within the Water Resource District shall be designed and constructed in a manner such that ground water levels, flows, and/or recharge will not be significantly lowered, diverted, or otherwise altered by such construction, and that risk of leakage is minimized.

"4980. Nonconforming Uses. Legally pre-existing nonconforming structures and uses in the Water Resource District shall be governed by Sections 2310, 2320, 2330, and 2340 of this By-law"

3) Replace the map "Water Resource Districts" dated February 28, 1985 with map "Water Resource District" dated February 1, 1995, which map is appended to this Article and becomes a part thereof.

(Recommended by Finance Committee)
(Recommended by Planning Board)
(Recommended by D.P.W.)

ARTICLE 30. HOME OCCUPATIONS

To see if the Town will vote to amend the Bellingham Zoning By-law by deleting Section 4110 and substituting the following:

"4110. Home Occupations

"4111. Home occupations are permitted without need for a special permit only if conforming to each of the following conditions:

- "(a) No more than 25% of the habitable floor area of the residence (exclusive of accessory structures) shall be used for the purpose of the home occupation. Accessory structures shall be used only for parking or incidental storage.
- "(b) Not more than one person not a member of the household shall be employed on the premises in the home occupation.
- "(c) There shall be no exterior display, no exterior storage of materials, no outside parking of commercial vehicles, and no other exterior indication of the home occupation or other variation from the residential character of the principal building other than an unlighted sign not to exceed one square foot in area.
- "(d) The environmental requirements of Section 3200 shall be complied with.
- "(e) Traffic generated shall not be more disruptive to the neighborhood than traffic normally resulting from residential use, considering volume, hours, vehicle types, and other traffic characteristics.
- "(f) The parking generated shall be accommodated off-street, other than in a required yard, and shall not occupy more than 35% of lot area.

“(g) There shall be no retail sale of articles not produced on the premises or incidental to the occupation.

“4112. A special permit from the Board of Appeals may authorize any of the following provided that the Board determines that the activities will not create hazard, disturbance to any abutter or the neighborhood, and will not create unsightliness visible from any public way or abutting property.

“(a) Use of more than 25% of the habitable floor area of the residence, or use of an accessory building for other than parking or incidental storage.

“(b) On-premises employment of a second or third person not a member of the household.

“(c) Exterior parking of a commercial vehicle.

“(d) Traffic determined by the Building Inspector to exceed the limits of item 4111(e).

“(e) Parking within a required yard, provided that it is effectively screened from the street and abutting premises”; or act or do anything in relation thereto.

(By: Planning Board)

VOTED: That the Town amend the Bellingham Zoning By-law by deleting Section 4110 and substituting the following:

“4110. Home Occupations

“4111. Home occupations are permitted without need for a special permit only if conforming to each of the following conditions:

“(a) No more than 25% of the habitable floor area of the residence (exclusive of accessory structures) shall be used for the purpose of the home occupation. Accessory structures shall be used only for parking or incidental storage.

“(b) Not more than one person not a member of the household shall be employed on the premises in the home occupation.

“(c) There shall be no exterior display, no exterior storage of materials, no outside parking of commercial vehicles, and no other exterior indication of the home occupation or other variation from the residential character of the principal building other than an unlighted sign not to exceed one square foot in area.

“(d) The environmental requirements of Section 3200 shall be complied with.

“(e) Traffic generated shall not be more disruptive to the neighborhood than traffic normally resulting from residential use, considering volume, hours, vehicle types, and other traffic characteristics.

“(f) The parking generated shall be accommodated off-street, other than in a required yard, and shall not occupy more than 35% of lot area.

“(g) There shall be no retail sale of articles not produced on the premises or incidental to the occupation.

"4112. A special permit from the Board of Appeals may authorize any of the following provided that the Board determines that the activities will not create hazard, disturbance to any abutter or the neighborhood, and will not create unsightliness visible from any public way or abutting property.

"(a) Use of more than 25% of the habitable floor area of the residence, or use of an accessory building for other than parking or incidental storage.

"(b) On-premises employment of a second or third person not a member of the household.

"(c) Exterior parking of a commercial vehicle.

"(d) Traffic determined by the Building Inspector to exceed the limits of item 4111(e).

"(e) Parking within a required yard, provided that it is effectively screened from the street and abutting premises".

**VOTED: By hand count: YES - 55; NO - 3; two-thirds of 58 being 39;
MOTION CARRIED.**

ARTICLE 31. ACCESSORY APARTMENT

To see if the Town will vote to amend the Bellingham Zoning By-law as follows:

1. Amend Section 2400 Use Regulations Schedule by inserting a new row directly above the row headed "Other customary accessory uses", to be headed "Accessory Apartment (See Sec. 4130)", with a "NO" entry under "I" district and with a "BA" entry under all other districts, so that it reads:

	A	S,R	M	B-1	I
				B-2	
"Accessory Apartment (see Sec. 4130)	BA	BA	BA	BA	NO".

2. Insert a new Section 4130, to read as follows:

"4130. Accessory Apartment. A special permit authorizing an Accessory Apartment may be granted only if consistent with the following.

"4131. Development Requirements.

"(a) The single-family dwelling to which the Accessory Apartment is being added must have been in existence for at least five years at the time of application.

"(b) There shall be no more than a 5% increase in the floor area of the existing dwelling, including any increases authorized within the preceding two years.

"(c) The Accessory Apartment shall occupy not more than 40% of the floor area of the dwelling.

"(d) The Board of Health must have documented to the Board of Appeals that sewerage disposal will be satisfactorily provided for.

"(e) Parking as required at Section 3300 shall be provided either in a garage or in designated areas not located within any required yard.

"4132. Occupancy Requirements

- “a) Either the principal or the accessory unit must be owner-occupied, except for temporary absences.
- “b) An accessory unit authorized under these provisions shall not be used for boarding and lodging or other commercial use.

“4133. Procedural Requirements

- “a) To approve a special permit for an Accessory Apartment, the Board of Appeals must make a determination that all of the above requirements have been met, and also that the particular circumstances of the case make such use appropriate, including consideration of:
 - i) whether lot area or other site characteristics assure mitigation of any impacts on the neighborhood;
 - ii) whether there is enforceable assurance that occupancy of the unit will serve significant community purposes, such as facilitating care for the elderly or handicapped, or providing housing at unusually low cost, and
 - iii) whether site and building design will effectively avoid any departure from the character of the neighborhood.
- “b) A Certificate of Occupancy for an Accessory Apartment shall be issued for a period no greater than three years. Continued occupancy beyond that shall require a new Certificate of Occupancy, to be granted only upon documentation to the Building Inspector that the relationships satisfying Section 4132 or on which the decision under paragraph a) was based are still in existence.
- “c) Upon termination of occupancy satisfying Section 4132, or a condition of the special permit, separate occupancy of the Accessory Apartment shall not be reestablished unless a new special permit is granted, on grounds that either the requirements of Section 4132 and the original special permit will again be satisfied, or that special circumstances of the structure or its occupants would make single-family occupancy a hardship and that the granting of such Special Permit would not be detrimental to the neighborhood.
- “d) A Certificate of Compliance with the above paragraph must be provided by the owner to the Building Inspector upon transfer of any beneficial interest in the property, and recorded at the Registry of Deeds”.

3. Amend Article V Definitions by replacing the definitions of “Dwelling, Single-Family” and “Dwelling, Two-Family” with the following:

“Dwelling, Single-Family - a detached residential building containing a single dwelling unit or a single dwelling unit plus an Accessory Apartment as authorized at Section 4130”.

“Dwelling, Two-Family - a detached residential building containing two dwelling units, neither of which is an ‘Accessory Apartment’ as authorized at Section 4130”; or act or do anything in relation thereto.

(By: Planning Board)

VOTED: PASSED OVER.

ARTICLE 32. SITE PLAN REVIEW

To see if the Town will vote to amend the Bellingham Zoning By-law as follows:

1. Renumber Section 1430 as Section 1440.
2. Insert the following as Section 1430.

"1430. Site Plan Review

"1431. Applicability. The following development proposals, unless required to receive Development Plan Approval under Section 1420, require Site Plan Review by the Planning Board prior to approval for a building or occupancy permit by the Building Inspector.

"(A) Any non-residential development increasing total floor area.

"(B) Any alteration to a parking facility serving a non-residential use and containing ten or more spaces."

"1432. Procedure. Materials required for Site Plan Review shall be submitted to the Building Inspector with or prior to application for a building or occupancy permit requiring Site Plan Review. The Building Inspector shall forthwith transmit such materials to the Planning Board, along with notification of the date by which action on the permit application is required. The Planning Board shall consider the materials at a meeting, and shall report its findings in writing to the Building Inspector prior to the date on which he must act on the permit application. Failure to do so shall be construed as lack of objection.

"The Building Inspector shall approve applications subject to Site Plan Review only consistent with Planning Board findings timefully received.

"1433. Submittals. The applicant shall provide as much of the materials specified at Section 1423 for Development Plan Approval as is reasonably necessary for the Planning Board to determine compliance with Sections 2600 Intensity of Use Schedule, 3200 Environmental Controls, 3300 Parking and Loading Requirements, and 3500 Landscaping Requirements, and a review fee as required under a schedule of fees to be established and from time to time amended by the Planning Board, based upon the actual cost of review"; or act or do anything in relation thereto.

(By: Planning Board)

VOTED: Unanimously voted that the Town to amend the Bellingham Zoning By-law as follows:

1. Renumber Section 1430 as Section 1440.
2. Insert the following as Section 1430.

"1430. Site Plan Review

"1431. Applicability. The following development proposals, unless required to receive Development Plan Approval under Section 1420, require Site Plan Review by the Planning Board prior to approval for a building or occupancy permit by the Inspector of Buildings.

"(A) Any non-residential development increasing total floor area.

“(B) Any alteration to a parking facility serving a non-residential use and containing ten or more spaces.”

“1432. Procedure. Materials required for Site Plan Review shall be submitted to the Inspector of Buildings with or prior to application for a building or occupancy permit requiring Site Plan Review. The Inspector of Buildings shall forthwith transmit such materials to the Planning Board, along with notification of the date by which action on the permit application is required. The Planning Board shall consider the materials at a meeting, and shall report its findings in writing to the Inspector of Buildings prior to the date on which he must act on the permit application. Failure to do so shall be construed as lack of objection.

“The Inspector of Buildings shall approve applications subject to Site Plan Review only consistent with Planning Board findings timefully received.

“1433. Submittals. The applicant shall provide as much of the materials specified at Section 1423 for Development Plan Approval as is reasonably necessary for the Planning Board to determine compliance with Sections 2600 Intensity of Use Schedule, 3200 Environmental Controls, 3300 Parking and Loading Requirements, and 3500 Landscaping Requirements, and a review fee as required under a schedule of fees to be established and from time to time amended by the Planning Board, based upon the actual cost of review”.

(Recommended by Finance Committee)
(Recommended by Planning Board)

ARTICLE 33. STREET ACCEPTANCE - RAWSON RD./SAGAMORE RD.

To see if the Town will vote to accept the private ways known as Rawson Road and Sagamore Road as public roads and the deed, covenants and easements thereto, said Rawson Road and Sagamore Road being shown on a “Definitive Plan of Land in Bellingham, Mass.” Entitled Rawson Farm, dated May 11, 1992, prepared by Guerriere & Halnon, Inc. Engineering and Land Surveying, 205 E. Central Street, Franklin, MA, recorded with Norfolk Registry of Deeds in Book 408 as Plan Number 591 of 1992; said Rawson Road being eighty feet wide at Hartford Avenue with fifty feet wide thereafter and extending from Hartford Avenue to a dead end for a total distance of approximately 1,700 feet, said Sagamore Road being fifty feet wide and extending from Rawson Road to another point on Rawson Road for a total distance of approximately 950 feet; or act or do anything in relation thereto.

Conservation Commission	Land Acquisition Trust Fund	10,000.00
DPW - Parks & Recreation	Ball Field Lights (at large baseball field at Richardson Field on Harpin St.)	45,000.00

SAID SUMS TO BE TRANSFERRED FROM FREE CASH.

(Recommended by Finance Committee)

ARTICLE 3. ALMACS PROPERTY PURCHASE

To see if the Town will vote to raise and appropriate a sum of money and to determine how such appropriation shall be raised, whether by transfer of available funds, by taxation, by borrowing or otherwise, and if by borrowing to authorize the issuance and sale of general obligation bonds or notes of the Town for the purpose of financing the purchase of an 8 acre, more or less, parcel of land and building located at the intersection of Rte. 126 and Rte. 140 formerly known as Almacs, the land is to be acquired by the Town for general municipal purposes, and to be under the control of the Board of Selectmen; or act or do anything in relation thereto.

(By: Almac's Property Feasibility Study Committee)

Motion to waive secret ballot vote as required by Section 4.07.130 of the Town By-Laws carried unanimously.

VOTED: That the Town raise and appropriate the sum of \$405,000.00.

\$375,000.00 of said sum to be used to purchase an 8 acre, more or less, parcel of land, along with the accompanying 20,000 square foot building, located at the intersection of Rt. 126 formerly known as the Almacs site. \$25,000.00 of said sum to be used for the purpose of preparation of a Town Common design to include specific cost estimates for the construction of said Common and costs related thereto; up to but not more than \$5,000.00 of said sum to be used to pay all costs associated with the "closing" of the sale, additionally, the following actions are authorized.

- A. There shall be a Committee of nine (9) members to be known as the Town Common Committee. Membership shall be comprised of the seven (7) members currently serving on the Almac's Feasibility Study Committee along with two (2) individuals to be appointed by the Board of Selectmen. Any vacancies occurring on said Committee shall be filled by the Board of Selectmen.
- B. The Town Common committee shall solicit bids for the demolition of the existing 20,000 square foot structure and report back to Town Meeting no later than the May, 1996 Annual Town Meeting with a requested appropriation for the demolition.
- C. The Town Common Committee shall present a proposal and request an appropriation to construct a Town Common no later than the October, 1996 Special Town Meeting.

Said sum of \$405,000.00 to be raised from FREE CASH.

(Recommended by Finance Committee)

VOTED: By hand count: YES 201 - NO 68 - TOTAL 269
2/3 of 269 being 179; motion carried.

ARTICLE 4. STABILIZATION FUND

To see if the Town will vote to raise, appropriate or transfer from available funds a sum of money to be transferred to the Stabilization Fund; or act or do anything in relation thereto.

(By: Finance Committee)

VOTED: Unanimously voted that the Town transfer \$500,000.00 from Free Cash to the Stabilization Fund.

(Recommended by Finance Committee)

ARTICLE 5. UNPAID BILLS

To see if the Town will vote to raise, appropriate or transfer a sum of money for the payment of certain unpaid bills; or act or do anything in relation thereto.

(By: Finance Committee)

VOTED: Unanimously voted that the Town pay the following bills by transferring a sum of money from Free Cash to the Unpaid Bills Account.

Payment as follows:

A.	Conservation Commission	Christina Woznicki	\$	5.27
B.	Planning Board	Valerie DeAngelis		36.97
C.	Police Department	Gless Gauss, Inc.		97.90
D.	DPW - Water/Sewer Dept.	Tremblay and Associates		170.00
E.	DPW - Water/Sewer Dept.	Guerriere & Halnon, Inc.		14.00
F.	DPW - Water/Sewer Dept.	Woonsocket Regional Wastewater Commission		6,048.20
G.	DPW - Park & Recreation	Champagne's Casual Wear		163.20
H.	DPW - Park & Recreation	O'Brien & Sons, Inc.		620.00
I.	DPW - Park & Recreation	Wayne's Small Engine Clinic, Inc.		162.58

(Recommended by Finance Committee)

ARTICLE 6. OBSOLETE SIGNS

To see if the Town will adopt Article 12.08 of the Town By-Laws.

Article 12.08 OBSOLETE SIGNS

1208.10 A sign (and its supports) which ceases to advertise a bonafide business conducted or product sold on any premises shall be removed within 30 days after written notification from the Inspector of Buildings.

1208.20 This section shall be enforced by the Building Department. Penalty for violating this section shall be a fine of not more than \$25.00 per day, each day constitutes a separate offense.

(By: Sign By-Law Review Committee)

VOTED: Unanimously voted that the Town amend Chapter 12 of the Town By-Laws by adding the following:

Article 12.08 Obsolete Signs

12.08.10 A sign (and its supports) which ceases to advertise a bonafide business conducted or product sold on any premises shall be removed within 30 days after written notification from the Inspector of Buildings.

12.08.20 This section shall be enforced by the Building Department. Penalty for violating this section shall be a fine of not more than \$25.00 per day, each day constitutes a separate offense.

(Recommended by Finance Committee)

ARTICLE 7. STREET ACCEPTANCE - SILVER AVENUE & GEORDAN AVENUE

To see if the Town will vote to accept as a public way a road, the easements appurtenant thereto, and the deeds thereto, identified as Silver Avenue and Geordan Avenue on a plan by Guerriere & Halnon, Inc., dated November 25, 1994, entitled "Layout Plan of Silver Avenue and Geordan Avenue, in Bellingham, MA, Scale 401 to an Inch", to be recorded at the Norfolk Registry of Deeds, and as more particularly described in two deeds on file at the Office of the Town of Bellingham Town Clerk and to authorize the Selectmen to accept the deeds thereto; or act or do anything in relation thereto.

(By: Petitioner)

VOTED: Unanimously voted that the Town accept as a public way a road, the easement appurtenant thereto, and the deed in conveyance thereof, identified as Silver Avenue and Geordan Avenue on a plan of land by Guerriere and Halnon, Inc. dated November 25, 1994, revised April 18, 1995, entitled "Layout plan of Silver Avenue and Geordan Avenue in Bellingham, Mass., Scale 40' to an inch" to be recorded at the Norfolk Registry of Deeds and as more particularly described in the deed on file at the Office of the Town of Bellingham Town Clerk and to authorize the Selectmen to accept the deed thereto.

(Recommended by: Finance Committee, Planning Board, DPW, Conservation Commission & Board of Selectmen)

ARTICLE 8. PETITION FOR PACKAGE STORE WINE & MALT LICENSE

To see if the Town will vote to direct the Board of Selectmen to petition the Legislature to enact legislation granting the Board of Selectmen the authority to issue an additional Package Store Wine & Malt License to Paul's Variety Store; or act or do anything in relation thereto.

(By: Petitioner)

VOTED: Unanimously voted that the Town direct the Board of Selectmen to petition the Legislature to enact legislation granting the Board of Selectmen the authority to issue an additional Package Store Wine & Malt License to Paul and Bonnie Grimala d/b/a Paul's Variety Store.

(Recommended by Finance Committee)

ARTICLE 9. SALE OF PROPERTY - PHILLIP DRIVE

To see if the Town will vote to authorize the Board of Selectmen to convey to Allan S. Elliott and Barbara J. Elliott a portion of a certain parcel of Town owned land on Phillip Drive shown on Assessor's Map 12 as Parcel 25 and more particularly described as Lot 85 and 86 on Land Court Plan 13665J, filed at Norfolk Land Registry with Certificate 91778 at Book 459, Page 178 and to convey to Joseph T. Francesconi and Debra J. Francesconi, a portion of a certain parcel of Town owned land on Phillip Drive shown on Assessor's Map 12 as Parcel 25 and more particularly described as Lots 83 and 84 on Land Court Plan 13665J, filed at Norfolk Land Registry with Certificate 91778 at Book 459, Page 178; said authority to convey is subject to the respective

purchasers paying for all costs of title examination, legal fees, engineering costs and plans and related expenses to effect same; or act or do anything in relation thereto.

(By: Petition)

VOTED: Unanimously voted to authorize the Board of Selectmen to convey to Allan S. Elliott and Barbara J. Elliott for the consideration of Five Hundred Dollars (\$500.00), a portion of a certain parcel of Town owned land on Phillip Drive shown on Assessor's Map 12 as Parcel 25 and more particularly described as Lot 85 and 86 on Land Court Plan 13665J, filed at Norfolk Land Registry with Certificate 91778 at Book 459, Page 178 and to convey to Joseph T. Francesconi and Debra J. Francesconi for the consideration of Five Hundred Dollars (\$500.00), a portion of a certain parcel of Town owned land on Phillip Drive shown on Assessor's Map 12 as Parcel 25 and more particularly described as Lots 83 and 84 on Land Court Plan 13665J, filed at Norfolk Land Registry with Certificate 91778 at Book 459, Page 178.

(Recommended by Finance Committee & Board of Selectmen)

ARTICLE 10. EXCHANGE OF LAND

To see if the Town will vote to authorize the Board of Selectmen to convey to Burton S. Rhodes and Scott A. Rhodes, as they are the Trustees of BS Realty Trust, a portion of a certain parcel of Town owned land on Gemmur Drive shown on Assessor's Map 89 as Parcel 13C and more particularly described in a Deed filed at Norfolk Registry of Deeds at Book 8099, Page 456 in exchange for the conveyance of a portion of a certain parcel of land owned by Burton S. Rhodes and Scott A. Rhodes, as they are the Trustees of the BS Realty Trust, on Gemmur Drive on Assessor's Map 89 as Parcel 13-12 and more particularly described on a Deed filed at Norfolk Registry of Deeds at Book 8099, Page 456, said authority to convey is subject to the respective purchasers paying for all costs of title examination, legal fees, engineering costs and plans and related expenses to effect same; or act or do anything in relation thereto.

(By: Petition)

VOTED: Unanimously voted that the Town authorize the Board of Selectmen to convey to Burton S. Rhodes and Scott A. Rhodes as they are the Trustees of the BS Realty Trust for the consideration of Five Thousand Dollars (\$5,000.00) a portion of a certain parcel of Town owned land on Gemmur Drive shown on Assessor's Map 89 as Parcel 13C and more particularly described in a Deed filed at Norfolk Registry of Deeds at Book 8099, Page 456, said parcel to be conveyed is more particularly described as Parcel B on a Plan entitled Division of Land for Town of Bellingham & BS Realty Bellingham, MA dated September, 1995, scale: 1 inch = 100 feet by Bibeault and Florentz Engineering Co, Inc., Civil Engineers and Land Surveyors, 117 Main Street, Woonsocket, RI., a copy of said plan is submitted herewith and made part of this motion. Said parcel contains 6,705 square feet more or less.

Five Thousand Dollars (\$5,000.00) received by the Town of Bellingham will be transferred to the Conservation Land Acquisition Trust Fund.

(Recommended by Finance Committee & Board of Selectmen)

ARTICLE 11. SALE OF PROPERTY - FIRST AVENUE

To see if the Town will vote to authorize the Board of Selectmen to convey to Paul M. Martin and Janice E. Martin, a portion of a certain parcel of Town owned land on First Avenue shown on Assessor's Map 40 as First Avenue more particularly described on a Plan to be prepared and to be on file at the office of the Town Clerk prior to September 15, 1995, said parcel being a portion of the right of way accepted as a town way, resulting in the abandonment of property constituting an accepted right of way, said authority to convey is subject to the respective purchasers paying for all costs of title examination, legal fees, engineering costs and plans and related expenses to effect same; or act or do anything in relation thereto.

(By: Petition)

VOTED: Unanimously voted that the Town authorize the Board of Selectmen to convey to Paul M. Martin and Janice E. Martin for the consideration of Five Hundred Dollars (\$500.00) a portion of a certain parcel of Town owned land on First Avenue more particularly described as follows:

Beginning at the westerly sideline of First Avenue and Northwesterly sideline of Riverbank Road at the southerly corner of the parcel to be described;

Thence N 4 degrees 43'13" W along land now or formerly of Martin for a distance of 103.15' to a point;

Thence N 25 degrees 16'47"E along land now or formerly of Martin for a distance of 50.68' to a point;

Thence S 9 degrees 24'44"W for a distance of 69.40' to a point;

Thence S 2 degrees 58'33"E for a distance of 71.30' to a point;

Thence S 31 degrees 34'44"W for a distance of 10.51' to the point of beginning.

The whole containing 1,126 square feet, more or less.

Said sale to be subject to the Board of Selectmen discontinuing the parcel described as a public way, and Paul M. Martin and Janice E. Martin shall petition the Board of Selectmen for discontinuance of the public way

(Recommended by Finance Committee & Board of Selectmen)

ARTICLE 12. AMEND AUTHORIZATION

To see if the Town will vote to amend Article 8 of the May 1995 Annual Town Meeting by rescinding the authorization to borrow on the following items and to authorize funding from Free Cash.

- | | |
|---------------------------------------|--------------|
| 1. Corrosion Control | \$280,000.00 |
| 2. Fire Pumper/Equipment and Purchase | \$185,000.00 |

or act or do anything in relation thereto.

(By: Board of Selectmen)

VOTED: Unanimously voted that the Town amend Article 8 of the May, 1995 Annual Town Meeting by rescinding the authorization to borrow on the following items and to authorize funding from Free Cash.

- | | |
|-------------------------------------|--------------|
| 1. Corrosion Control | \$280,000.00 |

ATTORNEY GENERAL

(617) 727-2200

January 13, 1995

Kathleen M. Harvey
Town Clerk
P.O. Box 367
Bellingham, Massachusetts 02019

Dear Ms. Harvey:

I enclose the amendment to the general by-laws adopted under article 10 of the warrant for the October 5, 1994, Fall Annual Town Meeting, with the approval of this office, except that the following words are deleted and disapproved: "(Said gift to be no less than \$100,000.00)."

This by-law is akin to a zoning impact fee. As such, it is subject to the constitutional tests outlined in Dolan v. City of Tigard, 512 U.S. ___, 129 L.Ed.2d 304 (1994). First, there must be an "essential nexus" "between the legitimate state interest and the permit condition exacted by the city." Dolan, 129 L.Ed.2d at 317. If a nexus exists, there must be a determination that the required dedication is "related both in nature and extent to the impact of the proposed development." This is the "rough proportionality" test. Id. at 320. Only by merest chance will the \$100,000 "gift" be proportional to the cost to Bellingham.

We received a letter from the Town indicating that this by-law was in use in Franklin. We do not review Franklin's by-laws because it is a City and, as such, we have no authority to review their by-laws. See G.L. c. 40, § 32, last sentence. Further, the Franklin by-law sent to us, #189-27, does not require a minimum gift amount.

Accordingly, the by-law language quoted above is disapproved.

Sincerely,

Jonathan A. Abbott
Assistant Attorney General
617 727-2200, ext. 2096

RE: SECOND ANNUAL FALL TOWN MEETING
OCTOBER 5, 1994 at 7:30 PM
ARTICLE 10. SEWER PUMPING STATION ARTICLE

I hereby certify the following is a true record of the vote adopted by the qualified voters of the Town of Bellingham under Article 10 of the warrant for the Second Annual Fall Town Meeting of October 5, 1994:

VOTED: Unanimously voted that the Town amend the By-Laws by adding the following:

Chapter 19, Article 2.01, Sewer Lift Station Construction

This By-law shall apply only to sewer pumping stations which are constructed on public property or on property that will become public property upon completion of the project.

This by-law will not apply to pumping stations which service condominium complexes, which must be retained as property of the condominium association. The operations, maintenance and repair of such to be solely the responsibility of the condominium association.

Every attempt will be made between the applicant for a sewer extension permit and the Town of Bellingham to provide for gravity flow sewer services to all buildings serviced by any extension. However, where gravity sewer lines are not possible, a lift station which will eventually become the property of the Town of Bellingham may be approved under the following parameter:

By depositing in a town special gift account an amount calculated and specified by the Department of Public Works Director and/or the Town Administrator, to earn interest sufficient to fund the projected annual cost

ARTICLE 10. SEWER PUMPING STATION ARTICLE (CON'T)

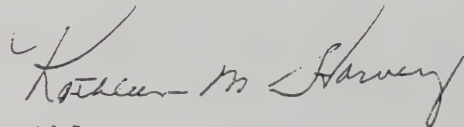

of service, maintenance, repair, and parts replacement for each individual lift station over the expected lifetime of buildings served by such lift station.
* ~~(Said gift to be no less than \$100,000.00).~~ The basis of the calculation shall be that the interest generated by such account will fund the cost of servicing, maintaining, repairing and/or replacing parts at the lift station. The donation of said gift is to be made prior to the issuance of the first building permit in any new project, and before the acceptance of a sewer extension permit application for any previously developed property.

(Recommended by Finance Committee)

* Note: Text disapproved by Attorney General - see previous letter for explanation dated 1/13/95 KH

**RE: ANNUAL TOWN MEETING of MAY 24, 1995
ARTICLE 10. PERSONNEL BOARD**

I hereby certify the following is a true copy of the vote adopted by the qualified voters of the Town of Bellingham under Article 10 of the Warrant for the Annual Town Meeting of May 24, 1995:

ARTICLE 10. PERSONNEL BOARD

VOTED: Unanimously voted that the Town delete Sections 2-33.1 through Section 2-33.20 inclusive and replace with the following:

Section 3.06. PERSONNEL BOARD

3.06.010 Appointment - In accordance with Section 8-5-12 of the Town Charter, there is hereby established an unpaid Personnel Board consisting of five (5) registered voters of the Town appointed by the Town Administrator. Each member of the Personnel Board so appointed shall serve for a term of three (3) years; provided, however, that of the members originally appointed by the moderator as herein provided, one shall serve for a term of one year; one serve for a term of two (2) years; and one shall serve for a term of three (3) years, and of the two (2) members originally appointed by the Board of Selectmen, one shall serve for a term of two (2) years and one shall serve for a term of three (3) years.

3.06.020 Variances - If any member of the Personnel Board shall resign or otherwise vacate his/her office before the expiration of his term, his/her successor shall be appointed, as provided above, to serve for the balance of the unexpired term. If any member is absent from five (5) consecutive meetings of said board, except in case of illness, his/her position shall be deemed to be vacant and shall be filled as herein provided.

3.06.030 Compensation - No member of the Personnel Board may be an employee of the Town other than as clerk to this Board. Members of the Personnel Board, other than its clerk, shall serve without compensation.

3.06.040 Organization - Forthwith after its appointment and annually, the Board shall meet and organize by electing a Chairman. A majority of the Board shall constitute a quorum for the transaction of business. A majority vote of the Board of those present and voting shall determine the action the Board must take in all matters upon which it is authorized or required to pass under this by-law.

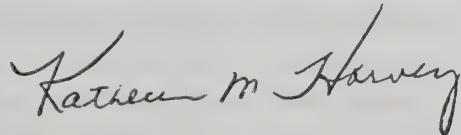

3.06.050 Policy and Administration - The Personnel Board shall assist the Town Administrator in his duties as the Personnel Administrator and in this role make recommendations to the Town Administrator on policy matters, procedures and systems of the Town including but not limited to:

- a) Employee recruitment/testing/selection/evaluation
- b) Employee training and development
- c) Employee benefits and service programs
- d) Employee safety and health programs
- e) Proposals involved with contract negotiations
- f) Formulation of various policies required by law (i.e. A.D.A., E.O.E., Sexual Harassment, etc.).

ARTICLE 28. EARTH REMOVAL

VOTED: Unanimously voted that the Town amend the Bellingham Zoning By-law by deleting Section 4631 and substituting the following:

"4631. The Application shall be accompanied by a plan showing all man-made features, property lines, names and addresses of all abutters (from the Assessors), including those across any street or way, and shall be accompanied by topographic information, such as that available on the Town's 1"=100' topographic maps. Plans for Major Removal, which are those involving more than two thousand five hundred (2,500) cubic yards or more than two (2) acres, shall be prepared by a registered land surveyor, and in addition to the above, shall show the following:

**existing topography in the area for which material is to be removed
and for one hundred (100) feet beyond that;**

**estimates of the evaluation of historical high groundwater as determined
from monitoring wells and historical water table fluctuation data
compiled by the USGS;**

grades below which excavation will not take place;

certification of Article 28 - con't

proposed finish grades upon completion of removal and restoration activities;

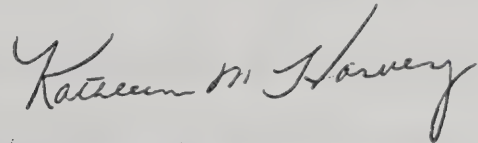

proposed cover vegetation and trees.

Two additional copies of materials submitted in applying for Major Removal shall be provided by the applicant for forwarding to the Planning Board for its review and recommendation to the Board of Appeals”.

**RE: ANNUAL TOWN MEETING of MAY 24, 1995
ARTICLE 29. WATER RESOURCE DISTRICT**

I hereby certify the following is a true copy of the vote adopted by the qualified voters of the Town of Bellingham under Article 29 of the Warrant for the Annual Town Meeting of May 24, 1995:

ARTICLE 29. WATER RESOURCE DISTRICT

VOTED: Unanimously voted that the Town amend the Bellingham Zoning By-law as follows:

1) Revise the third paragraph of Section 2110 (which begins "In addition....") so that it reads as follows:

"In addition, there are two overlay districts: Flood Plain District as established at Section 4510, and Water Resource District as established at Section 4920."

2) Delete Section 4900 Water Resource Districts and substitute the following:

"4900. Water Resource District

"4910. Purpose. The purpose of the Water Resource District is to protect the public health by preventing contamination of the ground and surface water resources providing water supply for the Town of Bellingham.

"4920. Establishment of District. The Water Resource District is hereby established as an overlay district. The District is bounded on the map entitled "Water Resource District" dated February 1, 1995, which is appended to this article and becomes a part thereof.

“4930. Use Regulations. The Water Resource District shall be considered to be superimposed over any other district established in this By-law. Land in the Water

Resource District may be used for any use otherwise permitted in the underlying district, subject to the following limitations.

“4931. Prohibitions. The following are prohibited on any lot or portion of a lot within the Water Resource District.

(a) All uses required to be prohibited in wellhead protection zones by 310 CMR 22.21 (2)a. Generally, those are the following (see 310 CMR 22.21 (2) a, on file with the Building Inspector, for exact provisions):

- (1) Landfills, open dumps, and landfilling of sludge or septage;**
- (2) Auto graveyards or junkyards;**
- (3) Stockpiling and disposal of snow from outside of the District, if containing ice control chemicals;**
- (4) Individual sewage disposal systems designed to receive more than 110 gallons per day per 1/4 acre or 440 gallons per day on any one acre;**
- (5) Treatment or disposal works for non-sanitary wastewaters subject to 314 CMR 5.00, except for replacement or repair of existing systems without expansion, or treatment works approved by DEP designed for the treatment of contaminated ground or surface waters;**
- (6) Facilities that generate, treat, store, or dispose of hazardous waste subject to MGL C 21C and 310 CMR 30.00, except:**
 - {i} Very Small Quantity Generators as defined under 310 CMR 30.00;**
 - {ii} household hazardous waste centers and events under 310 CMR 30.390;**
 - {iii} waste oil retention facilities required by MGL C 21, 52A;**
 - {iv} remediation treatment works approved under 314 CMR 5.00.**

(b) All uses required to be prohibited in wellhead protection zones by 310 CMR

22.21 (2) b, unless designed in accordance with specified performance standards. Generally, those are the following (see the 310 CMR 22.21 (2)b, on file with the Building Inspector, for the exact provisions):

- (1) Storage of sludge and septage unless in accordance with 310 CMR 32.30 and 310 CMR 32.31;
- (2) Storage of commercial fertilizers and soil conditioners unless within a structure designed to prevent generation and escape of contaminated runoff or leachate;
- (3) Storage of animal manure unless covered or contained;
- (4) Storage of liquid hazardous materials as defined in MGL C. 21E unless in a free standing container within a building or above ground with adequate secondary containment.
- (5) Earth removal to within 4 feet of historical high groundwater unless regraded to a higher level within 45 days, except for excavations for building foundations or utility works;
- (6) Storage of liquid petroleum products, except:
 - [i] normal household use, outdoor maintenance, and heating of a structure.
 - [ii] waste oil retention facilities required by MGL C. 21 52A;
 - [iii] emergency generators required by statute, rule, or regulation;
 - [iv] treatment works approved under 314 CMR 5.00 for treatment of contaminated ground or surface waters;

provided that such storage is in a free standing container within a building or above ground with adequate secondary containment;
- (c) As a principal use, manufacturing, processing, mixing, storage, transport, or disposal of hazardous materials in excess of quantities which, as wastes, are allowed small quantity generators as defined in DEP Regulations 310 CMR 30.
- (d) Motor vehicle service, washing, or repair.
- (e) Storage of ice removal chemicals.

“4932. Uses Requiring Special Permits. Within the Water Resource District, the following shall be allowed only if granted a Special Permit from the Special Permit Granting Authority (See Section 4940) and if the use is not otherwise prohibited.

- (a) Covering with impervious surface more than 30% of the portion of lot area within the Water Resource District.
- (b) Removal of existing groundcover vegetation from more than 70% of lot area.
- (c) Having an estimated on-site disposal of wastewater exceeding 10,000 gpd, regardless of lot size.

“4933. Change of Use. Change in activity resulting in exceeding any limitations established in a special permit, or crossing the thresholds of paragraphs 4931 or 4932, shall constitute change of use and is allowed but only on approval of a special permit, regardless of whether classified under Section 4931 or Section 4932.

“4940. Special Permit Granting Authority. The Special Permit Granting Authority for applications under Section 4900 shall be the Planning Board. Such Special Permit shall be granted if the SPGA determines that:

- (a) the intent of the by-law as well as its specific criteria are met;
- (b) the application materials are sufficiently detailed, definite, and credible to support positive findings relative to the standards of the by-law;
- (c) the proposed use meets the standards of Section 4900;
- (d) neither during construction nor after will the use adversely affect the existing or potential quality of groundwater available within the District.
- (e) that proposed control and response measures adequately and reliably mitigate risks to groundwater quality resulting from accident or system failure.

In making such determination, the SPGA shall give consideration to the simplicity, reliability, and feasibility of the control measures proposed and the degree of threat to groundwater quality which would result if the control measures failed.

Upon receipt of the Special Permit application, the SPGA shall transmit one copy each to the Conservation Commission, Board of Health, Water Department, and the Building Inspector for their written recommendations. The SPGA shall explain any departures from the recommendations of other Town agencies in its decision. Failure to respond within 30 days shall indicate approval of said agencies. The copies necessary to fulfill this requirement shall be furnished by the applicant.

Certification of Article 29 - con't

“4950. Submittals. In applying for a Special Permit under this Section, the information listed below shall be submitted as specified in Section 4940, unless the Planning Board, prior to formal application, determines that certain of these items are not germane:

(a) a complete list of all chemicals, pesticides, fuels or other potentially hazardous materials to be used or stored on the premises in quantities greater than associated with normal household use, accompanied by a description of the measures proposed to protect all storage containers or facilities from vandalism, corrosion, and leakage, and to provide for control of spills.

(b) a description of potentially hazardous wastes to be generated, including storage and disposal methods as in (a) above.

(c) for above ground storage of hazardous materials or wastes, evidence of qualified professional supervision of design and installation of such storage facilities or containers.

(d) for runoff from impervious surfaces greater than 30% of total lot area, evidence that such runoff will be recharged on-site and diverted towards areas covered with vegetation for surface infiltration to the maximum extent possible. Dry wells shall be used only where other methods are infeasible and shall be preceded by oil, grease, and sediment traps to facilitate removal of contaminants.

(e) for disposal on-site of domestic wastewater, with an estimated sewage flow greater than 15,000 gpd, evidence of qualified professional supervision of design and installation, including an assessment of nitrate or coliform bacteria impact on ground water quality.

“4960. Change of Use. Change in activity resulting in exceeding any limitations established in a special permit, or crossing the thresholds of Section 4930, shall constitute change of use and is allowed but only on approval of a special permit.

“4970. Design and Operation Guidelines. Within Water Resource Districts, the following design and operations guidelines shall be observed in all new construction.

4971. Safeguards. Provisions shall be made to protect against hazardous materials discharge or loss through corrosion, accidental damage, spillage, or vandalism through such measures as provision for spill control in the vicinity of chemical or fuel delivery points, secure storage areas of hazardous materials, and indoor storage provisions for corrodible or dissolvable materials.

4972. Location. Where the premises are partially outside of the Water Resource District, such potential pollution sources as on-site waste disposal systems shall, to the degree feasible, be located outside the District.

Certification of Article 29 - con't

4973. Disposal. Provisions shall be made to assure that any waste disposed on the site shall contain no hazardous materials in quantities substantially greater than associated with normal household use.

4974. Drainage. Provision shall be made for on-site recharge of all stormwater runoff from impervious surfaces unless, in cases where such surfaces are no more than 15% of lot area or 2,500 square feet, whichever is larger, the Planning Board in conducting Development Plan Review and following consultation with the Conservation Commission, determines that either recharge is infeasible because of site conditions or is undesirable because of uncontrollable risks to water quality from such recharge.

Recharge shall be by surface infiltration through vegetative surfaces unless otherwise approved by the Planning Board following consultation with the Conservation Commission. Dry wells shall be used only where other methods are technically infeasible and shall employ oil, grease, and sediment traps. Drainage from transfer areas for hazardous materials shall be separately collected for safe disposal.

4975. Sewerage. Sewers within the Water Resource District shall be designed and constructed in a manner such that ground water levels, flows, and/or recharge will not be significantly lowered, diverted, or otherwise altered by such construction, and that risk of leakage is minimized.

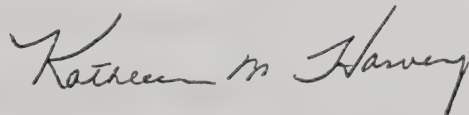

“4980. Nonconforming Uses. Legally pre-existing nonconforming structures and uses in the Water Resource District shall be governed by Sections 2310, 2320, 2330, and 2340 of this By-law”

3) Replace the map “Water Resource Districts” dated February 28, 1985 with map “Water Resource District” dated February 1, 1995, which map is appended to this Article and becomes a part thereof.

ARTICLE 30. HOME OCCUPATIONS

VOTED: That the Town amend the Bellingham Zoning By-law by deleting Section 4110 and substituting the following:

"4110. Home Occupations

"4111. Home occupations are permitted without need for a special permit only if conforming to each of the following conditions:

- "(a) No more than 25% of the habitable floor area of the residence (exclusive of accessory structures) shall be used for the purpose of the home occupation. Accessory structures shall be used only for parking or incidental storage.**
- "(b) Not more than one person not a member of the household shall be employed on the premises in the home occupation.**
- "(c) There shall be no exterior display, no exterior storage of materials, no outside parking of commercial vehicles, and no other exterior indication of the home occupation or other variation from the residential character of the principal building other than an unlighted sign not to exceed one square foot in area.**

Certification of Article 30 - con't

- “(d) The environmental requirements of Section 3200 shall be complied with.
- “(e) Traffic generated shall not be more disruptive to the neighborhood than traffic normally resulting from residential use, considering volume, hours, vehicle types, and other traffic characteristics.
- “(f) The parking generated shall be accommodated off-street, other than in a required yard, and shall not occupy more than 35% of lot area.
- “(g) There shall be no retail sale of articles not produced on the premises or incidental to the occupation.

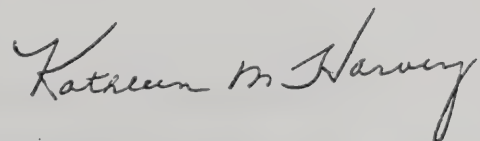

“4112. A special permit from the Board of Appeals may authorize any of the following provided that the Board determines that the activities will not create hazard, disturbance to any abutter or the neighborhood, and will not create unsightliness visible from any public way or abutting property.

- “(a) Use of more than 25% of the habitable floor area of the residence, or use of an accessory building for other than parking or incidental storage.
- “(b) On-premises employment of a second or third person not a member of the household.
- “(c) Exterior parking of a commercial vehicle.
- “(d) Traffic determined by the Building Inspector to exceed the limits of item 4111(e).
- “(e) Parking within a required yard, provided that it is effectively screened from the street and abutting premises”.

VOTED: By hand count: YES - 55; NO - 3; two-thirds of 58 being 39;
MOTION CARRIED.

ARTICLE 32. SITE PLAN REVIEW**

I hereby certify the following is a true copy of the vote adopted by the qualified voters of the Town of Bellingham under Article 32 of the Warrant for the Annual Town Meeting of May 24, 1995:

ARTICLE 32. SITE PLAN REVIEW

VOTED: Unanimously voted that the Town to amend the Bellingham Zoning By-law as follows:

1. Renumber Section 1430 as Section 1440.
2. Insert the following as Section 1430.

"1430. Site Plan Review

"1431. Applicability. The following development proposals, unless required to receive Development Plan Approval under Section 1420, require Site Plan Review by the Planning Board prior to approval for a building or occupancy permit by the Inspector of Buildings.

"(A) Any non-residential development increasing total floor area.

"(B) Any alteration to a parking facility serving a non-residential use and containing ten or more spaces."

"1432. Procedure. Materials required for Site Plan Review shall be submitted to the Inspector of Buildings with or prior to application for a building or occupancy

Certification of Article 32 - con't

permit requiring Site Plan Review. The Inspector of Buildings shall forthwith transmit such materials to the Planning Board, along with notification of the date by which action on the permit application is required. The Planning Board shall consider the materials at a meeting, and shall report its findings in writing to the Inspector of Buildings prior to the date on which he must act on the permit application. Failure to do so shall be construed as lack of objection.

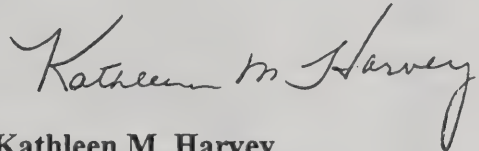

"The Inspector of Buildings shall approve applications subject to Site Plan Review only consistent with Planning Board findings timefully received.

"1433. Submittals. The applicant shall provide as much of the materials specified at Section 1423 for Development Plan Approval as is reasonably necessary for the Planning Board to determine compliance with Sections 2600 Intensity of Use Schedule, 3200 Environmental Controls, 3300 Parking and Loading Requirements, and 3500 Landscaping Requirements, and a review fee as required under a schedule of fees to be established and from time to time amended by the Planning Board, based upon the actual cost of review".

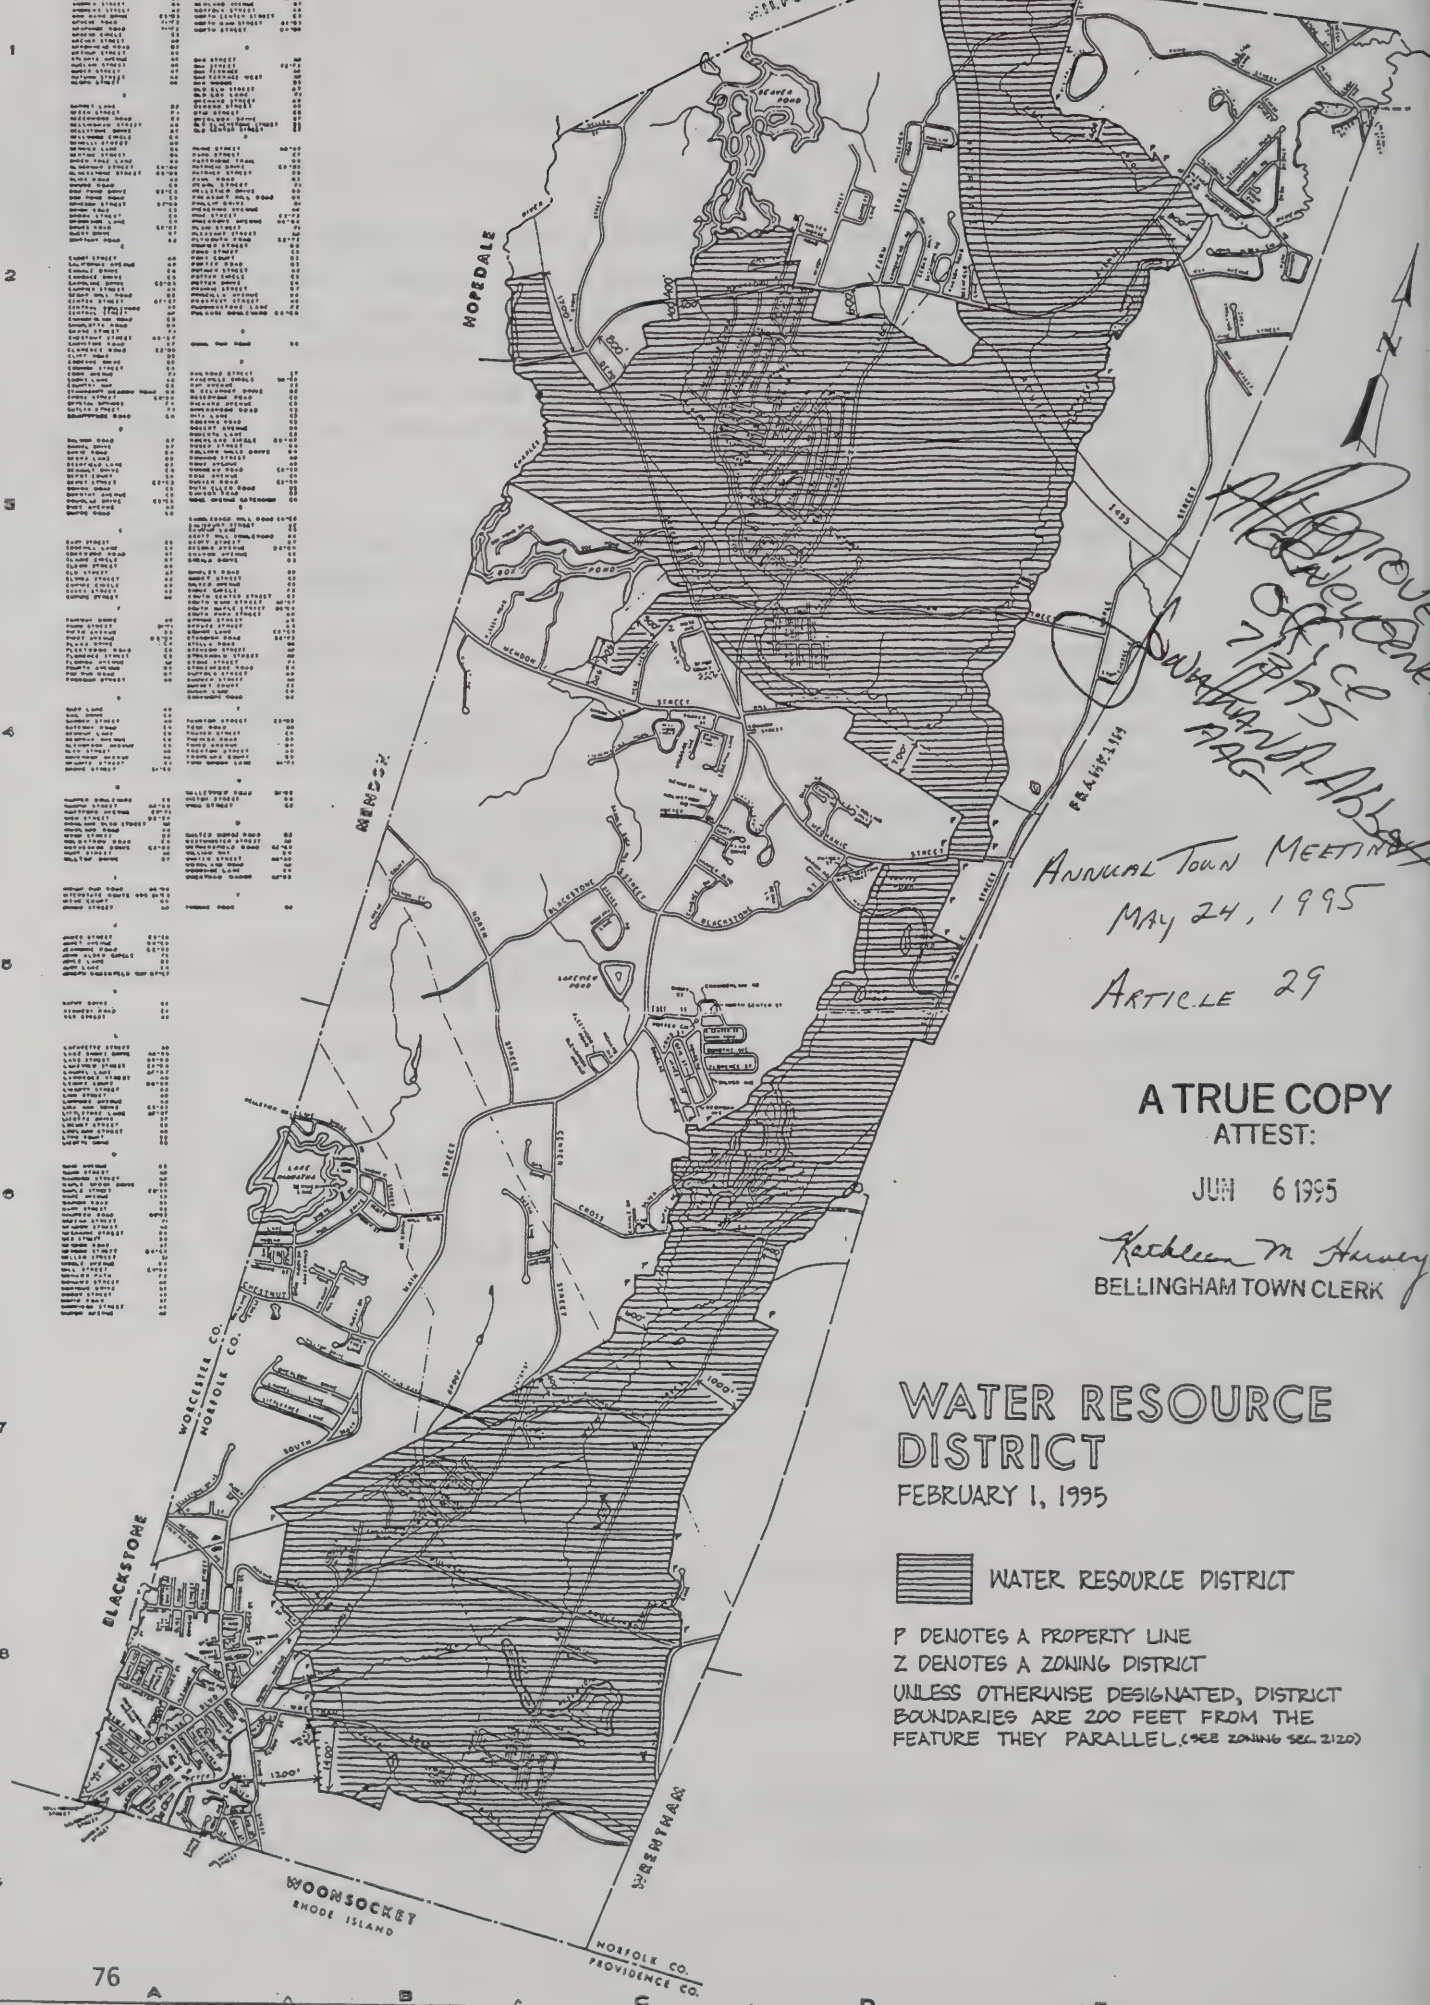

(Recommended by Finance Committee)
(Recommended by Planning Board)

A true record.

RE: SPECIAL TOWN MEETING of OCTOBER 4, 1995
ARTICLE 6. OBSOLETE SIGNS

I hereby certify the following is a true copy of the vote adopted by the qualified voters of the Town of Bellingham under Article 6 of the Warrant for the Special Town Meeting of October 4, 1995:

ARTICLE 6. OBSOLETE SIGNS

VOTED: Unanimously voted that the Town amend Chapter 12 of the Town By-Laws by adding the following:

Article 12.08 Obsolete Signs

12.08.10 A sign (and its supports) which ceases to advertise a bonafide business conducted or product sold on any premises shall be removed within 30 days after written notification from the Inspector of Buildings.

12.08.20 This section shall be enforced by the Building Department. Penalty for violating this section shall be a fine of not more than \$25.00 per day, each day constitutes a separate offense.

(Recommended by Finance Committee)

LATE FEES			\$ 1,310.00
TOTAL			\$ 16,175.00

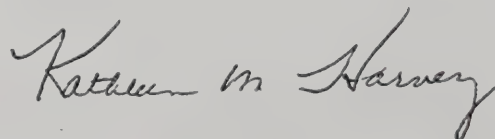

The Town of Bellingham accepted the provisions of Massachusetts General Laws Chapter 140, Section 147A at the special Town Meeting held on December 15, 1987. This authorized the town to keep all fees collected from the sale of dog licenses or monies received as fines.

Dog and Kennel Licenses are due annually April 1st.

A \$10.00 late fee is imposed after June 30th for each dog licensed.

A true record.

VITAL STATISTICS RECORD

1995

BIRTHS 168

MARRIAGES 113

DEATHS 76

TOTALS 357

Births and deaths recorded in the Town Report reflect events which occurred ONLY in Massachusetts. Many of Bellingham's births and deaths are in surrounding hospitals in Rhode Island and are considered out-of-state records and not returned to the town of residence.

MARRIAGES recorded in the Town of Bellingham include ONLY those couples who filed their marriage intention in Bellingham.

OUT OF WEDLOCK BIRTHS:

Chapter 556 of the Acts of 1989 allow for resident copies of out of wedlock births to be transmitted to the town of residents, upon request of the mother at the time of birth. This act has been in effect since February 27, 1990 and applies to births from that date to the present.

These records are still considered "impounded" and access is limited to the following individuals:

- Mother and Father - if Father is listed on record
- Child
- Legal Guardian of the Child - with proper legal papers
- Legal representative of the above

VITAL STATISTICS received in the Town Clerk's office too late for publication in the years town report, will be listed separately in the following year's statistics.

TOWN OF BELLINGHAM 1994 BIRTHS

Births recorded in the Town of Bellingham in the year 1995 which **OCCURRED IN 1994**, too late for publication in last year's town report are as follows:

DATE OF BIRTH

NAME OF CHILD

NAME OF PARENTS

FEBRUARY

12	Troy Min Snyder	Terry J. & Joyce M. (Welvaert)

ATTEST:

Kathleen M. Harvey
Bellingham Town Clerk

TOWN OF BELLINGHAM

OFFICE OF BOARD OF REGISTRARS

TOWN HALL
P. O. BOX 367
BELLINGHAM, MASSACHUSETTS 02019

Report of the Board of Registrars **1995**

Chairman Gordon D. Curtis, Republican
Norman J. Berry, Republican
Kathleen M. Harvey, Democrat
Bruce W. Lord, Democrat

Registrar Norma B. Rogers passed away on February 22, 1995 after serving the Town of Bellingham for ten years as a member of the board. She is sadly missed by all the residents and current board members. The 1995 town resident directory was dedicated to her memory.

The National Voter Registration Act of 1993

The Congress of the United States enacted the National Voter Registration Act of 1993 to establish national voter registration procedures for federal and other elections. The Commonwealth of Massachusetts has abided by enforcing Chapter 475 of the Acts of 1994. (The Massachusetts Act Increasing Electoral Participation).

The objective of this act has been to increase the participation of eligible citizens as voters and to protect the integrity of the election process. The act pursues these objectives by expanding the number of locations and opportunities where eligible citizens may register to vote and by recommending uniform voter registration file maintenance procedures.

Since July 1st of this year, a new Voter Registration Information System has been operational in the Town Clerk's office. This new computer system, supplied by the Secretary of State's office, links each individual city and town directly with the Central Voter Registry in Boston thus allowing for uniform voter support throughout the Commonwealth.

Chapter 475 of the Acts of 94 (the so-called motor-voter law) took effect on Jan.1, 1995. This law made significant changes in many election laws, including voter registration, voting at primaries, absentee voting, and removal from a voting list.

Some of the important changes in the law regarding voter registration include:

1. **Voter Registration by mail is now permitted.**
2. The last day to register to vote for ALL elections is now 20 days before the election. The last day to register for a special town meeting remains 10 days before the meeting.
3. Saturday registration sessions are no longer required.
4. Registration sessions in the clerk's office during the last three weeks before the close of registration are no longer required.
5. Election officials must remain open until 8:00 PM on the last day to register to vote.
6. Voters may register to vote at the Registry of Motor Vehicles and different state agencies.
7. Registrars must send written acknowledgment notices to each registrant regarding the disposition of the affidavit of voter registration received in their office.

VOTING IN A PRIMARY:

1. Unenrolled voters who vote in a State Primary will remain Unenrolled.
2. In a Presidential Primary only, an unenrolled voter who votes in the Presidential Primary does become enrolled in the party whose ballot he or she selects. The voter must fill out a change of enrollment form to become unenrolled.

ABSENTEE VOTING CHANGES INCLUDE:

1. Absentee ballots no longer need to be witnessed.
2. A family member of any person qualified to vote by absentee ballot, may apply in the same manner on behalf of such person. Family member means a spouse or person residing in the same household or an immediate relative.
3. An absentee voter or a family member of the voter may return the absentee ballot in person to the office of the city or town clerk. The clerk must still mail the absentee ballot to the voter.

The breakdown of voters in their precinct and by party affiliation as of December 31, 1995 is as follows:

Registered Voters Statistics
as of
December 31, 1995

Precinct #	Democrat	Republican	Libertarian	Unenrolled	TOTAL
1	478	191	5	781	1,455
2	566	203	1	805	1,575
3	452	184	1	859	1,496
4	551	231	2	818	1,602
5	<u>821</u>	<u>135</u>	<u>1</u>	<u>707</u>	<u>1,664</u>
TOTALS	2,868	944	10	3,970	7,792

Some important information for registered voters include:

1. If you move from one section of town to another during the year, you should call and update your voting address with the town clerk. You may now do this by phone and receive a written confirmation of this change. This will avoid any needless confusion at the polls on election day.
2. Minors who will become 18 years of age on or before an election or town meeting, may register to vote before the final day of voter registration, even though they are not 18 years of age on the date of registration.
3. New residents may register to vote on their first day of residence in Bellingham and become immediately eligible to vote at all subsequent elections and town meetings, provided the registration is prior to the deadline for a particular election or town meeting.

TOWN CENSUS

The Board of Registrars conducted the annual census by mail in January and mailed 5,218 census forms - one to each household in town. Success of the mail-in census rests solely on the cooperation of all the residents and the board wishes to thank all citizens for providing prompt and accurate information.

The town's population as of January 1, 1995 was certified as 14,251 persons. This was an increase of 34 persons over the 1994 total of 14,217.

(A complete tabulation of the town's population back to 1765, is shown separately in the Town Clerk's report.)

The town's resident population of all persons 18 years of age or older is 10,576 persons. Of this figure, 7634 persons are registered to vote which is 72% of the eligible electorate.

Age Statistics

Infants	0 through 5	1,290
School Age Children	6 through 17	2,385
College Age	18 through 21	663
Adults	22 through 59	3,088
Seniors	60 through 89	1,802
Super Seniors	90 and over	23
TOTAL		14,251

Females outnumber males this year by 361 with 7,306 females to 6,945 males.

In closing, the Board of Registrars wishes to thank Florence MacLaughhlin, Assistant Town Clerk, for the assistance she rendered this board and the citizens of the Town of Bellingham during this busy year.

Respectfully Submitted,

Gordon D. Curtis, Chairman

TOWN OF BELLINGHAM

OFFICE OF THE
BOARD OF ASSESSORS
TOWN HALL
BELLINGHAM, MASSACHUSETTS 02019

Calendar 1995 Annual Report of the Board of Assessors

Calendar Year 1995 began in January with the Fiscal Year 1995 Abatement Process with only 259 applications (approximately 4 percent of accounts) to review. Our revaluation consultant MMC conducted abatement hearings, with inspections and field review as needed. These were performed in lieu of informal hearings, which could not be performed in the fall due to time constraints relating to new value and new growth certifications. The low number of abatements was due to company, in-house and D.O.R. reviews.

By March, the Motor Vehicle Excise Module of the Town-wide Access International Software was ready for use in all aspects (commitment and abatement processing.) Assistant Assessor Kevin W. Doyle and staff had been working with Access representatives since September 1994 on the development of the Motor Vehicle Excise Module.

Meanwhile the Patriot Properties Real Estate Appraisal Software had been selected, installed and data entry of the legal file began, a task completed quite accurately and timely for the Fiscal Year 1996 Preliminary Real Estate tax bills.

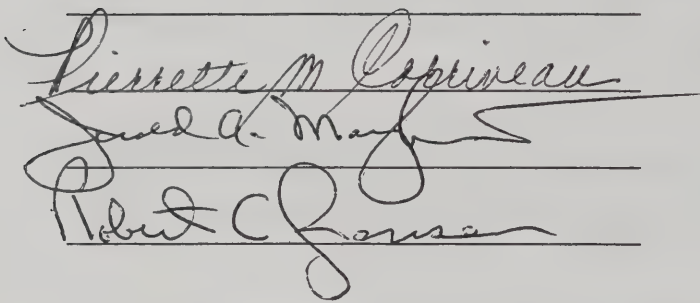

In April, work began in the new digital mapping program awarded to Aerial Survey and Photo of Maine. This high tech program is the Town's first remapping in 25 years, and it is being implemented such that annual updating will prevent the need ever to remap in the future. The program will easily evolve into the future planned G.I.S. (Geographic Information System) a computer database link for all "land-based" data from all Boards, Commissions and Departments with information available.

New construction data was collected during the summer as of the June 30, 1995 construction date. This data was valued in the A.D.C. (Arlington Data Corporation) software in order to be valued consistently with similar improvements already in the system, thus to insure equity in the valuations. The legal file again was finalized for early New Growth and Tax Rate Certifications, and tax file completion. Meanwhile, considerable progress was made in the organization of permanent Public Records and in the lawful disposition of unneeded obsolete records.

*Board of Assessors
1995 Annual Report
Page 2*

Fall began with considerable work in the area of appraisal database standards, followed by training in data entry and the initial entry of 1,000 properties (approximately 15 percent of the file) by year's end.

Finally, the Board of Assessors wishes to express its appreciation to the staff including Assistant Assessors Kevin W. Doyle and Barbara Gautreau, Principal Clerk Betsy Cournoyer, Senior Clerk Pauline Gagne, Clerk Barbara Sikonski, and Temporary Clerk Eleanor Gillingham who came to us through the Senior Program and now is assisting part-time in the appraisal database entry function.

DEPUTY CHIEF
JIM EAMES

I would like to thank the Town Administrator, Dennis Frain, The Board Of Selectmen, Jacqueline and the Town's people for their generous support and assistance. I also wish to extend thanks to Chief Richard Boucher, Sgt. James Haughey (our liason officer) and Detective Tim Buskirk, all members of the Bellingham Police Dept. for all the untold hours of training assistance, co-operation, guidance, professional courtesies and attitude afforded to me and the members of this department.

At the present time all members of this department have completed the C.P.R. (Cardio-Pulmonary Resuscitation) and first responder classes conducted by Officer James Martin through the Mass. Criminal Justice Training Council. All members have qualified at the firing range and have attended all safety classes on gun handling given by Det. Buskirk. Under specialized training, Sgt. Haughey has demonstrated the proper handling, safety and use of Pepper Mace. Authorization to carry Mace was granted by Chief Boucher.

In house training, uniform and weapons inspections, proper radio procedures, report writing and self defense classes were conducted by the training staff.

I offer my congratulations to Aux. Officers, Leo Elzy, Doug Houston, and Jon Walden who have been appointed Part-Time Officers for the Bellingham Police Dept.

In December of 1995, ten officers provided an escort for Santa's annual sleigh ride through the Town Of Bellingham. Officers assisting were Chief Bartlett, Deputy Chief James Eames, Sgt. Joseph Matkowski, Sgt., Ron Mason and Officers Mark Duquette, Fred Savoie and Ken Jones. Four (4) officers participated in the Jail & Bail Fundraiser held by several organizations. Capt. Earle Vater, Deputy Chief Eames, Sgt. Matkowski and Officer Savoie assisted. Five (5) officers assisted the Town Of Hopkinton on their annual BAA Marathon with traffic and crowd control. Six (6) officers assisted with traffic at the Bellingham Sportsmen Club with their annual Halloween Spook Trail. Three (3) officers assisted St. Brendan's Church with Cardinal Law's visit to Bellingham. Twelve (12) officers assisted the regular police department on Memorial Day with the towns annual parade.

At the present time we have fourteen (14) new applicants that will begin training classes in January, 1996. We also maintain weekly patrols of the towns schools, provide accident assistance when needed and church duties that are assigned monthly.

At this time I also extend my thanks to Woonsocket Police Chief Remillard and Capt. Beauregard for their assistance, to ABP Sign Corp. Charlie's Tire and Paul's Variety.

(2)

To honor one of our Fallen Comrades (Sgt. Fred Gentile) we have created the Sgt. Fred Gentile Officer Of The Year Award. This year I am very pleased to announce Sgt. Joseph Matkowski and Officer Ron Mason were the recipients of this award. Congratulations to both men. These awards were presented at our annual Christmas Party held at the Sportsmen Club. Plaques were presented to retiring officers Joseph Kauker and Leo Elzy. Chief Boucher, Sgt. Haughey and Det. Buskirk were presented with citations of appreciation. Special thanks to Robert Russo and Rick Trudeau for providing us with new headquarters and a place to call our own.

The primary function of the Bellingham Aux. Police is to assist the regular police dept. in the event of an emergency. It is not our intent or desire to take over any work that is customarily assigned to the regular department, however we do give freely of our time when asked to supplement the regular police of our town. The Bellingham Aux. Police is available to all non-profit organizations. If you wish our services please contact the regular police department or call Chief Bartlett at his residence. Please allow a minimum of two weeks notice so that we can schedule your needs accordingly.

Persons seeking an application must be a resident of the Town Of Bellingham for at least one (1) year, must be twenty one (21) years of age and must have a current CPR and First Aid/First Responder certification. For further information please contact Chief Bartlett.

As Chief of the Bellingham Aux. Police, I commend this department for their professionalism, attitude, dedication and all courtesies extended to me this past year. I wish to convey my special thanks and appreciation to 1st. Lt. G. Steven Schreffler for allowing us the use of the Wee Folk Learning Center Facility, to continue our training programs.

In closing I extend my deepest appreciation to Chief Boucher, Chief Richard Ranieri, Officers Richard Perry, Lenny Gosselin, Lee Rolls, member of the Bellingham Police Dept., Bellingham Fire Dept., and members of the Bellingham Auxiliary Police Department for services honoring the late Sgt. Fred Gentile who passed away Sept. 16, 1995.

Respectfully submitted,

Eugene F. Bartlett, Chief

January 9, 1995

BOARD OF HEALTH

Annual Report of 1995

During the past year the Board of Selectmen appointed Lawrence Cibley, Wilfred Arcand and Vincent Forte to fill the vacant positions on the Board of Health. The biggest problem facing our board as well as other boards in the Commonwealth has been keeping up with, and working to implement the rules and regulations under Title 5. Vincent Forte has represented our board at numerous seminars and lectures on Title 5 and has been an enormous help to all of us working under these regulations.

The E.M.S. Committee sponsored two anti-choke training courses during the year. These courses are to train the owners and employees of food establishments in the proper procedures of removing food lodged in the throat. All Food Service Establishments shall have on duty a minimum of one (1) employee currently certified in the Heimlich Maneuver during operational hours.

David Farrington who has been appointed Program Manager for the Tobacco Control Program resigned the position this year to pursue other professional avenues. The Board of Health was pleased to appoint Sally Mendzela to fill the vacant position. Ms. Mendzela has extensive background in the communications and public relations industry, and with her professional and educational background we believe she will prove to be most effective in her new position. In addition to Bellingham she will be working with the Board of Health in Blackstone, Mendon, and Uxbridge. Sally will also be involved with submitting the grant for the continuing funding for this position with a goal of reducing tobacco use by 50% by 1999.

The Bellingham Landfill has been capped, and the project was completed under budget and ahead of schedule. The board expresses our appreciation to Ted Bailey, resident engineer as well as S.E.A. Engineering Consultants, R.P. Iannuccillo & Sons Construction Co. and William Cummings, Norman McLinden, and Robert Provost all members of the Board of Health through most of the Landfill Closure project. We would also like to express our appreciation to Jill Karakeian, Charlotte Mangano, John Emidy, Florent Levesque, and Paul St.George all hard working dedicated employees of the Town of Bellingham.

We would like to thank Norfolk County Mosquito Control for all their hard work of dredging nuisance areas and spraying thousands of acres at no cost to the Town.

We would like to thank the Visiting Nurse Association of Greater Milford-Northbridge for all their cooperation and service to Bellingham residents.

We would thank the Recycling Committee for all their hard work and dedication. We urge the Recycling Committee to move forward to the implementation of curbside recycling to promote a higher percentage of town residents participation in recycling.

The Board of Health extends its gratitude and thanks to all concerned citizens and public officials for their cooperation and assistance in promoting the health, welfare and safety of all our citizens.

The number of permits that were issued by the Board of Health are as follows:

30	Retail Food Establishments
45	Food Service Establishments
34	Tobacco Vendor Permits
74	Repaired Septic Systems
65	New Septic Systems
43	Disposal Works Installers
2	Mobil Food Permits
2	Syringe Permits
2	Public Swimming Pool Permits
7	Rubbish Haulers Permits

\$42,702.50 in fees was collected by the Board of Health.

BOARD OF HEALTH MEMBERS

Chairman -	Lawrence Cibley
Vice Chairman -	Wilfred Arcand, Jr.
Member -	Vincent Forte, Jr.

Respectfully submitted,

Lawrence J. Cibley

PROJECTED SAVINGS: \$ 250,747.50

=====

After the removal of surface vegetation and topsoil, 45 inspection test pits for the limits of trash were completed within the landfill. The 6" minimum depth of onsite fill were checked. All slopes were surveyed and found to be less than the maximum 3:1 slope required by the Department of Environmental Protection.

The gas and drainage layers, supplied from an offsite source to meet the correct friction angles, was placed and compacted to the specifications. Due to the coarse grain profile, sand cone tests were required in lieu of Troxler nuclear density tests. The Engineer verified the tests with their own equipment.

The 40 mil HDPE geomembrane liner was installed by a specialty contractor over a three week period. The experience required in the specifications resulted in a superb product. All joints were vulcanized and sealed. Tests were performed to assure a complete sealing of the landfill.

The drainage layer was placed making sure not to damage to liner. Inspection by both the Resident and the Engineer assured even displacement.

Mid-slope swales were installed with 5" minus riprap on a 20 mil liner to meet the run-off requirements of surface water. Slopes were checked by both the Engineer and Resident for continuity. Toe of Slope swales, utilizing 8" minus riprap stone on filter fabric, was installed over the anchor trench to disperse the lower run-off. A 70 foot square retention basin reduces velocity of run off to prevent erosion from the landfill. During and after placement, two rainstorms of 2" per hour proportions, confirmed the swales worked perfectly.

Screened loam was placed to a 12" depth, hydroseeded with a specific grass/fertilizer mixture. The area was covered immediately with an erosion control blanket. Germination commenced within 4 to 6 days, with growth to 12" in some areas.

Construction is 92 % complete with only Spring maintenance in 1996 and 1997 left to be done. The contractor's knowledge and experienced personnel resulted in completion of this contract with no unforeseen extra work required. The Engineer's expertise in landfill closures controlled all request for information as well as immediate responses to the Resident Engineer inquiries. The continuity between the Resident, Engineer and the Contractor should result in a construction savings to the Town of over \$ 250,000.00.

TOWN OF BELLINGHAM

ANNUAL REPORT OF THE BOARD OF SELECTMEN

As they relate to this Board and the Town, the developments of the past year are best described in two words: growth and challenge.

The Crossroads Plaza off Hartford Avenue is currently under construction and will be anchored by a Home Depot Outlet. Pizzeria Uno and other retail operations will complement the development. This project represents a first step for commercial/industrial development in an area so designated by zoning for years.

As the Town's Water and Sewer Commissioners, this Board participated in the planning process of Crossroads Plaza with the Planning Board and was successful in negotiating the sewer design to maximize the long-term benefits to the Town. Namely, the agreed-upon gravity flow system will enable the Town to service the residential and commercial properties adjoining the Plaza, when and if it chooses to do so.

Late in the year, the Board learned that the Georgia-Pacific Co. was purchasing the Somerville Lumber Distribution Center on Maple Street. It planned to develop the property as one of thirteen distribution sites located across the country. Also, it anticipates adding a manufacturing operation. This news came on the heels of the Board being informed that the parent company, Payless Cashways of Kansas, was closing the distribution center. Thus, instead of the Town facing the loss of an employer with a seventy-five person workforce, it can now look forward to more than double the number of jobs through a nationally established firm.

Open Space Development also experienced growth. The Parks and Recreation Commission has sought and obtained State matching funds to develop three additional ball fields, located behind the high school. Thus, a project tabled for the last ten years now appears ready to go forward.

Also, this Board established the Almac's Feasibility Committee with the charge of exploring the possible purchase of the property for Open Space

Annual Report of the Board of Selectmen

Page 2

Development. At the Fall Town Meeting, voters sanctioned the purchase and created the Town Common Committee to further study the project and to submit proposals to voters at town meetings in the coming year.

Silver Lake Beach opened this past summer, culminating years of anticipation and planning of another open space project for the Town. Hence, innumerable families enjoyed beach activities in the hot weather.

With commercial/industrial and residential growth, there are accompanying challenges facing the Town. Some of these involve traffic circulation issues and infrastructure needs, such as sewer expansion. Through the D.P.W., this Board is planning a survey of residents to determine levels of need and interest in possible Phase Three expansion. The onset of Title V last year only increases the need to plan ahead.

To further respond to the current challenges facing the Town, the Board supports efforts of the Planning Board to consider undertaking a Comprehensive Master Plan Study for the Town. Such an effort would afford the opportunity to consolidate current planning and enable citizens to define priorities and goals for the future of the Town. This matter may well present itself for voter consideration at the Annual Town Meeting.

As in recent years, this Board has maintained conservative fiscal practices in its policies and decisions. Thanks to the significant efforts of the Chief Financial Officer, Marilyn Mathieu , and associated offices of Treasurer/Collector and Assessors, it was possible for the Town to further decrease short-term borrowing and to fund with Free Cash several town meeting sanctioned articles. Further, the Board was able to promote the setting aside of \$500,000 for the Stabilization Fund.

Mr. David Arnold had chosen not to seek re-election in May. We sincerely thank him for his service to the Town and wish him much success in his endeavors. At the same time, we welcome Mr. Jerald Mayhew to this Board. His experience in public service and business acumen will complement the current make up of the Board.

Finally, we want to thank all of our Town employees for the fine job they performed in providing services to our community this past year; your professionalism and dedication are indeed noted. Special recognition is

Annual Report of the Board of Selectmen
Page 3

extended to the staff of the D.P.W.; your flexibility and willingness enabled several projects to go forward to completion.

Board of Selectmen

Guy A. Fleurette, Chairman
Mitchell J. Clinton, Vice Chairman
James A. McElroy
John E. Tuttle, Jr.
Jerald A. Mayhew

Things have changed in this department. This year is the beginning of the takeover by the D.P.W. This means that the Parks Department uses the Towns equipment to mow and trim the cemeteries under the Towns jurisdiction, namely, North, Depot Street, Center and Scott.

This being their first year we think they have done a fine job. Our thanks go out to the D.P.W. workers and the ones in the Town Hall, Dennis, Marilyn, Nancy and Jackie, that help this department run so well.

Due to ill health Mr. Crimmings retired at the start of 1995, but he has stayed to supervise burials. A new member has been added to take Mr. Hills place. William A. Spear started at the beginning of 1995. We all work together and the Department functions smoothly.

Yours Respectfully,

Russell H. Chase

Chairman ~~XXXXXXXX~~

William A. Spear

TOWN OF BELLINGHAM

CHIEF FINANCIAL OFFICER

TOWN HALL ANNEX

4 Mechanic Street

Bellingham, Massachusetts 02019

To The Honorable Board of Selectmen:

Report of the Chief Financial Officer

In accordance with Chapter 41, Section 61, of the Massachusetts General Laws, I hereby submit the annual report of the Chief Financial Officer for the fiscal year July 1, 1994 to June 30, 1995.

The Treasurer-Collector's cash was examined and found to be in balance. An audit of fiscal 1995 was performed and the results were presented to the Board of Selectmen and the Finance Committee. The audit results from Fiscal 1995 are included in this report.

The account records of the town of Bellingham are maintained under the Uniform Municipal Accounting System as promulgated by the state of Massachusetts. The method of accounting used is a modified accrual fund basis that brings the town's accounting methods more closely into a GAAP basis of accounting that is used nationally.

Fiscal 1995 was a successful year for the town of Bellingham. The negative cash flows have been stopped and expenditures are in line with available revenues.

Fiscal 1995 began the implementation of a town-wide integrated Management Information System beginning in the Police Department and eventually linking all town departments to provide financial and other pertinent data to all employees. This project is still continuing and will see completion in fiscal 1998.

I would like to thank the Board of Selectmen, the office of the Town Administrator and the Finance Committee for their support in this new endeavor under the new charter. Also, I would like to thank all the town departments for their co-operation as their support has been vital.

A special "thank-you" to my assistant, Nancy Bailey, for her continued support in my office.

Respectfully submitted,

Marilyn A. Mathieu
Chief Financial Officer

INDEPENDENT AUDITOR'S REPORT

To the Honorable Board of Selectmen
Town of Bellingham, Massachusetts

We have audited the accompanying general purpose financial statements of the Town of Bellingham, Massachusetts as of and for the year ended June 30, 1995, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

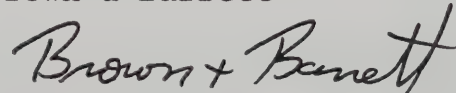

We conducted our audit in accordance with generally accepted auditing standards, **Government Auditing Standards**, issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-128, "Audits of State and Local Governments". Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Consistent with the practice of most municipalities in the Commonwealth of Massachusetts, the Town does not capitalize the cost of general fixed assets as required by generally accepted accounting principles. The effects on financial position, results of operations and changes in financial position due to these departures from generally accepted accounting principles is not reasonably determinable.

In our opinion, except for the effect of not capitalizing fixed assets in a General Fixed Asset Account Group, the general purpose financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of the Town of Bellingham, Massachusetts, as of June 30, 1995, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplementary data listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Bellingham, Massachusetts. The supplementary data have been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, are fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
LAWS AND REGULATIONS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Board of Selectmen
Town of Bellingham, Massachusetts

We have audited the general purpose financial statements of the Town of Bellingham, Massachusetts for the year ended June 30, 1995 and have issued our report thereon, which was qualified in several respects, dated November 22, 1995.

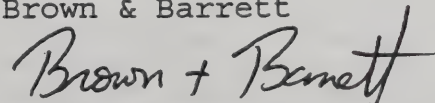

We have conducted our audit in accordance with generally accepted auditing standards, **Government Auditing Standards**, issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-128, "Audits of State and Local Governments". Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

Compliance with laws, regulations, contracts, and grants applicable to the Town of Bellingham, Massachusetts, is the responsibility of Town of Bellingham, Massachusetts, management. As part of obtaining reasonable assurance about whether the general purpose financial statements are free of material misstatement, we performed tests of the Town's compliance with certain provisions of laws, regulations, contracts, and grants. However, our objective was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

The results of our tests indicate that, with respect to the items tested, the Town of Bellingham, Massachusetts, complied, in all material respects, with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that the Town had not complied, in all material respects, with those provisions.

This report is intended for the use of management of the Town of Bellingham, Massachusetts. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL STRUCTURE RELATED MATTERS NOTED IN A FINANCIAL STATEMENT AUDIT CONDUCTED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Board of Selectmen
Town of Bellingham, Massachusetts

We have audited the general purpose financial statements of the Town of Bellingham, Massachusetts for the year ended June 30, 1995, and have issued our report thereon, which was qualified in several respects, dated November 22, 1995.

We have conducted our audit in accordance with generally accepted auditing standards, **Government Auditing Standards**, issued by the Comptroller General of the United States, and the provisions of Office of Management and Budget Circular A-128, "Audits of State and Local Governments". Those standards and OMB Circular A-128 require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the Town of Bellingham, Massachusetts, for the year ended June 30, 1995, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the Town of Bellingham, Massachusetts is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

- * Revenue
- * Expenditure - Purchasing and Payroll
- * Treasury
- * Financial reporting

For all of the control categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

We noted certain matters involving the internal control structure and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the general purpose financial statements.

Reportable conditions are described in the accompanying Summary of Reportable Conditions and Material Weaknesses.

A material weakness is a reportable condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

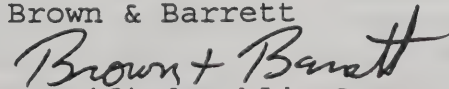

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above. However, the reportable condition noted above involving the internal control structure and its operation is considered to be a material weakness as defined above.

Material Weaknesses are described in the accompanying Summary of Reportable Conditions and Material Weaknesses.

We also noted other matters involving the internal control structure and its operation that we have reported to the management of the Town of Bellingham, Massachusetts, in a separate letter dated November 22, 1995.

This report is intended for the use of management of the Town of Bellingham, Massachusetts. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The accompanying general purpose financial statements present the financial position of the various funds and account group of the Town of Bellingham (Town) as of June 30, 1995. The report includes all the services provided by the Town to its residents and businesses within its boundaries. Municipal services provided include education, public safety, recreation, public works, library and general administration. Criteria used in determining the scope of the reporting entity included the Town's ability to significantly influence operations, selection of governing authority, designation of management, financial interdependency and accountability for fiscal matters. All operations of the Town that meet the preceding criteria are included in the reporting entity.

Excluded from the reporting entity:

Bellingham Housing Authority. The Bellingham Housing Authority has its own elected board. The Town does not exercise any oversight authority and has no influence in its budget or operations.

B. Fund Accounting

The accounts of the Town are presented on the basis of funds and an account group, each of which is considered a separate accounting entity. The operations of each fund are accounted for in a set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, expenditures or expenses and other financing sources and uses. The various funds and account group are grouped by fund categories and fund types as follows:

Governmental Funds Types. Governmental Fund Types are those through which most governmental functions are typically financed. The acquisition, use, and balances of the government's expendable financial resources and the related current liabilities are accounted for through governmental funds. The governmental funds maintained by the Town are as follows:

General Fund - is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes.

Capital Projects Funds - are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by trust funds.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1995

Note 1. Summary of Significant Accounting Policies, continued

Fiduciary Funds. Fiduciary funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Fiduciary funds maintained by the Town are as follows:

Agency Funds - are used to account for funds that are custodial in nature and do not involve the measurement of operations.

Expendable Trust Funds - are used to account for trust fund principal and income that may be expended in accordance with conditions of the trust. Expendable trust funds are accounted for in essentially the same manner as governmental funds.

Account Group. An account group is used to establish accounting control and accountability for the unmatured principal of its general long-term debt and other long-term obligations that relate to the governmental funds. The Town does not maintain a general fixed asset group of accounts. The account group maintained by the Town is as follows:

General Long-Term Debt Account Group - is used to account for unmatured long-term general obligation bonds payable.

C. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used by all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Town considers property taxes as available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1995

Note 1. Summary of Significant Accounting Policies, continued

The Town reports deferred revenue on its combined balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the Town before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In the subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

D. Budgets

An annual budget is adopted for the Town's General Fund. Although legislative approval is required for certain capital projects and borrowing authorizations, annual budgets are not prepared for any other funds. Therefore comparison of budget to actual is only presented for the General Fund.

The Town's annual budget is adopted on a statutory basis that differs in some respects from generally accepted accounting principles (GAAP). The major differences between the budget and GAAP basis are that:

- (a) Budgeted revenues are recorded when cash is received, except for real estate and personal property taxes, which are recorded as revenue when levied (budget), as opposed to when susceptible to accrual (GAAP);
- (b) Encumbrances are treated as expenditures in the year the purchase commitment is made. Also, certain appropriations, known as special articles, do not lapse and are treated as budgetary expenditures in the year they are authorized.

E. Cash and Investments

Cash balances from all funds, except those required to be segregated by law, are combined to form a pool of cash. Cash balances are invested to the extent available and interest earnings are recognized in the General Fund, certain Special Revenue Funds, Capital Projects Funds where required by state law.

Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the Town.

Investments are stated at cost or amortized cost, except for investments in the deferred compensation agency fund which are reported at market value.

**TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1995**

Note 1. Summary of Significant Accounting Policies, continued

F. Accounts Receivable

Real and Personal Property Taxes. Real and Personal Property Taxes are based on values assessed as of each January 1 and are normally due on the subsequent August 1, November 1, February 1 and May 1. By law, all taxable property in the Commonwealth must be assessed at 100% of fair cash value. Taxes due and unpaid after the respective due dates are subject to interest and penalties assessed at 14%. The Town has an ultimate right to foreclosure on property for unpaid taxes. Property taxes are recorded as revenue in the fiscal accounting period that they become both measurable and available. "Available" means expected to be collected within 60 days after the year end of the fiscal year, except under unusual circumstances.

Other Accounts Receivable. Accounts receivable, other than real and personal property taxes, are recorded when billed. Allowances for bad debts, abatements and exemptions are estimated based on historical collections.

G. Inventories

Inventories of governmental funds are recorded as expenditures when purchased. Inventories of proprietary funds are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. Currently the Town does not have any proprietary funds that would use inventorable items in the normal course of their operation.

H. Compensated Absences

Employees are granted sick and vacation leave in varying amounts based on tenure and in accordance with individual union contracts. Upon retirement certain employees are compensated for unused vacation and sick leave (subject to certain limitations) at their current rates of pay. The current and long-term liability for compensated absences is immaterial and has not been recorded in the General Fund or the General Long-Term Obligations Account Groups respectively.

I. Long-Term Obligations

Long-term debt is recognized as a liability of a governmental fund when due. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1995

Note 1. Summary of Significant Accounting Policies, continued

J. Deferred Revenue

In Governmental Funds, receivables that are not considered available are deferred until collected. Under the modified accrual basis of accounting, such amounts are measurable but not available.

K. Fund Equity

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgeting integration in the General Fund. Encumbrances outstanding at year end are reported as reservation of fund balances since they do not constitute expenditures or liabilities at that date.

L. Interfund Transactions

All interfund transactions are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

M. Memorandum Only - Total Columns

Total columns on the general purpose financial statements are captioned "Memorandum Only" to indicate that they are presented only for informational purposes.

Note 2. Budgets

Legal Compliance. Budgets are initially prepared by department heads or elected boards, reviewed by the Board of Selectmen, further reviewed by the Finance Committee which makes recommendations to the Town Meeting for approval. The Town must establish its property tax each year so that the property tax rate levy will comply with the limits established by Proposition 2-1/2, Chapter 580 of the Acts of 1980 of the Commonwealth of Massachusetts, as amended, and also equal the sum of (a) the aggregate of all annual appropriations, plus (b) the provision for prior year deficits, if any, less (c) the aggregate of all non-property tax revenues estimated to be received, including available funds. Supplemental appropriations may be made from available funds after the setting of the tax rate. All fiscal year appropriations except appropriations for special purposes lapse at year end.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1995

Note 2. Budgets, continued

Budgetary Data. Budgetary data is based upon accounting principles that differ from generally accepted accounting principles. Therefore, in addition to the GAAP basis financial statements, the results of the General Fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison with the budget. The following reconciliation summarizes the differences between GAAP and budgetary basis accounting principles for the General Fund for the year ended June 30, 1995:

	<u>Excess (Deficiency) of Revenues and Other Financing Sources Over Expenditures and Other Uses</u>
As reported on a budgetary basis	\$ 202,957
Adjustment of Revenue to modified accrual basis	836,637
To record fiscal year 1995 expenditures from prior year encumbrances and special articles	(273,099)
To eliminate fiscal year 1995 encumbrances and articles carried forward	<u>340,064</u>
As reported on GAAP basis	\$ 1,106,559 =====

Note 3. Deposits and Investments

The Town maintains a cash pool that is available for use by all funds, except trust funds. Each fund types' portion of this pool is reflected on the general purpose financial statements under the caption "Cash" and the interest earnings attributable to each fund type are included under "investment income".

State and local statutes place certain limitations on the nature of deposits and investments available to the Town. Deposits (including demand deposits, term deposits and certificates of deposit) in any one financial institution may not exceed certain levels within the financial institutions involved. Investments can also be made in securities issued by or unconditionally guaranteed by the U.S. Government or Agencies that have a maturity of less than one year from the date of purchase, repurchase agreements guaranteed by such securities with maturity dates of no more than 90 days from the date of purchase and units in the Massachusetts Municipal Depository Trust.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1995

Note 3. Deposits and Investments, continued

DEPOSITS

At year end, the carrying amount of the Town's deposits, excluding petty cash of \$435, was \$5,760,493 and the bank balance was \$6,851,707. The insurance coverage for the bank balance is listed below.

Insured Balances

Federal Deposit Insurance Corporation (FDIC)	\$ 1,517,668
Depositor's Insurance Fund of Massachusetts (DIFM)	<u>898,161</u>

Balances Insured	2,415,829
Balances Uninsured & Uncollateralized	<u>4,435,878</u>
Total Balances Per Bank	<u>\$ 6,851,707</u> =====

It is the Town's policy to transfer all deposited funds to a collateralized account after the funds have cleared. Any uninsured or uncollateralized balances represent recent deposits that were transferred to a collateralized account on the next business day.

INVESTMENTS

State statutes authorize the Town to invest in term deposits or certificates of deposit, in trust companies, national banks, savings banks or banking companies, and in obligations issued or unconditionally guaranteed by the United States Government or an agency thereof. The Town is also authorized to invest in repurchase agreements. Funds that are the result of a grant, gift or trust must be invested in accordance with the terms of such grant, gift or trust. Trust funds can be placed at interest in savings, trust or FDIC banking companies which are incorporated under the laws of the Commonwealth or national banks. The Town is also authorized to invest in participation units in a combined investment fund, and bonds, notes or securities which are legal investments for savings banks.

	<u>Carrying Amount</u>	<u>Market Value</u>
State Treasurer's Investment Pool	\$ 1,009,923	\$ 1,009,923
Investment in Deferred Compensation Plan Mutual Fund	<u>1,832,390</u>	<u>1,832,390</u>
Totals	<u>\$ 2,842,313</u> =====	<u>\$ 2,842,313</u> =====

The composition of the Town's deposits and investments fluctuates depending primarily on the timing of real estate tax receipts and operating and capital outlays throughout the year.

Note 4. Fixed Assets

The Town does not capitalize the cost of general fixed assets as required by generally accepted accounting principles (GAAP). The effects on financial position, results of operations and changes in financial position due to this departure from GAAP is not reasonably determinable.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1995

Note 5. Temporary borrowings

Under state law, and with the appropriate local authorization, the Town is authorized to borrow funds on a temporary basis as follows:

- . To fund current operations prior to the collection of revenues by issuing revenue anticipation notes (RANS).
- . To fund grants prior to reimbursement by issuing grant anticipation notes (GANS).
- . To fund Capital project costs incurred prior to selling permanent debt by issuing bond anticipation notes (BANS).

Temporary loans are general obligations of the Town and maturity dates are governed by statute.

Note 6. Risk Management

The Town has established a limited risk management program for health care benefits. Premiums are paid into the trust fund by all other funds and are available to pay claims, claim reserves and administrative costs of the program. The Town retains the health care provider to administer the claims process. During fiscal year 1995, a total of \$2,540,726 was paid in benefits and administrative costs. An excess coverage insurance policy covers individual claims in excess of \$60,000. Estimated claims incurred but not paid or reported of \$235,000 have been recorded as of June 30, 1995.

Funding is provided by Town meeting authorized operating transfers from the General Fund and payroll withholdings from employees.

Current balances reserved for self-insurance are as follows:

Health Insurance	\$ 179,670 =====

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1995

Note 7. Long-term Obligations, continued

Overlapping Debt

The Town pays assessments under formulas which include debt service payments to other governmental agencies providing services to the Town, (commonly referred to as overlapping debt). The following summary sets forth the long-term debt of such governmental agencies and the estimated share being financed by the Town as of June 30, 1995:

<u>AGENCY</u>	<u>Total Long-Term Debt Outstanding</u>	<u>Town's Estimated Share</u>	<u>Town's Indirect Debt</u>
Norfolk County	\$ 3,170,000	1.94%	\$ 61,498
Blackstone Valley Vocational Regional School District	130,000	16.752	21,778
	<u>\$ 3,300,000</u>		<u>\$ 83,276</u>
	=====		=====

Landfill Closure and Postclosure Care Costs

The Town plans to place a final cover on its closed landfill site and to perform certain maintenance and monitoring functions at the site for twenty years after closure. The \$2.9 million reported as landfill closure and postclosure care liability at June 30, 1995, represents the cumulative amount reported to date. These amounts are based on what it would cost to perform all closure and postclosure care in 1995. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

Note 8. Undesignated Fund Balance

In order to prepare the accompanying financial statements in accordance with generally accepted accounting principles, certain budgetary surpluses and deficits, which would otherwise be reflected on the balance sheet under the Massachusetts Statutory System, have been included in undesignated fund balances as follows:

Undesignated	\$ 2,491,847
Fund Balance - Appropriation Deficit	(4,847)
State and County Assessments, Net	(3,519)
	<u>\$ 2,483,481</u>
	=====

Note 9. Designated Fund Balance

The composition of designated fund balance is as follows:

Fund Balance Reserved for Special Purposes	\$ 850,000
Fund Balance Reserved for Expenditures	6,100
Fund Balance Reserved for Petty Cash	385
	<u>\$ 856,485</u>
	=====

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1995

Note 10. Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

Numerous lawsuits are pending or threatened against the Town, including those claims asserted which are incidental to performing ordinary governmental functions. Such litigation includes actions commenced and claims asserted against the Town for property damage and personal injury, breaches of contract, condemnation proceedings and other alleged violations of law. Although the outcome of these lawsuits is not presently determinable in the opinion of the Town attorney the resolution of these matters will not have a material adverse effect on the financial condition of the Town.

As of June 30, 1995, the Town has loans authorized but unissued as follows:

<u>DESCRIPTION</u>	<u>AUTHORIZATION</u>	<u>AMOUNT</u>
Landfill	#14 05/25/94	\$ 1,800,000
Macy School Roof	#08 05/24/95	436,400
Fire Pumper	#08 05/24/95	185,000
Well Construction	#08 05/24/95	810,000
Corrosion Control	#08 05/24/95	280,000
Sewer Systems	#17 05/24/95	250,000
		<u>\$ 3,761,400</u>
		=====

Note 11. Employee Retirement System

Plan Description

The Town of Bellingham provides retirement benefits to employees (other than certain school department employees) through a contributory retirement system administered by the Norfolk County Contributory Retirement System (the "System"). The System is a cost-sharing multiple-employer public employee retirement system. Contributions to provide benefits under the System are made by the Town under the pay-as-you-go method by annually contributing the amount determined by the State Division of Public Employee Retirement Administration (PERA). The total annual contribution is determined on the basis of active payroll.

The Town's payroll for all employees for the year ended June 30, 1995 was \$12,812,334. The Town's payroll for employees covered by the System for the year ended June 30, 1995 was approximately \$4,240,000, which was 33.09% of the total payroll. Employee contributions to the System for fiscal year 1995 were \$298,920.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1995

Note 11. Employee Retirement System, continued

Public school teachers, certain administrative personnel and other professional employees of the Town's School department individually participate in a contributory retirement plan administered by the Massachusetts Teachers' Retirement Board. The Town does not contribute to this plan.

The System is a member of the Massachusetts Contributory Retirement System and is governed by Chapter 32 of the Massachusetts General Laws. Membership in the System is mandatory immediately upon the commencement of employment for all permanent, full-time employees. The System provides for retirement allowance benefits up to a maximum of 80% of a member's highest three-year average annual rate of regular compensation. Benefit payments are based upon a member's age, length of creditable service, level of compensation and group classification.

Members of the System become vested after 10 years of creditable service. A retirement allowance may be received upon reaching age 65 or upon attaining twenty years of service. The Plan also provides for early retirement at age 55 if the Participant (1) has a record of 10 years of creditable service, (2) was on the Town payroll on January 1, 1978, (3) voluntarily left town employment on or after that date, and (4) left accumulated annuity deductions in the Fund. Active members contribute either 5, 7, or 8% of their gross regular compensation depending on the date upon which their membership began.

The System also provides death and disability benefits. The accounting records of the System are maintained on a calendar year basis in accordance with the standards and procedures established by the Commissioner of the Public Employee Retirement Administration.

Funding Status and Progress

The amount shown below as the "Pension Benefit Obligation" is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure is intended to help users assess the funding status of the System on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among employers. The measure is the actuarial present value of credited projected benefits and is independent of the funding method used to determine contributions to the System.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1995

Note 11. Employee Retirement System, continued

The Pension Benefit Obligation was computed as part of an actuarial valuation performed as of January 1, 1992. Significant actuarial assumptions used in the valuation include (a) a rate of return on the investment of present and future assets of 8.0% per year compounded annually, and (b) projected salary increases of 6.0% per year.

Net assets available for benefits, at market value	<u>140,378,621</u>
Unfunded Pension Benefit Obligation	\$147,198,216 =====

The Town's contribution to the System for the year ended June 30, 1995 of \$496,339 was made in accordance with the funding policy described above and represents approximately 3.17% of the System-wide employer contributions.

Contribution Requirements and Contributions Made

The Retirement System Funding Policy for the Town is actuarially determined. The Town is required to contribute, each fiscal year, the employer normal cost (in addition to member contributions) plus the amortization of the original unfunded actuarial accrued liability by 2028 with payments increasing at 4.5%, payable at the beginning of each year, plus the amortization of the increase in the unfunded liability due to the removal of the \$30,000 cap over 28 years with payments increasing 4.5% per year. This amount cannot be less than the Cost of benefits minimum until 1998.

Trend Information

Ten year historical trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is required by GAAP to be included in the System's annual financial report. It is not known whether this report will contain the required historical trend data.

TOWN OF BELLINGHAM, MASSACHUSETTS
NOTES TO THE GENERAL PURPOSE FINANCIAL STATEMENTS
JUNE 30, 1995

Note 12. Appropriation Deficits

Excess of actual expenditures over budget for the General Fund:

Snow & Ice removal	\$ 4,847
	=====

Note 13. Fiscal Year 1996 Budget

The Town has authorized a fiscal 1996 operating and capital budget totaling \$25,901,406 which will be financed from the following sources:

Property Taxes	\$ 13,695,862
State Distributions	7,047,114
Local Revenue	3,296,000
General Fund	1,868,459
Special Revenue Funds	7,760
Prior years deficits raised	(13,789)
	<u>\$ 25,901,406</u>
	=====

In addition, the Town has carried forward appropriations and encumbrances totaling \$396,075 from 1995 and prior years for projects authorized by the Town Meeting but not yet completed.

**TOWN OF BELLINGHAM, MASSACHUSETTS
SUMMARY OF REPORTABLE CONDITIONS AND MATERIAL WEAKNESSES
JUNE 30, 1995**

REPORTABLE CONDITIONS THAT ARE ALSO CONSIDERED MATERIAL WEAKNESSES

1) FIXED ASSETS ACCOUNT GROUP

CRITERIA - The Fixed Assets Account Group is essential to reliable financial statements that are accurate and complete.

CONDITION - The financial statements of the Town are not prepared in accordance with generally accepted accounting principles.

CAUSE - The Town's financial accounting systems do not make any provisions for the recording and maintenance of a Fixed Assets Account Group. Massachusetts local governments follow the Uniform Municipal Accounting System. Although this accounting system does include the Fixed Assets Account Group most local governments have not adopted Fixed Asset accounting. The older statutory accounting system that Massachusetts local governments used prior to converting to the Uniform Municipal Accounting System did not have any provisions or guidance on fixed asset accounting. The Commonwealth of Massachusetts does not require the Fixed Assets Account Group in any of its filing requirements. Absent individual initiative by the local government, this account group is not generally found to be part of a local government's accounting system in Massachusetts.

AUDITOR'S CONCLUSION - The auditor's opinion on the general purpose financial statements was qualified to inform users of the financial statements that the Fixed Assets Account Group required by generally accepted accounting principles was not presented in the financial statements. Accordingly, we consider this a material weakness in the entity's internal control structure.

BELLINGHAM COUNCIL FOR THE AGING
TWO MAPLE STREET
BELLINGHAM, MASS. 02019

COUNCIL ON AGING ANNUAL REPORT - 1995

I am pleased as the new Senior Center Director to submit the Council on Aging report for the past year. It was also an honor to have been hired as your Director by the Council on Aging Board Members.

Since the beginning of my employment a year ago, many changes have taken place. The center and restrooms have been given a face lift, and minor renovations have been done to the center, thus making it a more pleasant and enjoyable place to frequent. We are located at 2 Maple Street and our hours are from 9:00 A.M. to 4:00 P.M. Monday thru Friday.

Services and programs are available to Bellingham residents age 60 and over. The senior citizens/handicapped van is available five days a week to seniors and handicapped persons of all ages. A 48 hr. notice or more is requested when one wishes to use the van. In 1995 approximately 4680 round trips were made.

Many activities take place for the seniors to take advantage of. Bowling, art classes and card parties are held on Mondays. Linedancing takes place every Tuesday, as well as the Polish Conversation Group which meets at the library every 1st. and 3rd. Tuesday of the month. Bingo is played on Wednesdays. Young at Heart card players meet every Thursday mornings. Mr. George Munger is also available on Thursdays to assist those who need help or information on insurance, medicare, Blue Cross, etc. Movies are shown every 2nd. and 4th. Friday of each month. Many trips take place during the course of the year, as well as invited guest speakers.

We now have a Senior Aide who works 20 hrs. a week and visits our homebound elders. She is paid thru Central Mass. Agency on Aging. We also have a senior citizen who is working as a Telephone Reassurance Person taking advantage of the property tax workoff program, as well as is our art instructor.

Our monthly newsletter, "The Spirit of Bellingham" is mailed to approximately 1300 senior households with vital information pertaining to activities happening that month as well as other interesting reading material.

Fuel assistance applications are taken at the center from November to the last day of March of the following year. All one has to do is call the center for an appointment. Income tax assistance is also available thru AARP for those who wish to take advantage of the program.

We are pleased to announce that our Elderly Social Day Care Center now operates five days a week, instead of three due to an increase in clients. The Day Care provides socialization with peers and supervised activities for the clients. This is a non-profit program which can be privately paid by the clients, or can be subsidized by Tri-Valley Elder Services if the person is eligible.

The COA is very grateful to the Mendon Visiting Nurses who visit the senior center and our two elderly housing complexes monthly to take vital signs, and also to administer the flu shots in November.

We also would like to thank any and all volunteers, especially those who deliver the Meals on Wheels to our shut-ins five days a week. Without volunteers our senior center would not be able to function as actively as it does. OUR SINCERE THANKS TO ALL OF YOU.

The senior citizens are most grateful to Mr. Joseph Vendetti, Sr. for donating a school bus this past year to the COA which is used for social and day trips.

The Council on Aging is also grateful to the Bellingham Elder Service Group which does fundraising and helps the needy in Town and financially comes to the aid of the COA when needed.

My personal thanks to my office staff as well as the Social Day Care employees for the cooperation during the past year. And last but not least my gratitude to the Council on Aging Board Members who have been most supportive of me. I would be remiss if I did not mention Mr. Fraine, the Town Administrator, the employees at Town Hall and the Department of Public Works for their help and cooperation.

Present COA Board Members are as follows: George Munger, President, Raymond Boutiette, Vice President, Mary Peluso, Treasurer, Adolpha Yerka, Secretary. Members at large: Jennie and Bill Monteiro, Norman Gibeault, Mildred Gorman, Eleanor Lawless, Jack Fisher, and Katherine Detore.

The Council on Aging Board and its Director hopes to keep increasing its services to you, the senior citizens of the Town of Bellingham.

Respectfully submitted,

Muriel H. Simmons, Director

Bellingham Cultural Council

The exhibition year started with "The Book as Art/Art as a Book, the visual ideas presented in book form by Muriel L. Henault Locklin and Jennifer Ravenelle. The exhibit opened on Dec. 17, 1994 and ran until Jan. 21 1995. Ravenelle's husband, Jerry Locklin performed on the vibes for the reception. The art books were shown in celebration of the library's 100th Anniversary.

Feb. 4 to the 25, the Council presented "Photos, Fabric & Fiber, by Four Fine Artists". The works featured were by Martin Blackshaw, photos and wood, Wendy Fowler-Blackshaw, wearable art and decorative wall hangings, Gertrude Fowler, photos and fabric art and Nancy Bland, photos.

The month of March featured works by the Monotype Guild of New England. The show, hung from March 2 to 29, was of the "unique print" called a monotype, a one-of-a-kind transfer of an inked or painted image from a metal, plastic or glass plate to print paper using hand pressure, brayer or etching press resulting in one (mono) print.

In conjunction with Women's History Month, the Council also presented a weekly video and discussion group on Women Artists during the month of March.

April brought a return of the Annual Bellingham Quilter's Show. Opening April 8th, with excellent attendance, it continued until the 26th. A feature this year was a large selection of quilts made by the late Jacqueline (Bothier) Surette, grandmother of Brian Surette of Lakeshore Drive. They were on loan from the family for the exhibition.

In May, exhibitions are handled by the Art Department of the Bellingham Public Schools to feature art done by the students.

The Council's Second Annual Art Competition opened June 10th with a wonderful selection of artwork by 21 local artists. Fifty-seven works were in the show bringing prizes to many. Best of Show was a watercolor by Ray Andreotti of Hopedale. First prizes went to Marilyn Rocks of Hopedale for Watercolor, Joan Mallard for Oils/Acrylics, Jennifer Ravenelle for Graphics and Gert Fowler for Crafts/3-D, all from Bellingham. The show was judged by Richard Dean, professor of art at Dean College of Franklin. It closed July 12.

After a Summer respite, the Council opened the Fall exhibit season with its Annual Competitive Photography Show on Oct. 7th. A record ninety-five entries were recorded with 30 photographers taking part. Photos were judged by Ed Langan, the award winning professional photographer who hosts Cable 8's "Photoflash". Prizes were won for Best of Show by Larry Winn of Bellingham, and firsts in three categories; Tracy Galvin of Woonsocket, RI for "People/Pets", Sandra Jo Myatt of Norfolk for "Artistic Manipulation" and John Toce of Ashland for "Patterns in the Environment". Langan invited all prize winners to a taping of a "Photoflash" show featuring the photo exhibit and its winners.

Opening Nov. 1st and extended to Dec. 30th was a touring International Art Exhibition featuring works by the members of the Framingham Artists Guild and the Colorit Artists Guild of Lomonosov, Russia entitled "Coming Together". This show brought many positive comments from the viewers as being an especially exciting exhibition.

Bellingham Cultural Council exhibits are ongoing in the Public Library's Community Room and open to the public during library hours. The shows are selected and curated by Muriel L. Henault Locklin.

The Fiscal 1995 local state allotment for Bellingham was \$9,516. Of that amount, \$476 was earmarked for administrative expenses and \$2,000 for the P.A.S.S. program (Performing Arts Student Series), leaving \$7,040 available to the BCC and the public for art projects.

We funded school projects that consisted of storytellers, history and music programs, rainforest legends, live performances, and an illustrator. The BCC received approval from the state to fund its annual photography and art competitions, to award a scholarship to a graduating senior, to sponsor entertainment for Bellingham Pride Day, and to set aside \$2,100 toward a new sculpture for the town.

P.A.S.S. funds were used to help with school trips to various museums, Boston Children's Theater, and the Boston Museum of Fine Arts.

The BCC received a separate grant of \$3,000 to initiate a Pilot Arts Program. The School Department allowed us to use the North School building, and with the help of Town Administrator Denis F. Fraine and in collaboration with the Bellingham Education Foundation, we held eight weeks of art classes for children and adults. Classes offered were 3-dimensional sculpture, soft sculpture, cartooning, two classes of drawing and painting, and three classes of calligraphy, under the supervision of art director Elle Randall of Hopkinton.

At the annual Town Meeting, voters approved our request to receive an annual amount of \$2,500 in support of our art projects. We plan to use this money to continue Phase Two of the Pilot Arts Program in the spring of 1996.

Twenty-seven adults and thirty-six children benefited from the Pilot Arts Program held at the North School. Most of the enrolled students were residents of Bellingham. A formal program evaluation process revealed that students were satisfied with the quality of instruction at the center and expressed interest in continued program development. A planning committee comprised of BCC and Bellingham Education Foundation members will develop a strategic plan to continue the program while addressing expressed community needs.

Our council currently has eight members serving on its board; they are: Richard Bileau, Rolande Gentes, Robert Higgins, Muriel Locklin, Susan Romiti, Robert St. Gelais, Myrna Simonson and Ernest Taft. Our board continues to welcome residents who express interest in serving the Town of Bellingham in this capacity.

Respectfully submitted,

Susan M. Romiti
Chairperson

BELLINGHAM DEPARTMENT OF PUBLIC WORKS

ANNUAL REPORT CALENDAR YEAR ENDING DECEMBER 31, 1995

In our effort to supply drinking water to the Town of Bellingham Residents, the Department of Public Works (DPW) operates and maintains eight ground water supply pumping stations, three water storage stand pipes, one green sand filtration plant and approximately fifty miles of water main.

During the calendar year 1995, we continued to comply with all the requirements of the Federal Safety Drinking Water Act. Such efforts included: continuing public education regarding the Lead and Copper Rule, construction of Corrosion Control facilities, bi-weekly testing for Coliform Bacteria in the distribution system, and Cross Connection control and testing.

The written public education materials related to the Lead and Copper Rule will continue to be delivered in bill stuffers, and made available at day care centers and other such businesses. Public service announcements will be issued to the local media as well. This public information and education program must continue until the Corrosion Control system is installed, operational, and proven effective. The Corrosion Control system which is designed to reduce the risk of lead and copper contact for town water users, is well on its way to completion. The project should be completed by March 1, 1996.

The towns largest water storage standpipe was stripped and repainted inside and out. This type of routine maintenance, which needs to be done every 15 to 20 years to combat rust, should insure that the standpipe will last indefinitely.

We performed a system wide extensive leak detection survey with funds made available through a revolving state grant. Leaktek, Inc. was the low bidder and surveyed all water mains and 95% of all water service lines for leaks. Over 100 leaks were located. As soon as a leak was located the DPW staff mobilized to repair it. This combined effort of Leaktek and our staff has saved an estimated 300,000 gallons per day of water.

Engineering work continued on the addition of new Well #12. The Well construction projects should be bid in the Spring of 1996 and the Well should be on line by late Summer.

At the May town meeting, the Town voted to accept changes to the Water Resource District map and Zoning Bylaw. The map revisions have been made so that our zoning Water Resource Districts are the same areas accepted by the Massachusetts Department of Environmental Protection (MDEP) as our Zone II, water recharge areas. In addition, the wording of the Bylaw was revised to more closely match the wording suggested by MDEP in their model Bylaw. Compliance with MDEP's models and Zone II protection has made the Town eligible for several waivers of the costly water quality monitoring requirements of the Safe Drinking Water Act. Our actions to protect the ground water has been effective and is rewarded by these waivers. Monitoring for contaminants continues under the waivers, but at a reduced frequency.

Last Winter, the MDEP performed a routine survey of our water supply system, and suggested a few minor projects that should be undertaken to improve our ability to supply

drinking water to the Bellingham residents. The two largest projects were, the construction of an overflow at the South Main Street standpipe, and the delineation of the Zone II, or Water Resource District, around Well #5 on Taunton Street. Both of these projects were completed in 1995.

The receipt of the approval of the Zone II delineation for Well #5, means that all of our water supply wells have now received MDEP Zone II delineation acceptance. We will be working with the Planning Board to once again ask the Town meeting to accept revisions to the Water Resource District map. These revisions will include the new information we have obtained from the MDEP approve Well #5 Zone II and will make our Water Resource District map match the MDEP approved Zone II water recharge areas for all drinking water wells.

Finally, all construction work related to the Phase 2 Sewer Projects is done. The clean up paving work was completed in early September. The DPW now maintains five sewer pumping stations, about sixteen miles of sewer pipe, three metering stations, and has made public sewer available to over 1,300 properties, half of which have connected to the system.

The basic conceptual planning has begun for the Phase 3 Sewers. Some in-house engineering has been completed which will remedy our sewer treatment capacity problem in the North and Center sections of town. Questionnaires have been prepared and will be mailed out in January of 1996 to poll residents of areas of town where sewer expansion may be viable. The biggest problem with the Phase 3 sewer expansion is the lack of grant funding. All previous projects, constructed under Phase 1 and 2, were grant funded by the State at rates of between 50% and 70%. These grant funding programs no longer exist. Therefore, the residents who receive sewer service from phase three sewers, will most likely pay a substantially higher betterment assessment than the \$2,600 per household, assessed for Phases 1 and 2.

The DPW staff will be performing an Infiltration/Inflow survey on our sewer system in the Spring of 1996. The survey is designed to reduce leakage into the system and illegal sump pump connections to the sewer.

This year the DPW hired a large staff of local high school and college age personnel as summer help. Their primary task was to perform highway beautification. Their work included cutting brush, removing weeds, and applying weed killer in sidewalk areas. We also had a few of our summer help staff painting hydrants.

We expanded and improved our sidewalk system in a few areas of town. In the Center of town the contract to finish the sewer construction final paving was expanded to include curbing replacement, sidewalk replacement, new curbing installation and new sidewalk installation. On South Main Street, near the old rail road bridge, a combination of the expansion of the Massachusetts Highway Department (MHD) contract and some work by the DPW staff, raised the curbing to regain the six inch reveal, and replaced the old bituminous sidewalk. New curbing and bituminous sidewalks were started on Pulaski Boulevard between Harpin Street and Center Street. This work should be completed next year.

The resurfacing that was done during 1995 was mostly by the MHD. Under a MHD bid, they cold planned and repaved South Main Street from Douglas Drive to Elm Street. The DPW hired contractors to repave Taunton Street between the two Horseshoe Drive intersections, and corrected a bump on North Main Street, along with the paving on Mechanic Street and Horseshoe Drive which was related to the sewer contract completion.

During the Winter of 1996, we will be preparing bid documents and contracts for the installation of sidewalks along South Main Street. The walks will be constructed approximately between Glen Brook Avenue and Elm Street. Once completed, we will have a sidewalk network which extends from Medway to Woonsocket on Route 126.

The DPW is also reviewing possible safety improvements for the Crooks Corner intersection, especially in front of the Baybank, and the Paine Street and Wrentham Road intersection. The intersection of Hartford Avenue and North Main Street will have signals installed by the contractor that is constructing the new Crossings Plaza.

With the help of a summer engineering intern, we have updated the data in our Road Manager computer program. This program will soon work to schedule roadway rehabilitation in the most cost effect and efficient manner.

The DPW has hired an engineering firm to apply for a Public Works Economic Development grant to improve Maple Street. As most of the undeveloped frontage on this street is industrially zoned, this roadway is eligible under this grant program. If our application is approved, the MHD will fund all costs associated with drainage, roadway and sidewalk construction and rehabilitation.

We were informed by the MHD that they will rehabilitate Mendon Street from the Town Hall to the Mendon line in the near future. MHD estimated that this project would be bid in late 1996 for construction in 1997.

In conclusion, 1995 was a good year for the Department of the Public Works. We anticipate 1996 to be a very busy year, with the construction of many new sidewalks, rehabilitation of some roadways, the construction and activation of new Well #12, the activation of our new corrosion control facilities, the first steps taken toward the Phase 3 sewer construction, and the beginning of or Maple Street improvement projects.

All employees of the D. P. W. look forward to serving the residents of the Town of Bellingham in 1996 and beyond.

TOWN OF BELLINGHAM

FINANCE COMMITTEE

TOWN HALL

BELLINGHAM, MASSACHUSETTS 02019

The Finance Committee wishes to thank the following people for their help in preparing the town budgets, Marilyn A. Mathieu Chief Financial Officer, Denis C. Fraine Town Administrator. Their contribution to the budget preparation was very helpful. In consequence the Finance Committee did not have to spend too much time in reviewing the budgets. Which eliminated a lot of reviewing budgets compared to past years.

The Finance Committee now has a full complement of ten members. Thanks to the Moderator making appointments thereby filling the board.

The Finance Committee takes this opportunity to thank all the people who have spent many long hours preparing the 1995 Annual Town Meeting and the development of the spending level for the 1996 fiscal year.

RESPECTFULLY SUBMITTED

Fire Department Activity

The fire department responded to 14 building fires; 18 household appliance fires; 30 box alarms; 71 vehicle assistance calls; 219 investigations; 47 grass, brush etc.; 73 details; gave mutual aid to Franklin-4; Blackstone-2; and Milford-1 and received mutual aid from Franklin-1; Mendon-1; and Hopedale-1. Rescue calls were 1,131.

Totals calls for 1995 were 2,136 compared to 1,850 for 1994; 1,917 in 1993; 1,758 in 1992; 1,648 in 1991; and 1,729 in 1990. The department issued after inspection 523 permits. The total is inclusive of these.

Building fires were broken down as follows: 7 house; 3-chimney fires; 2-garage fires; 1 commercial building; and 1-vacant building. The causes of the above fires were as follows: Heating devices-4 (this includes fires caused by woodstoves, fireplaces, chimneys, etc); arson/suspicious-3; electrical-2; careless disposal of woodstove ashes-2; careless disposal of smoking materials-1; dryer-1; and lightning strike-1.

page 2:

Box Alarms were broken down as follows: accidental/malfunctions-26; malicious false-3; and smoke condition-1.

Appliance fires were broken down as follows: stove/oven-9; gas grilles-3; hot water heater-2; fan-2; washing machine-1; and electrical box-1.

Vehicle assistance calls were broken down as follows: car fires-20; fuel spills-15; motor vehicle accident assists-12; Jaws of Life-8; Life Flight standby-8; truck fires-6; boat-2.

Rescue calls were broken down as follows: 576 home emergencies; 282 motor vehicle accidents 67 miscellaneous; and 206 mutual aid. (TO: Franklin-104; Blackstone-2; Wrentham-2. FROM : Franklin-50; Blackstone-36; Woonsocket-4; Medway-7; and private ambulance-1.)

Inspections and Permits

Lt. Genereux supervised inspection duties. Inspections were made of businesses and where needed corrections were recommended. The workload for inspections and permits continues to be very time consuming. Numerous plans were reviewed by the Chief and Lieutenant and inspections were made for final occupancy. There were permits issued as follows: fuel oil storage-89; smoke detectors in homes prior to resale(Ch.148 sec. 26F)-216; smoke detectors in new construction-82; storage of propane-54; blasting-9; remove tanks-17; install fire alarm systems-10; install and/or modify fire suppression systems-13; store gunpowder and ammo-6; storage of combustible and flammable liquids-4; welding-1; trash compactor-4; install above ground tanks-2; U.S.T. Form FP290-7; tank truck inspections-7; fuel station modification-1; and tar kettle-1.

In addition to the above permits 1,105 open burning permits were issued. It is a proven fact that the inspections of businesses throughout the year by fire personnel has helped keep the incidents of fire in those establishments to a minimum. All local businesses are to be commended for their cooperation in trying to make their places of business violation free for the safety of their employees, patrons and themselves.

Fire Prevention, Public Safety and Education

All schools were inspected and the required four fire drills were held. Through the financial support of local merchants and under the direction of Firefighter Michael Marcet the department sponsored a fire prevention program in the elementary schools. The program called Firefighter Phil had a fire dragon animation and provided safety messages for the students. Several students participated in the demonstration and the program was enjoyed by the students and teaching staff alike.

In addition to the Firefighter Phil program, through the efforts of local merchants, book covers depicting the emergency number and fire safety messages were distributed to all elementary schools by the department.

The Chief wishes to caution all residents with woodstoves and other solid fuel heating devices that the maintenance and periodic cleaning of these and other heating devices is critical. The cleaning of chimneys is most important in reducing the chance of a serious fire. Residents are also cautioned against placing hot ashes into combustible containers as well as placing combustibles too close to hot surfaces.

The Chief wishes to remind residents that the use of unvented kerosene space heaters is in violation of the state fire regulations and the Mass. General Laws.

The Chief wishes to remind residents that the fire personnel are available to speak at meetings of various social and professional groups. To obtain a speaker, call the fire station at 966-1112 several weeks in advance of the desired date to make arrangements with the Chief.

page 3:

Vehicles, Personnel, and Training

Requests are currently in to the Capital Outlay Committee for the purchase of a new aerial ladder. This request is to replace the 1948 American LaFrance aerial ladder.

The fire alarm bucket truck was put into service on August 7th. This is the first fire alarm truck that the Town has owned since 1989. Through the courtesy of C.V.I. the Town was able to use a cable t.v. truck on occasion to service the alarm system.

The air bag extrication set was received and put into service in September. This set, in conjunction with our other extrication equipment, provides the department with a great arsenal of extrication and lifting equipment. A special thanks to the department members who participated in the drafting of specifications for the equipment so as to assure the equipment would meet departmental needs.

In October a 1995 Emergency-One Sentry Pumper was received and put into service at Station 3. This pumper replaced Engine 7, a 1966 Ford pumper which had seen it's better days.

Personnel received training in CPR recertification and defibrillator recertification. In addition to the E.M.S. training, department personnel completed the Firefighter I training program developed by the Massachusetts Firefighting Academy. The instruction for the program was provided by Lt. Genereux.

In addition to the Firefighter I training, a program entitled "Vehicle Extrication" was held for department E.M.T.'s. The course was taught by instructors from the Mass. Firefighting Academy and allowed department members to practice and develop skills with the air bags and Amkus tool.

Firefighters Joseph Altomonte and Gary Fafard were appointed permanent full-time members in July and November respectively. Both were members of the call ranks for several years.

Buildings

Plans should be considered for the replacement of the two outlying fire stations. These buildings built many years ago were designed to store smaller fire apparatus of the times. Now with the larger equipment being manufactured due to safety reasons it has become a problem with these smaller bays. The short term plan may be to either add further bays to the stations in the interim.

Other

The department turned in the sum of \$147,140.09 to the Town Treasurer for 1995. The amount is broken down as follows: Smoke detector fees (new construction)-\$750.00; smoke detector fees(resales)-\$2,300.00; install fire alarm systems-\$125.00; Reinspection fees-\$240.00; oil burner inspection fees-\$880.00; remove underground tanks-\$170.00; Life Flight reimbursement-\$100.00; fire reports-\$80.00; storage of propane-\$510.00; 21E site assessments-\$210.00; rescue reports-\$133.00; FP 290-\$80.00; tank truck inspections-\$70.00; restitution for illegal burning-\$107.85; install fire suppression systems-\$490.00; fire outside details Town share-\$99.00; fire department miscellaneous-\$610.69; blasting permits-\$90.00; burning permits-\$4,410.00; trash compactor permits-\$30.00; welding permits-\$10.00;gunpowder permits-\$60.00; Fire prevention gift account-\$184.96; payroll overpayment-\$24.57; fire outside details-\$3,325.26; Insurance recovery account-\$122.32; install underground piping-\$30.00; install fuel tank-\$10.00; and ambulance receipts \$131,887.44

page 4:

Emergency calls increased by 233 calls from 1994. Permits and inspections increased by 53 from 1994. Building fires were slightly less than 1994. I am happy to report that there were no fire fatalities for 1994.

The Chief urges residents to install, maintain, and periodically test smoke detectors. It has been proven time and time again that the early warning provided by smoke detectors helps in allowing occupants time to escape. It also results in earlier notification of the fire and helps in reducing fire damage. Usually the fires that have been most serious have occurred in buildings that were not properly protected with detectors.

In closing, I wish to thank the Board of Selectmen, Town Administrator Denis Fraine, the Police Department officers and other Town departments and Boards. Particular appreciation goes to the firefighters, both permanent and call, for their dedication and cooperation in my efforts to better serve the citizens of Bellingham in the protection of life and property. May 1996 be a fire safe and prosperous year for all residents and businesses.

Respectfully submitted,

RICHARD F. RANIERI
Fire Chief

BELLINGHAM HISTORICAL COMMISSION ANNUAL REPORT

To The Honorable Board of Selectmen:

For the Bellingham Historical Commission, the year 1995 has been an unforgettable one. During this year, we have lost two past "Historic Appreciation Award" winners - Hazel Burr Forsberg at the beginning of the year and Donald Moore at the end of the year. We were also saddened and shocked by the death of our co-chairperson, Cathy Mucciarone. Their contribution towards the preservation of local history will always be cherished. Their past efforts contributed greatly to what we have today.

On May 21st, we held our seventh Annual Historical Appreciation Award ceremony. This year's award went to Mr. Mike Reed. Mr. Reed's efforts throughout the years has led to the preservation of numerous artifacts being donated to the museum. Through these donations, a chapter of Bellingham's early school development will always be on display.

Also on May 21st, immediately following this award ceremony, a sundial donated by Mrs. Joyce Mowry and a matching pair of flower urns donated by the Breitfelder family were dedicated to the memory of Cathy Mucciarone.

The historic Afghan sales continued throughout the year. Proceeds from Afghans purchased at Schaeffer Nursery went to the Friends of Music, Friends of the Library and Friends of the Historical Commission.

Last year we erroneously listed someone's name in our annual report. Her correct name is Gail Gallagher. We are grateful to Mrs. Helen Dufresne for her dedication to helping organize and clean our museum building on a regular basis. That work is very much appreciated. We also have a daily log listing activities occurring at the museum. 1995 was the 50th Anniversary year celebrating the end of World War II. We had numerous displays throughout the year at the museum. A special World War II exhibit was set up at the Blackstone Valley Adult Day Care Center and another exhibit was set up at a USO dance at the V.F.W. post.

The tradition of the Boston Post Cane continues. A special ceremony was held at the Adult Day Care Center. This event was co-sponsored by Joyce Schreffler-Godbout and the Historical Commission. Bellingham's eldest resident and recipient of this 'cane' award is Mrs. Mary Zajak. She was born in 1897. Our second eldest resident, Mrs. Charlotte Ollenberger, was unable to attend. Mrs. Blanche Guilbault and Mr. Alexander Nadolny, our third and fourth eldest residents, did attend.

During the year, we had a number of important events take place at the museum. We also had a great number of people stopping by. Besides the many scouting groups and residents touring the buildings, we had visitors from as far away as Nevada, Alaska and the former Soviet

Union. We were honored when a friend of Police Chief Richard Boucher toured the museum. Colonel Alexander Dolzhenkov was here on a good will/police exchange program.

The Corbett Family honored us by spending their family reunion here at the museum. In the late afternoon, a walking tour of the North Bellingham Cemetery and the Tavern Corner area of town was conducted.

Thanks to the efforts of the Keough School Reunion Committee, this year's reunion of the Keough School graduates of the class 1939 through 1963, was an enormous success. At the request of this committee, the museum was kept open for this special day. We are happy to report that 60 visitors frequented the museum that day.

We held a co-op meeting between ourselves and the Mendon Historical Society. Thanks to the help of Alice Pallidini, this meeting was very successful. Myla Thayer and Mae Vater, among other residents, donated numerous photos to help make these events successful.

Through the efforts of Muriel Henault-locklin, we were able to secure a grant through the local Arts Council for the reconstruction and preservation of a number of cemetery stones in the North Bellingham Cemetery.

After two years, we were finally able to get our local Bellingham flag completed. The Historical Commission raised money to hire a local artist, Jennifer Ravenelle, to design the flag. Money was found in the town for the production of the flag. Thanks to Don and Diane Champagne we were able to complete this project.

The Historical Commission has been gathering items for two years and were finally able to put together two time capsules. One capsule is to be opened in the year 2019 on Bellingham's 300th Anniversary and the other to be opened in the year 2069 on Bellingham's 350th Anniversary celebration. Numerous people have donated many items to make this event a success.

To insure that these 'time capsules' would not be lost, time keepers were appointed from each elementary school in town. From Stall Brook School, they are Matt Laferriere, Amanda Maron and Darrelle Clifford. From the South Elementary School, they are Adam Schreffler, Brett Remillard and Sarah Fraine. And from the Macy School, they are Brett Landry, Ryan Carney and Sharon Maiuri. Our youngest 'time keeper' is Cameron James Hickey. This time capsule project has been a cooperative endeavor between the Historical Commission and the 275th Anniversary Committee.

The members of the Historical Commission were extremely angry over the disappearance of the "Emergency First Aid" sign from Crooks Corner. That sign stood there since the days of World War II. We were further angered by the refusal of the culprit to return this piece of Bellingham memorabilia. It makes our job of historical preservation that much more difficult when self-appointed individuals think they have a right to help themselves to town historical artifacts. We all must work together to insure that incidents like this are not repeated.

Concerning the law, we know now where we stand and any further incidents will be treated as a theft and the person will be prosecuted to the full extent of the law.

Again this year, enough monies were raised to print four issues of the Cimpville Comments. Thanks to our newest member, Katherine Pleau Smith, we are now able to join the computer age. Previous comments were done with the cut and past method.

An additional project was the moving of the '1767 Boston Post Road' mile marker. A special island was created so as to expose this landmark for all to see. This was accomplished by four members of the Public Works Department - Roland Arcand, Bill Paine, Dan Carlisle and Gary Smith. We are indeed grateful for their help in this preservation and beautification project.

We would like to thank Fran Donovan from Medway who has been our historical consultant for five years. Without his help, much of our work would be lost in time. We would also like to thank the Board of Selectmen, Town Administrator, Denis Fraine and Jacqueline Richard for their continued support, encouragement and help.

Respectfully submitted,

Ernest A. Taft, Chairman
Elizabeth Andrews, Vice Chairman
Florence McCracken

BELLINGHAM HOUSING AUTHORITY
10 WRENTHAM MANOR
BELLINGHAM, MA 02019
TEL. NO. 508-883-4999

REPORT OF THE HOUSING AUTHORITY

To the Honorable Board of Selectmen and the Citizens of the Town of Bellingham:

The Bellingham Housing Authority was organized in January, 1966. Its powers, duties and responsibilities are defined by Massachusetts General Laws, Chapter 121-B, of the Commonwealth. The objective of the Bellingham Housing Authority is to provide housing opportunities for persons of low income.

The Board of Commissioners is a five member board. Four of the Commissioners are elected to serve for a period of five (5) years, and one member is appointed by the State's Secretary of the Executive Office of Communities and Development (EOCD). The Board meets monthly in the Director's Office at Wrentham Manor. All regular and special meetings of the Authority are properly posted in advance in accordance with Massachusetts General Law Chapter 39, Section 23, the Open Meeting Law.

The Authority manages and administers three (3) State Housing Programs, one (1) HUD Federal Rental Assistance Program (Section 8 Certificate Program) and a multi-project State Modernization Grant Award Program.

Under the State's Chapter 667 and 705 programs, the Authority owns and manages 122 units of housing for elderly/handicapped individuals and families. The Depot Court Complex, built in 1969, consists of 64 one bedroom units and is located in Bellingham Center, on Depot Street. Wrentham Manor, built in 1975, consists of 56 one bedroom units, and is located in South Bellingham, on Wrentham Road. The Authority had an annual operating budget of \$292,597.00, for the fiscal year ended March 31, 1995.

The Authority administers the State's Massachusetts Rental Voucher Program (MRVP), a State aided rental assistance program for families in need of, from one to four bedroom units. The vouchers are both project-based and scattered site. A total of twenty-nine vouchers are currently being administered in the community through the Housing Authority.

Through a contract with the U. S. Department of HUD the Authority continues to administer the Federal Section 8 Rental Assistance Program for income eligible families. The Authority's contract is for thirty (30) certificates. The authority also hosts certificates from other communities. At present the Bellingham Housing Authority manages and administers two hundred (200 +/-) plus or minus units of housing for income eligible families.

The Authority continues to be an active participant in the Executive Office of Communities and Development (EOCD) Legal Pilot Program. The program provides the

expertise of an attorney to handle all legal issues pertaining to the day to day operations and management of Public Housing.

The Commonwealth of Massachusetts, Department of Welfare, has a new program called the Transitional Assistance Program for eligible AFDC recipients. The Bellingham Housing Authority serves as a site for training and development for persons interested in learning the duties and responsibilities of the maintenance and clerical functions of Public Housing.

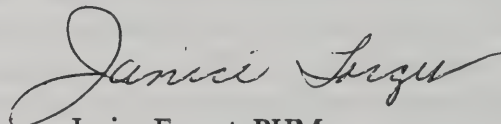

Under the State's Modernization Grant Program, the Authority received a total of \$225,000.00 for Capital Improvements and Emergency funding. Current projects under this Grant include:

- *Americans with Disabilities Compliance (ADA) and renovations to the community building at the Depot Court elderly complex.
- *On site septic system repairs and replacement also at the Depot Court complex.
- *Pavement and drainage repairs and replacement at the Wrentham Manor complex.

Staff at the Bellingham Housing Authority include an Executive Director and two (2) full time maintenance employees. In July the Authority's Administrative Assistant, Mrs Jeannine Robidoux, resigned due to retirement. The Authority is in the process of hiring an individual for part-time twenty (20) hours per week to round out the staff and provide help with the many clerical duties and responsibilities.

The Bellingham Housing Authority will continue to assist low income individuals in their housing needs. It will also continue to participate in innovative programs and pilot projects, and will seek all sources of available funding for Modernization and Capital Improvements.

Respectfully submitted,

A handwritten signature in cursive script, reading "Janice Forget".

Janice Forget, PHM
Executive Director

BOARD OF COMMISSIONERS

The current Board of Commissioners for the Bellingham Housing Authority is as follows:

Members:

NAME:	TITLE:	TERM EXPIRES:
Elizabeth Lowry	Chairman	May, 1996
Frank Morse	Vice Chairman	May, 2000
Bruno Santini	Treasurer	May, 1997
J. Eugene Corriveau	Member	May, 1996 unexpired term May, 1998
Vacant	State Appointee	

STATEMENT OF OBJECTIVES FOR THE COMING YEAR

The Bellingham Housing Authority will continue to assist low income individuals to obtain decent, safe and sanitary housing. It will seek all sources of available funding to increase opportunities for affordable housing for income eligible residents of the community.

BOARD MEETINGS

The Bellingham Housing Authority meets regularly on a monthly basis

The meetings are conducted in the Executive Director's Office at Wrentham Manor and are scheduled to commence at 7:30 p.m.

ELIGIBILITY CRITERIA FOR EACH HOUSING PROGRAM

In determining eligibility for each housing program, the Bellingham Housing Authority follows the guidelines set by the Commonwealth of Massachusetts under 760 CMR: Regulations Prescribing Standards and Procedures for Tenant Selection and Transfer, promulgated April 3, 1986 for effect October 3, 1986.

TOWN OF BELLINGHAM

OFFICE OF THE
INSPECTOR OF BUILDINGS
6 MECHANIC STREET
BELLINGHAM, MASSACHUSETTS 02019
966-5821

To the Honorable Board of Selectman and Citizens of Bellingham:

The following permits were issued for 1995, with the estimated cost of the completed construction itemized:

RESIDENTIAL

55	Single-Family Dwelling	\$4,305,806.00
67	Additions	\$ 603,616.00
124	Accessories	\$ 214,734.00
154	Remodel/Repair/Renovations	\$ 646,813.00
4	Demolition	\$ 5,000.00
80	Occupancies	
24	Home Occupations (Business operated out of residence)	
2	Temporary Trailers	\$ 4,000.00

COMMERCIAL

9	New Buildings	\$4,100,350.00
4	Additions	\$ 282,050.00
22	Remodel/Repair/Renovations	\$ 635,359.00
29	Signs	\$ 22,200.00
3	Demolition	
1	Tents	
5	Occupancies	
32	Certificate of Inspections	

INDUSTRIAL

1	Addition	\$ 3,200.00
1	Alterations	\$ 4,000.00
3	Occupancy	

An estimated total fees collected for these permits were **\$ 110,350.00**

OFFICAL NOTIFICATION

Building Code Violations	1
Code of By-Laws	3
Zoning Violations	49
Construction without Permit	24
Occupying building without permit	1

COURT CASES 1995

Zoning By-Law Violation	13
-------------------------	----

GRAVEL OPERATIONS

The following gravel operations were inspected for compliance:

The Fafard Companies	1 permit
Varney Brothers, Inc.	2 permits
Rosenfeld	2 permits
Vadnais	1 permit
Silver Lake Realty	1 permit
Requier	1 permits

Monthly census reports were sent to the United States Government Department of Commerce. Reports for permits issued and fees collected are sent monthly to the Town Treasurer's and Assessors' Offices.

The Building Department is open Monday through Thursday 8:00 AM to 4:30 PM, Friday 8:00 AM to 1:00 PM and Monday night 6:00 PM to 8:00 PM, for all building, electrical, plumbing and gas permits.

Respectfully submitted,

John F. Emidy
Inspector of Buildings

December 1, 1995

Denis Fraine, Executive Secretary
Town Hall
1 Mechanic St.
Bellingham, MA 02019

Dear Mr. Fraine:

I am pleased to be able to send you the MAPC report for 1995 for inclusion in your town's annual report. A copy of this report has also been sent to your town administrator. I would suggest that you get in touch with the administrator to discuss the report and see if you might want to make any changes in the document in order to tailor it more specifically to your community's publication.

In addition to the customary report, I am also very pleased to be able to include a community profile of your town that has just been completed by our Data Center. We thought you would like to have it, and maybe even find room for it in the town report.

MAPC continually tries to find ways to be helpful and responsive to our communities. We always welcome your suggestions and recommendations. We believe by working together we will build a better region for us all. We look forward to another active and productive year working on your behalf in '96.

My best wishes for a happy and healthful holiday season.

Sincerely,

David C. Soule

METROPOLITAN AREA PLANNING COUNCIL

BELLINGHAM TOWN REPORT

1995

In order to increase its ability to serve its local communities, MAPC has made an increasing effort over the past year to add new programs and technologies that will enhance our existing programs. The agency recently purchased MassTrac and MuniLaw, two services that allow MAPC to answer questions on current legislative action and local zoning and general by-laws. Additionally, the agency continues to work with the Massachusetts Municipal Association's Local Net to post information relevant to its communities. Communities that have a modem and are not yet part of the network may call MAPC in order to obtain a license that will allow them to participate in this program.

The agency's Data Center has recently compiled new community profiles for each community and has developed new 25-year population age group and household forecasts for the region. These projections will be used in planning for new infrastructure, and in the delivery of municipal services in the region. MAPC's Geographic Information Systems (GIS) department organized a municipal GIS user's group that meets to share information and help one another. The department also received a state grant to conduct workshops providing technical assistance to local communities on how to best plan for their own GIS needs.

Transportation issues continue to be a major concern for local municipalities. MAPC works with them to help get their projects ready for the Transportation Improvement Program (TIP). The agency recently hosted a public meeting to provide information on the Transportation Enhancement Program so that local governments will have a better chance to make their projects competitive. In order to improve air quality, the federal and state governments encourage new and creative approaches under what is called the Transportation Demand Management Program. MAPC works with local communities to help them formulate their applications for funding under this program. Additionally, this year the agency introduced Commuter Check, a program that utilizes a federal subsidy to allow employers to provide their employees with a tax free transportation benefit. Employers can purchase up to \$60 a month per employee in travel vouchers which their workers can use for commuting by bus, boat, subway, train or vanpool. The goal is to reduce the number of single occupancy vehicles on the road, thus improving air quality, conserving energy and easing the overcrowding of the roadways. Any size business can participate.

Two other transportation-related programs that MAPC has worked on over the past year are the Greater Boston Clean Cities Initiative and the Regional Bicycle/Pedestrian Committee effort. The Clean Cities Initiative is a national program that assists communities and public agencies in acquiring clean fuel vehicles by assisting with the incremental cost differences between these vehicles and conventional fuel vehicles. Through this program, communities have the opportunity to acquire electric or compressed natural gas vehicles for use in their municipal fleets. The program, through the use of Congestion Mitigation/Air Quality funding

in the TIP can subsidize the additional costs associated with purchasing clean fuel vehicles. The group is also working with the private sector to help set up the necessary infrastructure to support these new vehicles. MAPC has acted as the major staff support for the Boston effort. MAPC staff has also been very instrumental in helping with numerous bicycle planning efforts in the area including helping to develop a regional bicycle/pedestrian plan. The agency has assisted the Bicycle Coalition of Massachusetts in setting up a series of public meetings as part of their contract with the state to inventory existing and potential bicycles facilities throughout the state. The staff has also worked with a number of local groups and projects including: the North Shore Bicycle Coalition, the Assabet River Rail Trail organization, the MetroWest/SWAP bikeway and the Central Mass. Branch feasibility study.

MAPC continues to offer its pavement management program to all its communities. This year, in an effort to increase efficiency and be more compatible with the other regional planning agencies throughout the state, MAPC has changed the software it uses to VHB's Road Manager. For the first time, the agency hired and trained college students to carry out roadway inspections. This worked very well and the agency intends to continue the practice in the future.

The Council has continued its active legislative efforts on behalf of its cities and towns. On the state level, MAPC played an active role in passing, supporting, and/or initiating scores of planning-related efforts including: the Metropolitan Highway System, the Open Space Bond bill, the River Protection bill, the MegaBoston bill, the Budget, the Transportation Bond bill, and the Growing Smart legislation. A successful amendment proposed by MAPC to the Metropolitan Highway System bill requires the state to disclose the results of a feasibility study on creating a dedicated funding source for the Central Artery to local municipalities for their review before the state can take any legislative action.

This past year, MAPC placed an increasing emphasis on federal legislative priorities. MAPC met individually with six members of the Massachusetts delegation to discuss important federal legislative initiatives affecting local and regional efforts, including the Reauthorization of the Economic Development Act (EDA), the Safe Drinking and Clean Water Acts, Housing and Urban Development (HUD) reform, and the reorganization of the Department of Transportation were among the issues.

The agency continues to review and comment on Environmental Impact Reports (EIRs) that are seen as having regional impacts. Staff handles hundreds of calls a year asking for information on a wide range of subjects. They also participate in a variety of local planning groups and sponsor or co-sponsor several dozen public meetings a year.

The SWAP subregion is composed of the following communities: Bellingham, Dover, Franklin, Holliston, Hopkinton, Medway, Millis, Norfolk, Sherborn and Wrentham.

This past year the subregion held a breakfast meeting for local state legislators to discuss with them legislation of mutual interest to the SWAP towns. The group also continued their research into the feasibility of the communities investing in the joint purchase of weight scales

to be used on the local roads to protect them from over weight trucks. Protection of local roads has been a concern of the local communities. MAPC staff worked with a number of the town's DPW staff members to develop a cooperative arrangement among them to help reduce costs for highway and other maintenance project.

The group also organized a permanent regional advisory committee to over see the implementation of the SouthWest Water Supply Protection Study that was done for the group by MAPC staff. The group was created by the signing of a Memorandum of Understanding by the chief elected officials in eleven communities. They will meet at least twice a year to carry out their mandate.

MAPC staff reviewed the town's open space grant application.

NORFOLK COUNTY MOSQUITO CONTROL PROJECT

Building #34 Endicott Street
Norwood, Massachusetts 02062
Telephone # (617) 762-3681

January 10, 1996

Town of Bellingham

1995 REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasible.

All mosquito eggs need water to hatch and to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the drainage of shallow, standing, stagnant water, and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	3,375 feet
Brush obstructing drainage cut	250 feet
Drainage reconstructed by wide-track backhoe	1,030 feet

Larviciding: Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Larvicide by backpack\briquets\mistblowers	29.19 acres
--	-------------

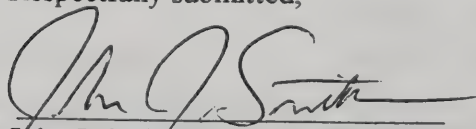

Adulticiding: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying, or threatening to residents.

Adulticide fogging from trucks	914 acres
--------------------------------	-----------

Surveys, inspections, and monitoring in support of our program include locating and mapping breeding areas, larval and adult collections, and field work evaluations leading to better drainage.

The Project received 18 calls from residents for information and assistance.

Respectfully submitted,

John J. Smith, Superintendent

REPORT OF THE PERSONNEL BOARD

1995

To the Honorable Board of Selectmen and to the Citizens of the Town of Bellingham.

Throughout the past year the Board has strived to establish consistency and objectivity in the administration of personnel matters in an effort to provide service in the best interest of the Town and its employees.

The Personnel Board meets twice monthly and as needed.

As required during the year, the Board interviewed job applicants and made recommendations to fill vacant town positions. The Board developed a department head input form and an administrators input form. In addition, the Board addressed the concerns and request of department heads and employees.

In the coming year, the Board will work on preparing a welcoming package describing employees benefits. The Board, with the assistance of department heads, would like to update job descriptions.

With regrets, the Board accepted the resignation of Helen A. Canesi. The Board would like to thank her for all time and work while serving on the Board.

This past year, all seats on the Personnel Board were filled. The Board would like to welcome Robert J. Badzmierowski and Cindy L. Lewis. The Board looks forward to their professional input.

The Board would like to thank Jacqueline Richard and Denis Fraine, and all departments for their cooperation during the year and look forward to working with all departments in the coming year.

The members of the Board continue to reaffirm their commitment to provide service to the Town of Bellingham, and the Board looks forward to making a positive contribution during the coming year.

Respectfully submitted,

Cynthia L. Glose, Chairperson
Monice J. Trottier, Vice Chairperson
Robert J. Badzmierowski
Gail J. Dehmer
Cindy L. Lewis
Monice J. Trottier, Clerk

BELLINGHAM PLANNING BOARD

P.O. BOX 43

BELLINGHAM, MASSACHUSETTS 02019

December 21, 1995

To the Honorable Board of Selectmen and the Citizens of the Town of Bellingham:

The Town of Bellingham is experiencing a surge in growth this year, specifically with the advent of the Crossroads Shopping Center off Hartford Avenue. Development is progressing in Bellingham and the Planning Board is proud to be involved in the planning process. We work to fulfill our obligations to the Town by reviewing plans to ensure compliance with our Rules and Regulations and Zoning Bylaws. We constantly review our Bylaws and prepare amendments to clarify them to protect the town's interests.

The Planning Board re-organized on May 11, 1995 as follows: Edward T. Moore, re-elected Chairman; Anne M. Morse, elected Vice-Chairman; and Roland R. LaPrade, elected Secretary to the Board. Remaining members of the Board include Paul Chupa and William M. Wozniak. In addition, Richard V. Dill serves as Alternate Member to the Planning Board. Valerie J. DeAngelis was reappointed to serve as Clerk. Philip B. Herr of Philip B. Herr and Associates was retained as the Board's planning consultant.

The Planning Board held twenty meetings during the year including nineteen public hearings, five for Zoning Bylaw Amendments and four for rezoning amendments. Two Definitive Subdivisions for single family residential development were approved and one is continued for further information. One Definitive Subdivision for industrial development was also continued. One Preliminary Subdivision received approval for residential development and one is continued for further discussion. A total of six special permits were submitted for the year. One special permit for condominium development was approved and one is currently pending. Two major commercial complex special permits were also approved including one which was a revision for the Stallbrook Center. One Backlot Special permit and one Cluster Special permit were also approved. Five developers of Definitive Subdivisions requested lot releases and five posted bonds and/or requested bond reductions. Seven advertised review meetings were held for Developmental Plan Review, one of which is pending. A total of nineteen (19) simple lot divisions (81-P plans) were submitted during the year. Revenues collected total \$11,154.68.

The Planning Board is currently involved in the initial stages of preparing a Master Plan to address the present and future development in the Town of Bellingham. Our goal is to prepare a plan which can be used to shape our town's development and prevent

TOWN OF BELLINGHAM

OFFICE OF
PAUL ST. GEORGE
PLUMBING AND GAS INSPECTOR

REPORT OF THE PLUMBING & GAS INSPECTOR

To the Honorable Board of Selectmen and the Resident Taxpayers of the Town of Bellingham:

The position of Plumbing and Gas Inspector is to protect our Public Water Supply from contamination through cross connection. The position of the Gas Inspector is to protect the residents of the town from any gas related hazards, by inspecting for any code violations.

I have issued, during the year 1995 the following permits:

Plumbing Permits	291
Gas Permits	238
Gas Leak Investigation	3
Plumbing Complaints	16
Plumbing Violations	24
Gas Code Violations	53

Money collected from fees = **\$20,165.00**

I personally thank the Board of Health Members, Mrs. Charlotte Mangano, Secretary, Mr. John Emidy, Building Inspector, also the residents of Bellingham for their cooperation in the performance of my duties.

Respectfully submitted,

Paul St. George
Plumbing & Gas Inspector

Bellingham Police Department

6 Mechanic Street
BELLINGHAM, MASSACHUSETTS 02019
Tel. 508-966-1515
FAX 508-966-4669

CHIEF OF POLICE

RICHARD B. BOUCHER

As Chief of Police, I hereby submit the report of the Police Department for the year ending December 31, 1995.

The installation of the PAMET Computer System has been completed and is in full use throughout the department. A Computer Imaging program has also been installed in the computer system. This program allows the officers to take pictures of those they arrest and the photo is stored within the computer. The installation of video cameras in all of the cruisers has been completed.

Patrolman Kevin Ranieri has been assigned to the Detective Division to assist Detective/Sergeant Peter Lemon and Detective George T. Buskirk due to their increasing case load. This assignment will produce more effectiveness within the division. Patrolman Mitch Clinton and Detectives George T. Buskirk and Kevin Ranieri have been appointed Community Service Officers. They will be working with the senior citizens, business people and the youth of the community to assist in any way possible.

I would like to extend my gratitude to Sgt. James Haughey for his work in improving the DARE Program. I would also like to congratulate Ptl. Leonard Gosselin in becoming our newest DARE Officer.

This year's training emphasis has been on domestic violence. This department will continue to train in the area of domestic violence to help the victims in our community.

This department has been successful in obtaining a Federal Grant (FASTCOPS), funding one full-time patrolman position for a period of three years.

On behalf of all the members of the Bellingham Police Department, I would like to express my sympathy to the family and friends of Patrolman Joseph Costello. Officer Costello was a DARE Officer and a member of this department for over twenty years. His death has saddened us all and he will be greatly missed.

The K-9 Unit has been readmitted to the department. Officer Leonard Gosselin has been appointed as the new K-9 Officer. His K-9, Hans, will be used for tracking purposes, and is currently training in drug apprehension as well.

This past May, I had an opportunity to expand my professional development by traveling to Russia. This trip was possible through the Project Harmony Program. This program initiates the exchange between Russian Police Officers and Police Officers from the United

States. Our group of 26 Law Enforcement Officials traveled to Moscow for a three week stay. This included a 26 hour train ride to Odessa, Ukraine near the Black Sea. I was hosted by Colonel Alexander Dolzhenkov and his family. In Odessa, I attended various police classes speaking of the DARE program, Community Policing and American Policing, in general. From there, I took a 12 hour train ride to Kiev, the capital of the Ukraine. There I interacted with the Special Police Training Force.

In October, a delegation of 28 Ukrainian Police Officers came to the United States. I, in turn, hosted Colonel Alexander Dolzhenkov in my home. Upon his stay, the Colonel was given a tour of our Town and police facilities, familiarized him with our equipment and introduced to the members of our department. He was also taken on patrol with Sgt. Gerry Daigle, as well as taken to the Criminal Courts, prisons and training academies of the area. The Colonel witnessed his first American football game when he attended the Bellingham High vs. Holliston High game. After his visit to Bellingham, he and I traveled to Washington D.C. for a visit to the F.B.I. Headquarters. We then traveled to Quantico, Virginia to spend four days at the F.B.I. training facility. This experience was both professionally and personally rewarding to me.

I wish to thank the Board of Selectmen and Town Administrator Denis Fraine for their assistance in aiding the Bellingham Police Department in becoming a more professional facility. I would also like to thank Jacqueline Richards and Cathy Creasia for their assistance to this department as well. A special thanks to Marilyn Mathieu for her help in completing the installation of our PAMET Computer System. Thank you as well goes out to the members of the Auxiliary Police Department for their continued assistance and support.

PUBLIC LIBRARY

100 BLACKSTONE STREET

BELLINGHAM, MASSACHUSETTS 02019

To the Honorable Board of Selectmen:

The library's 101st year was marked with improvements in service and programming.

The cold of February welcomed Bill Harley to the library to sing and tell stories to 150 children and adults. Library Awareness Day sponsored by the PTO brought students from grades K-6 to visit the library. Staff from the library also visited South Elementary School to read to selected classes. Curly the Clown made many children happy during spring vacation with his wild balloon shapes. High school students and their parents were invited to attend a college workshop put on by EDCENTRAL, Central Massachusetts information center for higher education and training. The end of March brought a two-piece ensemble to tell the history of jazz and blues for high school students.

Another college workshop was held in April to discuss the ins and outs of loan applications. Keith Johnson presented Hats off to Reading with his magic and love of literature for children ages K-6. The Summer Reading Program was kicked off with a visit from Wing Masters. Birds of Prey were presented to children 6 and up. The program ended with a visit to the Southwick Animal Farm.

September offered adults a workshop on ways to handle stress.

A rare book workshop was held in the first part of October. The end of the month hosted the annual Halloween party put on by the Bellingham Women of Today.

A new CD-ROM workstation was added in July thanks to the generous efforts of the Friends of the Library. Six titles are now available for public use. They are: Grolier's Multi-Media Encyclopedia, Mayo Clinic Health Encyclopedia, Monarch Notes, Global World, Street Atlas USA and Select Phone.

The Library became an official member of the Central Region in July. At the same time we joined the CW/MARS network, making us an On-line Affiliate. Staff and patrons now have available material from 70 libraries, including Public, Universities, and Colleges. This access makes it possible for patrons to locate material the library does not own. Additionally other libraries that are trying to find a particular book are now able to determine whether Bellingham owns it.

Our membership in the Central Region has provided Bookmobile service, with deposits every three months. Audio cassettes have been provided on deposit every two months. The library also has been taking advantage of Young Adult and Children's material deposits.

The Friends of the Bellingham Library put on their annual golf tournament, raising over \$4800.00 for various programs and equipment. In November the annual craft fair was held which raised another \$850.00 to be used for new display shelves in the library.

Museum passes purchased by the Friends and Dean Cooperative Bank were used 800 times, saving patrons an average of \$24.00 per pass.

On a sad note, we witnessed the passing of long-time friend and employee, Norma Rogers in February. A memorial fund was established from which a beautiful bench was purchased in Norma's memory. The bench was placed outside the front of the building.

The library is now in the beginning stages of joining the Town's on-line network. We can pay invoices, access mail, and enter the budget.

The library was the recipient of a very special collection of music compact discs.

Mr. Robert Wood, a local artist, bequeathed to the library, his remarkable assortment of classical music. This new collection is available for patrons to enjoy and appreciate, as Mr. Wood did.

The Community Room was enjoyed by an assortment of individuals and groups each month. Bellingham residents, Massachusetts residents from other towns, Town Officials, State officials, School groups, and classes all took advantage of our impressive facility.

The Bellingham Arts Council held monthly art openings featuring local artists, photography contests, quilt exhibits, etc., culminating in a Russian art extravaganza..

As always we would like to thank the generous assistance of all those volunteers and Friends who make it possible for the library to continue to provide quality service to the community.

Respectfully submitted,

REPORT OF THE TREASURER-COLLECTOR
FISCAL YEAR 1995

To the Honorable Board of Selectmen and the Citizens of Bellingham:

The past year has been a busy one in both the Collector's office and the Treasurer's office. Installation of our new computer system has progressed well--not without problems, but we are making progress!

We are in our second year for quarterly tax bills, and the public has adjusted well to this program. Our collection rate is good, and I thank the taxpayers of Bellingham for their excellent response.

Again, I would like to thank the staff of both the Collector's office and Treasurer's office for their hard work and dedication, and the Town Officials, employees and citizens of Bellingham for their support.

Respectfully,

A handwritten signature in cursive script that reads "Grace L. Devitt".

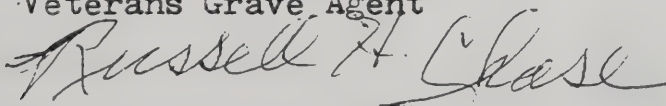

Grace L. Devitt
Treasurer-Collector

Every Veterans grave has been looked after. Weeds and bushes removed and new flags appropriately placed on their graves. I have had help from Mr. Crimmings and Mr Spear. If I missed anyone just call and it will be taken care of. More graves are added every year. Flagpoles in cemeteries are looked after by the Memorial Day Committee representative. Thanks to all who have helped in any way.

Yours respectfully,

Russell H. Chase

Veterans Grave Agent

A handwritten signature in cursive script that reads "Russell H. Chase". The signature is written in dark ink and is positioned below the typed name and title.

TOWN OF BELLINGHAM

OFFICE OF THE VETERANS SERVICES

BELLINGHAM, MASSACHUSETTS 02019
TEL. (508) 966-0990 FAX# (508) 966-4425

VETERANS SERVICES

The Veteran's Services Office continues to provide benefits and general information to the Veterans of Bellingham. Additionally, a significant amount of time is spent delivering necessary services and advice to veteran dependents.

The following summarizes activities of the past year.

Number of Veterans Receiving Benefits	5
Number of Veterans Serviced or Provided Counseling	92

As always, veterans and their dependents seeking assistance are encouraged to contact the Veterans Services Office for information on program offerings.

Respectfully submitted,

Anthony Mazzola
Veteran's Agent

Denis C. Fraine

ANNUAL REPORT OF WIRING INSPECTOR

To the Honorable Board of Selectmen and Citizens of Bellingham:

PERMITS ISSUED IN 1995

January	20	\$ 4,184.59
February	18	660.00
March	29	1,115.00
April	20	620.00
May	36	1,313.00
June	46	1,550.00
July	36	1,227.00
August	39	5,141.00
September	35	1,660.00
October	47	1,705.00
November	42	1,540.00
December	27	16,045.00
TOTAL		\$36,760.59

I wish to thank all Town Officials for the assistance.

Respectfully submitted,

Florent R. Levesque
Inspector of Wires

TOWN OF BELLINGHAM

WORKERS' COMPENSATION AGENT

BELLINGHAM, MASSACHUSETTS

FISCAL YEAR 1994 - 1995

In the past year, there have been approximately forty (40) reported accidents of which seven (7) resulted in lost time. The total claims paid for medical compensation was \$48,892.96 and the total claims for medical services paid was \$56,123.52.

These figures represent an increase over last years rates based on the nature and longevity of injuries reported.

The Safety and Health Committee continues to strive to keep these costs down by anticipating potentially unsafe conditions and taking corrective action at quarterly meetings with Department heads. Through Health Resources, the occupational health nurse continues to monitor all reported injuries on a weekly basis and also provides valuable information for all Town employees.

Respectfully submitted,

Nancy A. Bailey
Workers' Compensation Agent

The 1995 Annual Report of the Blackstone Valley Vocational Regional High School District

The Blackstone Valley Vocational Regional High School District
Pleasant Street
Upton, MA 01568

BLACKSTONE VALLEY VOCATIONAL REGIONAL HIGH SCHOOL DISTRICT

ANNUAL REPORT 1995

INTRODUCTION

FROM THE SUPERINTENDENT-DIRECTOR

*

This annual report marks the close of a successful year for the Blackstone Valley Vocational Regional School District. The School Committee is pleased to note that 1995 was a year of significant progress in curriculum development and student support services despite ongoing state and local fiscal upheaval.

In the midst of statewide restructuring of the educational system, Valley Tech made major improvements in the diversity of course offerings and the delivery of educational services to the youth of our communities.

Valley Tech has remained strong in its commitment to provide quality vocational-technical education to our students and to offer cost effective special programs upon request within the area. We shall not waver in this commitment.

The coming year looks to be a promising one, focused on continual improvement and constant reflection on how we shall best go about the business of educating our students.

We shall build several new partnerships and launch several new initiatives and, as always, we welcome your involvement.

Dr. Michael F. Fitzpatrick
Superintendent-Director

PROGRAMS

VOCATIONAL TECHNICAL

*

AIR CONDITIONING, REFRIGERATION, HEATING & VENTILATION

Students are trained to install, repair and maintain cooling and heating equipment used in domestic, commercial and industrial settings. Oil, gas, solar and heat pumps are all covered in the course. All aspects of commercial refrigeration are presented in the four year curriculum. Electrical, electronic and thermodynamic theories and practice are integral components of the program. Apprenticeship time must be served following graduation in order to obtain a Journeyperson's license.

AUTO BODY

Students are trained to restore damaged or deteriorated vehicles. Skills taught include removal of dents, repair of chassis, replacement of sections and straightening of frames. Filing, grinding, sanding, cutting, brazing, welding and spray-painting techniques must be mastered. Trainees are taught processes in the use of fiberglass, plastic and sheetmetal. Damage estimation is included in the training program.

AUTOMOTIVE TECHNOLOGY

Students are trained to repair and maintain modern gasoline powered vehicles.

Extensive service performance (mechanical, electrical, electronics) are taught.

Automotive technician skills are acquired by working on live vehicles. Trainees are taught to use sophisticated electronic diagnostic equipment. Repairs are made on engines, ignition and fuel systems, transmissions, emissions testing procedure, rear and front ends, brakes, clutches and accessories for all kinds of vehicles, domestic and foreign. This demanding program includes exposure to service manager use of fiberglass, plastic and sheetmetal. Damage estimation is included in the training program.

BUILDING AND PROPERTY MAINTENANCE

Students participating in this program learn to maintain a building both inside and out, while maintaining all equipment used in this field. Students start with hand tool safety and work their way to power tool and lawn equipment. Many jobs constitute live work performed on or off school property. Co-op is available to eligible seniors.

CARPENTRY

Students are trained in the many aspects of carpentry work, including woodworking, cabinet making, frame and finish house carpentry, remodeling, blueprint reading, technical drawing, energy conservation methods, concrete form and foundation technology, and building codes. The various hand and power tools common to the industry are utilized in the training program, including band, radial arm, table and power miter saws, portable circular saws, scroll saws, reciprocating saws, drill presses and portable drills, stationary and portable planers, disc and belt sanders, shapers and routers. Off-site construction work is undertaken whenever possible. Graduates

are prepared to enter the field of carpentry, which may include union apprenticeships, or enrollment in college or technical programs in building/construction technology, engineering or architecture.

CULINARY ARTS/BAKING

Students are trained for employment in various aspects of the food services industry. Trainees are taught food processing (meats, fish, poultry, vegetables, soups, breads, pastries, and specialties) for all kinds of establishments and for varying clientele. Employment training focuses on commercial businesses (restaurants, dinning rooms, cafeterias, fast food outlets, bakeries, and prepackage). Menu planning, purchasing, quality control, service, catering, dietary/health and management considerations are stressed throughout the program.

DRAFTING (CAD)

Students are trained in drafting fundamentals and the use of equipment common to the drafting field. Draftpersons develop drawings from engineering specifications and designs used by various craftpersons to make products, machines, equipment, devices or to erect structures. Engineering disciplines include mechanical and structural drafting. Qualities of neatness, creativity, and artistic aptitudes are essential. Computer assisted drafting is taught following mastery of basic techniques and skills.

ELECTRICAL

Students are trained in the state-of-the-art of electrical devices, apparatus and wiring used in private, commercial and industrial settings. Electrical theory is taught extensively. Trouble shooting is conducted

continuously on live equipment (motors, controls, switches). Trainees are exposed to integrated power, using systems that employ blueprint, specifications, regulations, tools and metering devices. Apprenticeship time must be served following graduation in order to obtain a Journeyperons's license issued by the Commonwealth of Massachusetts.

ELECTRONICS

Students are trained for employment in the electronic industry. Acquisition of skills are as diversified as the field of electronics. Electrical/electronic theories must be mastered to succeed in this highly technical field. A high aptitude in math and physical science is required in order to understand and apply knowledge. Trainees progress from identification, assembling and procedural work to experimentation, diagnosis and system repair. Students regularly use oscilloscopes, VOM's, multimeters, audio generators, R.F. generators, transistor tests, FET testers and microprocessors. Employment opportunities are related directly to student acquisition of knowledge and performance of skills.

GRAPHIC ARTS

The nature of the graphic arts industry is changing rapidly. To prepare students as viable candidates for employment, training focuses on the use state-of-the-art equipment. Areas of concentration include design, desktop publishing, paste-up of copy, darkroom procedures, offset stripping, proofing, offset platemaking, paper identification, paper cutting, bindery work, and color printing. Attention to detail, willingness to work harmoniously and the

ability to work under stress of deadlines are important characteristics of successful trainees in this leading employment field.

HEALTH SERVICES

This vocational-technical program prepares students to work in entry-level positions in the growing system of Health Care delivery. Anatomy, nutrition, child growth and development, and basic nursing skills are taught by registered nurses. Classroom work is supplemented with actual training in child care centers, hospitals and nursing homes. Care of the elderly and children are emphasized. Upon graduation, successful candidates are qualified to take the Massachusetts state certification test for nursing assistants or pursue further education.

INDUSTRIAL MANUFACTURING AND WELDING TECHNOLOGY

Students receive training in machine procedures, methods and techniques as well as training in metal fabricating and welding. While in industrial manufacturing, students continuously use basic hand tools, measuring instruments, lathes, milling machines, grinders, shapers, drill presses and power saws. Electrical discharge equipment, Cad-Cam, CNC Turning Center and automated equipment are also used in advanced training. This program is central to all manufacturing industries and affords wide employment opportunities. While in welding technology, students are taught to design and construct light and heavy metal products. Various types of welding methods (gas and electric) are taught. Brake presses, shears, and punch machines are used regularly.

OFFICE TECHNOLOGY

Students are trained to use computer equipment. Training includes preparation for data entry, bookkeeping, typing, filing, calculators, word processing, databases, spreadsheets and equipment operation. Emphasis is placed on business applications for the modern office environment. Graduates can anticipate entry level positions as data entry specialists, receptionists, secretaries, bookkeepers, typist word processing, spread sheet, database planners, or pursue further education.

PAINTING AND DECORATING

Trainees are taught skills, techniques and methods involved in the preparation of surfaces for receiving appropriate coverings (paint, varnishes, plastic, wallpaper, airless spray, and HVLP suction feed spray painting) in order to protect and beautify objects, walls, or buildings, commercial or residential. Students are taught the proper use of brushes, tools, ladders, scaffolds, materials, and equipment common to painters and paperhangers. Students are taught processes and procedures to refinish and refurbish furniture. Students learn to mix compounds, to consider color schemes and estimate costs in conjunction with state of the art computer generated sign lettering and silk screen printing procedures.

PLUMBING

Students are prepared to enter the field of plumbing as apprentices. Trainees design, layout, assemble and repair various kinds of pipes and fittings for water and drainage

systems in accordance with specifications and plumbing codes. Included in the training is the study of sanitary regulations, blueprint reading and heating systems. Hand and power tools, equipment and procedures common to the trade are used regularly by trainees. Graduates can expect to serve apprenticeship time before qualifying to take the exam for a Journeyperson's license issued by the Commonwealth of Massachusetts.

SPECIAL PROGRAMS

*

MAINTENANCE & REPAIR SERVICES (MRS)

The MRS program provides the opportunity for challenged high school age special needs students to participate successfully in a structured vocational-technical and academic learning environment. Students explore a variety of training experiences over the course of their stay at Valley Tech, from maintenance and repair, to carpentry, to building and property maintenance. After successfully proving themselves, students explore the possibility of transferring into traditional career offerings.

JOB PLACEMENT AND TRAINING PROGRAM (JPTA)

Valley Tech has the lowest high school drop out rate in the state of Massachusetts. With this record in mind, the school created the drop-out prevention/school to work program, sponsored under the Job Placement and Training Act. Any student who dropped out of high school in any of the 13 district towns and who meets certain criteria can attend the program, gaining life skills, GED

preparation, and job training. A similar program continues into the summer months.

COMMUNITY SERVICE

The Valley Tech staff continue to assign a high priority to work projects which assist member towns while simultaneously providing students with meaningful job experience in their chosen field of endeavor. Numerous projects involving construction, renovation, vehicle and property maintenance, and printing were undertaken in FY1995. The following summary highlights several of the cost effective projects completed within member communities.

UPTON

Benefactors:

The Upton Post Office, Police Department, Recycling Commission, Housing Authority, Cemetery Commission, Sewer Department, and Friends of the Upton Elders.

Valley Tech service deliverers:

Graphic Arts Department, Carpentry Department, IMWT, Graphic Arts Department, Painting and Decorating.

Sample projects: Letterhead, replacement fence pickets

BELLINGHAM

Benefactors:

Bellingham Softball

Valley Tech service deliverers:

Graphic Arts

Sample projects:

Creation of registration forms

MILLVILLE

Benefactors:

Board of Selectmen, Police Department, Town Clerk.

Valley Tech service deliverers:

Graphic Arts, Carpentry.

Sample projects:

Creation of business cards, construction of a selectperson's table.

BLACKSTONE

Benefactors:

Blackstone Garden Club

Valley Tech service deliverers:

Carpentry

Sample project:

Construction of a gazebo

NORTHBRIDGE

Benefactors:

Northbridge School System, Whitinsville Medical Center, Girl Scouts, Northbridge Police Department.

Valley Tech service deliverers:

Graphic Arts, MRS.

Sample projects:

Renovation of medical facility, creation of holiday concert programs and tickets.

UXBRIDGE

Benefactors:

Town of Uxbridge, Historical Society,
Police Department, Federal Emergency
Management Agency.

Valley Tech service deliverers:

Carpentry, Graphic Arts, IMWT

Sample projects:

Construction of display case, creation of
weather vane

MILFORD

Benefactors:

Historical Society, Milford Performing Arts,
Town of Milford.

Valley Tech service deliverers:

IMWT, Carpentry

Sample projects:

Restored cannon wheels, constructed oak
picture frames.

MILLBURY

Benefactors:

Millbury Public Schools

Valley Tech service deliverers:

Graphic Arts

Sample projects:

Student handbooks

GRAFTON

Benefactors:

Grafton Schools, Senior Citizens of Grafton,
Baptist Church of Grafton

Valley Tech service deliverers:

Graphic Arts

Sample projects:

Newsletter, flyers

MENDON

Benefactors:

Mendon Police Dept., Mendon Town Clerk

Valley Tech service deliverers:

Graphic Arts

Sample projects:

Creation of manuals

DOUGLAS

Benefactors:

Douglas High School

Valley Tech service deliverers:

Graphic Arts

Sample projects:

Posters

SUTTON

Benefactors:

Sutton Free Library
Waters Farm Preservation, Town of Sutton

Valley Tech service deliverers:

Carpentry, Graphic Arts

Sample projects:

Repaired bellows, dog license renewal
forms

HOPEDALE

Benefactors:

Hopedale Country Club

Valley Tech service deliverers:

Graphic Arts

Sample project:

Score cards

COLLABORATIONS

Valley Tech maintains valuable partnerships with business, industry, post-secondary educational institutions and private citizens in an effort to prepare students for their first steps into the larger world. 1995 marked the creation of new links and enhancement of existing relationships.

COMMUNITY PARTNERSHIPS

*

COOPERATIVE EDUCATION

Valley Tech has networked with over 80 area businesses, providing qualified seniors with the opportunity to experience on-the-job training. Seniors alternate classroom work and on-site work, spending two weeks at school, then two weeks on the job. For many, co-op is a formative experience, leading directly into a career.

TECH PREP

The Tech Prep program is a blended academic and technical course of study, providing qualified students with the opportunity to earn college credit while still in high school. Students take applied

academic courses in conjunction with the traditional shop/laboratory classes, giving additional insight into the importance of integrating the two. Through applied academic course work, students see the importance of mathematics, communication, technology and science to their lives. Through Tech Prep, Valley Tech has created links, called articulation agreements, with over 30 colleges. Students who successfully complete the program can enter these colleges with up to a full year of credit - representing a substantial savings in tuition costs for students and their families.

SCHOLARSHIPS AND AWARDS

In the past year, over 90 scholarship opportunities have been added to Valley Tech's already substantial awards program. These opportunities give Valley Tech students the added incentive to further their education. With over 35 percent of the Valley Tech grads attending college and post-secondary training programs, the school recognizes its responsibility to aid in the financial aid process.

STRONG BUSINESS LINKS

Aside from the Co-op program, Valley Tech utilizes area business and industry representatives as curriculum validations advisors. By maintaining strong links, Valley Tech ensures quality education and the promise of future employment for students. By staying abreast of developments in the workforce, Valley Tech shapes its teaching to fit the needs of employers.

SCHOOL-TO-WORK

Valley Tech's relationship with the workforce dovetails recent developments on the national stage, namely the concept of School-to-Work. In a program stemming from the School-to-Work Transition Act of 1993, Valley Tech has created a partnership of area schools, students, parents, businesses and labor organizations. With the help of a \$50,000 development grant, the partnership is laying the foundation for school based career awareness and exploration.

STAFF DEVELOPMENT

The Valley Tech staff are dedicated to continual improvement of the teaching/learning process. To this end, 94 percent of administrators, teachers and support personnel participated in an aggressive, creatively financed professional development plan, collectively logging in over 12,000 hours of time spent in classes, seminars and training. This effort far exceeded the school's 60 hour per year / per instructor standard, which itself is double the state standard.

Valley Tech also maintained its commitment to continuous quality management training for staff and administration, further exposing the Valley Tech team to a management philosophy designed to utilize the talents and skills of all employees.

The dedicated Valley Tech Team established total quality training affiliations with:

Gerard Bruno, Associates
Worcester State College
Polaroid Corporation
Anna Maria College

VICA

Fitchburg State College
Boston College

CONTINUAL IMPROVEMENT

The School Committee are very pleased with the progress made in strengthening the quality of Valley Tech's education. Valley Tech continues to upgrade the facility, improve teaching, and enhance programs while maintaining a budget which is among the lowest of statewide regional vocational technical systems.

FISCAL INITIATIVES

- Valley Tech's supporters passed a 6.9 million FY1996 budget after an extensive informational outreach campaign executed by the staff and school committee. The budget represents a 9 percent increase over the previous year, and will allow for teaching and learning supplies, new instructors, a 10 percent increase in population, while addressing various mandates stemming from the Education Reform Act of 1993.
- Valley Tech's school committee led an aggressive lobbying campaign for full funding of regional school transportation. The campaign involved rallying regional school superintendents and local legislators to push for 100 percent funding, a historically ignored entitlement of regional school systems.
- The system expanded scholarship opportunities for graduating seniors, securing over 90 additional awards for college bound graduates.

- The district secured over \$340,000 in local, state and federal grants for fiscal year 1995.
- The first annual superintendent's dinner raised over \$2500 for the Media Center.

PROGRAM IMPROVEMENT

*

The following highlights illustrate the program improvements initiated for 1995:

- The local Time and Learning Commission was established to study how the allocation and use of time (within the day/the total length of the school year) impacts learning. Our commission investigated block scheduling, which was subsequently implemented for the 1995-96 school year. The commission is compiling a report to be used as a model for other vocational-technical schools throughout the Commonwealth. With the aid of \$20,000 in grant funds, Valley Tech staff completed a variety professional improvement programs and sponsored public forums for educational colleagues.
- With capable and energetic staff assistance, Valley Tech established a portfolio program which will eventually require all students to compile examples of their work over a four year period. Our portfolio process is used to track progress of students and to aid in securing employment upon graduation.
- The Tech Prep program was expanded to include over 33 college affiliations.
- In conjunction with Greater Media Cable and the Blackstone Valley Chamber of Commerce, Valley Tech created the Television Partnering Program, which led to the creation of television studio at the school for student training and use.
- The Maintenance and Repair Service program's enrollment was doubled for 1995-96 school year.
- Valley Tech continued to hold on-site college and graduate level courses.
- The culinary arts department sponsored two chef-in-training interns from Johnson & Wales University.
- The district participated for the first time in a national robotics competition that tests students' mathematics and science skills in a competitive forum. Valley Tech students, in conjunction with students from Milford High School and engineers from area companies, EMC2 and Foster Miller Co., constructed a robot designed to compete on a predetermined playing field.
- The first annual Sports Technology Summer Camp was held at Valley Tech, offering area children the opportunity to explore a hands-on technological program and participate in numerous athletic events.
- The Summer Youth Training Program, a creation of the Job Training Placement Act, was held for the first time at Valley Tech. The program coaches disadvantaged youth in job search, job training, and life skills.
- A new pre-apprenticeship program in the machinist trade was established, linking

Valley Tech with internationally known construction company, Morgan Construction Co. in Worcester, and apprenticeship organization, Mech Tech INC.

- Valley Tech received Chapter 74 status for the Building and Grounds shop.
- The school secured favorable Ten Year Accreditation from the New England Association of Schools and Colleges.
- Integration projects were increased - in excess of 15 additional projects - whereby academic and vocational technical curriculum led to improved student performance and higher order thinking.
- The concept for a regional network of district based libraries was established. The complete plan involves linking institutions to the school, thereby affording students greater resources. The next phase will focus on a reading Renaissance program during the summer of FY96.
- To answer an important education reform initiative, the school implemented a plan to include 50 percent of the special education students in the main population.
- As a result of the local time and learning commission's study, Valley Tech implemented block scheduling during the 1994-95 school year, and refined it for the 1995-96 school year.

FACILITY/SUPPLY IMPROVEMENTS

*

The care and renovation of Valley Tech's facility is undertaken by the staff and students, who lend their talents to paint, rewire, and build. Additionally, the staff and Leadership Team find new, creative ways to secure supplies and equipment for student use.

- School officials identified the dilapidated state of the south wall of the school building and worked quickly to correct the problem at the greatest cost savings possible to the district. Construction project is slated for completion by December, 1995, and significant reimbursement is expected upon completion.
- The school beautification and renovation initiative was continued, which includes painting corridors, creating several laboratories, constructing additional classrooms from existing space, and constructing new offices.
- A modern telephone system was installed, giving the Valley Tech Team greater access to coworkers and outside agencies.
- With the assistance of program advisory committee members, secured new equipment for shops, including:
 - CNC Turning Center
 - State-of-the-art spray booth
 - Vertical Camera
 - Donated late model Ford automobiles
 - New grinder
 - Lathe
 - Variable Speed Scroll Saw

8 Inch Joiner
Drill Press
Spindle Sander

- A satellite dish was installed to receive program transmissions from the Massachusetts Corporation of Educational Telecommunications, linking Valley Tech with schools and institutions worldwide.
- New computer hardware was purchased for the media center and classrooms, including the Info Track computer system. Located in the media center to afford the greatest access, the Info Track features encyclopedic information stored on CD-ROM.
- Instructional space was increased by 8500 square feet.

ADMINISTRATIVE ENHANCEMENTS

*

The Leadership Team is constantly evaluating its administrative process in an effort to fine tune the operation of the school. Some recent improvements include:

- The Valley Tech Team stays abreast of new developments in education by networking with colleagues. Last year, Valley Tech officials participated actively within statewide professional organizations, including:

Massachusetts Association of Vocational Administrators; Phi Delta Kappa; American Society of Curriculum Development; Massachusetts Vocational Association; Massachusetts Association of School

Superintendents; Massachusetts Association of School Committees; the American Association of School Administrators; and the American Vocational Association.

- The Valley Tech Leadership Team participated actively in Advisory Committees, SPED-PAC Committees, School Council and other planning sessions.
- Student Support Services conducted analysis of admissions trends and student scores.
- To give the staff a greater role the hiring process, 21 screening committees were developed to interview candidates for positions.
- An administrative evaluation instrument was designed to determine the benchmarks of our leadership team.
- Additional sub-committees to the school committee were created to examine various aspects of running the school. The sub-committees are the Capital Planning Sub-Committee, the Facilities Sub-Committee the Budget Sub-Committee, and the Negotiation Sub-Committee.
- An extensive report on current state of technology at Valley Tech was compiled to aid in new development.
- The operation of the student support services department was enhanced.
- The admissions policy was revamped.

- Over 75 internal publications were developed and processed to enhance communications.

STUDENT FOCUSED IMPROVEMENTS

*

All program, administrative, and facility enhancements are done for the direct benefit of the students. Some additional student focused improvements include:

- Valley Tech placed 99 percent of 1995 graduates in jobs, the military, two and four year colleges, and post-secondary training programs.
- Students tested their vocational-technical skills by competing in VICA regional, state, and nation competitions.

FUNDING

Education Reform had a significant impact on the FY95 budget for the Blackstone Valley Vocational Regional School District. The FY95 Net School Spending requirement for the district was \$5,661,520. This was funded predominately through Chapter 70 Aid of \$3,554,072 and Minimum Contribution requirements from the thirteen (13) member towns of \$2,104,429.

In the operation portion of the budget, but outside net school spending areas the district had a budget of \$336,000 for transportation and \$31,631 for the acquisition of fixed assets. The total operation budget for the Blackstone Valley Vocational Regional School District was \$6,113,547.

In addition to the Minimum Contribution totaling \$2,104,429 the thirteen (13) member towns supported the transportation

of the students with a transportation assessment of \$98,250 and the member towns supported fixed asset acquisition with an assessment of \$31,631.

The Blackstone Valley Vocational Regional School District's debt obligation for FY95 was \$348,950. The debt obligation was funded through state reimbursement revenue of \$107,715 and an assessment of the thirteen (13) member towns of \$241,235 which was allotted among the member towns in accordance with the District Agreement.

GRANTS

In an effort to provide the most cost-effective education possible, Valley Tech supplemented its budget by securing outside funding sources in the form of local, state and federal grants. The grant monies allowed for improvements or implementation of programs, teaching tools, supplies and personnel.

A total of \$342,650 in grant money was received in FY1995. The grants are as follows:

Chapter One, \$22,187.00; SPED 94-142, \$54,990.00; Chapter 2 ECIA Library, \$2,979.00; SPED IEP Training, \$2,115.00; SPED 89-313, \$11,440.00; SPED Sprig, \$9,000.00; PALMS State Liaison, \$500; JPTA School-to-Work Transition, \$58,744.00; D D Eisenhower, \$1,752.00; Local Television Partnering, \$3,000; District Professional Development, \$3,000; Comprehensive Health Grant, \$19,978.00; Drug Free Schools, \$2,887.00; Perkins-Occ Ed/Voc Skills, \$131,446.00; Time and Learning, \$9,333.00; Metro West

Consortium, \$3,500.00; Mass Portfolio Assessment, \$1,800.00; Perkins Curriculum Frameworks, \$2,000.00; Curriculum Frameworks Planning, \$2,000.

FACULTY AND STAFF

Valley Tech continues to support an exceptionally dedicated and talented cadre of staff. The current staffing pattern consists of: (1) Superintendent-Director; (1) Principal; (7) Administrators (39) Vocational Technical Teachers; (27) Academic Teachers; (5) Special Education Teachers; (7) Paraprofessional/Instructional Aides; (1) Adjustment Counselor; (3) Guidance Counselors; (1) Library/Media Specialist; (1) Library Aide; (2) School Nurses; (6) Custodial/Maintenance Personnel; (1) School Year Matron; (11) Food Service Personnel; (4) Full-time Secretaries; (6) Part-time Clerks; and (2) Business Office Specialists and a myriad of grant personnel.

New staff hired in FY1995:

10 instructors - four vocational, two academic; Director of Student Support Services; personnel clerk; business office clerk; five aides; one cafeteria staff member; part-time school psychologist.

GOVERNANCE

Membership of the School Committee shifted in November 1994 when three representatives opted not to seek reelection. Sutton's representative, Kelton Johnson was replaced by Mitchell A. Intinarelli; Uxbridge's representative, Jack Robarts was replaced by Peter L. Lynch; and Mendon's representative, Casey Vandervalk was replaced by John J. Knox.

The Tally Sheet/Summary of the Blackstone Valley Vocational Regional School District Committee biennial election, held on Tuesday, November 8, 1994:

E. Kevin Harvey, Bellingham, 29,636 votes; Matthew Krajewski, Blackstone, 28,053 votes; Charles Randor, Douglas, 27,136 votes; Dianne Paradis, Grafton, 27,545 votes; Everett Young, Hopedale, 27,175 votes; John Knox, Mendon, 9 votes; Arthur Morin, Jr., 27,072 votes; Jay Hanratty, Millbury, 25,877 votes; Gerald Finn, Millville, 25,400 votes; Edward Postma, Northbridge, 26,318 votes; Mitchell Intinarelli, Sutton, 56 votes; Robert Snow, Upton, 25,046 votes; Peter Lynch, Uxbridge, 25,425 votes.

Sharing a portion of the school's governance was the highly valued input of the elected School Council. The Council has met periodically throughout the year and they have concentrated on specific areas of concern including the design of the school improvement plan, refinement of the student handbook, professional development, community awareness and adoption of the school's budget. The School Council consists of the following:

Parents: Pamela Gallagher, Whitinsville; Raymond Quinn, Hopedale
Teachers: Joseph Yacino, Douglas; Lawrence Bonetti, Milford
Advisory Committee: John Gauvin, Sutton
BVVRSD Administrator: John LeBrun
Student: Matthew Wall, Douglas

Submitted respectfully,

**E. Kevin Harvey, Vice Chairman,
Bellingham**

Jay P. Hanratty, Chairman, Millbury

Diane M. Paradis, Secretary, Grafton

Matthew C. Krajewski,

Blackstone

Charles E. Randor, Douglas

Everett A. Young, Hopedale

John J. Knox, Mendon

Arthur E. Morin, Jr., Milford

Gerald M. Finn, Millville

Edward B. Postma, Northbridge

Mitchell A. Intinarelli, Sutton

Robert H. Snow, Upton

Peter L. Lynch, Uxbridge

THE ANNUAL REPORT
FOR THE
YEAR ENDING
DECEMBER 31, 1995
OF THE
SCHOOL COMMITTEE, SUPERINTENDENT OF SCHOOLS
AND
ADMINISTRATIVE STAFF
TOWN OF BELLINGHAM
BELLINGHAM, MASSACHUSETTS

REPORT OF THE SCHOOL COMMITTEE

The Bellingham School Committee conducted its reorganizational meeting on May 11, 1995. Mr. John T. Molloy was elected Chairman, Mr. Ernest H. Pelletier, Jr., Vice Chairman. Serving her first term on the School Committee, Ms. Betsy A. Cournoyer, was appointed Treasurer. Mr. Donald R. Burlingame continues to serve on the Committee along with Mr. Christopher M. Wider who was appointed to serve on the Committee following the resignation of Ms. Paulette Zazza.

Major activities for the School Department in 1995 have focused on the continued implementation of the Education Reform Act of 1993. All teachers have been engaged in a series of professional workshops for the reexamination and improvement of curriculum and instruction. The State has developed curriculum guides known as "Frameworks." It is the planning for implementation of these frameworks have served as the focus of staff activities.

This year, the School Department was able to replace the roof on Macy School and complete some rather extensive refurbishing of the interior of the school. This completes our roof replacement program which has been accomplished over a period of several years. Our next focus for facilities improvements will be the Memorial Jr/Sr High School which is in need of interior refurbishing (painting, carpeting, replacement floor tiles, etc.) In addition, with the support of Town Meeting, the school department is now equipping every 4th, 5th and 6th grade classroom with a computer and printer.

The Committee continues to monitor a growing student enrollment together with the need for additional instructional space. This

year, a Space Utilization and Needs Committee has been established to study this issue and to make recommendations to the School Committee. School Committee Vice-Chairman, Ernest Pelletier, Jr. is serving as Chairman of this sub-committee.

Several important tasks lie ahead in the coming year: searching for a new Superintendent, participating in the search for a new high school principal, and the renegotiation of all labor contracts. Overall, our schools continue to make quality improvements to its programs and facilities. As always, the Bellingham School Committee will continue its efforts to ensure the best quality school system possible for the students of our community.

Respectfully submitted,

John T. Molloy, Chairman

Ernest H. Pelletier, Jr., Vice-Chairman

Betsy A. Cournoyer, Treasurer

Donald R. Burlingame

Christopher M. Wider

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Bellingham's Public Schools have continued on the pathway towards excellence during 1995. Dominating our activities this year has been the continuing implementation of the Education Reform Act of 1993. Our professional teaching staff has been engaged in a significant reexamination of curriculum and new instructional strategies envisioned within new State-wide curriculum frameworks.

The Department of Education sponsored a week-long summer institute for area school systems. A representative group of Bellingham staff, administrators, and one parent dedicated their own personal vacation time to attend. This group has subsequently developed into a very effective and dynamic planning and staff training team for our school system. Under this planning team's leadership, all professional staff have examined the notion of "powerful" teaching and learning, expected student outcomes, and an assessment of where Bellingham's schools currently stand in relation to these new higher-level expectations. This work will continue throughout the 1995-1996 academic year; with results certain to make a major contribution to the developing high quality instructional programs offered in Bellingham's classrooms.

The quality of our existing school programs continues to be at a very high level. In 1995, 81% of Bellingham graduates went on to higher education or military service. In addition, our students continue to score above state and like-community average on State assessments. Our schools continue to offer a full program of studies to all students. This year, we have added world language instruction in Spanish for all elementary students K-6. The arts

continue to flourish in Bellingham's schools with outstanding training and performance opportunities offered through our excellent art, choral music, instrumental music, drama, and band programs. Our academic program continues to offer Advanced Placement examination courses in Biology, Chemistry, English and History. Overall, the citizens of Bellingham continue to be well served by its public schools!

Our schools also continue to make progress in the area of Technology. Although we have experienced some set-backs and delays with our Technology Center project, I continue to believe that this facility can become a major asset to the entire Bellingham community as well as our school system. In addition, our fall Town Meeting voted an extra appropriation to equip every grade 4,5, and 6 classroom with a computer and printer. Once installed, the ability of our classroom teachers to deliver high quality instruction for our students will be greatly enhanced. This is a major step forward for our school system; once again demonstrating the commitment of the citizens of Bellingham to quality education for our children.

This year, Bellingham students are attending longer school days. Additional time has been added to the daily schedule with the high school adding 20 minutes and the elementary schools adding 10 minutes daily. This measure ensures that Bellingham students will receive the state-mandated annual hours of instructional time: 990 hours for secondary and 900 hours for elementary students. The added time also allows time for parent/teacher conferences and early dismissal curriculum days. The Bellingham Teachers' Association should be commended for their positive and pro-active participation in negotiating this added instructional time without cost to the

Town. I believe this speaks well for the professionalism and dedication to students that is the hallmark of Bellingham's teachers!

In response to our ever-growing student enrollments, a Space Utilization Study Committee has been formed to examine both the short and long-term classroom space needs for the school system. The Committee has held a number of meetings during the fall and is expected to have a report with recommendations sometime this winter. The need to invest in additional classroom space is all but certain in Bellingham's relatively near future.

A comprehensive program of up-grading our school facilities has continued this year. During the summer of 1995, we have replaced the roof at Macy School and have also completed substantial improvements to the interior of the building. Included in this project was interior painting, new curtain for the stage, new window treatments in the cafeteria, and new carpeting. The building has a fresh new look that inspires school and community pride and is conducive to effective learning and teaching.

In my judgement, Bellingham has a very good school system that continues to improve every year. All available data supports this assessment (ie., improving state and national test results; higher SAT scores; increasing % to college, etc.). Naturally, there are always improvements to be made. Indeed, it is the hallmark of every good school system that it be engaged in continuous improvement. Nonetheless, I have noted that Bellingham's schools continue to suffer from some long-past problems and issues that have left lingering negative impressions. The citizens of Bellingham can and should have confidence and pride in the quality of their schools; giving more attention to the many positive attributes of today rather

than negative "ghosts" of the past. A more positive and healthy self-image as regards the Bellingham Public Schools is my wish for the Town's future.

Finally, I would like to thank the citizens of Bellingham for the opportunity of serving this community for the last six years as its Superintendent of Schools. For personal family and other professional reasons, I have decided to leave Bellingham when my current contract expires in June. It has been a pleasure serving the children and parents of this community. I have had the good fortune of working with a very dedicated, hard-working, and professional staff and have made a number of very good (and lasting) friendships in this community. For this, I shall forever be grateful.

Respectfully submitted,

Malcolm L. Patterson, Ed.D.

Superintendent of Schools

ANNUAL REPORT

The number of students who received services in our schools in 1995 was approximately 2425 students and the average daily attendance for all schools was 96%. This report will provide information about the educational programs and activities that have been conducted for students in all grades during the calendar year of 1995.

ENROLLMENT

As of December 31, 1995, 2479 students were enrolled in kindergarten through grade 12 in our schools. This figure represents an increase in enrollments of 77 students. An increase of 56 students occurred at the elementary level, and an increase of 21 students occurred at the secondary level in grades 7 through 12.

ENROLLMENT IN BELLINGHAM PUBLIC SCHOOLS - ALL GRADES, END OF THE FIRST MONTH OF SCHOOL

1980-81 - 3353	1985-86 - 2596	1990-91 - 2227
1981-82 - 3265	1986-87 - 2471	1991-92 - 2308
1982-83 - 3043	1987-88 - 2420	1992-93 - 2261
1983-84 - 2867	1988-89 - 2300	1993-94 - 2311
1984-85 - 2746	1989-90 - 2264	1994-95 - 2394
		1995-96 - 2466

ELEMENTARY SCHOOL REPORTS

CLARA MACY SCHOOL - Mr. Ralph Garbart, Principal

The 1994-95 school year saw many positive activities designed to allow each student the opportunity to achieve success at his or her level of ability. These activities are directly related to the Bellingham Public Schools' focus on the theories of multiple intelligences in coordination with the Massachusetts Curriculum Frameworks.

All of the teaching and learning that goes on does so in a nurturing, caring and safe environment which allows all students the chance to work to their fullest potential. If students feel happy and know that they are safe, the chances for success increase dramatically.

There were several school wide and grade level programs provided for the students that helped to focus on the above mentioned goals. Some, but certainly not all of them, are discussed below.

Courtesy Program

A series of ten, month long topics designed to help students become more courteous were chosen for the school year. Each of these topics had a weekly focus which was discussed by the principal over the public address system on the first of each week. Each classroom worked on improving their behaviors according to each weekly topic. Additionally, all weekly topics were listed in the PTO newsletter each month and parents worked on these same focus areas at home. This partnership between home and school brought a great deal of positive cooperation and was a huge success.

Arts Week

The Macy School's fourteenth annual Arts Week was held from May

22-26, 1995, and was an outstanding success for students, staff and parents. This year's topic, "In Harmony With Nature", included five separate areas of the arts; Drama and Poetry, Visual Arts, Crafts, Music and Dance. As always, each area provided students with the opportunity to explore, learn, and expand upon a particular area of interest. Each class also worked on a special project relating to this year's theme.

This week, very special to Macy School, always provides students with hands-on experiences and situations not normally associated with the regular school day. It is, without question, the most highly anticipated week of the school year.

Camp Horizons

During the week of May 15 - 19, our sixth grade classes had the opportunity to learn valuable skills of living and working cooperatively during a week long environmental educational experience at Camp Horizons in Sharon, Massachusetts.

This program, which combines sixth graders from all three of Bellingham's elementary schools, always proves to be a highlight for our sixth grade school year.

D.A.R.E.

In a cooperative association with the Bellingham Police Department, Macy School students participated in the Drug Abuse Resistance Education Program (D.A.R.E.). Students in grades one, four, and kindergarten received age appropriate introductory sessions and our sixth graders completed a seventeen week course of study culminated by a "graduation".

In addition to the course of study, our sixth graders attended a supervised field trip to the Dedham House of Correction to obtain

first hand information on the effects of drug and/or alcohol abuse. This trip proved to be the highlight of our students' experience and gave each person a great deal of food for thought.

Our school has been kept in terrific condition thanks to our excellent custodial staff. The school and nurse's offices, the true hub of all school functions, again have been the saving grace for many parents as well as staff questions or concerns. We are very fortunate to employ outstanding folks in all of these important positions.

The partnership between home and school is strengthened by all of the help and cooperation given to us by the Macy PTO, Macy School Volunteer Program, and the Macy School Council. The amount of work that is accomplished in the school for our students by all members of these organizations is one important reason for our students' successes and a big reason that the wonderful Macy School traditions come to life year after year.

Thanks must also go to the many departments in the Town of Bellingham who continue their support of the Macy School with their tireless effort and the sharing of several programs with our students. Thanks to the entire staff of the Bellingham School Department's Administrative Offices for their guidance and help throughout the year.

The entire staff at Macy School deserves special praise and thanks. This fine group of teachers, aides, and specialists have given above and beyond the norm to provide our students with state of the art methodologies and practices. Without their extra efforts, the fine spirit and good feelings that one has when visiting Macy School would never occur.

I would like to personally thank each parent and student for their cooperation and support throughout the entire year. The students are the reason that we are here and as we look forward to the future, I have no fear in saying that we will continue to provide the best that we can for each of our students.

SOUTH ELEMENTARY SCHOOL - Mr. Joseph F. DiPietro, Principal

The 1995-96 school year has improved over the 1994-95 school year because of some staff additions. We are still experiencing severe budget constraints in the area of school supplies and materials. Money for repairs and maintenance is very much needed everywhere in the school system. It is great that our nurse was restored to a full time position. The addition of a physical education teacher has helped our physical education program. In the future it is hoped all grades from Kindergarten to Grade 6 can all have reasonable class sizes. There are still some upper grade rooms that contain more students than should be experienced, our enrollment is increasing and our primary class sizes are increasing at a rapid pace. In the future the restoration or addition of Health, Environmental, Curriculum Specialists, Discovery and Computer Science Teachers would become feasible along with all the materials and equipment necessary to efficiently operate these programs. A computer specialist is needed for the school system. Everyone is doing their very best to give each of our children the best possible education. It is a challenge to teach with less materials and larger classes, but most professionals have accepted the challenge and are meeting the needs of our children. South Elementary School has a six hundred student capacity, and at the present time our school enrollment is six hundred and twenty-three students. We will soon

have six hundred and forty (640) or more students. Unless our enrollment levels off, we will experience a major space problem at South Elementary School.

Our Superintendent of Schools, Dr. Malcolm Patterson, is very willing and able to lead us through the difficult challenges of the future. We marked the sixth anniversary of our new elementary school. We moved into the building November 14, 1989. Everyone is still excited and pleased with our new facility.

On November 30, 1995, a Multi-Cultural Expo-Melting Pot USA was held. It was another pleasurable educational experience for parents and our proud students with approximately 3,500 people visiting this evening extravaganza. It was the best attended program ever held at South Elementary School.

Open House

On September 20, 1995, we held a special evening for parents that was called "Meet the Teacher Night". We hosted approximately 1,200 parents who seemed to enjoy the evening. A number of favorable comments were received about our programs and teachers. Parents were very supportive of everything they observed and encountered. We received no negative feedback. We also held an open house for American Education Week, November 6th through 10th. We held parental conferences in November to discuss students' progress. A Science Fair was held the evening of March 30, 1995, displaying projects made by the students. The Science Fair's theme was - "Observations! Investigations! Experimentations! and Creations!" It was attended by more than 2,000 parents and friends. It was another spectacular success, bringing about many favorable comments. On March 27, 1996, South Elementary School will present another spectacular Science Fair

with the theme: OUR WORLD OF SCIENTIFIC DISCOVERIES.

Programs

The instrumental music program consists of 50 fifth grade and 60 sixth grade students for a total of 110 students. Due to financial constraints we have been forced to reduce the number of students in the program. The instrumental music program is still functioning and a district wide band, comprised of all three schools, holds two concerts each year. The choir performs a winter and a spring concert in our school. We have 78 students utilizing educational themes on Change, Drugs and the Environment. Students learn more than their music skills through this program.

Math-Their-Way is in its fifth year for kindergarten classes along with grades one and two through the efforts of Superintendent Dr. Malcolm Patterson. Teachers of those grade levels have received inservice training in this new math approach and are further developing this program.

Teachers have been exposed to Frames of Mind: The Theory of Multiple Intelligences by the author Howard Gardner. This program was completed last school year, but has become an integrated part of many inservice programs. It has become part of all future curriculum development. Dr. Patterson has introduced, to all the primary teachers and specialists, a new Language Arts program called 'Won Way'. Under the direction of Dr. Rose Bradley, this program has been brought to us through a school grant. Teachers are receiving special in-service training, along with classroom demonstrations, and materials. All primary teachers and specialists at South Elementary School are participating in this outstanding curriculum enhancement project. Since these new programs have been introduced to our school

our State Assessment Test scores have risen to the present high level. We are all very proud to see our students doing so very well.

The computer program has also been affected by the budget crunch. Teachers are trying to utilize the computers in the school even though we no longer have a Computer teacher. Since some teachers have been trained and are experienced with the computers, our computer program will continue in a more limited manner. Through a personal contact of mine, our school was able to obtain ten free Tandy 1100 F.D. lap top computers for our students to utilize. Our generous PTO and others are giving us programs and disks to enhance our educational programs. New printers have been bought by the PTO for the lap top computers. A parent is upgrading some of the older computers at no charge to the school system. Many of our computers have been given a second life. We hope our new 486 computers will arrive soon. 9 complete computer units were approved from the town meeting for classes of grades 4-6. The PTO is also purchasing a computer for us, making the total of new computers to the school, ten.

'Officer Phil' was presented to students in grade 1 - 4 sponsored by the Bellingham Fire Department. It is offered to the students of Bellingham to teach them about safety.

Our exciting Science program, that teachers have had maximum input in developing a curriculum that utilizes a hands-on approach supported by text books, is now in full swing. Teacher interest and enthusiasm is an important stimuli to an effective and successful program. The Voyage of the Mimi program is enhancing our sixth grade science classes for those eager to learn.

The new McMillan reading program for grades one and two should

enhance our reading program and raise the reading level of students in the primary grades for the future. This series has a linguistic approach to reading. Their phonetic skills are strengthened thus enabling them to deal with challenging reading materials. This program compliments Dr. Rose Bradley's 'Won Way' Program.

The DARE Program, sponsored by the Bellingham Police Department, is offered for grade six students. The program is under the direction of Sgt. James Haughey. In the spring the Police also sponsor a program for grade four and kindergarten. Our present DARE Officer is Officer Lennard Gosslin who is giving students an after school athletic program for the 6th grade students.

We have started a new safety program called Kids and Company. This national grant sponsored program will add to our students' personal safety skills. We also have a new program called 'The Great Body Shop' that all students are participating in through our new Health Curriculum. This is a kindergarten through grade six program.

Free Materials

Our school tries to work with all parent and teacher groups in an effort to obtain everything possible for our students. Our school has also had great success in obtaining many free materials and programs. One is "Book It" reading incentive program for grades one through six. The purpose of this program is to encourage students to read as many books as possible. The children are rewarded after achieving each specific goal of this multi-level reading experience. We also had a free safety program demonstrated to the third, fourth and fifth grade classes by Boston Edison, a great deal of Science was also learned from this program. A number of free materials have been

received this year on personal safety and drug education, due to the efforts of our PTO. Every effort is made to obtain any free materials. Our school has obtained science booklets from Radio Shack for grades three to six again this year. Many parents have brought in school materials that they have obtained from their employers. This year paper has been received in large quantities due to generous parents and two computers for Kindergarten. We welcome these gifts and thank everyone involved in a formal manner. The third grade is receiving a dental hygiene program from a local dentist.

Parent/Teacher Organizations

The South District PTO officers are to be congratulated for the many activities they have sponsored through their great leadership. Through active fund raisers they have been able to sponsor many worthy school activities: field trips for all students; cultural events for all students; school equipment; ice cream socials; sixth grade yearbook; sixth grade parties. The PTO organized a number of science programs that were enjoyed by all grade levels. The Acton Children's Museum was gracious enough to send a representative to the school on five different days to accommodate all of our grade levels. Our gratitude is extended to both the PTO and to the Museum. The PTO sponsored a reading week the week of February 6th to the 10th. Many exciting things were accomplished. Members of the community were invited to read to our students. It is always an enjoyable and educational week for everyone involved with this reading program.

The eighth annual kindergarten graduation, sponsored by the PTO was a major success with standing room only. Parents and grandparents, along with friends of the 'graduates' were excited and pleased with this program. The graduating sixth graders were

presented with diplomas and yearbooks. The graduates were also awarded special school awards, as well as the National Presidential Scholastic Awards. This class received the largest number of Presidential Awards of any previous graduating class. We are very proud of them. The students really enjoyed the send off, they will be missed by those they leave behind.

The PTO has acted as an advisor to the principal on many school issues. This is very true of our kindergarten orientation and bus orientation.

Horizons for Youth is a sixth grade camp program and is also sponsored by the PTO. This program is another active organization comprised of parents interested in expanding their children's educational experiences through parental leadership working closely with our school.

The PTO has been a great supporter of our programs and has helped enormously in any effort of obtaining supplies, programs and materials for the children of South Elementary School.

PROJECT PRIDE

Project Pride was established to raise funds for our new school. Project Pride leadership is mostly consisting of very active and devoted members of our faculty who are supported by parents and the PTO members. Project Pride officers are to be commended for their outstanding leadership and accomplishments. This year they have supported the overage use of our risograph and copy machines. They also pay for the summer lease agreements. The school will benefit immensely from their generosity.

Self-Esteem And School Climate

Student and faculty birthdays are remembered and school gifts

are given. Students are very excited about this self-esteem building program. Most faculty members also enjoy this attention and recognition.

This year we are awarding a "Student of the Week" certificate in recognition of excellence. This is to establish pride in oneself and our school. We have established a "Teacher Surprise" program. Teachers will receive morale builders periodically in their mail boxes.

We have changed our perfect attendance awards to include quarterly certificates rather than an annual award which has increased attendance and raised student pride and self-esteem. Every effort is being made through periodic classroom visits to encourage students to have pride in themselves, their school and their families. They are encouraged to always do their very best.

South Elementary School Council

In compliance with Educational Reform Laws, South Elementary School is holding a number of School Council meetings during the school year. The council consists of three parents, two teachers and a community (non-parent) member along with the principal for a total of seven members. Teachers and parents are elected for a one, two and three year term to the council. The School Council affords an opportunity for teachers, parents, and a community representative to review the school budget, develop school goals and school improvement plans.

STALL BROOK SCHOOL - Mr. Robert Koenig, Principal

This has been an exciting year at Stall Brook School. Our dedicated staff has worked very hard exploring new educational materials. Thirteen classes piloted new programs for possible school

wide or district-wide adoption. These new materials match well with the State Curriculum recommendations. I feel fortunate working with staff so willing to give extra time to evaluate and try out these materials.

We have other special programs to benefit our students. A new school bank is optional for students who choose to open a savings account, in conjunction with the Dean Cooperative Bank. The Forge Hill YMCA has made programs available right here at Stall Brook after school. The Veterans of Foreign Wars again helped orient our sixth graders, so they now raise and lower our American flag. Post 7272 also donated a new flag for us. Classes at three grade levels worked very hard putting beautiful plants around the school grounds. Drug and Alcohol Resistance Education (D.A.R.E.) was presented to all sixth graders through the cooperation of the Bellingham Police Department. The Bellingham Fire Department presented a special Fire Safety program, and let students tour emergency vehicles. We ran a summer enrichment program so popular all spaces were filled up, and we actually had a waiting list. Our summer school is directed by Mr. Scanlon, and coordinated by Ms. Detore. Other staff served as instructors.

Our P.T.O., under the direction of Lynn Koch, was a big asset, funding many cultural events for students, supporting class projects, and encouraging students to read through the "Reading is Fundamental" program, which gives free books to every student to keep.

There are many positive things happening at Stall Book School. We appreciate your support.

MEMORIAL JUNIOR-SENIOR HIGH SCHOOL - Mr. Roger Canestrari, Principal

1995 began with the entire staff and student body mourning the

death of long time Assistant Principal, Paul Kearnan, after a brief illness. School was cancelled on the day of the funeral to allow attendance at the services.

George Anderson, Athletic Director, was named interim Assistant Principal to replace Mr. Kearnan and was later selected from a field of 5 applicants to permanently fill that position. Mr. Anderson continued as Athletic Director until December and resigned from that position at the end of the fall sports season.

Mr. Denis Baker was appointed Athletic Director to begin the winter season. Mr. Baker was chosen from 5 applicants from within the system. Both Mr. Baker and Mr. Anderson have devoted many years to the Bellingham School system and are wished success in their new endeavors.

The retirement of 3 veteran teachers in June necessitated other personnel changes. Mr. Patrick Beaulieu and Mr. Marcel Tardif, both members of the Science department and Mrs. Jeanne Valorie of the Foreign Language department ended their teaching careers at the close of the 1994-95 school year. All three retirees were honored at a dinner in June attended by their families and staff members from the school system.

Three new teachers were hired during the summer to replace these individuals: Mrs. Kamala Dharmapalan and Mr. Michael Gibbs in Science and Mrs. Rosalie Lamontagne in Foreign Languages. Despite all of these personnel changes, the high school experienced one of the smoothest openings in recent memory - once again starting before Labor Day with teachers reporting on August 28th and students the following day.

The Jr/Sr High School Council, dismayed over the lack of

progress in implementing previous recommendations, sought additional guidance from the Superintendent and School Committee before formulating additional suggestions for our school's building and educational programs.

The members of the School Council are Principal; Roger Canestrari, Teachers; Leo Dalpe, John Cleary, Parents; Glenna Laverdierre, Patricia Keppler, Margaret Burkholder. Citizens at Large; Muhiuddin Ahmed, James Haughey and Students; Jillian Maillet, and Jamie Thompson.

Budgetary constraints continued to plague development of programs and replacement of textbooks although the town's overall financial future appeared to be brightening.

The fall of the year brought heightened awareness and increased concern for the town's increasing school population and Principal, Roger Canestrari, in his last year as an educator and administrator was confronted with responding to the suggestion of the newly established "School Space Study Committee": that the town's sixth graders could be adequately housed and educated in our Jr/Sr high school.

Once again 3 out of 4 graduates in the class of 1995 planned to continue their education following graduation. For the second year, nearly all members of the graduating class were treated to an all night party following graduation ceremonies in June. This highly successful event organized by parents and sponsored by local businesses appears headed to becoming a tradition.

NATIONAL HONOR SOCIETY

On April 12, 1995, 30 Juniors and 5 Seniors were inducted into the Bellingham High School National Honor Society under the guidance

of Mrs. Josette Trocchio, Advisor. The guest speaker was Mr. Bradley Wong, Supervisor of Customer Service at Commonwealth Gas Company. The elegant candle-lighting and book-signing ceremonies were followed by a celebration dinner.

The departing Seniors went on a 3 day trip to the Forks located in Maine, in early May, with Mrs. Josette Trocchio and Mrs. Marie Cialdea as chaperons. There, they experienced the adventure of white water rafting on the Kennebec River and the joys of roughing it in the great Maine outdoors.

This was a fitting end to a successful year filled with community service projects ranging from a phon-a-thon to benefit the MA Chapter of American Heart Association to shopping and raking leaves for the elderly. In addition, the National Honor Society raised \$500 in a bottle drive for two \$250 Eric Cohn Scholarships, which were awarded at graduation to Shanon Muir and Heather Varney for their exemplary service.

In June, 1995, National Honor Society members elected their officers for the 1995-96 school year. They were Robert Geib, President; Peter Connolly, Vice-President; Danielle Rousseau, Secretary, and Julieanne Cialdea, Treasurer.

HIGH SCHOOL STUDENT COUNCIL

This year's Student Council consisted of 66 members. Funds raised through student council activities are awarded as scholarships. The 1995 scholarship recipients were Lisa Petresek, and Nicole St. Gelais.

The Student Advisory Council to the School Committee has 5 members. Cory Rooney was elected to serve as chairperson for the 1995-1996 school year. Katie Cameron and Jennifer Fortin serve as

Student Advisory Council members to the Board of Education. Jill Maillet and Jamie Thompson were elected to the School Council.

In May, the council completed a tree and shrub restoration project around the war memorial at the High School. This project was made possible by a donation from Wal-Mart's environmental fund. Also, in May, a school-wide paper recycling program was started for the High School by the Student Council.

In September, Student Council members elected their officers for the 1995-96 school year: Cory Rooney, President; Carrie Leoncavallo, Vice President; Jennifer Cushman, Secretary; and Jennifer Fortin, Public Relations Person.

In the Fall, the Student Council organized the annual "Spirit Week", the Thanksgiving food drive, and the Christmas toy drive. Two council members were elected to take part in the Massachusetts Student Government Day program. They were Michael Gasper and Danielle Rousseau.

The Student Council also runs nominations for outstanding students each term.

Class Day Exercises

Class Day Exercises is an award ceremony conducted by the Guidance Department Supervisor assisted by the Guidance Secretary. This function is attended by the entire high school student body and faculty. Awards were presented in thirty-one categories last year. Awards may include medals, pins, trophies, plaques and certificates of merit. Over 190 students received recognition at this event held on June 2nd. This was the 57th annual awards program.

Local College Fair

The Bellingham Guidance staff, in conjunction with other

Guidance Departments in the South Central Guidance Association, assisted in hosting a College Fair held at Dover-Sherborn High School on October 16th. Over two hundred colleges, technical schools, military and bank representatives were available to speak with students and their parents. Numerous Bellingham students and their parents were in attendance.

College/School Representatives

Over 125 college/university, technical schools and armed service representatives visit our school annually to meet with interested students.

Financial Aid Information Night

On December 5th at a "Financial Aid Information Night" was held for both students and their parents. The Director of Financial Aid from Tufts University School of Medicine was the guest speaker.

Career Awareness Program

Our Career Awareness Program included varied speakers throughout the year as well as guidance sponsored field trips to schools and/or events. Speakers have visited classes from ITT Technical Institute, Katherine Gibbs School, New England Institute of Technology, Bellingham Police Department (Chief), Angelo's School of Hair Design and Butera School of Art. Field trips have included New England Institute of Technology, Angelo's School of Hair Design, the annual National College Fair in Boston, Blackstone Valley Regional Technical/Vocational High School, Johnson and Wales University, Rehabilitation Hospital of Rhode Island, Mass Bay Community College and Landmark Medical Center.

Peer Counseling Program

During the second semester of each school year twenty-two (22)

junior students attended training sessions in peer counseling. Graduates of the peer counselor training program monitor the Career Resource Room in their senior year. Peer counselors are also responsible for organizing and conducting the annual sixth grade high school orientation program, which is held in early June each year. They are available to speak with interested students during each period of every day of the school week. Contact with peer counselors occurs through faculty and counselor referrals and student initiated visits. Peer counselor services are also used when a new student registers at the high (Grades 7-12) during the school year. The transition for the entering student is made easier with tours of the building, introductions to staff and peers by the peer counselors.

Student Voter Registration

In an effort to promote students, participation in civic affairs, the Guidance Department Supervisor (Assistant Registrar of Voters for Bellingham) works with the Town Clerk (Registrar of Voters), conducts a voter registration campaign annually. This year registrations were held on April 10th, prior to town elections. Thirty two (32) students became registered voters on that day.

Scholarships

Numerous local civic groups and organizations make scholarships available to our high school graduates. Any scholarships which become available (whether local, regional or national competitions) are advertised in the senior newsletters, on Guidance Bulletin Boards and in local newspapers. Students in the Class of 1995 were awarded numerous scholarships and are taking advantage of this financial assistance to further their education.

In addition to scholarships available to all graduates, the

Guidance department also made available and completed the following special scholarship programs:

- Voice of Democracy - (open to grades 9 - 12)
- Hugh O'Brian Leadership Program - (grade 10)
- Century III Leaders Scholarship Program - (grade 12)
- DAR Citizenship Award Scholarship Program - (grade 12)
- Presidential Academic Fitness Award Program - (grade 12)
- AFL/CIO Scholarship Competition - (grade 12)

DARE Program

In March of 1995, twelve senior peer counselors visited the three elementary schools to assist Police Sgt. James Haughey with his Drug and Alcohol Resistance Education Program. They met with sixth grade students to disseminate information and share experiences.

National College Fair

Forty-two (42) students attended a field trip to the "National College Fair" on April 5th, at the Hynes Convention Center in Boston, Massachusetts.

Grade 7 Orientation Program

On June 15th, twenty-two (22) junior students conducted a three-hour orientation program for the grade six students from the three elementary schools. Sixth-graders visited and toured the Junior-Senior High School.

Mass Majic

Eighty-seven (87) grade eleven students coordinated participation in Mass Majic, which is a testing program to help high school juniors make more informed choices for senior year course selections. The main objective was to guide each student to the most appropriate twelfth grade mathematics course as suggested by their

test score and future plans. A letter of advice was given to each participating student. Mass Majic is run from the University of Lowell with no cost to participating schools.

Guidance Internship

In September 1995, a graduate student from Assumption College began a one-year Guidance Department Internship consisting of 15 hours per week. Miss Lisa Ferranti is completing requirements for a Master's Degree in Guidance and Rehabilitation Counseling. In addition, this practicum will complete certification requirements for Guidance Counselor and Rehabilitation Counselor in Massachusetts. Edward Fleury, Guidance Department Supervisor, is coordinating this program in affiliation with Dr. Lance Carlucci, College-Intern Supervisor.

The Junior High Student Council

The Junior High Student Council has had a very successful year of activities. The members once again sponsored a Clean-Up day during which they cleaned the courtyard of the school, getting it ready for spring. To close out the school year, the council sponsored the "Junior High Student of the Year Award". Selected for this award in the seventh grade were Greg Bouchard, Briana Hill, Tom Perron and Amy Mason. The eight graders selected were Melissa Chadwick, Marc Allard, Erik Swenson and Kim Johnson.

The fall season brought the council to the High School flea market where a raffle was run by the council to raise money for Thanksgiving. The proceeds were used to supply three complete Thanksgiving dinners for distribution to needy families in Bellingham. The members also participated in the Senior High Student Council "Food Basket Drive" collecting several hundred cans from

Junior High students alone.

Several of the members and their advisors participated in an interview on the local cable station show, "Something Special: hosted by Linda Trudeau. The members discussed their participation in the Junior High Student Council and the many community activities it sponsors.

As the year ended, the holiday season found the members teaming up with their classroom teachers to collect toys for needy children. The toys were wrapped at the annual holiday wrapping party. Through their efforts over 60 gifts were collected, wrapped and delivered to the Senior High Student Council Advisors for distribution.

Officers are President: Greg Bouchard, Vice-President: Michelle Dennis, Secretary: Kristen Hatch and Treasurer: Ray Richards.

Literary Magazine

The Eye of the Hawk in 1995 published news, poetry, short stories, editorials, photographs, drawings, movie reviews, sports columns, cartoons and personals. Although a majority of editors and contributors graduated in June, the literary magazine is now seeing a rebound with an influx of new blood. After many meetings, a new editor in chief, Rob Geib, was chosen along with Stephanie Christo, Alyson Love, Sharon Metivier, Betty McBroom and Richard Taylor serving on the staff.

Drawings were solicited and individual approaches were made to the English teachers seeking their encouragement of creative writings in their classes. Later issues may include an expanded theme section focusing on in-school activities such as the Blue Dot experience (dealing with prejudice).

Distributive Education

The DECA Program has sixty six students enrolled in 1995.

At the District II competition, twenty-two students qualified for the State DECA Conference. Bellingham students placed first in seven categories; second in two categories and one student place third in another category. The remaining twelve students placed fourth, fifth or sixth in their respective categories. At the State DECA Leadership Conference, Bellingham DECA students competed against 760 students from 48 Massachusetts DECA Chapters. Tina Padula, placed first and Heather MacLeod, Jennifer Lorange, Richard Reynolds, and Shanon Muir placed third in their respective categories. These five students qualified for the National DECA Conference which was held in St. Louis, MO - May 1-6, 1995. At the National Conference, Shanon Muir placed fifth in the Hospitality and Tourism Category and Richard Reynolds placed in the top twenty five in his category, Retail Merchandising. Over 11,000 DECA students competed at this conference.

Music Department

In January, five members of the Band and Chorus were selected to perform in the MMEA Central District Music Festival. Stacy Reckert received an all state recommendation. In March, twenty-nine Junior High Students performed in the Tri-Valley Music Educators Festival held in Holliston.

The annual Pops Night was held in May and was a huge success, with a "sit-down" dinner featured for the first time.

The band and color guard were busy and active throughout the year with performances in the Memorial Day Parade, Class Day Exercises, Graduation, Bellingham Pride Day and five home football games. During the summer of 1995 Mr. Schreffler held a week long

band camp for all members of the band and color guard.

At the end of the year students from the band auditioned for the central district band. Two received all-state recommendations they were Stacy Reckert and Rob Dubois. During the holiday season all music groups, the Junior and Senior High Concert Bands, the Chorus and Wind Ensemble performed to packed audiences of families, friends, and faculty. Mr. Dalpe, member of the faculty, was the guest narrator of "The Night Before Christmas".

A student teacher, Ms. Heather Bomengen from the Berkley School of Music was assigned to Mr. Schreffler in September and was given the responsibility to work with the Jr/Sr High Chorus as well as assisting with the Jr/Sr High Bands.

AUDIO VISUAL

The only equipment added to the Audio Visual Department during the last year was one V.C.R. This V.C.R. was acquired by Mr. Canestrari as part of a promotion sponsored by the Bank of Boston. As unfortunate as it may be, this states the condition of this department at the present time.

Faculty members now routinely bring in their own equipment; i.e., V.C.R.'s, tape recorders, etc., because we can no longer provide them equipment in a timely or reliable manner. Software is available but all too often the hardware needed to make use of it is not.

Recently, we put together an audio-visual inventory update as part of a technology report. All one has to do is look at that inventory to see the state of affairs in this department. We are using video-tape recorders that in some cases are seventeen years old and we have purchased the grand total of one overhead projector in

the last eighteen years.

The effects of the last few years of very limited or non-existent funds can now be clearly seen. Without an influx of new money, I'm afraid to say the "technology highway" is passing us by!

Mock Trial Team

The 1995 Mock Trial Team enjoyed another fine year. The team went undefeated in the preliminary round for the 4th consecutive year. The team has posted 2 consecutive preliminary rounds including 2 victories over St. John's Prep from Worcester. The team advanced to the regional semi-final trial and was defeated by Algonquin High School.

The 1996 team has begun practicing for the upcoming season which is again sponsored by the Massachusetts Bar Association. The leading returning students include 5 seniors led by Brian Drake and Katie Cameron. The team's attorney coach is Laura Mann from Milford. This is her 4th year working with the team.

QUEST

This year the 7th grade QUEST classes were required to perform three hours of community service as part of the QUEST curriculum. The students have until December 31st to do their community service. Fifty QUEST students opted to do their community service at the annual Wrentham State Christmas Party. Some other things students did for their service included: shoveling for elderly neighbors, helping out at Church Christmas bazaars, clean-up projects around Bellingham, helping people put up their Christmas decorations, collecting food for the needy and babysitting. In order to be considered community service, their work had to be volunteer and it had to be done for someone outside of their immediate family.

Students were also asked to perform a "random act of kindness" for a family member or friend during the Christmas season.

Athletic Program

The Blackhawk Varsity Boys Basketball team captured a share of the 1995 Tri-Valley League title to highlight the winter season program.

Spring programs in Baseball, Softball, Track and Golf continued in popularity and for the most part, underwent rebuilding. The experiences gained should be viewed with optimism for the near future.

The 1995 fall season saw the Varsity Football team improve their record to 7 - 3. The Varsity Field Hockey Team entered tournament play and advanced to the State Semi-Finals after winning the Division II South Sectionals.

Soccer and Football returned to their home field after an absence of a year for extensive reconditioning and improvements. Additional funds have been earmarked for new fields and it is hoped that this planning and funding will continue to provide areas for school and community sport programs.

SKI CLUB

The Ski Club under volunteer advisor, David Bilotta, had 3 successful ski trips during this past year. In January, students skied at Loon Mountain, NH. In March a large group of ski club members traveled to Sunday River, Maine and in December, Okemo Mountain, Vermont was the choice to conclude 1995. Plans to continue the program for 1996 are in place and Mr. Bilotta continues to offer his time and energy for our students.

DRAMA CLUB

Under the direction of Karen Dinehart, the Drama Club performed "Horror High" in March of 1995. Enough money was raised with the performance and from selling program ads to be able to give two senior scholarships. The recipients were, Kathleen Conroy and Jakob White, \$500 each. Club officer were, Jakob White, President; Kathleen Conroy, Vice-President; Aimee Milkowski, Treasurer; and Jennifer Brady, Secretary. Thirty-one students were involved in the club.

Mrs. Dinehart has started rehearsing for the 1995 production of "Winners"! The club will be participating in the Massachusetts High School Drama Guild Festival, where they will compete against other schools.

PAUL J. PRIMAVERA EDUCATIONAL CENTER

The move to 80 Harpin Street met the objective of allowing for the anticipated expansion of the program. Within two months of the 1995-96 academic year, enrollment figures climbed to forty (40) - twenty-three (23) coming from Bellingham and the remainder seventeen (17) representing the following communities: Milford, Nipmuc, Hopedale, Wrentham and Attleboro.

Due to cutbacks in Federal Funding, the summer program did not operate. However, work experience programs are made available for High School Juniors and Seniors who are eligible.

Counseling

Support service continues through grants from the Blackstone Valley Counseling Center. In addition, a Stress Management program is provided to the staff, compliments of HRI in Franklin.

Staff Development

The staff completed another phase of staff development leading to a Certificate in Reality Therapy and Control Theory.

Enrollment

September	14	Bellingham residents	13	Out-Of-District	=	27
June	17	"	"	10	"	" = 27

Three Bellingham students graduated from the program in 1994.

The Metro South/West program continues to provide opportunities for work and skill training. During this past summer an average of twenty students participated in Bellingham's summer program for six weeks. Courses offered included Math, English, Individualized Computer Literacy and Life Skills.

Grant monies continue for work experience as well. Currently, five are employed for up to twenty hours performing a variety of tasks at the Administrative Office, South Elementary School and the Primavera Center.

Counseling:

Support services of the Blackstone Valley Counseling Center are provided through grants.

Oracle training is on-going--two teachers are training in Boston with curriculum development planned for September, 1995.

SPECIAL EDUCATION

With the passage of the Education Reform Act, the Special Education Program was reorganized for the impact of this important educational law on the delivery of services to children with special needs.

Paul J. Primavera, Director of Special Services, organized and received state approval to operate a Municipal Medicaid Project that will reimburse the town for special needs children receiving

medicaid. It is estimated the town will be reimbursed \$100,00 retroactively and \$70,000 annually thereafter.

The October 1st count indicated 469 students (ages 3-21) were serviced or 18% of the student population including pre-schoolers. 63% or 295 students received services 25% or less of the time out of the regular classroom. More importantly, less than 1% received services in the most restrictive prototypes.

CHAPTER I PROGRAM

The federal government passed the Reauthorization of Chapter I. The full impact of this law will occur next year. On the state level, Chapter I is now part of service cluster involved in instruction and curriculum services. Currently, Chapter I is emphasizing alternative assessments to evaluate curriculum and instruction. The Director has organized a task force of Chapter I Teachers to evaluate the effectiveness of a student portfolio assessment system. The task force will report their findings and make recommendations for the next school year.
